Toll Free 1-800-251-7839

By your purchase of merchandise, you agree to the following terms and conditions.

Prepaid

We accept the following methods: Cashier's check, money orders, business, and personal check.
Cashier's checks and money orders will be processed promptly.
Any orders paid with business or personal check, will be held one week. If for any reason a prepaid order does not include sufficient funds to cover the total invoice price, your order will be held until we are able to contact you to determine how to handle. Tennessee Law requires that any unclaimed refund checks or credit balances, be tracked and maintained on a companies books for a period of 5 years, therefore, due to the expense involved in tracking and managing these checks and balances, we have adopted the policy of automatically donating any refund due of 99¢ or less to the NRA Foundation's Youth Education Endowment.
Any overpayment of $1.00 or greater will be refunded. By your purchase of merchandise, you agree to these terms and conditions.

Stock Availability & Back Orders

If we are out of stock, your money will be refunded. Mail orders only, you may request that we hold the order until available or request a back order.

Charge Cards

We accept MASTERCARD, VISA, DISCOVER & AMERICAN EXPRESS -
Please have your card number ready when placing your order.

Pricing & Typographical Errors

All prices and fees are subject to change without notice. We are not responsible for typographical errors or price misprints contained in this catalog.

Damages/Shortages

All damaged shipments must be reported to our customer service department and the carrier for claims handling. Any damages or shortages must be reported to us within 24 hours of receiving your order. ***In the event of any damage or shortage, all boxes and packing material regarding that order, must be kept on hand until the problem has been resolved and any claims paid in full.***

Defectives

All merchandise is guaranteed by the manufacturer. Please return any defective merchandise directly to the manufacturer for replacement or repair, as we are not a warranty repair station.

Returns

All returned merchandise must be returned within 15 days of invoice date. No returns accepted COD.
All returns must be in the factory packaging and in new condition.
Due to safety concerns, we do not accept returns on ammunition, powder, primers, or food products.

International Orders

General Information:
We no longer ship internationally. We do accept credit card billed Internationally, but it must ship to an address within the United States.

Hazardous Materials

When shipping FEDEX Ground Service a **$22.99** FEDEX hazardous material handling charge will be added to your order for each box containing powder, primers, or flares. When shipping by Air Service a $160.00 UPS hazardous materials handling charge will be added to your order for each box containing ammo or primers Powder can not be shipped by air. *Note: All hazardous orders require a signature.*

Restricted Items

Shipping Requirements For Restricted Items -

Certain products available for purchase from Natchez Shooters Supply may be restricted by Local, State or Federal law. These items may include, but are not limited to airguns, ammunition, black powder guns, blank guns, blow guns, bows, crossbows, exploding targets, fuses, knives, machetes, magazines, paintball guns, pellet guns, pepper spray, powder, primers, slingshots, stun guns, and swords. You must be 21 years of age to purchase any of the items listed above. These items can not be sold to anyone convicted of a crime of domestic abuse, convicted felons, or anyone with a chemical dependency. Further, any person placing an order warrants that pursuant to the Local, State, and Federal laws which govern them, that they are under no legal restriction that would prohibit them from ordering, owning, possessing or transferring said items.

Ordering Information and Policies for Mail-In Orders

By your purchase of merchandise, you agree to the following terms and conditions.

A. Due to the added cost of processing mail-in orders caused by manufacturers' price increases, incorrectly totaled orders, insufficient freight, lack of clarity in written orders and lack of 2nd choices being named as acceptable substitutions for unavailable items, we have implemented the following policies.

B. All orders will be shipped FEDEX unless you clearly and specifically request delivery by U.S. Mail. FEDEX will not deliver to a P.O. Box, therefore please include complete physical street address. Any order being shipped by air or U.S. Mail cannot include pressurized containers, powder, primers, chemicals, solvents, or any other hazardous materials. Ammo can be shipped by FEDEX only.

C. General Policies on Mail-In Orders

1.) If your order includes scopes, bases, rings, bullets, shellholders, brass, primers or loaded ammo please give a 2nd choice. If your 1st choice item is not available and no 2nd choice item is named, your order will be shipped as is.

2.) **Please refer to PREPAID information above.**

3.) At our discretion and according to product availability, orders will be shipped as completely as possible unless a major item affects the rest of the order. For example: if you ordered a press and dies and the press was unavailable, the order would not be shipped.

4.) Due to the manner in which mail orders are processed, **mail-in orders cannot be changed or altered**. Therefore, please check your order carefully before mailing. If your have any questions concerning your mail-in order BEFORE PLACING YOUR ORDER, please feel free to call 1-800-251-7839. Someone will be happy to answer any questions you might have concerning your order.

5.) To help us overcome any potential problems please include a **day time** phone number.

Order Form - Please Use Catalog Number When Ordering

Your use of this form indicates that you have access to our ordering information. We hope that you have taken the time to read our policies and that you fully understand them. If you have any questions concerning our policies, please call 1-800-251-7839. Someone will be happy to answer any questions you might have concerning your mail order.

Guidelines and Instructions for Exchange and Returns

It is not necessary to call prior to returning merchandise unless assistance is needed. If you would like to exchange or return an item, simply follow these instructions.

1. All merchandise must be returned within 15 days of invoice date
2. Please complete the return form with all required information. Failure to answer all sections completely may delay the processing of your return
3. Complete the return label for attachment to the outside of the shipping box. Please do not use merchandise package as a shipping box.
4. Enclose the return form in the package with the merchandise.
5. If the return was caused by an error on our part we will refund your freight up to th cost of **standard ground freight.**
   A. Please keep your receipt, as proof of return freight may be required to assume proper credit.
   B. Any additional freight or processing fees charged by packaging centers will not be refunded.
   C. Shipping charges must be prepaid. Packages returned COD will not be accepted.
6. For your protection we strongly recommend that you insure that package for its full value.
7. All merchandise being returned must include all warranty papers and instructions, be in the original factory packaging and be in new condition.
8. Due to Manufacturer Warranty guidelines the following brands must be returned directly to the manufacturer for repair or replacement.
   Burris, Do-All, Galco, LaCrosse, Leupold, FLiR, TenPoint, Carbon Express, Sig Sauer & Ravin
9. Due to safety concerns Ammunition, Food Products, Powder & Primers, Swimwear & Undergarments can not be returned.
10. If no instructions are included, return will automatically be credited.

Patrol 6HD Riflescope

- Leupold's Professional-Grade Optical System
- Eliminates accidental dial movement
- Simplifies mounting and Improves long-range accuracy
- Shed dirt and water • Creates a visible aiming point in low-light conditions
- Extends Battery Life • Brings the reticle into focus quickly
- Allows for quick magnification changes
- Disperses recoil energy • Superior ruggedness • Waterproof, Fogproof

LEUPOLD

Mark 5HD Riflescopes

Get behind one and you'll see the difference, from the superior edge-to-edge clarity and extreme low-light performance, to the versatility of the Combat Competition Hunter reticle. With three revolutions of elevation adjustment, the Mark 5HD was built to max out the performance of the latest long-range rifles and ammo. Ergonomically designed with more tactile, audible click adjustments, larger numbers, and a high-speed throw lever so you can put accurate fire downrange faster.

- *100% Waterproof and Fogproof • 2nd Generation Argon/Krypton Waterproofing*
- *35mm Maintube • 5:1 Zoom Ratio • 6061-T6 Aircraft Quality Aluminum*

Mark 3HD™ Riflescopes

Complete with MIL-based adjustments, HD performance, an exposed elevation adjustment dial, and a low-profile power selector ring, this series of riflescopes is perfect for anyone who needs a rugged, precise, and repeatable MIL-based scope. The illuminated FireDot® reticle with seven settings gets you on target fast, even in harsh daylight. And like all Leupold riflescopes, it's designed, machined, and assembled in the USA and guaranteed for life.

Integral Mounting System (IMS™)

Designed specifically for tactical use, Leupold's IMS™ system is available in Mark 1, Mark 2, Mark 4 and Mark 8 configurations, and features a monolithic, cantilever design that is strong and durable under the most intense conditions. The integral base/ring (formed from one piece of bar stock) affixes securely to the Picatinny rail of most AR and other tactical rifles. The one-piece design provides for easier mounting as ring spacing is pre-set, and more accurate return-to-zero as you only need to mark one location on the rail.

Scout™ Riflescopes

Scout™ Scope's intermediate eye relief, low mounting capabilities and variable power, it's a versatile, durable addition to your favorite scout rifle. Bright, clear, fully multi-coated optics make target acquisition a snap. At 7x magnification you'll get greater accuracy and precision down range with the Ballistic Plex reticle. Burris' standard 2.75x Scout Scope has been one of most rugged and reliable scopes in the line. In applications where forward-mounted optics are required, the Scout has been the optic of choice for scout rifles, slug guns, muzzleloaders and even big bore magnums.

Handgun Scopes

Handgun hunting is exciting and challenging and the right combination of handgun and scope will greatly increase your odds for success. No other scope manufacturer offers the selection and versatility to outfit any handgun, in any caliber, for any application. Burris handgun scopes withstand the recoil of the heaviest magnums. To combat the effects of recoil, we offer the only handgun scope with Posi-Lock so the point-of-aim stays put under any recoil condition or field abuse.

Burris Optics celebrates 50 years of manufacturing excellence and innovation since the debut of the original Burris Fullfield riflescope. Introducing the all-new, fifth-generation Fullfield with an updated optical system and more compact design.

Fullfield™ Riflescopes

The new Fullfield features Burris Knob Synergy a universal knob system the user to choose and swap between capped and exposed elevation adjustment knobs as well as to install custom-exposed ballistic knobs. The Knob Synergy system is compatible with all new Fullfield riflescopes. Four knob configurations make up the adaptive Knob Synergy system: Standard Knob (SC), Capped Advanced Knob(AC), Exposed Advanced Knob (AE), and Custom Burris Lasered Knob.

XTR™ PS

Developed with competitive and long-range tactical shooters in mind, the new XTR PS combines our micro-adjustable PEK (Programmable Elevation Knob) technology with our industry leading XTR precision riflescope to provide rapid and accurate bullet drop compensation at distances far exceeding traditional competition and tactical optics. XTR PS users can dial their point-of-impact up to 19 MILS in a single rotation down to an unparalleled 1/30 MIL resolution. Additional features including a digital level, competition focused countdown timer, and over 20 density altitude settings onboard the scope make this optic truly one of a kind.

- *34mm Tube • Front Focal Plane • Digital MIL Elevation Knob • 15 MIL Ttoal Adj. Range*
- *Waterproof • Shockproof • Fogproof • Nitrogen-filled • Bluetooth® • Heads-Up Display • Matte*

XTR II™ Riflescopes

- Tactical-appropriate reticles and adjustment knobs to adjust for windage and elevation
- Versatile 5-times zoom system allows for a larger field of view at close ranges
- Zero Click Stop adjustment knob
- Advanced windage and elevation adjustments
- High-grade optical glass provides excellent brightness and clarity
- Index-matched Hi-Lume® multicoating
- Illuminated reticle reduces time to get on target in any lighting condition
- 11 brightness settings
- Double internal spring-tension system allows the scope to hold zero through shock, recoil, and vibrations • Waterproof • Nitrogen-filled body tubes
- Precision-gauged and hand-fitted internal assemblies
- Solid, 1-piece outer tube is stress-free and durable • Covered by the Burris Forever Warranty

Veracity® Riflescopes

The series is designed to help you capture prairie predators, elusive elk, or dangerous game. Its 5-times zoom system provides a wide field of view and powerful ranging. The front focal plane reticle design allows accurate computation of distances at any magnification. It also provides both trajectory and windage reference points. Accurate and repeatable quarter-MOA adjustments allow for fine-tuning. And side-adjustable parallax lets you instantly correct parallax while maintaining your shooting position. Veracity riflescopes are backed by the Burris Forever Warranty • Finish: Matte

M.A.D. Modular Adjustment Dial System

BU200641

BU200652

The Modular Adjustment Dial (M.A.D.) System allows you to choose from competition- style exposed knobs or capped knobs on both windage and elevation adjustments in any combination you desire. The complete windage and elevation turret adjustment system has been re-engineered to accept the M.A.D. System knobs. Zero Click Stop function is standard in both knob styles. This new design also allows for custom knobs to be added to the riflescope to perfectly match the trajectory of your ammunition.

KAHLES

• The innovative TWIST GUARD windage with its freely rotating end cover, preventing accidental movement of the windage.
• This simple solution not only protects the windage from accidental movement, it also allows the shooter fast handling of the windage without the need for cumbersome "locking" and "unlocking"

K525i

- Maximum optical performance field of view, high contrast image, high definition
- Absolutely reliable repeat accuracy and precise, clearly defined click mechanism • Optional left or right side windage
- Parallax wheel integrated into the elevation turret (patented) 20 m – ∞ (22 yds to ∞)
- Innovative TWIST GUARD windage (patented)
- Precise illuminated reticle in 1st focal plane
- Magnification: 5-25 (5X Zoom); Objective: 56 mm • Main Tube Diameter: 34 mm
- All models available with left or right windage turrets
- SONA will stock CCW (Counter Clock Wise) up/right turning turrets

SWAROVSKI OPTIK

X5 & X5(i) Riflescopes

The right estimate, a smart decision, and a clean shot. It doesn't matter whether you're shooting over long distances or honing your shooting skills, you always need to have the right equipment by your side. The X5(i) from SWAROVSKI OPTIK redefines accuracy. Its new spring retention system and turrets are part of the total package promoting accuracy and offering you across the entire adjustment range an accurate impact point adjustment of 1/4 or 1/8 MOA in terms of both elevation and windage (X5/X5i 5-25x56 P), even in the most extreme situations To help you hit close targets accurately, you can use the SUBZERO function to go below the sight-in distance. Thanks to its outstanding optical performance, this rifle scope is the ultimate expert at long-range shooting.

dS Riflescope

The dS projects relevant information in the field of view in real time without any distraction, and automatically displays the correct aiming point. This includes taking into account all the key factors, such as distance, air pressure, temperature, and angle. No manual adjustment is required. The aiming point is calculated on the basis of the individual ballistic data for the firearm-ammunition combination. The data are input via the dS Configurator app and the calculated ballistic curve is transferred directly to the dS via Bluetooth.

Z6 & Z6(i) 30mm Riflescopes

• 6x zoom in a 30mm central tube • Outstanding field of view
• Centered reticle in the second image plane: The target is enlarged while the reticle remains the same size. • Dioptric compensation
• Microstructure grooves for high efficiency baffling prevent residual reflections inside the tube for crystal clear, high-contract images, even in intense light
• Eye relief increased from 95mm to 120mm (in Z6i 1-6x24EE) for greater safety
• HD technology for models with 15x magnification
• Ultra-precise adjustment turrets and guaranteed shock resistance
• High Grid technology for even greater clarity and sharper delineation in the reticle of illuminated rifle scopes: even illumination for perfect reticle visibility, maximum brightness in daylight and high-precision control into the Twilight
• Parallax correction with lock-in position at 109 yds (100m)

Diamondback® Riflescopes

First, the solid one-piece aircraft-grade aluminum alloy construction makes them virtually indestructible and highly resistant to magnum recoil. Argon purging puts waterproof an fogproof performance on the checklist and the advanced, fully multi-coated optics raise an eyebrow when crystal clear, tack-sharp images appear in the crosshairs.

Viper® Riflescopes

Viper® riflescopes are rugged performers that hunters have come to rely on. Built using a one-piece aircraft-grade aluminum tube for strength and durability, the premium, fully multi-coated optics deliver the detail and color differentiation needed for hunting in any environment. Engineered and designed to perform where comparable scopes fall short, the Viper delivers. No questions asked. • 1" Main-Tube

Viper® PST™ GEN II Riflescopes

What do you do with the best-selling tactical riflescope on the market? Make it better! The Viper® PST™ series is completely revamped. Upgraded features inside out take its incredible performance and rock-solid tactical features to new heights—and your shooting prowess with it. Topping your door kicker or dialing precision long-range shots, there's a Gen II PST to fulfill your needs and exceed your expectations.

NOTE: First Focal Plane Reticle (FFP): ... Scale of reticle remains in proportion to the zoomed image. Constant subtensions allow accurate holdover and ranging at all magnifications—no shift in point of impact during zoom.

SIG SAUER

WHISKEY 4™

Building upon SIG SAUER'S lineage of innovative hunting optics, the all-new WHISKEY4 lineup gives the modern hunter a broad spectrum of rugged 4:1 variable power riflescopes designed to outperform season after season. Delivering quick and intuitive adjustments with a removable magnification throw lever and locking zero-stop elevation turret, the WHISKEY4 negates the need for any guesswork when the adrenaline spikes. Capable of delivering a crystal-clear image, even at high magnification, the WHISKEY4 lineup includes front and second focal plane configurations with SIG's illuminated Hellfire™ reticle in select models. In addition to the waterproof and fog-proof performance provided by Argon gas-purged lenses, each WHISKEY4 riflescope comes with factory-installed flip-back lens covers that maintain accessibility while keeping your optic protected.

- *Precise and tactile 1/4 MOA adjustments*
- *Simplified second focal BDC-1 reticle*
- *Optional Hellfire illuminated reticle (SOW43002)*
- *Superior optical design with 4x magnification range*
- *30mm Tube • Black • 1/4 MOA Turret*

EASY6-BDX Tactical Rifle Scope

Compact and lightweight and designed for ultra-lightweight rifle, shotgun, muzzleloader and crossbow configurations.

Designed for today's common MSR/AR and bolt action platforms, the EASY6 BDX riflescope is the ideal solution for long-range precision shooting, tactical engagements, and long-range hunting with 6x times optical zoom and illumination in a 34mm one-piece maintube. Low dispersion (LD) glass provides industry-leading optical clarity for any situation.

Power	Focal Plane	Reticle	Tube	Turret	Item No.	Price

SIERRA3BDX™ Hunting Riflescope

Disguised within the form factor of a traditional riflescope lies the power of the SIG SAUER BDX Ballistic Data Xchange. The SIERRA3BDX riflescope provides the hunter an illuminated auto-holdover dot on targets when coupled with a BDX capable KILO rangefinder. Featuring exceptional SpectraCoat lenses, LevelPlex digital anti-cant, and KinETHIC kinetic energy transfer indicator, the SIERRA3BDX is incredibly simple to use. Range a target, put the holdover dot on target, pull the trigger, impact.

4-12x44mm	Matte	550 Ballistic	C25KL7233	$158.49

KonusPro Riflescopes

Introducing KonusPro: the first line of riflescopes dedicated to the sportsman with a tactical styled engraved (glass etched) reticle. This technology is typically reserved for military and tactical scopes because of their ruggedness and their ability to withstand extreme forces. The KonusPro riflescope reticles are actually etched on precision, multi-coated optical glass; thus eliminating the chance of breaking or misalignment. A full range of fixed and zoom magnifications are available with illuminated and non-illuminated reticles.

- *100% Waterproof Fogproof, Shockproof. • Fully multi-coated optics - Nitrogen purged.*
- *1/8 M.O.A. finger adjustable windage + elevation adjustments.*
- *Heavy caliber recoil proof reticle. • Engraved (glass-etched) reticle.*

6-24x44mm	Matte	Mil-Dot	C25KL7259	$155.46

*Includes Sunshade

KonusPro-Plus Riflescope

These brand new models come with an array of spectacular assets, including a special engraved reticle with dual illumination (red and blue) that will be perfectly visible even in the most unfavorable light conditions or whenever it is necessary to instantly acquire a fast moving target. Fully multi-coated optics, one piece tube construction and newly designed turrets are other invaluable features that will greatly enhance you performance on the field. All the KonusPro-Plus models feature a dual illumination in red and blue with lateral switch

- *Reticle placed in the second focal plane • New finger adjustable tactical turrets*
- *Waterproof fogproof, shockproof • Optical Coating: fully multi coated.*
- *Illuminated with 5 different intensities for each color.*

Power	Finish	Reticle	Item No.	Price
6-24x50mm*	Matte	Illum. Fine Crosshair	C25KL7274	$202.83

*Includes Sunshade *c/o = Closeout*

KonusPro-550 Riflescopes

This new series of riflescopes features the exclusive 550 reticle that Konus developed for ballistic purposes. This reticle gives you the ability of shoot with utmost precision out to 550 yards or 500 meters, thus effectively taking your game to the next level. It provides you with a system of reference lines and hash marks that literally lead your bullet to the target. The 3-9x40 model is available in two versions with or without illumination, while the 4-16x50 model comes complete with adjustable objective too.

- *The lateral hash marks allow for compensation in case of strong crosswinds*
- *The upper aiming point is set at 50m/yds.*
- *For the 550 reticle to work with maximum precision, the magnification of the scope must be set to the correct power (9x on a 3-9x40mm and 16x on a 4-16x50mm)*
- *Waterproof • Fogproof • Shockproof • Multi-Coated*

Power	Finish	Reticle	Item No.	Price
3-9x40mm	Matte	550 Ballistic	C25KL7275	$104.02
3-9x40mm	Matte	30/30	C25KL7276	$120.82
4-16x50mm	Matte	550 Ballistic	C25KL7277	$180.84

KonusPro-275 Riflescopes

The KonusPro-275 models help to remove the guesswork out of shooting, since their reticle is featuring several aiming points that are calibrated from 75 to 275 yards and coincide with the most popular black powder loads. Lateral hash marks have also been added to compensate for wind. These riflescopes consequentially provide an undeniable advantage in terms of improved accuracy and better performance.

- *Finger adjustable turrets • Nitrogen purged, 100% waterproof • Shockproof*
- *Fogproof • Multi-coated optics • Ballistic 275 reticle*

Power	Finish	Reticle	Item No.	Price
3-9x40mm	Matte	275 Ballistic	C25KL7278	$104.02
3-10x40mm	Matte	Illum. 275 Ballistic	C25KL7279	$157.71

KonusPro M-30 Riflescopes

The result of a multi-year development project, the technology of these KonusPro M30 riflescopes finally combines in a single unit the most advanced features, and the most professional specifications that the market has ever seen up to today. In particular their turrets are not only lockable with 1/10 Mil adjustments too, which is an ideal combination when paired with a mil-dot reticle. These models really stand out as the best and ultimate riflescope and will give every avid sportsman the chance to step on the field knowing that they can now successfully take even the most prohibitive shot.

- *Engraved (glass-etched) Reticle • Waterproof, Fogproof, Shockproof*
- *Locking tactical turrets knob • Nitrogen filled*
- *Fully multi coated optics • Flip-up covers included*
- *45° offset illuminator switch with 5 intensities for color*
- *Mid-sized parallax wheel (down to 10 yards) • Precision 1/10 Mil adjustments*
- *Reticle placed in the second focal plane • Built-in anti canting bubble system*

Power	Finish	Reticle	Item No.	Price

12.5-50x56mm	Matte	Illum. 1/2 Mil-Dot	C25KL7289	$370.14

F-30 Riflescopes

Combining the utmost precision of the first focal plane construction system with a never-before-seen affordability, these brand new riflescopes are truly ideal for performance-driven long distance, target and bench-rest shooters. Their modified Mil-Dot reticle is engraved and illuminated in two colors, while the windage and elevation adjustments are resettable to zero and incorporate a push/pull locking mechanism to avoid unwanted movement. They also come with 30mm tube, parallax wheel and anti-canting internal level bubble.

- *1st Focal Plane Scopes • Waterproof, Fogproof, Shockproof*
- *Locking Tactical Turrets Knobs • Nitrogen Filled • Fully Multi Coated Optics*
- *45° Offset illuminator switch with 5 intensities for color*
- *Mid-Sized Parallax Wheel (down to 10 yards) • Precision 1/10 Mil Adjustments*
- *Reticle placed in the first focal plane • Built-in anti canting bubble system*
- *Includes: Flip-Up covers, sunshade, level bubble • Engraved (glass-etched) Reticle*

tasco®

Sportsman Riflescopes

Sportsman riflescopes continue the Tasco legacy of trusted, reliable and durable optics at an unbeatable price. Fully coated lenses with purpose-built 30/30 reticle will make sure the shot of a lifetime will be true. Waterproof, shock-proof and fog proof, Tasco Sportsman riflescopes even come with rings included!

Power	Finish	Reticle	Item No.	Price
4-12x40mm	Matte	Truplex	C25TAT41240	$76.49

Air Rifle Riflescopes

Air rifles offer the most difficult test of an optic's design due to their unique recoil impulse. Tasco Air Rifle riflescopes have been designed specifically to withstand this rigorous and unique test. Rated withstand the rigors of pneumatic, spring-piston and CO2 driven air guns, the Tasco Air Rifle scopes won't let you down. Dovetail rings with stop pin included!

4-12x40mm	Matte	30/30	C25TATWC41240	$79.99

WEAVER

SINCE 1930

Classic Series Riflescopes

- Advanced optical system built for performance that boosts contrast and clarity with fully multi-coated lenses
- New Elements lens coating bonds to the glass, repelling water, oil, dust, debris and prevents scratches
- Ergonomically designed turret caps and magnification ring with aggressively style knurlings to allow for manipulation in all weather with or without gloves
- Built to withstand the elements and will stay in the hunt as long as you can
- Durable 1-Piece body that is iPX7 waterproof rating and O-ring sealed
- Can withstand 30 minutes of submersion in 3 feet of water

SIGHT MARK®

CORE 2.0 HX Series

The new CORE 2.0 HX Series of riflescopes from Sightmark is an improvement on the previous Core, offering upgraded glass, finer click adjustments, and improved low light performance. Its finely etched reticles and exact adjustments make taking shots simple and easy. With its solidly built housing made of aircraft grade aluminum, the CORE 2.0 HX promises to be a dependable tool in any hunting environment.

• 1/4 MOA Adjustment • Second Focal Plane • Fully Multi-Coated • IPX7 Water & Dustproof

Power	Tube	Finish	Reticle	Item No.	Price
3-9x40mm	1"	Matte	Wire DX	C25ISSM13103HDR2	$329.97
4-16x50mm	30mm	Matte	Illum. HDR2	C25ISSM13104HDR2	$299.97

CORE 2.0 TX Series

Sightmark CORE 2.0 TX riflescopes use fully multi-coated optics to provide optimal light transmission in a variety of conditions. Etched glass reticles are illuminated to deliver optimal shot placement and are durable enough to withstand hours of shooting. The CORE 2.0 TX riflescopes feature exposed, lockable turrets which help maintain a consistent zero. Turrets are quick and easy to adjust to compensate for bullet drop and windage on the fly.

• Exposed, Locking Turrets • Fast-Focus Eyepiece • Red Illuminated Reticle
• Single-piece, 30mm Tube • Aircraft Grade Aluminum • Hard Anodized Finish
• IPX7 - Waterproof, Fogproof, Shockproof • Fully Multi-coated Optics
• INCLUDES: Scope Rings, Lens Flip-up Caps, Lens Cloth, CR2032 Battery

VUDU™
5-25x50mm FFP Precision Riflescope

The New Vudu 5-25 x 50 mm is ideal for the short platform rifles. At approximately 11.2 inches in length, the 5-25x is one of the shortest first focal plane rifle scopes on the market. The elevation turret includes a push/pull locking system and EOTECH's EZ Chek Zero Stop allowing for quick adjustments and return to zero. One unique advantage of the short design is that it provides the ability to attach either a clip-on night-vision or thermal device in front of the scope and still allow the user to make adjustments to the device without leaving the scope.

SWAMPFOX

Arrowhead LPVO Series

- Second Focal Plane construction provides a consistent reticle size at all magnifications
- Included Throw Lever
- Locking Windage & Elevation Turrets: Arrowhead features push-pull locking turrets that require no tools and can be quickly used out in the field. Push the turrets towards the scope body to lock them in place. Pull them away from the scope body to adjust • Dual LED emitters
- Arrowhead's advanced optical engineering results in a wider field of view and superior overall brightness, without sacrificing eye relief or eye box characteristics, even at full magnification

Kentucky Long Series

Kentucky Long precision riflescopes boast excellent edge-to-edge clarity, first focal plane construction, glass etched illuminated reticles, and a monster 6x zoom ratio. Turrets are locking and zero re-settable. Sharpshooter MOA reticles are available in all magnifications, using 0.25 MOA-per-click turret adjustments. All Kentucky Longs include high quality flip caps, 3" sun shade, and both low- and high-profile throw fins.

Patriot Precision Series

The Patriot precision rifle scope is 100% battery free and delivers the performance your rifle deserves. The optimized internal design maximizes eye box, a clear sight picture from edge to edge, even at high magnification. Use the included low- or high-profile throw fins to make instant magnification changes.

Competition™ Riflescopes

The Competition™ 15-55x52 continues to set new standards for long-range performance. The U.S., Australian and South African F-Class rifle teams praise its exceptional clarity and resolving power. Its robust construction allows the 15-55x52 to digest thousands of rounds and always respond like new. Many professional shooters have labeled it, "the perfect F-Class riflescope."
We'll let you and your scores, be the judges.

NXS™ Riflescopes

NXS™ riflescopes are built to standards that exceed virtually any other riflescope on the market. Each must pass a battery of tests–including side and front impact–that would destroy an ordinary optic.

Only the highest quality, most durable components are used in NXS™ riflescopes, assuring a lifetime of repeatable precision. NXS™ lenses are painstakingly bedded with our proprietary Mil-Spec formulation, reducing any glass-to-metal contact that can result in breakages, stress, misalignment, and thermal shock. It's how legends are built.

NX8™ Riflescopes

NX8™ riflescopes build upon this hard-earned reputation.

The NX8 family was designed to provide excellent optical performance throughout the remarkable 8x magnification range in the most compact and capable package possible. To achieve this, our optical designers chose to utilize ED glass elements in these designs, which allow for a short optical path while maintaining optical clarity.

M7Xi IFS 2.9-20x50

- The short overall length of the scope creates more rail space for clip-on devices (e.g. thermal imaging or night vision devices) for superior operational capabilities in any combat situation.
- Precise windage/elevation adjustments.
- Low profile turrets.
- Extreme ruggedness and reliability achieved through durable materials and reliable design.
- IFS - intelligent firing solution with individually customizable display in the field of view showing all required information in real time – once set you'll never lose sight of the target.
- Built in Ballistic Calculator and Sensor Suite determines the bullet point of impact in real time.
- Individual customizable display provides information about leveling and the current turret setting, allowing you to know the current exact shooting position in the field of view. Display and user interface can be customized to user needs.
- Bluetooth-connectivity for easy set-up on the smart phone. All information can be moved freely or deactivated if needed via smartphone app.

ROMEO 8™ Red Dot Sights

- Designed for modern MSR platforms and shotguns
- Comes standard with solid lens covers and 1/2 hex bolt mount
- Ballistic Circle-Dot reticle options
- Users can select from 4 different integrated reticle options
- 100,000+ hour battery life and the readily available CR123A battery is side loading • 1.535" Mount Height
- Unlimited eye relief to acquire aiming point and target
- MOTAC (Motion Activated Illumination) powers up or down when sensing motion
- Uses an ultra-efficient red LED illumination for daylight visibility and extended runtime
- Strong, lightweight aircraft-grade 6061-T6 aluminum housing
- Waterproof, IPX-7 rated, and fog-proof.

ROMEO-M17

- A fully enclosed, sealed, and purged optical system, for ultimate protection from the elements
- Mounts from underneath the pistol slide, re-using the MHS pistol rear sight block and sight block screw
- 7075 Aluminum housing • Integrated gas deflector on the front of the housing
- Machined anti-reflection grooves on all rear surfaces for reduced glare
- Extremely low deck height, allowing a full sight picture and co-witness with standard-height sights
- SIG-LOC™ (SIG Leverage Optimizing Connection) proprietary mounting interface
- A high-efficiency point source LED emitter, with 2 MOA dot/32 MOA circle reticle.
- Independent brightness adjustment buttons
- 15 brightness settings, with 3 of the settings optimized for use with Gen 3+ NV devices

1x24mm Romeo-M17 *(Coyote Tan)* ..... C25XISORM1700 ..... $799.99

ROMEO-X SIG-LOC™ Compact

- Inspired by MIL-SPEC ROMEO-M17
- Establishes 5 total points of contact to create the strongest lockup in the industry
- Longer focal length
- Rugged 7075 aluminum housing with a fully enclosed and sealed optical system • Distortion-free aspherical glass lens
- MOTAC (Motion Activated Illumination)
- Industry's lowest deck height for standard-height iron sight co-witness
- 20,000 hour battery life with side load battery
- 15 illumination settings including 3 dedicated night vision • Assembled in USA

LM-RRDS ..... C25LVLMRRDS $143.49

RCR™ Red Dot Sight

The RCR can withstand direct impacts and survive in the harshest environments, while still providing enhanced accuracy and an excellent field of view. The RCR does this while not requiring additional or new plates to be used as it works with the current RMR bolt pattern and direct mounts without the use of a dovetail

Power	Reticle	Item No.	Price
1x	3.25 MOA Red Dot	C25TR3300001	$774.49

RMR® HD Red Dot Sight

Built on the foundation of the Trijicon RMR® Adjustable LED model, the RMR HD features the same patented housing shape made from forged aluminum, robust electronic system, and quality lenses.
Adding a long-lasting, top-loading battery, larger window, an innovative forward looking light sensor, multiple reticle options, market leading illumination adjustability, and it's clear the RMR HD is designed and built for duty use

Power	Reticle	Item No.	Price
1x	1.0 MOA Red Dot w/55 MOA Selectable	C25TR3200001	$774.00
1x	3.25 MOA Red Dot w/55 MOA Selectable	C25TR3200002	$774.00

Trijicon RMR®
(Ruggedized Miniature Reflex)

The Trijicon RMR (Ruggedized Miniature Reflex) sight is the most rugged miniature red dot sight available. It is made from 7075-T6 aluminum to MIL-spec standards and has a patented shape that absorbs impacts and diverts stresses away from the lens, increasing durability. Available in LED, Adjustable LED, or Dual Illuminated versions, and with dot sizes ranging from 1 MOA to 13 MOA you are sure to find what fits your needs. The RMR is a versatile sight that illuminates in any lighting condition.

Features:

• Unique Patented Housing Shape • Easy Adjustable Windage / Elevation
• True-Color Multi-Coated Lenses • Parallax-Free • Waterproof to 20 Meters (66 ft.)

Model	Reticle	Mount	Item No.	Price

DI = Dual Illuminated

Trijicon RMR®cc

Split seconds matter. The new Trijicon RMR®cc as a thinner, lower-profile design that reduces the risk of snags for a faster and easier draw. Although smaller, the RMRcc keeps all the great features of the Trijicon RMR®. Easy-to-use buttons, a common 2032 battery with up to 4 years of illumination, and a wide variety of mounts to fit today's popular concealed carry pistols, the RMRcc is the clear choice in personal defense.

• Designed for concealed carry • True-color, Multi-coated lens • Upgraded Electronics Button "Lock-In" Mode • Button "Lock-Out" Mode • 8 Brightness settings

Model	Reticle	Mount	Item No.	Price
RMRcc	3.25 MOA Dot	-	C25TR3100001	$491.99
RMRcc	6.5 MOA Dot	-	C25TR3100002	$491.99

Trijicon RMR® Type 2
(Ruggedized Miniature Reflex)

The redesigned and upgraded electronics in the new RMR Type 2 passed extensive endurance testing, providing optimal performance when mounted on a pistol slide and/or other small arms platforms. Included in the new RMR Type 2 is a button lock mode, and battery saving features, which make this optic ideal for concealed carry and Law Enforcement use. The Trijicon RMR is extremely versatile as a primary optic on handguns, rifles, carbines and shotguns. When paired with a magnified optic, the RMR is an excellent solution as a secondary CQB optic, and as a backup sight.

Features:

• Adjustable LED RMR • Button Lockout • Battery conservation mode Unique Patented Housing Shape • Easy Adjustable Windage / Elevation
• True-Color Multi-Coated Lenses • Parallax-Free • Waterproof to 20 Meters (66 ft.)

Model 512

- Reticle: 68 MOA circle with 1 MOA aiming dot
- Includes rugged aluminum hood assembly and knobbed, tool-less mounting bolt
- Interfaces to 1" Picatinny (MIL-STD-1913) or Weaver rail
- Length/Width/Height: 5.6"x2"x2.5"
- Weight: 11.5oz • Submersible to 10ft depth
- Non reflective black with hard coat finish
- Return to Zero: repeatable to 1 MOA after re-mounting • No Night Vision Compatibility
- 2x 1.5V AA batteries (supports lithium, alkaline, or rechargeable
- 1,000 continuous hours (lithium) at nominal setting12; 600 continuous with AA alkaline

512 Tactical HWS ..... C25YZ512A651 ..... $515.00

Model 552™ Military / Tactical

Standardized by the DEA, ATF, and FBI HRT, the Model 552 offers night vision-compatibility. The AA battery model is the sight of choice by military units like Stryker Brigade, 10th Mountain and 3rd Infantry. It is battle-proven to withstand the abuse that any harsh environment, high-powered weapon platform or military mission can dish out.

- *Length/Width/Height: 5.6"x2"x2.5" • Weight: 11.5 oz.*
- *Submersible to 33 ft depth • Mount: (MIL-STD-1913) rail*
- *2x 1.5V AA batteries (supports lithium, alkaline, or rechargeable)*
- *Reticle: 68 MOA Circle with quadrant ticks with 1 MOA aiming dot*
- *Night Vision Compatible. Standardized by the DEA, ATF, and FBI SWAT, the Model 552 is by far the most popular HWS model.*

552 Military/Tactical HWS ..... C25YZ552A651 ..... $645.00

HHS VI™

Regardless of the scenario, the Holographic Hybrid Sight VI (HHS VI), featuring an EXPS3-2 with a G43 magnifier can provide accurate shooting at any distance. The night-vision compatible EXPS and compact G43 3X magnifier require very little rail space but provide significant shooting advantages.

HHS VI™ ..... C25YZHHSVI $1275.00

G33 Magnifier w/STS Mount

The new G33 magnifier is shorter and lighter than the G23. It offers a new and improved mount providing faster transition from 3x to 1x, tool free azimuth adjustment, larger field of view and an adjustable diopter for improved, more precise focusing. It offers more eye relief with windage and elevation adjustments that can be manipulated by hand, without any tools. The new slap to side mount (STS) is incredibly durable and operates with the slap of your hand, knocking the mount to the side. Comes with a 7mm riser to accommodate the 7mm raised sights.

G33.STS Magnifier w/STS Mount, Black ..... C25YZG33STS $615.00

G43 Magnifier w/STS Mount

New for 2020 this is a miniaturized version of our battle-tested G33 Magnifier making it one of the most compact and lightweight magnifiers available. The mount provides fast transitioning from 3X to 1X and the optic offers tool-free vertical and horizontal adjustments with a large field-of-view. The G43 works with all EOTECH HWS models.

G43.STS Magnifier w/STS Mount, Black ..... C25YZG43STS $639.00

G45 Magnifier w/STS Mount

5 Power Magnifier

G45.STS Magnifier w/STS Mount, Black ..... C25YZG45STS $679.00

EFLX™ Mini Reflex Sight

Designed for pistol use, the EFLX base is configured to the Leupold® Delta Point Pro™ footprint and will adapt to appropriately milled slides or onto a rear dovetail mounting adapter. The EFLX is also ideal as a 1X solution on rifles with magnified optics. Its durable, heavy duty aluminum housing provides a large, square viewing window, similar in shape to EOTECH's HWS, that makes the 3 or 6 MOA aiming dot easy and quick to find.

A top load, single 2032 battery provides roughly 20,000* hours of run time.

• Dimensions: 1.9"L X 1.2"W x 1"H • Weight: 1.4 oz. • Water Resistant: 33" • Mount: Leupold Delta Point Pro • 1 MOA Windage & Elevation Adjustment • Brightness Settings: 7 Daytime, 1 Ultra-Bright, & 1 for Gen I – III+ night vision devices • CR2032 Battery

EFLX™ – 3 MOA Dot (25,000hr Battery) ..... C25YZEFLX3RWBLK $339.00

EFLX™ – 6 MOA Dot (20,000hr Battery) ..... C25YZEFLX6RWBLK $339.00

Extreme EXPS3™

Offering true 2 eyes open shooting, a transversely mounted lithium CR123 battery, and 7 mm raised base offering iron sight access, the new Extreme-XPS (EXPS) features easy to adjust side buttons and an adjustable, locking, quick detach lever for easy attachment and removal.

- *Single transverse CR123 battery to reduce sight length*
- *Shortened base only requires at most 2 3/4 inch of rail space compared to the 4 inch N battery sights*
- *Battery cap and latch are eliminated and replaced with a simple O-ring, tethered cap; better sealing is achieved*
- *Battery compartment is now separated from the base to allow it to hover over the delta ring of the rifle*
- *Average battery life at brightness level 12 is roughly 500-600 hours, 3X battery life of N cell sights*
- *Two reticle options: 0- 68MOA circle with 1 MOA aiming dot, 2-68MOA circle with two 1MOA aimingdots*
- *Side buttons, NV compatible with a single quick detach throw lever*

EXPS3, 68 MOA Ring with Single 1 MOA Dot, Black ..... C25YZEXPS30 ..... $775.00

EXPS3, 68 MOA Ring with (2) 1 MOA Dots, Black ..... C25YZEXPS32 ..... $775.00

EXPS3, 68 MOA Ring with (2) 1 MOA Dots, Tan ..... C25YZEXPS32TAN $775.00

EXPS3, DCR 1 MOA Dots, Black ..... C25YZEXPS3DCR $775.00

EXPS2™

- Length/Width/Height: 3.8"x2.3"x2.9"
- Weight: 11.2 oz
- Mount: 1" Weaver or (MIL-STD- 1913) rail
- Night Vision Compatibility: None
- Power Source: (1) CR123 lithium battery
- Battery Life: approx. 600 hours
- Reticle is a 68MOA circle with 1 MOA aiming dot
- Single transverse CR123 battery to reduce sight length
- Shortened base only requires at most 2 3/4 inch of rail space
- Battery cap and latch are eliminated and replaced with a simple O-ring, tethered cap; better sealing is achieved
- Battery compartment is now separated from the base to allow it to hover over the delta ring of the rifle
- Average battery life at brightness level 12 is roughly 600 hours
- Side buttons with an adjustable, locking, quick detach lever for easy attachment & removal

EXPS2 - **Red Dot** ..... C25YZEXPS20 ..... $665.00

EXPS2 - **Green Dot** ..... C25YZEXPS20GRN $769.00

Model 300™ Blackout

The XPS2-300 offers a 2-dot ballistic drop reticle that allows the shooter to zero either subsonic or supersonic rounds in the same reticle pattern. Offered in the XPS2 platform, it is the shortest and lightest HWS sight available. Featuring a .300 Blackout custom laser etched hood and waterproof capability up to 10ft, functionality and durability are at the forefront.

- *Reticle: 68 MOA Ring with (2) 1 MOA aiming dots*
- *Mounts to a Weaver or MIL-STD1913 rail*
- *Repeatable to within 1 MOA when remounting*
- *Runs 600 continuous hours at setting 12 on (1) CR123 lithium battery*
- *Waterproof: Submersible to 10ft (3m) depth*

Model 300™ Blackout ..... C25YZXPS2300 ..... $625.00

EOTECH

Model XPS

Shortest model sight yet! This sight is smaller than the former N-cell battery sight (511/551) and runs on a singl 123 battery. It also has a longer battery life than the N-cell style sights. Smaller,lighter and always fast with three reticle options. With the new single battery configuration, the XPS allows more rail space than ever, leaving more room for rear iron sights or NV Mount.

Features:

- *Single transverse 123 battery to reduce sight length*
- *Shortened base only requires at most 2-3/4 inch of rail space compared to the 4 inch N battery sights*
- *Battery cap and latch are eliminated and replaced with a simple O-ring, tethered cap; better sealing is achieved*
- *Battery compartment is now separated from the base to allow it to hover over the delta ring of the rifle*
- *Average battery life at brightness level 12 is roughly 500-600 hours, 3X battery life of N cell sights*
- *Three reticle options: 0- 68MOA circle with 1 MOA aiming dot, 1-single 1MOA aiming dot, 2-68MOA circle with two 1MOA aiming dots*
- *Optics: Transmission holography - parallax free • Magnification: 1x • Eye Relief: Unlimited*
- *Length/Width/Height: 3.8" x 2.1" x 2.5" • Weight: 9 oz (250 grams)*
- *Mount: Weaver or Picatinny (MIL-STD-1913) rail*
- *Field of View (100 yds): 30 yds (28m) at a 4\" eye relief*
- *Battery Life: 600 continuous hours at nominal setting 12*
- *Brightness Settings: 30 settings with scrolling feature (10 settings for NV use)*
- *Auto Battery Check Indicator: Flashing reticle upon start-up*
- *Auto Shut-down: At 8 hrs- programmable to 4 hrs*

AMERIGLO®

The HAVEN™

The HAVEN™ is guaranteed to survive continuous firing and recoil from today's harshest handguns and is compatible with today's most common IWB/OWB holsters. Ready for immediate install on today's most popular optics-ready pistols, the HAVEN™ uses the Trijicon RMR® footprint. Its smart electronics offer a 12-hour runtime followed by a 12-hour, motion-activated auto-on. 2-year battery life on a mid-setting with a common CR2032 battery.

• Dimensions: 1.78 in x 1.24 in x 1.11 in • Adjustment Range: +/- 45 MOA • Finish: Matte Black • Reticle Color: Red • Settings: 11 settings, 2 NV • 1 MOA Click Adjustment • Aluminum Housing

The HAVEN™ – ***3.5 MOA Dot***	C25KQHVN01	$252.99
The HAVEN™ – ***5.0 MOA Dot***	C25KQHVN02	$252.99

The HAVEN™ Carry-Ready™ Combo

The Haven Carry-Ready™ Combo comes equipped with a set of AMERIGLO optic-compatible iron sights for GLOCK® pistols (GL-524) to provide the optimum sight picture when paired with the Haven optic as a convenient, out-of-the-box solution for the GLOCK MOS.

- *Dimensions: 1.78 in x 1.24 in x 1.11 in*
- *Adjustment Range: +/- 45 MOA • Finish: Matte Black*
- *Reticle Color: Red • Settings: 11 settings, 2 NV*
- *1 MOA Click Adjustment • Aluminum Housing*
- *Fits: All Glock MOS (Excluding Slimline Model)*

Burris FASTFIRE™

FIND WHAT MATTERS

FastFire III

FastFire II

FastFire™ Red-Dot Reflex Sight

Fast Fire weighs in at just 2 ounces, fully mounted, and with its all-metal housing construction and advanced circuitry, the Fast Fire sight is extremely robust, shrugging off recoil forces up to 1000 G's. Installation on most rifles, carbines, and some handguns require the included Picatinny/ Weaver Mounting Plate. Most other handguns require a different Mounting Plate.

Model	Reticle	Finish/ Feature	Item No.	Price
FastFire III	3 MOA Dot	Matte w/ Picatinny Mount	C25BU300234	$229.99
FastFire III	8 MOA Dot	Matte w/ Picatinny Mount	C25BU300236	$229.99

FastFire™ Mounts

These mounts allow any generation FastFire™Series red dot sight to be securely mounted on a specific firearm.
Options are available for mounting to handguns, rifles, and shotguns, which each have different mounting requirements.
• AR-F3 Mount, for quick mounting to any AR.
• Scope Tube FastFire Mounts, for mounting to primary optic

AR-F⁴ Flatop FastFire Mount

• 3 MOA Dot • Matte Finish • Mount Included
AR-F⁴ Flattop FastFire Mount ..... C25BU410347 ..... $95.49

AR-F³ Flatop FastFire Sight

For AR and carbine shooters, Burris offers a complete package with the AR-F³ Flattop FastFire Sight.
This bundles a FastFire III with 3 MOA dot and rugged protective mount that's range-ready right out of the box.
It's the simplest and most effective way to mount the FastFire III on an AR flattop as a stand-alone sight or as a co-witness for your iron sights. The FastFire sits low in the mount and a pair of metal wings on each side of the lenses protects the sight from impact or unintentional abuse.
For added convenience, there is a lower compartment for spare battery storage, open-end wrench and Torx® wrench.
Fits any Weaver or Picatinny-style base.

Model	Reticle	Finish/ Feature	Item No.	Price
FastFire III	3 MOA Dot	Matte w/ Mount	C25BU300215	$299.99

AR-F³ Mount

The AR-F3 (Flattop FastFire Mount) is the simplest and most effective way to mount the FastFire II on an AR flattop stand alone or as a Co-witness for your iron sights.
The FastFire sits inside the mount for extra protection, and it also features a compartment for carrying a spare battery, open end wrench and TorxU wrench.
Fits any Weaver or Picatinny-style base.
AR-F³ Mount ..... C25BU410348 ..... $83.99

SpeedBead™ Universal Vent Rib Mount

• No drilling and tapping required
• Rib adapters included to fit multiple rib widths
• Red-dot is always centered to the rib and gun when mounted, with no play left or right
• Mount provides complete rib capture, side-to-side and for full length of the mount
• Easier target acquisition
• Black anodized aluminum won't damage the finish on your gun
• Backed by the unconditional Burris Forever Warranty™

Power	Fit	Item No.	Price
1x	ACRO	C25BU410689	$49.99

FastFire™ C

Weighing less than one ounce, the FastFire C offers durability and reliability, featuring an "Always On" technology with a 25,000-hour run time, powered by a CR2032 battery.
Its low profile allows for absolute or 1/3 co-witness with standard open sights, eliminating the need for elevated sights. Equipped with an Intelligent Auto-Bright system and offering manual illumination settings, this compact red dot ensures optimal visibility in any light condition.
• *1X Power • FastFire 6-MOA Dot • Matte Finish • 4 MOA Click Value*

SWAMPFOX

Liberator II Red Dot

We have advanced our technology to create our Liberty and Justice pistol dots, and by combining these new pistol dots with Liberator, we have created our second-generation rifle dot: Liberator II.

- *Battery Life: 10,000 hours*
- *Brightness Settings: 2 NV, 8 Daylight Visible*
- *Click Value: 1 MOA • Finish: Black*
- *Power Supply: CR 2032*
- *Reticle: 2 MOA Red Circle Dot • Weight: 3.49 oz*

Liberator II Red Dot Sight ..... C25IQRDLR1222GD $127.00

Liberator Mini Red Dot

Lightweight but tough, it is waterproof, fog resistant and features hydrophobic and anti-scratch lens multi-coatings. Use the included absolute co-witness mount for AR-15s or use the included low mount for AKs or shotguns. The scope body is compatible with industry standard T1 mounts

- *Battery Life: 3000 hours*
- *Brightness Settings: 10 settings*
- *Click Value: 1 MOA • Finish: Black • Power Supply: CR 2032*
- *Reticle: Red Circle Dot • Sight Type: Red Dot • Weight: 3.49 oz*

Liberator Mini Red Dot Sight ..... C25IQRDLR1222RD $127.00

Raider 1x20mm Micro Prism

Introducing the Raider, a versatile 1x20 micro prism with expansive eye relief for fast and clear sight acquisition. Utilizing etched reticle technology, choose between either the Bullet Rise Compensation (BRC) or a single 6 MOA dot. It features a T-2 footprint for exceptional versatility between mounting platforms. This micro prism distinguishes itself with a die-cast zinc alloy body, providing a robust housing capable of withstanding impacts without loss of function.

- *Battery Life: 35000 hours • Brightness Settings: 10 settings*
- *Click Value: 1 MOA • Finish: Black • Power Supply: CR 2032*
- *Reticle: CQB Bullet Rise Compensation 6 MOA Dot*
- *Sight Type: Red Dot • Weight: 7.69 oz*

Raider 1x20mm Micro Prism - Red ..... C25IQRMPS120RB $237.00

Blade Prism Sight

Swampfox Blade Prism Sight is the mission-driven, wide angle 1x prism scope dedicated for home defense and law enforcement. It sports handy Auto-On Shake N' Wake technology. Blade's revolutionary Bullet Rise Compensating reticle compensates for optic height over bore at just 5, 10, and 15 yards when mounted on an AR-15. Blade is an excellent choice for shooters with astigmatism who have issues with dot sights.

- *Battery Life: 3000 hours • Brightness Settings: 12 settings • Click Value: 1/2 MOA*
- *Finish: Black • Night Vision Compatible: Yes • Power Supply: CR-123A Battery*
- *Reticle: Red IR BRC • Sight Type: Prism Sight • Weight: 13.1 oz*

Blade Prism Sight ..... C25IQBPS00125R $205.00

Trihawk Prism Sight

Swampfox Optics Trihawk is the 3x prism scope featuring a super wide, true ten-degree field of view. Looking through Trihawk, you'll see a 52ft field of view from edge to edge at 100 yards. Yet Trihawk still offers greater eye relief than comparable prism scopes from other brands. Trihawk's Trident reticle is great for fast acquisition up close while also providing capability for medium range engagements using either a 5.56/.308 BDC or MOA ladder

- *Battery Life: 3000 hours • Brightness Settings: 12 settings • Click Value: 1/2 MOA*
- *Finish: Black • Night Vision Compatible: Yes • Power Supply: CR-123A Battery*
- *Reticle: IR MOA • Sight Type: Prism Sight • Weight: 15.4 oz*

Trihawk Prism Sight – Green ..... C25IQTPS00330GM $245.00

Kraken Closed Emitter Sight

From the depths of the swamp, the Kraken has emerged to redefine expectations of optics-ready shooting. This heavy-duty closed emitter Shake N Wake 1-16x dot sight comes in both red and green dot options. With its double barrel waterproof 7075 aluminum housing, it is built to take a beating and keep on ticking. This bad boy does not sacrifice precision for durability. The ultra-crisp day light bright dot has 10 settings, including two for Night Vision, and is adjustable with 0.5mm MOA clicks on its flush, embedded turrets.

- *Battery Life: 2yrs (Shake Awake) • Illumination Positions: 10 settings • Finish: Black*
- *Power Supply: (1) CR 2032 Lithium Battery • Reticle: Red Dot • Weight: 2.5 oz*

Kraken Closed Emitter Sight ..... C25IQKRK001163R $298.00

Sentinel II

Designed for concealed carry, this micro pistol dot sight maintains the standardized RMSc footprint and its familiar slimline profile while maximizing visibility with a larger 20mm window.

- *MOA adjustment: 1 MOA per click • Dot size: 3 MOA • Magnification: 1x*
- *Lens diameter: 20mm • Illumination positions: 10*
- *Brightness adjustments: Up/down digital press • Shockproof G Forces: 1500 G Force*
- *Waterproof: IPX7 • Battery type: CR2032 • Max battery life: Up to 50,000*
- *Dimensions: 1.84"(L) x 1.07"(W) x 1.07"(H) • Weight: 0.99 oz*

VMX-3T Magnifier

Simple, fast, effective—
the VMX-3T Magnifier will work with any of our red dots but it is not recommended for use with the prism scopes. The push-button design of the VMX-3T engages and disengages the flip-mount, allowing the magnifier to lock in place.
The result, 3x magnified or unmagnified views at will. Optics are fully multi-coated for optimal light transmission. Lightweight and tough; hard-coat-anodized machined-aluminum construction ensures durability. Internally nitrogen purged for reliable waterproof/fogproof performance.

T-5 Magnifier with LQD Flip to Side Mount

The magnifier's streamlined, low drag design prevents it from snagging on clothing and equipment and makes the T-5 .7" shorter than the magnifier it's replacing. Ideal for stretching your AR engagements out to 200 yards, an included LQD mount allows for rapid attaching/detaching in intense shooting situations.

• Locking, quick detach mount for quick and easy removal
• External windage/elevation adjustment for reticle alignment • Absolute co-witness
• Fully multi-coated, scratch resistant • 5x magnification increases engagement to 200 yards
• EOTech® and Aimpoint® compatible • Power: 5x23 • Tube: 30mm • Eye Relief: 2.25"

T-5 Magnifier w/LQD Side Flip Mount.....C25ISSM19064.....$129.97

Element Mini Solar Red Dot

Ideal for use on everything from MSR platforms to tactical shotguns, the Element Mini Solar boasts an absolute cowitness mount with adjustable height, protective adjustment caps that double as tools for making windage/elevation adjustments, manual digital switch brightness controls and a user-friendly hinged battery door so you don't accidentally lose parts when changing out the battery.

- Solar panel for Infinite daylight use
- Up to 200,000 hours battery life
- Compact, enclosed sight design
- Full metal construction
- *Includes Low and Cowitness Mounts*

MEPROLIGHT®

MEPRO 21 Day/Night Illuminated Reflex Sight

- Battle proven, reflexive to use, deadly accurate, and totally reliable
- Features large 30mm diameter lens which allows rapid target acquisition with both eyes open
- Rugged, armor-protected design operates under all weather and temperature condition
- Parallax-free
- Reticle illumination is achieved by the protected fiber optic light collector system during the day and by the miniature self-powered tritium light source at night
- Transition between the two systems is instantaneous and automatic to assure good contrast between the aiming dot and the target area
- Night vision and magnifier compatible • Tritium Illumination is warranted for 10 years
- Weight: 13.1219 oz • Length: 4.48819 inches • Width: 2.16535 inches
- Height: 2.75591 inches • Black and grey finish

MEPRO 21 Reflex Sight ..... C25MKML62621 ..... $429.99

MEPRO 21 Polarizer & Flash Guard Kit

The Meprolight M21 Polarizer and Flash Guard Kit helps solve the problems of reflex sights and the washout that is experienced when going from dark to light. The polarize filter creates a more vivid image in the M21 in more diverse lighting conditions. The flash guard protects the 30mm lens of the M21 from scratches while reducing the glare as well.

- *Helps Filter Light • Adjustable Clickable Settings • Easily Screws In*
- *Reduces Glare • Can Use Separately or Screwed in Together*

MEPRO 21 Polarizer & Flash Guard Kit ..... C25MKM21PFK $59.99

MEPRO M22

Smaller and more compact, the Mepro M22 is a reflex sight with fiber-optic llumination by day and premium Swiss made tritium vials by night that will perform in any lighting condition with no need for batteries, ever. The transition between the two systems is instantaneous and automatic. It's rugged, battle-proven construction meets or exceeds rigorous standards to thrive in the harshest environments. Extremely reliable in any weather conditions, the Mepro M22 is suitable to use with NVDs as well as magnifiers. Tritium luminance is warrantied for ten (10) years.

3.5/40 MOA ..... C25MK56223000 ..... $449.99
10 MOA Triangle ..... C25MK56225000 ..... $449.99

MEPRO 21 Day/Night Illuminated Reflex Sight

MEPRO 21 offers a large 30mm diameter lens which allows rapid target acquisition with both eyes open. This was the first reflex sight in the world designed for close quarter combat. Illumination of the aiming point is achieved by a fiber optic collector system during the day, and by a miniature self-powered tritium light source at night. Transition between the two systems is instantaneous and automatic to assure good contrast between the aiming dot and the target area.

- *No batteries or switches*
- *Aim & shoot faster than ever-with both eyes open*
- *Self-illumination means always available*
- *Operates under all weather and temperature conditions*
- *Large 30mm diameter lens assures large FOV*
- *Rapid target acquisition means quicker shooting in urban areas*
- *Quicker shooting in urban areas and rapid target acquisition*
- *Effective use of sight under extreme conditions such as bad weather, firing after physical stress and firing under pressure*

NIGHT FISION™ PRECISION TRITIUM

Perfect Dot™ Tritium Night Sights

When it comes to tritium gun sights, aluminum sleeves and painted-on white rings are the norm. Night Fision breaks the mold, literally. Our patent-pending injection molded sleeve design not only holds our tritium vials securely in place, it creates a brighter and more durable ring, we call The Perfect Dot™, that provides maximum visibility both day and night.

• Perfect Dot™ Night Sights with added daytime florescence • Brightest Tritium Night Sights on the market
• CNC Machined out of high quality 4140 steel • Black Nitride coating used to improve wear and corrosion resistance
• Installation: Contact Professional Gunsmith • Built in the USA with Swiss Tritium

GLOW DOME™

Glow Dome™ Night Sights

- *Domed Lens Design: Optically engineered Dome for superior visibility*
- *Glow Ring Technology: Proprietary Glow Ring delivers a fully glowing front sight picture*
- *Injected Fluorescent Pigments: Provide bright picture in daylight*
- *30% More Tritium = Brighter: Night Fision packs more tritium gas into every sight.*

Trijicon Bright & Tough™ Night Sights

Trijicon Bright & Tough(TM) Night Sights are three-dot iron sights that increase night-fire shooting accuracy by as much as five times over conventional sights. Equally impressive, they do so with the same speed as instinctive shooting - and without the need for batteries. Housed in a metal body and cushioned within silicone rubber, Bright & Tough Night Sights feature a unique shock-resistant design. Each lamp is capped with a sapphire jewel to help evenly distribute the light while protecting the lamp from solvents and puncture. Contained within aluminum cylinders for additional protection.

Trijicon HD XR™ Night Sights

The Trijicon HD XR™ Night Sights were specifically designed with the ever evolving challenges of law enforcement agencies in mind. Building on the features of the current HD™ Night Sights, the Trijicon HD XR™ night sights are for the next level of advanced target identification and engagement at increased distances. A thinner front sight post allows shooters to have a larger field of view which further enhances the ability to identify targets, expedite engagements and see location of hits on target at longer distances.

DXT2 Sights

- Big Dot - Remains visible under stress when focus is drawn downrange. Outside diameter 0.188"
- Orange Front Sight - High-contrast color designed for maximum visibility in bright to low light
- Glow Dot - Convex photoluminescent dot absorbs light and glows in low light levels
- Tritium Powered Front & Rear Sight - Glows in low light to aid in sight alignment
- V-Notch Rear - Low-profile V provides greater visibility of objects downrange of front sight
- Dot-the-"i" Sight Picture - Straight line sight picture with differentiated front and rear sight prevents shooters from confusing the front and rear sight

FASTEST SIGHTS IN ANY LIGHT™

Long Rail with Ghost Ring

- For Ruger® GunSite Scout Rifle

Long Rail with Ghost Ring
C25AQRU5000RN..... $99.99

Marlin Optic Mounts & Ghost Ring Sight Sets

- The XS Lever Rail Ghost Ring WS upgrades Marlin Rifles to allow for an optic mounting in multiple positions and adds rugged all-steel backup iron sights.

Fit: Marlin 336	C25AQML10025	$149.99
Fit: Marlin 1894	C25AQML10045	$149.99
Fit: Marlin 308MX	C25AQML10035	$149.99
Fit: Marlin 30AS Dovetail Front	C25AQML10055	$149.99
Fit: Marlin 336 35 Rem	C25AQML10065	$149.99
Fit: Marlin 1894 Dovetail Front	C25AQML10075	$149.99

Ghost Ring Aperture White Stripe Front Sight Set

Our notch and post, black-powder rifle sights mount further back, which provides a longer sight radius. Longer sight radiuses are more forgiving and allow for smaller misses when not perfectly tuned. In the rear, our ghost ring sight provides a window to look through and eliminates an additional focus point. Now your focus can be on the front sight and the target.
Fit: Ruger 10/22.....C25AQRU00015.....$99.99

Weaver Backup Ghost Ring Sights

The XS Sights Low Weaver and Tall Weaver Backups are a fast alternative open sight that will save your hunt if your scope fails. Perfect for use on in-line muzzleloaders when hunting no-scope areas. Attaches in just seconds to any Weaver-Style base. Allows for easy load development when switching between optics and ghost ring sights. XS Ghost Ring WS is fully adjustable for windage and elevation and comes with two apertures, .230" and .191" inside diameter, for different lighting conditions. The large Ghost Ring affords great field of view for fast target acquisition.

Low	C25AQWB2000NL	$104.99
Tall	C25AQWB2001NT	$104.99

Fiber-Tritium Circle-Dot Sight

The FT Bullseye micro optic pistol sight is a revolutionary design that eliminates the need for the front sight. Meprolight's top engineers combined fiber optics and tritium technology to produce a handgun sight that works day or night and in all lighting conditions. No batteries needed. Center the dot in the circle and you are on target. Simple, fast and accurate. The innovative single rear sight is low profile and will not snag on clothing and fits all holsters. Aim For Greatness with the

TROY

Front Folding BattleSight™

- Sight can be moved or taken off without permanent modification to the firearm.
- A stainless-steel cross-locking system ensures sights remain upright and zeroed under extreme combat conditions.
- A push of a button folds the sights securely out of the way until you need them again.
- Machined from hardened Aircraft Aluminum with stainless steel components and finished in MIL-SPEC hardcoat anodizing.
- Each click adjusts .50 MOA.

HK Folding Sight
Black..... C25OV010662 .....$93.48

M4 Folding Sight
Black..... C25OV010686 .....$93.48
Flat Dark Earth ..... C25OV010693 .....$93.48

Rear Folding BattleSight™

Troy's Rear Folding BattleSight is easy to install and deploy, with no levers or springs to fumble with. No tools required for adjustment.

- *Sight can be moved or taken off without permanent modification to the firearm.*
- *A stainless-steel cross-locking system ensures sights remain upright and zeroed under extreme combat conditions.*
- *A push of a button folds the sights securely out of the way until you need them again.*
- *Aircraft Aluminum with stainless steel components*
- *MIL-SPEC hardcoat anodizing • Each click adjusts .50 MOA*

DOA® Folding Rear BattleSight™

Di-Optic Aperture

Advanced design, superior sighting and BattleReady™ toughness define Troy Industries' Di-Optic Aperture (DOA®) Folding Rear BattleSight™. These sights provide lightning fast target acquisition and are manufactured to exceed military specs. The optically engineered apertures center your eyes instantly and effortlessly providing a clearer target picture than with round apertures.

- *Faster target acquisition with Di-Optic Aperture*
- *Increases accuracy to 550m • Quick install*
- *Easy to adjust • 0.460" profile when folded*
- *Protected adjustment wheel*
- *Aircraft Aluminum with stainless steel components*
- *MIL-SPEC hardcoat anodizing • Each click adjusts .50 MOA.*

Black..... C25OV011232 .....$114.99

45º Offset Folding BattleSights™

Durability and dead-on accuracy have made Troy Industries Folding BattleSights the choice of Special Ops and tactical users worldwide. The TROY 45 Degree Folding BattleSights fold compactly to both sides of the rifle. With an ambidextrous sight base, TROY 45 Degree Battle-Sights work seamlessly with magnified optics. Easy to install and deploy, these sights position apertures at factory height. *Note: Sight is designed to work on same plane rail systems only. Will not work with a railed gas block that is higher or lower than the receiver.*

HK Front & Round Rear
Black..... C25OV020338 .....$228.98

Flat Dark Earth ..... C25OV020369 .....$228.98

Front Fixed BattleSight™

Durability and dead-on accuracy make Troy BattleSights™ the hands-down first choice of Special Ops and Tactical Users Worldwide. Troy's HK Front Fixed BattleSight, a permanent, rail-mounted alternative to a standard A2 sight, allows limitless mounting options on all-length rails with a serrated ramp.

- *Sight can be moved or taken off without permanent modification to the firearm.*
- *Features snag-free apertures at factory height*
- *Machined from hardened Aircraft Aluminum with stainless steel components and finished in MILSPEC hardcoat anodizing.*
- *Sight is designed to work on same-plane rail systems only.*
- *Will not work with a railed gas block that is higher or lower than the receiver.*
- *Front sight must be mounted at the same height plane as the rear sight. Railed gas blocks that are lower than receiver height will not zero properly.*

M4 Folding Sight
Black..... C25OV015353 .....$54.99

Front Folding BattleSight™, Tritium

Troy Industries' Tritium BattleSights™ are designed to eliminate the poor sight orientation that is typical in twilight. Tritium is a form of hydrogen that emits a continuous light source when batteries or electricity are not available. The front post is centered between two Tritium points of reference to allow proper alignment.
HK Style *(Black)* .....C25OVSSIGFBSFHBT02.....$138.99

Rear Folding BattleSight™, Tritium

Troy Rear Folding Tritium Sights, a permanent, rail-mounted alternative to a standard A2 sight, allow limitless mounting options on all-length rails with a serrated ramp to eliminate glare.

- *Sight can be moved or taken off without permanent modification to the firearm.*
- *Features snag-free apertures at factory height.*
- *Front post is centered between two Tritium points of reference.*
- *Aircraft Aluminum with stainless steel components*
- *MIL-SPEC hardcoat anodizing*
- *Sight is designed to work on same-plane rail systems only.*
- *Will not work with a railed gas block that is higher or lower than the receiver.*
- *Front sight must be mounted at the same height plane as the rear sight.*
- *Railed gas blocks that are lower than receiver height will not zero properly.*

Black.....C25OVSSIGFBSRTBT00.....$176.99

Micro BattleSight™

H&K Front & Round Rear

Troy BattleSights™ set the world standard for performance and durability. Now, Troy has developed a rugged low-profile sight designed for firearms with top rails higher than the standard M4. For shooters who favor a sightline that's as close to the barrel as possible, or for those with raised top rail systems, the Troy Micro BattleSight provides an ideal solution.

45 Degree Flip-Up Iron Sights/Spring Loaded

45 degree iron sights are constructed of T6 6061 Black anodized aircraft grade aluminum for strength and durability. The front sight has an adjustable A2 post with a spring-loaded feature so that with just a push of a button they will easily flip-up into position & locks into place to guarantee zero. The rear sight has dual apertures for use in short and long distance shooting. These sights would be a great choice if you would like to quickly transition from using optics to iron sights by just canting your rifle to a 45 degree.

- *Length: 2.125" • Net Weight: 3.9 oz.*
- *Material: Anodized Aircraft grade aluminum*

Black..... C25EFIS003.....$28.49

ZEV TECHNOLOGIES

Backup Iron Sights

ZEV backup iron sights (BUIS) are designed to be used with one of the many mini red dot sights available on the market - such as Trijicons RMR. Because of this, ZEV Co-Witness Sight Sets are an excellent addition for either absolute or 1/3 co-witness applications.

- *Iron sight sets have the highest resolution and greatest ease of acquisition.*
- *Higher visibility will allow you to keep your sights on target.*
- *The right Zev Technologies™; Sight set will improve your shots on target dramatically over a factory Glock®; sight set.*
- *Notch width of .140 & Notch Dept of .145 will allow you enough room to keep your eyes on target during transitions.*
- *Zev Technologies™; Parts always incorporate design, feel, and performance.*
- *Zev Technologies™; fiber optic sight sets are machined and assembled from Quality Billet materials and built to last.*
- *.300 Black Front • Co-Witness Rear*

STREAMLIGHT®
Heroes Trust Streamlight®

Tactical Gun Mount Series

Now Available with Strobe

Built to military specifications, and featuring technology currently being used by U.S. special operations, Streamlight Tactical Gun Mount Lights are compact, easy to handle and lightweight, so they don't interfere with the balance of the gun. They're designed to attach or detach in less than two seconds. Powered by super-long-lasting lithium batteries.

TLR-1®/TLR-1®S

• Powered by two 3-volt CR123 lithium batteries with 10-year storage life • C4® LED technology, impervious to shock with a 50,000 hour lifetime
• LED Rating:
Up to 12,000 candela peak beam intensity and up to 300 lumens measured system output. Deep-dish parabolic reflector produces a concentrated beam with optimum peripheral illumination • Run Time: 2.5 hours regulated run time.
• Rail grip clamp system securely attaches/detaches quickly and safely with no tools • Mounts directly to handguns with Glock-style rails and to all MIL-STD-1913 (Picatinny) rails.
• Includes keys for Glock-style, Picatinny, Beretta 90two, S&W 99 and S&W TSW • Machined aluminum sealed construction with black anodized finish • Ambidextrous momentary/steady on/off switch • Fits existing light bearing holsters
• 4.18 oz. • Lithium Battery
TLR-1® Tactical Light
Fits: Glocks/1913/S&W ..... C25SM69110 .....$146.99
TLR-1®S Tactical Light with Strobe ..... C25SM69210 .....$150.49

TLR-2® with Laser Sight

• Powered by two 3-volt CR123 lithium batteries with 10-year storage life • C4® LED Technology, impervious to shock with a 50,000 hour lifetime.
• Up to 12,000 candela peak beam intensity and up to 300 lumens measured system output.
• Up to 2.5 hrs runtime
• Rail grip clamp system securely attaches/detaches quickly and safely with no tools • Fast, Adjustable, Secure Side mounting to 1913 and Glock style Rails
• Machined aluminum sealed construction with black anodized finish • Dustproof • Ambidextrous momentary/steady on/off switch • Highly accurate sight repeatability when remounting
• Fits existing light bearing holsters • 4.72 oz. • Lithium Battery
TLR-2 Tactical Light with Laser
Fits Glocks/1913/S&W ..... C25SM69120..... $365.49

TLR-3®

• C4® LED delivers 5300 candela peak beam intensity; 170 lumens.
• Parabolic reflector produces a concentrated beam with optimum peripheral illumination.
• Runs 1.5 continuous hrs. to the 10% output level
• *Weighs 2.32 ounces (65.8 grams) with included battery • Length – 2.71 in. (6.88 cm)*
• *Width – 1.18 in. (3.00 cm)*
• *Height – 1.51 in. (3.84 cm)*
• Includes 6 interchangeable keys to fit a wide variety of weapons • Rail clamp designed to rapidly attach/detach from side of weapon. One handed snap-on and tighten interface
• Ambidextrous momentary/steady On-Off switch
• Body constructed of impact resistant Engineering polymer
• Face cap constructed of 6000 series machined aircraft aluminum with anodized finish • Borofloat high temperature glass lens • Waterproof to 1 meter for 30 minutes. IPX7 rated
• Operating temperature: -40°F to +120°F.
• Powered by one 3V CR2 lithium battery
• Serialized for positive identification
• Limited lifetime warranty
TLR-3 Compact Tactical Light... C25SM69220 .....$102.49

TLR-2® HL™G

Features a highly visible (even in daylight) green laser that assists in target acquisition. Its wide peripheral beam lets you see what's all around you, including what's lurking in corners. Includes a strobe for signaling/disorienting. Unbreakable, scratch-resistant, gasket-sealed lens. Impact resistant. Easy, fast battery installation/replacement. IPX4-rated; waterresistant and features a 510-530nm green laser.
• *High Lumens: 1,000 • Run Time: 1.25 hours*
• *Beam Distance: 283 meters • Max Candela: 20,000*
• *Battery Type: CR123A Lithium • Battery Quantity: 2*
• *Length: 3.39 inches • Weight: 4.88 ounces*
TLR-2® HL™ G w/Green Laser ..... C25SM69265 . $403.49

TLR-4™

The same great features as the TLR-3® with the addition of a red laser sight
• Light Source: C4® LED technology, with a 50,000 hour lifetime. 640-660nm red laser
• Impact-resistant Engineering polymer with durable anodized aluminum facecap
• Output: 5,300 candela peak beam intensity and 160 lumen measured system output
• Battery: One 3 volt "CR2" lithium battery
• Run Time: LED only or LED and laser; 1.5 hours regulated run time to the 10% output level. Laser Only; 11 hours regulated output
• Ambidextrous momentary/steady on/off switch. Three position Mode Selector switch for Laser only, LED illumination only or both laser and LED.
• *Standard Models include rail locating keys for a variety of weapons with Picatinny or Glock style rails-lithium battery*
TLR-4™ ..... C25SM69240.....$162.99

TLR-1s HPL™

This high lumen, long-range, rail-mounted tactical light produces an intensely bright, far-reaching wide beam that illuminates your target downrange along with everything in your path. Fits long-guns. Attaches/detaches with one hand in seconds. Includes a strobe for signaling/disorienting. IPX7-rated; waterproof to 1m for 30 minutes. Impact-resistant. Easy, fast battery replacement
• High Lumens: 1,000 • Run Time: 1.50 hours
• Beam Distance: 490 meters:
• Battery Type: CR123A Lithium
• Battery Quantity: 2
• *Includes Rail Locating Keys for use with GLOCK® style, 1913 Picatinny, Smith & Wesson® 99/TSW and Beretta® 90-TWO – Remote switch – Lithium batteries*
TLR-1s HPL ..... C25SM69216 ..... $206.49
• *Includes Rail Locating Keys for use with GLOCK® style, 1913 Picatinny, Smith & Wesson® 99/TSW and Beretta® 90-TWO – Lithium batteries*
TLR-1s HPL w/Remote C25SM69215 ..... $161.99

TLR1™ HL

The TLR-1 HL now provides a 1,000 lumen blast of light for maximum illumination while clearing a room or searching an alley. Its wide beam pattern lights up large areas so you can identify who or what is nearby.
• *1,000 lumens; 283m beam; runs 1.5 hours*
• *User programmable strobe can be enabled/disabled*
• *Securely fits a broad range of weapons; Includes keys for Glock-style, Picatinny, Beretta 90two, S&W 99, S&W TSW and Sig P320 Mounts directly to handguns with Glock-style rails and to all MIL-STD-1913 (Picatinny) rails*
• *Tethered battery door and latch mechanism prevents battery door loss while providing easy battery replacement*
• *Durable anodized machined aircraft aluminum construction IPX7; waterproof to 1m for 30 minutes*
• *TLR-1 HL Dual Remote Kit with dual remote pressure switch, "safe off" door switch, mounting clips, and lithium batteries*
TLR1 HL ..... C25SM69889.....$233.99

TLR-1 HL®-X

The multi-fuel TLR-1 HL-X uses our SL-B9® USB rechargeable protected lithium-ion battery pack; also accepts CR123A batteries. Using the same footprint as the original TLR-1 series, it fits handguns and long guns, and you can switch from one to the other in seconds. Easy, fast, front-load battery replacement. Interchangeable "High" or "Extended High" paddles to suit your shooting style. Unbreakable, scratch-resistant, gasket-sealed lens. Impact -resistant. IPX7-rated waterproof to 1m for 30 minutes
• *Battery: (2) SL-B9 battery packs or CR123A lithium*
• *Sl-99: Lumens: 1,500 • Candela: 20,000*
• *Distance: 283m • Run Time: 1 hr • Black*
• *Includes straight momentary pressure switch, key kit, USB-C cord & (1) SL-B9 battery packs*

• *Includes rail locating keys for use with GLOCK® style, 1913 Picatinny, S&W 99/TSW, Sig P320 and Beretta® 90TWO and lithium batteries*
TLR-1 HL-X.....C25SM69500 ..... $198.49

TLR-1 HL-X USB .....C25SM69501 ..... $212.49

TLR-1® HL™

The TLR-1 HL provides a 800 lumen blast of light for maximum illumination while clearing a room or searching an alley. Its wide beam pattern lights up large areas so you can identify who or what is nearby.
• C4® LED technology, impervious to shock with a 50,000 hour lifetime; 640-660nm red laser
• 15,000 candela peak beam intensity and up to 630 lumens
• Run Time: 1.25 hours regulated run time
• Solid-state current regulation for consistent illumination level
• Powered by two 3-volt CR123 lithium batteries with 10-year storage life
• Mounts directly to handguns with Glock-style rails and to all MIL-STD-1913 (Picatinny) rails
• Includes keys for Glock-style, Picatinny, Beretta 90two, S&W 99 and S&W TSW
• Machined aluminum sealed construction with black anodized finish
• Ambidextrous momentary/steady on/off switch
• User programmable strobe can be enabled/disabled
• IPX7 waterproof to 1 meter for 30 minutes
TLR-1® HL™ ..... C25SM69260.....$173.49
Kit includes TLR-1 HL with thumb screw, "safe off" door switch, standard door switch, remote pressure switch and mounting clips, and two 3V CR123A lithium batteries.
TLR-1® HL™ Rifle Kit ..... C25SM69262.....$217.49

TLR-2® HL™

The TLR-2 HL with red laser provides a 800 lumen blast of light for maximum illumination while clearing a room or searching an alley. Its wide beam pattern lights up large areas so you can identify who or what is nearby.
• C4® LED technology, impervious to shock with a 50,000 hour lifetime; 640-660nm red laser
• 15,000 candela peak beam intensity and up to 800 lumens
• Run Time: 1.25 hours regulated run time
• Laser only function runs 45 hours
• Solid-state current regulation for consistent illumination level
• Powered by two 3-volt CR123 lithium batteries with 10-year storage life
• Mounts directly to handguns with Glock-style rails and to all MIL-STD-1913 (Picatinny) rails
• Includes keys for Glock-style, Picatinny, Beretta 90two, S&W 99 and S&W TSW
• Machined aluminum sealed construction with black anodized finish
• Ambidextrous momentary/steady on/off switch
• User programmable strobe can be enabled/disabled
• IPX7 waterproof to 1 meter for 30 minutes

TLR-6®

• Features C4® LED illuminator and a 640-660nm red laser – 100 lumens; 2,000 candela; 89m beam distance – Runs 1 hour (LED only or LED/laser combo); 11 hours (laser only)
• Parabolic reflector produces a balance of beam and peripheral illumination; red laser provides long-range targeting
• Ambidextrous switching (push-button on both sides) to access three modes: Laser only, Laser/LED combo, LED illumination only
• Batteries can be replaced with light mounted on gun; no need to re-sight laser after battery change; uses two CR 1/3N lithium batteries (included)
• Windage and elevation adjustment screws mounted in brass bushing for dependable zero retention of laser
• Durable, impact-resistant polymer construction; IPX4 water-resistant; 1m impact resistance tested
• Operating temperatures of -20°F to +120°F
• Finish: Black

DS07 Weapon Light Switch Assembly

Features:
Push-button switch with plug-assembly and 7-inch plug-in tape switch. Tape switch provides reliable momentary-on light activation. Integrated and remote switch assemblies operate independently. DS00 click on/off push-button switch.

7in Light - Black ..... C25FHDS07 ..... $185.00

DS-SR07 Light Switch Assembly

Push-button switch with plug-assembly and 7-inch remote tape switch.
Tape switch provides reliable momentary-on and click-on/-off light activation. Integrated and remote switch assemblies operate independently.

7in Light - Black ..... C25FHDSSR07 ..... $189.00

DS-SR)7-D-IT Light Switch Assembly

The DS-SR07-D-IT is a waterproof switch assembly for simultaneous use of SureFire Scout Light® WeaponLights (excludes Micro Scout Light Pro) and an ATPIAL or DBAL laser.

7in Light - Black ..... C25FHDSSR07DIT $230.00
7in Light - Black & FDE . C25FHDSSR07DITTN ... $230.00

SR07 Remote Dual Switch

The SR07 Remote Dual Switch provides remote activation for any SureFire WeaponLight with a switch socket.

7in Light - Black
C25FHSR07 ..... $107.00

Multiple Weaponlight Switch

The SR07-D-IT provides remote momentary-on activation, either separately or simultaneously, for two weapon-mounted illumination tools— a SureFire WeaponLight and an ATPIAL or DBAL laser.

7in Cable - Black ..... C25FHSR07DIT $125.00

Scout Light Replacement Rear Cap

Replacing your Scout Light's rear push-button cap assembly with this cap allow you to attach a SureFire tape switch for even greater versatility

- For use with a SureFire tape switch
- Does not include ST07 tape switch

Scout Light Rear Cap .... C25FHUE07 ..... $98.00

LED Module 3V Upgrade

- The perfect upgrade for legacy Mini Scout® lights
- Dual-spectrum efficiency with 250 lumens/100 mW of TIR-focused output
- Twist bezel to switch between LED white light and IR

3V Upgrade - Black ..... C25FHKM1EBK $239.00
3V Upgrade - Tan ..... C25FHKM1ETN $239.00

LaserMax

Guide Rod Lasers

The most technologically-advanced, hardened laser sighting system ever developed, the Guide Rod Laser replaces the recoil spring guide assembly in semi-auto pistols. No other laser sight in the world gets subjected to more rigorous testing or can result in more accurate shots.

- ***Completely internal!*** *Keep your holster, keep your tactical lights, keep your favorite grips.*
- ***Extremely rugged.*** *LaserMax internal guide rods meet or exceed both Mil-Spec and Homeland Security durability test standards (drop tests, blowing sand, temperature and humidity extremes, salt water fog, deep water immersion, 20,000+ rounds live fire).*
- ***Installation takes minutes.*** *If you can field-strip your gun, you can install your LaserMax sight—No gunsmithing required.*
- *Proximity to the bore provides maximum POA/POI accuracy.*
- *Guaranteed alignment ensures center of mass shots.*

3/4" Rail & Up	Red	C25LVMICRO2R	$85.99

GripSense™ Laser/Light

The Patent Pending GripSense Technology utilizes similar technology to smartphones, in that the product contains a detection zone in the area that users middle finger indexes the trigger guard of the firearm and senses the user's grip on the firearm and activates the light or laser instantly. The user has the option to turn off the light or laser with the push of a button or disable the GripSense Activation and rely solely on the button activation

- *DUAL activation capable with either GripSense™*
- *Activation or controlled push button*
- *GripSense™ Activation does not alter your grip*
- *100 Lumen White LED light*
- *External Battery Access Door with tool-less entry*
- *Easily programmable for steady or high-visibility pulsed laser beam*
- *Ambidextrous TAP ON/TAP OFF switch reinforces safe firearm handling*
- *GripSense™ Technology works with gloves*
- *Fully adjustable for windage and elevation*

CRIMSON TRACE®

Laserguard® LASERGUARD®

Laserguard® is the best-in-class laser sight for compact and subcompact polymer framed pistols, and featuring the same Instinctive Activation™ technology as Lasergrips®. Laserguard mounts securely to the trigger guard, enhancing your ability to engage threats quickly and accurately in low light with a small-framed concealed carry handgun - usually equipped with small or non-existent iron sights. Laserguard® is available in both red laser and green laser variants, is easily user-installed in moments, and feature complete windage and elevation adjustment options.

RIG Pro - Laser/Light Combo

The RIG Pro offers ultimate modularity and versatility for rail-equipped rifles and carbines. The green laser sight + tactical light system is combined with an angled foregrip for reduced rail use and maximum precision targeting in variable lighting conditions. The RIG Pro has a remote laser module with M-LOK and Pic Rail mounts for both the laser and remote switch. It's low-profile assembly allows you to mount it almost anywhere on the rail wile still being able to utilize valuable rail space for other accessories.

RIG Pro - Laser/Light Combo ..... C25EJ013000192 ..... $269.95

MTL - Modular Tactical Laser

- 6" Remote cable switch • ON/OFF switch with momentary ON/OFF function
- (2) 1/3n 3v lithium batteries included
- M-LOK and pic rail adapters

Tactical Pistol Red Laser

- Red Laser: Freq. 635-655nm, Class IIIa Laser • Maximum Output: <5mw
- Weaver style mount will fit most weaver & Picatinny type rails
- Fully Adjustable for Windage and Elevation • Side to Side Toggle On/Off Switch
- All Aluminum Construction. Black Anodized finish
- Uses 2 each AG13 button cell batteries (Included) • Includes mounting tools
- Dimensions: 2.0" L x 1.1" W x 0.9" H • Weight: 1.3 oz

Tactical Pistol Red Laser ..... C25NRAAPRLS $30.99

Red Laser w/Weaver Style Mount

- Red Laser: Freq. 635-655nm, Class IIIa Laser
- Maximum Output: <5mw
- Weaver style mount will fit most weaver & Picatinny type rails
- Fully Adjustable for Windage and Elevation
- Side to Side Toggle On/Off Switch • Weight: 2.0 oz
- All Aluminum Construction. Black Anodized finish
- Uses 3 each AG13 button cell batteries (Included)
- Includes mounting tools • Dimensions: 2.2" L x 1.1" W x 1.2" H

Red Laser w/Weaver Style Mount
C25NRAPRLS $24.99

Compact Red Laser w/Weaver Style Mount

- Red Laser: Freq. 635-655nm, Class IIIa Laser
- Maximum Output: <5mw
- Weaver Mount will easily Clamp onto Compact and Subcompact Pistols that have a Weaver Style Accessory Rail
- Fully Adjustable for Windage and Elevation • Side to Side Toggle On/Off End Cap Switch
- All Aluminum Construction. Black Anodized finish
- Uses 2 each AG13 button cell batteries (Included) • Includes mounting tools
- Dimensions: 1.7" L x 1.0" W x 1.1" H • Weight: 1.3 oz

Compact Red Laser w/Weaver Style Mount ..... C25NRACPRLS $24.99

Green Laser w/Weaver Style Mount

- Green Laser: Freq. 532nm, Class IIIa Laser
- Maximum Output: <5mw
- Weaver style clamp on mount will fit most weaver Picatinny type rails. Includes mounting tool
- Fully Adjustable for Windage and Elevation. Includes adjustment tool
- Momentary End Cap Switch and it also comes with Remote Pressure Switch
- All Aluminum Construction. Black Anodized finish
- Uses 1 CR123A Lithium Type Battery (Included) • Dimensions: 4.1" L x 1.2" W x 1.5" H
- Weight: 4.9 oz

Green Laser w/Weaver Style Mount ..... C25NRAPRLSG $67.99

Compact Green Laser w/Weaver Style Mount

- Green Laser: Freq. 532nm, Class IIIa Laser
- Maximum Output: <5mw
- Weaver style clamp on mount will fit most weaver & Picatinny type rails. Includes mounting tool
- Fully Adjustable for Windage and Elevation. Includes adjustment tool
- Momentary End Cap Switch and it also comes with Remote Pressure Switch
- All Aluminum Construction. Black Anodized finish
- Uses 1 CR123A Lithium Type Battery (Included)
- Dimensions: 3.4" L x 1.1" W x 1.4" H • Weight: 3.8 oz

Compact Green Laser w/Weaver Style Mount ..... C25NRAPRLSMG $60.99

200L Flashlight & Red Laser w/QR Mount

- 3W Ultra Bright 200 Lumen CREE® LED flashlight and Laser Combo unit with Quick Release Weaver / Picatinny type mount
- Mounts onto most Weaver / Picatinny /Pistol accessory rails
- Ambidextrous Momentary or Constant-On Switch
- Rear Selector Mode Switch: for Laser Only, Flashlight Only, or Both Flashlight & Laser modes
- Ultra-Bright LED with 200 Lumens Peak Output, Updated Now with CREE® LED
- Dimensions: 3.4L x 1.4W x 1.9H • Weight: 4.0 oz. with Batteries
- Aluminum and Reinforced Nylon Construction • Uses 2 CR123A Battery (Included)

Flashlight & Red Laser w/QR Mount *(635-655nm Output)*
C25NRAQPFLS $75.99
Flashlight & Green Laser w/QR Mount *(532nm Output)*
C25NRAQPFLSG $108.99

Compact Green Laser w/QR Weaver Mount

- Green Laser: Freq. 532nm, Class IIIa Laser
- Maximum Output: <5mw
- Quick Release Weaver Style Mount
- Fully Adjustable for Windage and Elevation. Includes adjustment tool
- Ambidextrous Sliding On/Off Switch
- All Aluminum Construction. Black Anodized finish
- Uses 1 CR2 Lithium Type Battery (Included)
- Dimensions: 2.6" L x 1.0" W x 1.6" H • Weight: 3.3 oz
- Nominal Operating temperature: 59 - 95 degrees Fahrenheit

Compact Green Laser w/QR Mount
C25NRAQPTLMG $60.99

GLOCK®
PERFECTION

GTL II Tactical Light

The GTL II is precisely machined out of aluminum and is hard anodized with a non-reflective surface. The external design of the GTL II closely follows the clean simplicity of the GLOCK pistol.

- Fits standard frame GLOCK pistols with GLOCK rail.
- Does not fit slimline models.
- 600 Lumens for bright illumination
- 11,100 Candela for light concentration.

GTL II Tactical Light .....C25GL79012 ..... $103.49

CLOUD DEFENSIVE

REIN 3.0

REIN 3.0 is by far, the most powerful and most configurable weapon light ever made. With an upgraded electrical system, it brings you more capability. Nothing comes close. Delivering the power you need, in a small package. Everything you want it to be.

- *100,000 Candela peak beam intensity • 1250 Lumens output*
- *95 minutes run-time • Dual-Fuel capability.*
- *1.3" Bezel diameter – smaller than the original REIN in diameter. • 6.17" Long – a very compact full-size light.*
- *The same reduced mounting lug height as the REIN 2.0.*
- *Shorter than the original REIN 1.0 allowing for tighter mounting.*

REIN Remote Switches

Our latest generation of REIN remote switches incorporate a number of enhancements across the board. From increased tactile response to a larger switch surface, a lower height profile, and improved cable management, these design improvements represent a natural evolution shaped by user feedback and real-world data. Every switch remains cross-compatible with all REIN weapon light platforms.

Chicro Admin Light

The most powerful Micro handheld light ever. The Chicro admin light is lighthearted in name but serious in performance. When you purchase a Chicro, you get the light, battery, and charging cord. Everything you need in a small box.
With 350 Lumens of light, it will light up a dark room. And with a low-power setting as well, you can dial that back to 35 Lumens of light for all the up-close tasks where you do not want overpowering light. Running on a 10440 rechargeable battery, we're able to ask more of the light than ever before. And we integrated a USB-C recharging port directly into the light head. No need to remove your battery. You can charge it basically anywhere now.

Signature Rings

Include Pos-Align Ring System

Pos-Align is a revolutionary new ring system design. By using steel outer rings that hold pivoting synthetic inserts, Pos-Align lets any 1" scope be mounted perfectly aligned between rings and with the bore. The inserts simply pivot within the rings and self-center. They also prevent a scope from slipping under recoil and protect the finish from scratching.

Signature Standard Ring Pairs

Race Dial	C25BU626029	$142.99
Exposed Windage Dial	C25BU626072	$68.49

Game Reaper Scope Mounts

When Accuracy is a Must, Choose...DedNutz

- Machined one piece design for extreme accuracy
- No moving parts between firearm & scope
- See website or call for info on Left Hand mounts and MOA
- Lightweight -Approximately a third of the weight of steel
- Fast installation and requires no special tools
- Eliminates need for windage screws
- Perfect ring alignment -No lapping required
- Eliminates or reduces scope damage from tightening rings
- Ring placement allows extra eye relief adjustment
- Up to 4 times more thread length in rings - Full 1/2 inch
- Made of Billet Aluminum -Tempered 6061T6
- Grade 8 hardened steel screws
- Most models in 1 inch and 30mm scopes
- Game Reaper scope mounts are anodized to last the life of your firearm. One piece ring and mount eliminates misaligned scope rings and scope damage. Mount will not rust.

Hunt Masters DNZ 2 Piece Mounts

Hunt Masters signature series DNZ two piece scope mounts. Each ring and base is machined from a solid block of 6061T6 Aluminum. Integral ring and base design allows for extra eye relief adjustment. Eliminates or reduces scope damage from tightening rings. Light weight design, approx 1/3 the weight of steel. Fast installation requires no special tools. Eliminates the need for windage screws that can cause problems.

STD™ Extension Rings

Extension Rings allow you to shorten or lengthen your ring spacing on rifles. A common application is on firearms with long actions, where the normal 4 inch ring spacing is not possible. But whether you are lengthening or shortening the ring spacing Leupold's extension rings allow you 5/8 inches of adjustment.

Tube	Height	Finish	Item No.	Price

Gunmakers Base

The Leupold steel standard bases and rings are the most versatile of any mounting system Leupold offers. The rear ring is secured by windage adjustment screws, allowing the scope's internal adjustments to be reserved for precise sight-in. Additionally, shims can be used for gross elevation adjustment, reserving the scope's elevation adjustment for bullet drop compensation dial applications.

Windage Base 2-pc ..... C25LU50033 ..... $19.99
Dovetail Base 2-pc ..... C25LU50034 ..... $19.99

.22 Rimfire Ringmounts

Use as a high-quality alternative to ringmounts sold by firearms manufacturers and as a no-tap mounting method for most .22 rimfire rifles with a 11mm, 13mm, or 3/8" dovetail rail. Because these rings are machined from solid steel, they offer superior integrity and tighter tolerances.

Tube	Height	Finish	Item No.	Price
13mm	Low	Matte	C25LU178118	$52.99
13mm	Medium	Matte	C25LU178119	$52.99
3/8"	Medium	Gloss	C25LU54289	$52.99

Quick Release™ 1-Piece Bases

Leupold's QR mounts allow you to remove and reattach your scope and return to within 1/2" of the original point-of-impact. The patented lever mechanism, machined with precision tolerances, engages the steel base to the ring, pulling it down and forward and locking it into its "zero" position. You get ease, convenience, and field-proven, repeatable accuracy.

Quick Release™ Rings

In 100 yard firing test at the Leupold plant in Oregon, Weaver repeatedly removed and reattached a scope using our QR mount. And each time we fired, the scope returned to within a half an inch of the original point of impact on the target. Super close machining tolerances are at the heart of this patented lever mechanism. By turning the lever forward and eccentric on the lever shaft engages the bases of the ring. This pulls the ring down and forward on the base locking it solidly into its zero position.

LEUPOLD

Open Range Rimfire Mounts

The Open Range series is a collection of lightweight 6061-T6 aluminum mounts built to outperform their price. With milled-in recoil lugs and low-profile keeper screws, Open Range rings firmly connect to both Picatinny and Weaver-style bases.

Fits most .22 rimfire rifles with an 11mm, 13mm, or 3/8" dovetail rail

DeltaPoint® Pro Ring Top Mount Kit

The DeltaPoint® Pro's versatility just got taken up a notch with our ring top mounts. Whether it's on a long-range rifle to find targets faster or a CQB setup for quick engagements, the ring top mount adds a new dimension to any setup. It easily attaches the DP-Pro® to any of our Mark 4® rings or Mark IMS® mounting systems, letting you run it up top or on either side at a 45-degree angle. The possibilities are endless.

Dual Dovetail Bases

Leupold's steel Dual Dovetail bases and rings are one of Leupold's strongest mount systems, designed for large caliber rifles with high recoils. The twist-and-lock action of the rings ensures a strong connection with the one or two-piece base.

Laser Mount

If you are looking for a mounting system for your favorite laser sight,look no further than the Leupold Laser Mount. These laser mounts are lightweight, providing a high-quality, solid mounting system for your laser that won't weigh you down.

Fits: Govt/1911, Beretta .92,

Fits: S&W Sigma *c/o*	C25LU49029	$49.99
Fits: GLOCK *c/o*	C25LU48735	$49.99
Laser: Handgun *c/o*	C25LU48806	$199.99

LEUPOLD

STD™ 2-Piece Base

The Leupold steel standard bases and rings are the most versatile of any mounting system we offer. The rear ring is secured by windage adjustment screws, allowing the scope's internal adjustments to be reserved for precise sight-in. Additionally, shims can be used for gross elevation adjustment, reserving the scope's elevation adjustment for bullet drop compensation dial applications.

NcSTAR®

AR15 Adjustable QR Mount

- 30mm AR-15 Scope mount with Quick Release Mount. Allows you to quickly mount a 30mm or 1" scope onto your Picatinny Rail
- Front Fixed Cantilever Ring with an adjustable for length Rear Ring, Rear Ring is also removable
- Includes 1" inserts. Mount works with both 30mm and 1" scopes
- Black Anodized Aluminum Construction • Length: 4.7"

AR15 Adjustable QR Mount
C25NRMARCQ $38.99

Gen2 AR15 3/4" Riser w/Locking QR Mount

- GEN2 AR15 ¾" Riser, raises your Picatinny rail platform by ¾". Helps with getting low profile optic mounts to a more comfortable cheek rest height and shooting position.
- GEN2 model has a new updated shape, next generation Locking Quick Release mount with shorter lever, and is lighter than the previous version.
- Mounts via a Locking Quick Release mount onto your Picatinny rail of your AR15/M4 receiver. There is a see through channel below the rail to keep the mount lighter and for some firearm types, it may allow you to use some factory iron sights. • Length: 5.3"

Gen2 AR15 3/4" Riser w/QR Mount
C25NRMARFQV2 ..... $25.99

45º Offset Rail Mount

- 45 Degree Off-Set Rail Mount for mounting your accessories at an angle for easier access or clearance
- Mount optics, flashlight, or laser at a 45 degree angle
- All Aluminum Construction • Length: 1.8"

45º Offset Rail Mount
C25NRMPR45 ..... $13.99

Shotgun Receiver Rail Mount

- Mossberg® 500/590 Receiver Picatinny Rail Mount for mounting Optics to your Shotgun.
- Low Profile Picatinny Rail design with See-Through Channel allows you to still use the Front Bead Sight.
- Screws included for mounting rail to Shotgun Receiver.
- All Aluminum Construction. Black Anodized finish
- Length: 5.4"
- Weight: 1.3 oz.
- Rail is designed to fit Mossberg® 500/590 models with the factory pre-drilled holes on top of the shotgun receiver.

Shotgun Receiver Rail Mount
C25NRMSHRCVMOS $9.99

AR15 Tri-Rail Mount/Riser

- AR15 Tri-Rail Mount/ Riser for Flat-Top receivers
- Mounts onto the AR-15 flat-top receiver, directly onto the Picatinny rail. Provides a raised platform for mounting Optics higher for a more comfortable shooting position
- Two Side rails for attaching accessories like a Flashlight & Laser • Black Anodized Aluminum Construction
- Length: 5.2

AR15 Tri-Rail Mount/Riser
C25NRMTRIF $23.99

NcSTAR® VISM

Tactical Series 30mm Rings

- 30mm Scope Tube Diameter Rings with removable 1" inserts.
- Mounts onto Weaver/ Picatinny/ MIL-STD 1913 type rails.
- Hexagon Shape mounting nut, with holes for torquing with Allan key wrench.
- Black Anodized Aluminum Construction
- Rings sold as a Pair.

1.3" Height ..... C25NRVR30T13 ..... $15.99
1.5" Height ..... C25NRVR30T15 ..... $15.99

AERO PRECISION

Ultralight Standard Scope Mount

Featuring a rigid, lightweight design, our Ultralight Standard Scope Mount complements many high-end optic platforms. This scope mount is designed to fit AR type upper receivers with Mil-Spec 1913 Picatinny rails and features a cross-slot keyway that offers excellent recoil protection.

- *Select Your Finish: Anodized Black*
- *Material: 6061 T6 extruded aluminum construction*
- *Scope Mount Profile: Standard*
- *Designed for AR type upper receivers.*
- *Screw Torque - 15 in-lbs*

Type	Tube	Item No.	Price
Standard	1"	C25QJAPRA210100	$79.49
Standard	30mm	C25QJAPRA210200	$79.49

Ultralight Extended Scope Mount

Our Ultralight 1" Extended Scope Mount features a rear ring that is pushed forward 1", resulting in better eye relief. This scope mount is designed to fit AR type upper receivers with Mil-Spec 1913 Picatinny rails and features a cross-slot keyway that offers excellent recoil protection.

- *Select Your Finish: Anodized Black*
- *Material: 6061 T6 extruded aluminum construction*
- *Scope Mount Profile: Standard*
- *Designed for AR type upper receivers.*

Lightweight Alloy Scope Ring & Mounts Combo

The one-piece construction of the Talley Lightweight Alloy Scope Mount is unique. The rigid design has no joint between the scope and the rifle. The Talley Lightweight unitized design eliminates the possibility of an "out of alignment" interface or "loose connection" between the ring and base of traditional two-piece designs. Ultimately this provides more strength and durability than rival steel rings and bases but doing it with a lighter overall weight. By extruding the 7000 series alloy known for its durability and then precision CNC machining the mount to its final design we can provide you with the strongest, lightest mount system on the market.

The Talley Guarantee: *At Talley Manufacturing, we place our customers first. All our products carry a money back guarantee. If you are not completely satisfied, we make sure you will be. We want you to know you've just purchased the best.*

Ruger® American Rimfire Picatinny Scope Base Rail

One-piece Picatinny scope base is designed for use with Ruger American® Rimfire rifles chambered in .22 LR. MIL-STD Picatinny slot-and-rail spacing accepts Picatinny or Weaver scope rings.
American Rimfire Rail.....C25UR90674 .....$24.99

Ruger® Precision Rimfire Picatinny Scope Base Rail

This 30 degree MOA scope base is intended for longer distance shooting with the Ruger Precision Rimfire. MIL-STD Picatinny slot-and-rail spacing accepts Picatinny or Weaver scope rings.
Precision Rimfire Rail .....C25UR90690 .....$24.99

Ruger® Mark IV™, Mark III™ & 22/45™ Picatinny Rail

Factory 1913 style picatinny rail for Mark IV™, Mark III™ and 22/45™. Rail fits firearms with factory pre-drilled receivers. Includes three screws. (Does not fit Mark I & Mark II™ pistols.)
Black.....C25UR90623 .....$12.99
Clear.....C25UR90224 .....$19.99

Ruger® American Rifle Short Action 20 MOA Picatinny Scope Base

One-piece Picatinny 20 MOA Scope Base is designed for use on short action Ruger American® Rifles. MIL-STD Picatinny slot-and-rail spacing accepts Picatinny or Weaver scope rings.
American Rifle Rail.....C25UR90678 .....$24.99

Ruger® Precision Rifle 30 MOA Picatinny Scope Base

This 30 MOA scope base is intended for longer distance shooting with the Ruger Precision Rimfire. MIL-STD Picatinny slot-and-rail spacing accepts Picatinny or Weaver scope rings.
Precision Rifle Rail .....C25UR90693 .....$31.99

CHRISTENSEN ARMS®

PRSR Cantilever Scope Mount

Constructed from lightweight anodized aluminum and utilizing stainless steel hardware, the MSR mount is designed to withstand the rigors of competition and endure the harsh environments encountered while hunting.
• *Precision CNC machined from 6061 T6 aluminum for a lightweight and rigid foundation.*
• *Hardcoat anodized finish for abrasion and corrosion resistance.*
• *Rings feature stainless steel hardware for "Element Proof" protection.* • *Fits Picatinny style mounts.*
• *Standard 1/2″ nut attachments to ensure secure and consistent clamping force.*
1″ ..... C25CQ8100004300 .....$159.99
30mm ..... C25CQ8100004301 .....$159.99

Ultralight PRSR-X2 Scope Rings

The advanced CNC-machined rings are craftfully designed to optimize performance between the scope an rifle with each and every shot. Truly an epic balance from Christensen Arms where precision and lightweight align to deliver repeat performance.

• *Precision CNC machined from 7075/T6 aluminum for a high strength & lightweight platform.*
• *Hardcoat anodized finish for abrasion and corrosion resistance.*
• *Rings feature stainless steel hardware for "Element Proof" protection.*
• *Standard 1/2″ nut attachments to ensure secure and consistent clamping force.*
• *Fits Picatinny style mounts and are NATO-STANAG compatible.*

SWAMPFOX

Independence
AR 30mm
Cantilever Mount

- Easy and secure mounting to picatinny/weaver-style rails.
- One-piece CNC machined 6061 aircraft grade aluminum.
- 30mm rings on extended one-piece Mount.
- Hooded rings for extra secure stability.
- Centerline aim point to rail height: 1.5".
- Matte black, scratch resistant finish.
- Mounting Base length 2.7".
- T10 Star ring cap screws: 10 inch-pounds torque
- Picatinny T25 Star Mount Bolts: 35 inch-pounds torque
- Only 6.5 oz

Independence Mount..... C25IQARMNT1.....$49.00

Hostile Engagement Rings

- Standard height for AR-15 and large frame AR rifles
- 1.60" centerline height places optic reticle just above AR-15 iron sights (irons are 1.435" tall)
- 7075 Aluminum Construction
- CNC Machined
- Scratch Resistant Hardcoat Oxidized Finish
- Integral 45-degree RMR Footprint Optic Mounts
- T10 Star ring cap screws: 10 inch-pounds torque
- Picatinny T25 Star Mount Bolts: 25 inch-pounds torque
- Diameter Options: 30mm, 34mm
- Centerline Height Options: 1.60"
- Forward offset: 2" From Front of Mount to Centerline of Front Ring • Only 8.25 ounces
- Will work with precision scopes featuring large 56mm objective lenses

1.125" High	30mm	6 Screw	C25NFA266	$190.00

X-Treme Duty Ultralite Unimount™

The Nightforce Unimount is designed to remain on the scope at all times, allowing quick removal of the scope or interfacing with different firearms. It is the most accurate Mil. Std. 1913 mount available, incorporating a built-in 20 MOA taper to maximize long-range capability.
The Unimount is the ultimate mount for attaching to weapons with an integral Mil. Std. 1913 flat top-type receiver.
Precise tolerances ensure that the riflescope is not subjected to stress, strain or bending as the ring screws are tightened.
CNC machined from 7075-T6,
the Unimount is finished with a matte black coating.

1.125	20 MOA	30mm	C25NFA190	$260.00

1.5"	20 MOA	30mm	C25NFA221	$260.00

NOTE: These mount to 1913 Mil-standard rails/bases.

One-Piece 20 MOA Steel Base

An integral recoil lug machined on the bottom of the base provides a precise fit when bedded to rifle actions, preventing any movement of the base or recoil stress on screws holding the base to the receiver. Our one-piece bases are machined to exact Mil. Std. 1913 specification rail dimensions. This design allows the same scope to be used on several different rifles, always optimizing eye relief.
HS 700 LA 20 MOA (8-40 Screws)....C25NFA135 ..$120.00

KONUS®
Optical & Sport Systems

Dual-T Pair of Mounting Rings

- Add or remove the internal rings in order to switch from 1" to 30mm diameter
- Locking base suitable for weaver and picatinny rail
- Removable internal ring - ideal for very compact riflescopes

Dual-T Pair of Mounting Rings ..... C25KL7218 ... $20.13

Universal Mounting System

- Universal model 1" -30mm dual use
- Add or remove the internal rings in order to switch from 1" to 30mm diameter
- 2 Interchangeable mounts for .22 Caliber and weaver/picatinny rail
- All models with recoil-stop • Internal anti-scratch padding
- Strong anodized aluminum

Universal Mounting System..... C25KL7237 ... $17.81

Steel Rings

A complete assortment of high quality steel mounting rings for riflescopes. They are available in three different heights (low - medium - high). These rings are suitable for Weaver / Picatinny rail and they are available in both 30mm or 1" diameter.

- Durable steel constructions
- Heavy duty torx screws
- Square recoil lug
- Matte black surface treatment

WARNE™

AR-15 Flat Top Rings

- Specially designed for mounting optics on AR15 flat top receivers at the correct height without the need for riser blocks or hardware
- Quickly-Detachable/Guaranteed Return-to-Zero
- Compatible with Weaver or Mil-Spec Picatinny systems
- Strongest, most reliable mounting system available.

1 AR-15 Flat Top Rings Ultra High ..... C25WJ204LM $122.99
30mm AR-15 Flat Top Rings Ultra High ..... C25WJ217LM $137.99

All Steel .22 Rings

Made from steel, these rings tighten better than any other, hold zero, and feature an attractive 70/30 split. An exciting and innovative feature found only on WARNE .22 rings is the asymmetrical clamp. This allows for adjustment so the rings fit evenly on receivers with a severe radius.

Tube	Finish	Height	Item No.	Price

Maxima Rings

The finished rings are assembled with four quality Torx style T-15 socket cap screws for strength and durability.

- *Return to Zero Guaranteed, quickly detach and reattach the Maxima QD rings with no loss of zero.*
- *Square recoil control key for positive engagement of ring to base.*
- *Indexable lever allows placement of the levers in any position desired.*
- *Rings securely mount around scope using 4 Torx style T-15 socket cap screws, 25 in/lb. of torque recommended.*

PRS 2" Cantilever Mount

EOTECH's new Cantilever Mount is a perfect solution for modern sporting rifles. Offered in both 30mm and 34mm, and machined out of aircraft-grade aluminum, the Cantilever Mount includes an adjustable, locking quick-detach lever for easy attachment and removal. Designed to fit both 1" Weaver and MIL-STD 1913 rails and height-above-rail of 37mm, this mount includes a 2-inch offset that positions the scope in a forward position, providing the correct eye relief and cheek placement for most AR15/AR10 platforms. Made in the USA.

Agency Optic System (AOS)

NEW!

Developed in collaboration with Agency Arms the Prodigy employs AOS (Agency Optic System) plates designed exclusively for the 1911 DS. Machined from billet steel, each plate is designed specifically to deliver proper optic height for intuitive sight picture and instant target acquisition and features an integral rear sight. Each AOS plate ships with screws to mount the plate to a 1911 DS handgun.

SAVAGE®

Rascal Scope Base Kit

The Rascal Scope Base Kit was designed for use with the Savage Arms Rascal Youth Rifle. This bolt-action rifle is lightweight and easy to handle, perfect for a young shooter. In order to mount a scope to the Rascal, you need the Rascal Scope Base Kit. Available in an attractive matte blue finish, the Rascal Scope Base Kit includes everything you need to mount a scope to your Rascal rifle. This two-piece scope mount comes with the four screws needed for installation and is designed to create a sturdy and reliable mounting base for whatever scope you prefer to use.

Rascal Scope Base Kit *(Matte Blue)* .....C25BV70459 .....$14.99

RADIAN

GUARDIAN™ Optic Guard

The GUARDIAN is the strongest optic mounting system on the market. TRU-SEAL eliminates the need for an added sealing plate. 0-rings on the mounting screws hold the plate watertight to the slide, sealing out moisture, eliminating corrosion in the mounting threads. Radian's STUD-LOK threaded stud/nut mounting interface is the most secure system on the market. This provides much longer thread engagement, greater hold down power, with increased shear resistance.

For Glock MOS TJ RMR *(Black)*..... C25REG1001 .....$129.95
For Glock MOS HS EPS *(Black)*..... C25REG1002 .....$129.95
For Glock MOS HS 407/507 *(Black)* ..... C25REH0001 .....$179.95

GUARDIAN™ + SIX™ Combo

SIX™ back-up sights (BUS) seamlessly integrate into the Guardian Optic Mounting System providing rapid, reliable, and precise target acquisition in scenarios of red dot optic malfunction. Featuring anti-glare, anti-snag and ultra low co-witness design, SIX™ sights lie inconspicuously in wait until you need to deploy them. Like a wingman when things aren't going as planned, SIX™ has your six.

Picatinny System

Shooters can now attach a wide variety of accessories to their firearm with the Swivel Stud Picatinny Rail Adaptor. This adaptor connects to the swivel stud to give standard rifles a Picatinny Rail option.

Picatinny System ..... C25WE48328 ..... $19.29

Picatinny Riser Set

- Adds an optimal ½-inch of rail height with minimal weight
- Made in America
- Aircraft-grade 6061-T6 aluminum with Type-III hard coat anodized finish

Picatinny Riser Set ..... C25WE99658 ..... $63.99

Thumb-Nut Flat Top Riser Rail AR-15/ M16

- Optimum height for mounting optics on flattop AR-style rifles
- Aircraft-grade aluminum for reduced weight and increased strength
- Thumb-nut bolts for quick installation and removal

C25WE48372 .....$47.49

WEAVER®
SINCE 1930

Multi Slot Bases

These versatile bases from Weaver are constructed of tough aluminum. They accept all Weaver Top Mount Rings and accommodate the mounting of devices such as scopes, red dots, and laser optics, while allowing for optimal eye relief.

SIGHT MARK®

Triple Duty™ Universal Bore Sight

A key feature to this device is it doesn't have any additional attachment pieces to be lost. Engineered with a self-centering arbor, the unit attaches into the end of the barrel as opposed to the inside, preventing metal from protruding into the firearm barrel. Simply place the base of the bore sight onto the end of the barrel, and it will attach magnetically. Includes a carrying case, three (3) AG3 batteries, and instructions.

- *Works on all rifles and pistols*
- *More accurate than arbor type bore sights*
- *Precision accuracy • Reliable and durable*
- *Fastest gun zeroing and sighting system*
- *Reduce wasted cartridges and shells • Compact and lightweight*
- *Easy to pack and travel • Comes with a carrying case*

Triple Duty™ Universal Bore Sight *(Red)* ..... C25ISSM39024 ..... $39.97
Triple Duty™ Universal Bore Sight *(Green)* ..... C25ISSM39026 ..... $69.97

In-Chamber Boresights - Pistols/Shotguns/Rifles

The Sightmark Laser Boresight provides the most accurate method for sighting in rifles, pistols and shotguns. Simply chamber the boresight like a regular bullet and a laser dot will show exactly where the rifle is aiming. It's easy to sight in any scope without firing a single shot. Perfect for hunters, competitive shooters and law enforcement. It's easy to use and will quickly save both time and money by avoiding prolonged live fire tests at the range. Use the extra ammo for honing shooting skills and for the hunt. The Sightmark Laser Boresight is available in several calibers and gauges for use with all the most popular rifles, shotguns and pistols.

Features: Precision accuracy

- *Reliable and durable • Fastest gun zeroing and sighting system*
- *Reduce wasted cartridges and shells*
- *Compact and lightweight • Easy to pack and travel*
- *Comes with a carrying case • Includes battery pack*

WHEELER

Reti-Level™

- Conveniently level scope and bore sight with one device
- No calibration needed
- Easy-to-read lcd display with 0.1 Degree accuracy
- Green bore sighting laser is easy to see even in bright conditions
- Cross pattern laser allows precise reticle alignment and bore sighting
- Self-centering, magnetic clamp securely attaches to any barrel without risk of damage to the bore or barrel
- Long-lasting, integrated usb-c rechargeable batteries
- Latching, premium storage case to protect contents during transport

Reti-Level™ ..... C25PH1215385 ..... $194.99

Professional Laser Bore Sighter

The Professional Laser Bore Sighter uses a high power red or green laser and a high-strength magnetic connection to the barrel to deliver fast accurate bore sighting. This system works with virtually all firearms; rifles, shotguns, handguns. The magnetic connection to the end of the muzzle provides more precise alignment with the bore without the risk of damaging the bore, compared to arbor style bore devices. A machined aluminum body with soft rubber over-molding houses the laser module. Each unit is hand tuned during the manufacturing process with an innovative calibration mechanism. This allows for maximum precision, thus ensuring the best bore/optic alignment possible. Once precision calibration is completed the laser module is permanently secured in place insuring reliable performance and durability. Molded plastic storage case included. Runs on a single Lithium 123A battery (included).

- *Makes initial scope adjustment simple, fast and precise*
- *Compatible with a wide variety of guns • Red Laser • Reflective Sighting Grid included*
- *Green Laser is visible in daylight*

SITE LITE MAG LASER

SL-100 Mag Laser Boresighting System

The SL-100 Mag Laser Boresighter combines the latest laser technology with magnetic to provide superior boresighting accuracy! This unique system uses a combination of adapters and o-rings to fit all firearms, including .22 to .50 caliber handguns, .22 to .50 caliber Rifles, 20Ga. & 12Ga. Shotguns and Muzzleloader! There are no optional adapters to buy and no metal contacts the rifling. A system of super strength magnets, within the center cone, securely holds the SL-100 in the muzzle to insure repeatable, superior accuracy.

Mag Laser Boresighting System ..... C25VZSL100 ..... $115.99

Site Lite SL-150 Ultra-Mag Boresighter

Lithium battery extending battery life. Super-strong magnets in the arbor securely centers the laser in the muzzle for consistent accuracy. Adapters and O-rings fit all .22- .50 caliber handguns and rifles; 20- and 12-gauge shotguns and muzzleloaders. No metal touches the rifling of your firearm. To boresight, place the target 25 feet from the muzzle and center the laser on the target. Dial in the scope's crosshairs and you're boresighted for 100 yards.

SL-150 Ultra Mag. Boresighter ..... C25VZSL150 ..... $162.99

Green Laser Up to 50 times brighter than red lasers!

SL-500 Ultra Mag Green Laser Professional Boresighter

Ultra-Bright XP daylight green laser,long life lithium battery, scope reticle leveler & ballistic targeting software!

Accurately boresights ALL rifles, pistols and shotguns. Fits all calibers from .22 cal. to .50 cal. Plus 20 ga. and 12 ga. shotguns. No optional arbors required! Now includes our NEW ballistic targeting system software which calculates and prints a calibrated laser boresighting target to your specific requirements! Plus our laser line generator lens adaptor to project a laser line for precise scope leveling.

SL-500 Ultra Mag Green Laser Boresighter ..... C25VZSL500 ..... $231.99

LASERLYTE

Steel Tyme™ Laser Cartridge Kit

- *Includes (1) Steel Tyme Laser Trainer Target and (1) 9mm Laser Trainer Cartridge*
- Easy to set up target that make a PING sound and flash LEDs to confirm shots • 2.5 diameter Target
- Has silent mode that only flashes when activated
- Stand on a surface or hang on a wall • AAA batteries included
- 9mm cartridge includes Two swappable end caps to allow for use as a bore sight cartridge or laser trainer.
- Laser trainer cap is firing pin activated and emits a red laser for a split second to show bullet impact every time your hammer or striker fires.
- Laser bore sight cap is constant ON for accurate sight-in of scopes red dots, iron sights or laser sights.
- Firing pin activated laser trainer cap works with all LaserLyte targets for dry fire practice.

Steel Tyme Laser Cartridge Kit ..... C25DY1215345 ..... $53.49

Steel Tyme™ Target and Trainer Pistol Kit

- Includes (1) Steel Tyme Laser Trainer Target and (1) Full Size Laser Trainer Pistol
- Easy to set up target that make a PING sound and flash LEDs to confirm shots
- Has silent mode that only flashes when activated
- 2.5 diameter Target
- Stand on a surface or hang on a wall • AAA batteries included
- Full-Size Laser Trainer Pistol has realistic weight and feel
- Windage and Elevation Adjustable • Fixed pistol iron sights
- Spring loaded repeating trigger for realistic firearm function
- Red laser emits for a split second every time the trigger is pulled

Steel Tyme Laser Trainer Kit ..... C25DY1215346 ..... $146.99
Steel Tyme Laser Trainer Targets *(2/pk Only)* ..... C25DY1231433 ..... $56.99

PopperTyme™ Laser Targets

- Includes (2) Popper Tyme Laser Trainer Targets
- Easy to set up targets that light up and make a PING sound and vibrate to confirm shots
- Has silent mode that only flashes when activated
- Each Popper Tyme measures: 2.75 dia. x 3 high • Includes AAA batteries

PopperTyme™ Laser Targets *(2/pk)* ..... C25DY1231434 ..... $46.99

QuickTyme™ Target

- Target features 2 Training Modes: Quick Tyme and Laser Tracer
- Approx. 5 diameter Training Target
- Easy to set up target that lights up confirming shots, and makes BEEP Sound
- Uses AA batteries (included)
- Stand up on surface or hang on the wall
- Turn on then operate from distance using laser
- Works with all LaserLyte Laser Trainers

QuickTyme™ Target ..... C25DY1231435 ..... $100.49

ScoreTyme™ Target

- Target features 2 Training Modes: Score Tyme and Training Tyme
- 7 diameter Training Target
- Easy to set up target that lights up confirming shots, Scores and makes BEEP Sound
- Uses AA batteries (included)
- Free-standing or can hang on the wall
- Turn on then operate from distance using laser
- Works with all LaserLyte Laser Trainers

ScoreTyme™ Target ..... C25DY1231436 ..... $153.49

Deluxe Bore Sight Kit

- Fits .22 to .50 caliber and 12 & 20 gauge shotguns
- Sight-in firearms with ease
- Included bubble level for easy scope leveling
- Save time, money and ammo by bore sighting before shooting
- Non-marring polymer adapters center the laser precisely in the barrel and prevent damage.
- Batteries included

Deluxe Bore Sight Kit ..... C25DY1231437 ..... $53.49

LASERLYTE

Laser Trainer Cartridge

Made for 9mm, .380 ACP, .40 S&W and .45 ACP. the *In-chamber-design* allows for training anywhere.

Features:

- *Fits in chamber • Integrated snapcap*
- *Firing pin activated switch indicating bullet impact*

SME™
SHOOTING MADE EASY

Scope Leveler Scope Mount

Streamlined eye-pleasing appearance blends in perfectly with traditional scope rings while helping to eliminate accuracy-robbing canting errors. Easy-to-see offset level helps make immediate corrections without taking eyes off the target. Attaches to your riflescope like a traditional scope ring; halves clamp together with two steel Allen head screws. Aluminum construction, hard-coat anodized, matte black. Reversible design works for left- and right-hand shooters. Models available for 1″, 30mm, or 34mm diameter scopes.

30mm/1" .....C25GMSMELVLSCP.....$14.79

Scope Leveler Rail Mount

- Precisely level your scope and crosshairs
- Level allows the shooter to check both the rifle bore and reticle alignment at a glance.
- Constructed of aircraft grade aluminum.
- Attaches to any Weaver-style rail or base.
- White scribed line on housing for quick reference.
- Hex wrench for mounting included

Scope Leveler Rail Mount

C25GMSMELVLRL.....$10.29

SPOT SHOT
Wi-Fi SCOPE CAM

Wifi Spotting Scope Camera

- Live streaming HD Video
- Universally mounts to wide array of existing spotting scopes (1.0-1.5" diameter eyepiece)
- Rechargeable Lipo battery (estimated 1500 MaH for 8-10 hr battery life)
- Micro USB charging port
- Power button with low battery indicator
- Compatible with current Bullseye app
- Includes Micro USB cable (power only), Microfiber cloth, Black Carry Pouch

C25GMSMESCPCAM.....$99.99

AREA419

Fixed Scope Level
A scope level doesn't need to be complicated, it needs to be visible, and needs to be repeatable. This accomplishes these things with a high visibility spirit vial, and a simple but versatile design that allows you to mount it to any of several mounting points on our rings and mounts, all based on your preference.
- For Area 419 Rings & Mounts

Fixed Scope Level.....C25AH419MATCHRINGFL.....$49.49

Sent iT Level Adapter
- Mounting adapter for the popular Send iT electronic level. Allows you to mount vertically (up or down) in any of the multiple mounting locations on our rings and mounts.
- Machined from 6061 Aluminum • Made in America

Sent iT Level Aptr.....C25AH419MATCHRINGSIL.....$39.99

FIX IT STICKS

Bubble Level Set

Level your optics with machined aluminum levels, featuring precise UK-sourced bubble vials
- Magnetic level
- NATO/Pic rail level/anti-cant device
- Protective foam carrier with pouch

Bubble Level Set .....C25AFFISBLAB..... $50.00

Scope Jack

- Works with any scope with a flat section under turrets
- Needs a minimum of 1/4 inch clearance between NATO/Pic rail and scope
- NATO/Pic rail must be accessible under optic
- In cases of minimal clearance, it may be necessary to remove the thumb screw and clamp, then slide the Scope Jack onto the rail from the side and reassemble.

Scope Jack.....C25AFFISSJACK $42.00

WARNE

Universal Scope Level

Warne's new Skyline Universal Scope Level allows shooters to easily keep the reticle level without changing their position on the rifle
- *Easily attaches to your scope*

LEUPOLD

Leupold Alumina™ Accessories

Leupold is excited to introduce Alumina™, a thread-on optical accessory system that will help you use the light available to your advantage, protect your optics from dirt, dust, rough handling during transport, and even help them shed water when it's raining. Each accessory and kit will fit 50mm, 42mm, 40mm, 36mm, 33mm, 32mm, 28mm, and 20mm threaded objective lenses on Leupold riflescopes manufactured after 2004. Eyepiece accessories fit any Leupold standard or Ultralight eyepieces made after 2004. Earlier scopes can be retrofitted with threading.

BUTLER CREEK

Note: The Best way to assure proper fit is to measure the outside diameter of your scopes eye piece & objective lens.*

FLIP-OPEN® Scope Covers

"Custom Fitted for Maximum Protection"

Simply the ultimate scope lens protection for hunters and shooters. They're custom-fit to your scope, create a watertight, airtight seal, and open with a touch of your thumbs, so you can put your shot through the narrow window of opportunity in the most extreme conditions.

- *Fast, flip-open design – keep your eye on the target*
- *Silent spring hinges won't spook game*
- *Weigh less than an ounce • Water-tight, custom-fit friction mounts*
- *Air-tight semi-O-ring keeps out dust and moisture*
- *Tested to –40°F • Truly ambidextrous*

For eye and objective lens covers to fit your particular scope, consult the Scope Cover Size Chart on the following pages. Find your scope model, then refer to the catalog number listed with it from the list below. For scope models not listed on the scope size chart, measure the outside diameter of the eye & objective ends of the scope. Select the eye/obj that is closest to your measurement from the list below.

Fit Range is .01 under to .025 over these measurements.

BUSHWACKER™ OPTICS COVERS

BUSHWACKER™ Optic Covers

BUSHWACKER™ Optic Covers are designed to fit both ends of your scope (ocular and objective). Our five sizes fit the majority of all scopes, as well as a variety of binoculars, flashlights, smaller spotting scopes and other field optics. The stretchable covers fit securely and are easy to use. BUSHWACKER™ 270 Matte Black cover has a snap-lock lid preventing dust build up and moisture (rain and snow) accumulation. With the 270 range of motion, the cover will flip back and lay parallel to the scope so it doesn't block the shooter's line of sight when looking over the scope for target acquisition.

Size 4 *(Fits 1.40" - 1.60")*.....C25QU128427.....$11.79
Size 5 *(Fits 1.60" - 1.84")*.....C25QU128526.....$11.79

Size 7 *(Fits 2.20" - 2.45")*.....C25QU128724.....$11.79

SCOPE EYE™ RIFLE SCOPE RECOIL PAD

Fits 1.4" to 1.6" Eyepieces

SCOPE EYE™

Serious eye and facial injuries can result from quick, careless, or offbalance shooting when using scope mounted rifles - especially with the use of an unfamiliar or big bore firearm where eye relief of the scope is not known. Most scope eye ends are made of metal or hard rubber. The SCOPE EYE™ is designed to eliminate or reduce the risk of injuries from such scopes and stretches to fit securely over the scope eyepiece. As with most safety accessories made for the shooting sports, the SCOPE EYE™ isn't fully appreciated until after an injury has occurred. The use of this simple accessory can mean the difference between a safe and successful hunt or an unexpected, expensive trip to the doctor's office.

Scope Eye .....C25QU310013.....$2.79

VORTEX OPTICS

FURY® HD 5000 AB

The next generation Fury® HD 5000 AB takes the guess work out of dialing long-range shots with in-display ballistic data and built-in environmental sensors and wind bearing capture mode, which means less time calculating ballistics and more time putting rounds down range

With the Applied Ballistics® Elite solver built right in, you can pair with the FURY HD app to create custom ballistic profiles, and with popular Kestrel® and Garmin® devices for the ultimate in real-time precision. Put simply, it's a smarter way to shoot.

• HD Optical System • Dielectric Coating • XR™ Fully Multi-Coated • Phase Correction • ArmorTek® • Rubber Armor • Fogproof • Tripod Adaptable

10x42mm Fury HD 5000 AB ..... C25VOLRF302 ..... $1499.99

Crossfire® HD Binoculars

You know what they say about people who assume you can't get HD optics, rugged performance and high end form-factor in a value-price binocular? They clearly haven't checked out the Crossfire® HD. Add in the included GlassPakTM binocular harness for quick optic deployment in the field and superior protection and comfort - The Crossfire® HD truly is a rare find.

• Fully Multi-Coated Lenses • Roof Prisms • Waterproof • Fogproof • Rubber Armor • Adjustable Eyepiece • Center Focus Wheel • Right Eye Diopter •Tripod Adjustable

EI SWAROVISION Binoculars – FieldPro Package

The new FieldPro package has enabled SWAROVSKI OPTIK to enhance the EL Family in terms of comfort and functionality. The new rotating strap connector with a cord adapts perfectly to any movement.
The bayonet catch enables you to fit and switch the carrying strap and accessories very quickly and flexibly. With a simple turn of its practical quick catch button you can rapidly and silently adjust the carrying strap to the right length. The objective lens covers blend esthetically into the overall design and also remain securely attached to the binoculars thanks to the innovative connector. The focusing wheel can also be used more easily, thanks to its softer, fully armored, and more slip-resistant design. The diopter adjustment's new lock function ensures that your personal settings cannot be changed.

Nature-Trek Binoculars

The Nature-Trek family utilizes our System H2 optics produced in a shock resistant polycarbonate body, providing a robust yet lightweight package. The high grip rubber armour ensures a secure hold in all weather conditions. Optics are crisp and clear with notable natural color reproduction. The precise focusing wheel allows focusing down to 2m. Nature-Trek offers a complete range of binoculars from the very portable 25mm models up to the oversized 50mm models, ideally suited to low light conditions where a large exit pupil diameter is required.

Frontier HD X Binoculars

All Frontier models feature Hawke's new H7 optics, offering stunning high definition viewing with incredible color control and phase correction. High performance lens coatings and Dielectric Coated prisms ensure the highest level of light transmission. The all new Frontier APO offers extreme clarity, flat field vision along with excellent chromatic aberration control for a stunning wide angle image. APO & ED X models benefit from Extra-low Dispersion glass for controlled chromatic aberration and the elimination of color fringing.

SIMMONS™

Venture™ Spotting Scopes

Dawn and dusk are often the most important times on a hunt. Simmons® Venture™ Spotting Scopes bring sharp, bright images, especially at those critical times. The fully-multi coated optics transmit maximum light to the eyepiece, which is crucial in those critical low-light conditions. Simmons® Venture™ Spotting Scopes are the complete package, priced for every hunter. A tripod, hard carrying case and soft carrying case are included.

- *Fully-multi coated optics deliver bright images, even in low-light conditions*
- *Straight and angled eyepieces fit every viewing scenario*
- *Sturdy, tabletop tripod with built-in window mount included for stable viewing*
- *Hard plastic case safely stores scope and tripod*
- *Soft carrying case protects scope and tripod for easy in-field transport*
- *Variety of magnifications and objective lenses fit every need*

SWAROVSKI OPTIK

ATC/STC 17-40x56mmm Spotting Scope

Small dimensions, outstanding optics: Thanks to its length of 258 mm (10.2 in), the ATC spotting scope with angled view will fit in any backpack. A weight of just 970 g (34.2 oz) makes it a top choice for tours in rough terrain and remote areas. The clever half shell makes it easier to position on a surface without a tripod and allows unimpeded turning of the focusing and zoom wheel at all times. In combination with the VPA, the ATC is ideal for digiscoping. The carrying strap adds the perfect finishing touch.

• Magnification: 17-40x • Objective Lens Dia: 56mm • Exit Pupil: 3.1-1.4mm
• FOV: 3.52-1.93° • 88% Light Transmission • 34.2 oz.

STR 80 Spotting Scope w/20-60x Eyepiece

Thanks to its crystal-clear HD optics and 80-mm objective diameter, the STR 80 spotting scope provides impressive detail recognition, as well as bright, lifelike images, even in poor lighting conditions. The STR 80 spotting scope's reticle, which can be activated and deactivated, allows you to comfortably switch between accurately estimating distances and uninterrupted viewing.
It is also perfect for documenting events while digiscoping. The powerful HD optics with fluoride-containing lenses and the reticle with MOA impact point correction make the perfect total package for accurate observation.

MRAD Reticle

• Effective objective lens diameter (mm): 80
• Shortest focusing distance (ft / m): 19 / 6 • Objective filter thread: M 82 x 0.75
• Diopter correction at ∞ (dpt): > 5 • Diopter correction reticle: ± 5 dpt
• Functional temperature: -40 °F to +131 °F (-40 °C to +55 °C)
• Storage temperature: -40 °F to +158 °F (-40 °C to +70 °C)
• Submersion tightness: 13 ft (4m) water depth (inert gas filling)

STR 80 Spotting Scope - w/ 20-60x Straight Eyepiece ..... C25SS86831 ..... $5088.00

BTX Eyepiece Module

The BTX combines the visual power of both eyes with a revolutionary viewing experience. Crucial subtleties can be seen with the crystal clear optics, with every detail now fully on show.
A forehead rest and angled view guarantee comfortable viewing for hours on end. The benefits of binoculars and spotting scopes are combined in the BTX eyepiece module. It presents vivid, true-to-life images and offers the comfort required for long-term observation. The BTX eyepiece module is compatible with all objective lenses in the SWAROVSKI OPTIK ATX/STX range.

• Length: 6.9" • Weight: 50 oz
• Submersion Tightness: 13 ft. water depth

BTX Eyepiece Module ..... C25SS49903 ..... $3349.00

ATX Eyepiece Module – Angled

This Swarovski ATX Modular Spotting Scope Eyepiece features an angled eyepiece to ensure precision detail up to the edge of the field of view. This spotting scope eyepiece utilizes SWARODUR, SWAROCLEAN, and SWAROTOP technology to guarantee vivid imagery with every use. The Swarovski ATX Modular Spotting Scope Angled Eyepiece features side-by-side focusing and zooming rings, which enables you to locate and zoom in on your subject quickly and easily without losing sight of your subject. This eyepiece also offers a magnification range of up to 70x and can be mounted to ATX-65, ATX-85, and ATX-96 spotting scope assemblies.

Monarch MEP-30 Eyepiece

The new MEP-30 reticle eyepieces allow a spotter to locate and focus on the same target in the reticle as the shooter and then communicate reference points and follow-up shot corrections. Integral FS-MRAD or FS-MOA reticle includes milling scale for highly detailed measurements of targets. Can be fitted to straight or angled body 82mm or 60mm MONARCH Fieldscopes. 30x magnification on 82mm Fieldscope bodies and 24x magnification on 60mm Fieldscope bodies.

Monarch MEP-30 Eyepiece – FS-MOA.....C25NK16647...$450.46

ProStaff® 5 Fieldscopes

ProStaff 5 82mm Features
- 82mm Objective Lens
- 20-60x Zoom Eyepiece with enhanced eye relief
- Multicoated Optics
- Ergonomic, Lightweight Porro Prism Design
- Internal Surface Texturing
- Digiscoping-ready Design
- Internal Surface Texturing
- Built-in Sliding Sunshade
- Waterproof/ Fogproof
- Outfit includes Full-size Tripod and LensPen Pro Kit

ProStaff 5 60mm Features
- 60mm Objective Lens
- 16-48x Zoom Eyepiece with enhanced eye relief
- Multicoated Optics
- Ergonomic, Lightweight Porro Prism Design
- Internal Surface Texturing
- Digiscoping-ready Design
- Internal Surface Texturing
- Built-in Sliding Sunshade
- Waterproof/ Fogproof
- Outfit includes Full-size Tripod and LensPen Pro Kit

16-48x60mm Straight Body* *(tripod/lens pen not included)*....C25NK6976.....$499.95
20-60x82mm Angled Body.....C25NK6975.....$599.95

ProStaff® 3 Fieldscope Outfit

- Compact and lightweight
- Fully multicoated
- Includes compact tripod and carry case
- Integrated zoom eyepiece
- Waterproof and fog-free with O-ring seals and nitrogen gas
- Fully rubber armored

16-48x60mm Fieldscope Outfit
C25NK6983..... $329.95

Tripods/Window Mount

No Spotting Scope or high-powered binocular is complete without a solid mounting system. Nikon, Inc. offers its customer a line of tripods and a handy window mount for rock-steady viewing in the field or on the bench.

Window Mount..... C25NK7070..... $34.49

KONUS® Optical & Sport Systems

KONUSSPOT-60C

20-60x60mm Zoom Spotting Scope

A perfect choice for hunters, birdwatchers and nature enthusiasts with a tight budget, these spotting scopes combine fine optical quality, attractive design and a price that can't be beat.

- Table Tripod Included • Coated Optics
- Zoom Power
- Carrying Case Included
- *Magnification/diameter: 20-60x60*
- *Objective: 60mm*
- *Field of view at 1000 m (1000 yd.): 38m/124.6ft at 20x*
- *17m/55.77 at 60x*
- *Exit pupil: 13mm at 20x • 11mm at 60x*
- *Weight: 1025 gr – 36.15oz*
- *Length: 345mm – 13.5″*

KONUSPOT-60C 20-60x60mm Spotting Scope
C25KL7125 ..... $89.99

KONUSSPOT-65

15-45x65mm Zoom Spotting Scope

KONUSPOT-65 is a high quality prismatic spotting scope, ideal for observing and way laying, thanks to 45 degrees tilting eyepiece. Zoom magnification is useful to progress in discovering details. You can quickly pass from 15x to 45x. KONUSPOT-65 is supplied with tripod table but the equipment also includes photo adapter (for all models is necessary an optional T-2, in accordance with own reflex camera), and tissue case, all in a stylish colored package.

- *Type: zoom prismatic spotting scope with tripod • Magnifications/diameter: 15-45x65*
- *Field of view at 1000 m (1000 yd.): 34m (102 ft.) at 15x / 12m (36 ft.) at 45x*
- *Exit pupil: 4 mm/0.2" at 15x / 1.3 mm/0.05" at 45x*
- *Weight: 670 g (23.7 oz.) • Length: 444 mm/15.7"*

KONUSPOT-65 15-45x65mm Spotting Scope
C25KL7128 ..... $220.43

KONUSSPOT-80

20-60x80mm Zoom Spotting Scope

Noteworthy optical and mechanical quality for this both visual and photographic instrument. KONUSPOT-80 joins a powerful zoom magnification (passing from 20x to 60x) to a large diameter giving high quality images. A peculiarity of this spotting scope is the forward expanding lens hood. KONUSPOT-80 is supplied with photo adapter, new table tripod, tissue case, all in a stylish colored package.

- *Type: zoom prismatic spotting scope with tripod • Magnifications/diameter: 20-60x80mm*
- *Field of view at 1000 m (1000 yd.): 52,4 m (157,2 ft.) at 20x*
- *Exit pupil: 2.9 mm/0.12" at 20x • Weight: 1550 g (54.7 oz.) • Length: 420 mm/16.8"*

KONUSPOT-80 20-60x80mm Spotting Scope
C25KL7126 ..... $271.75

KONUSSPOT-100

20-60x100mm Zoom Spotting Scope

Our acclaimed series of spotting scopes is known to amaze even the most demanding users. With oversized objective lenses and zoom eyepieces, these superb instruments are built to maximize the viewing experience under any light condition and they are now richer than ever, since they also include a special adapter for smartphones that makes them even more versatile.

- *Tripod Not Included • Camera Adapter Included*
- *Smartphone Adapter Included • Protective Professional Case • Multi-Coated Optics*
- *Magnification/diameter: 20-60x100 • Objective: 100mm*

Field of view at 1000 m (1000 yd.): 29m/88ft at 20x - 15m/44ft at 60x

- *Exit pupil: 5 mm at 20x - 1.67 mm at 60x • Weight: 2097gr - 74oz • Length: 498mm - 19.6"*

KONUSPOT-100 20-60x100mm Spotting Scope ..... C25KL7127 ..... $387.44

Universal Smartphone Adapter

Enables you to connect your smartphone to binoculars, spotting scopes and other optical instruments for taking pictures and recording videos

Universal Smartphone Adapter ..... C25KL1303 ..... $14.23

VORTEX® OPTICS

Viper® HD Spotting Scopes

A high-end spotter, without the high-end price tag, the Viper® HD Spotting Scope series stands poised to dominate as a best-in-class-optic. Packed with features and incredible optical performance hunters and shooters are sure to appreciate, these spotters bring far of subjects in for a closer look – and do so with impressive clarity, resolution and color fidelity. The ultra smooth, fluid, and sleek helical-style focus, dials in your image for ultra sharp viewing, as well as keeps the spotters profile trim for ultimate packability. Take to the hills and visually tear them apart with a Viper HD.

- *HD Lens Elements • XR™ Fully Multi-Coated • Dielectric Prism Coatings • Porro Prism*
- *Angled Body Design • Waterproof • Fogproof • ArmorTek • Adjustable Eyecup*
- *Helical Focus • Built-in Sunshade • Rotating Tripod Collar*

Power	Eyepiece Position	Item No.	Price
15-45x65mm HD	Angled	C25VOV500	$699.99
20-60x80mm HD	Angled	C25VOV502	$899.99

Diamondback® HD Spotting Scopes

The redesigned Diamondback HD spotting scopes have all the horsepower the long-distance hunter needs, and they excel in low light - right when you need it most. We've also streamlined the exterior for a sleeker, snag-free profile, building in a helical focus wheel.

- *HD Optical System*
- *Fully Multi-Coated • ArmorTek®*
- *Waterproof • Shockproof • Fogproof*
- *Rubber Armor • Adjustable Eyecups • Helical Focus*
- *Arca-Swiss Compatible • Tripod Adaptable*
- *Rotating Tripod Ring • Built-in Sunshade*
- *Linear Field of View: 138-72'/1000yds • Angular Field of View: 2.6-1.4°*
- *Close Focus: 16.4' • Eye Relief: 20.3-18.3mm*
- *Exit Pupil: 4.0-1.35mm • Length: 14.25" • Weight: 49.8 oz.*

Rattler-C V²

Thermal Imaging Clip-On

• Quick conversion of daytime optics into thermal imaging scope
• 12µm high-sensitivity thermal detector, NETD < 20mK
• Fast 50Hz imaging
• High resolution OLED display • Adjustable color palettes
• On-board video/audio recording and image capture
• Built-in EMMC storage (16 GB)
• Shot Activated Recording (SAR) • Wi-Fi data transmission
• Stadiametric rangefinder
• Standby mode • 9 - 11.5 hours battery life (depending on model)
• External power supply compatibility • Waterproof & shockproof • 5-year warranty

Model	Lens	Resolution	Rate	Range	Item No.	Price

- Display Resolution: 2" 320x240 TFT LCD • Battery Life: 9hr Day/5hr Night
- IP Rating: IP54 • IR Brightness: 4 Levels • Screen Brightness: 3 Levels
- Day Distance: 330 YD • External Memory: 32GB • Mount: Tripod Mount • Weight: 0.95lb
- Dimensions: 6.9" x 5.9" x 2.2"

Shadow 10.....C25XYXANB10.....$152.99

SHADOW 22
Night Vision Binocular

- Night Distance: 175 YD
- Digital Zoom: 3 to 6x • Field of View: 60ft @ 100yd
- Pixel Size: 12 μm • Power Supply: AA Batteries (included) • Photo and Video: No
- Objective Lens: 20mm • IR Output: 850nm • Display Resolution: 320x240 LCD (TFT)
- Battery Life: 10hr Day/6hr Night • IP Rating: IP54 • IR Brightness: 4 Levels
- Screen Brightness: 3 Levels • Day Distance: 450 YD • Mount: Tripod Mount
- Weight: 1.05lb • Dimensions: 7.75" x 6.3" x 2.75"

Shadow 22.....C25XYXANB22.....$206.99

PHANTOM 50
Hand-Free Night Vision Binocular

- Night Distance: 200 YD
- Digital Zoom: 3 to 6x
- Field of View: 60ft @ 100yd
- Pixel Size: 12 μm
- Power Supply: Built-in Rechargeable Battery
- Photo and Video: Yes • Objective Lens: 20mm
- IR Output: 850nm • Display Resolution: 320x240 LCD (TFT)
- Battery Life: 8hr Day/5hr Night • IP Rating: IP54
- IR Brightness: 4 Levels • Screen Brightness: 3 Levels
- Day Distance: 400 YD • External Memory: 32GB • Mount: Head Mount
- Weight: 0.74lb • Dimensions: 6.30" x 5.51" x 2.60"
- Includes: Head Mount, Neck Strap, Charging Cable, Protective Case

Phantom 50 .....C25XYXANB50.....$359.99

IR-HUNTER®
Mini Thermal Riflescope

The IR-HUNTER® mini thermal riflescope is a rugged and powerful thermal riflescope that is also easy to use. The heart of the system is a state-of-the art 640x480, 12 micron thermal image sensor that provides superior image quality in any lighting condition. Redesigned electronic hardware and a new digital turret controls improve system response and enable the use of external USB power sources and digital video recorders. It's engineered to last and built in the USA.

- *Intuitive Turret Controls*
- *Expanded Functionality: New USB-C connector • Redesigned internal battery compartment*
- *Quick release mount featuring Trijicon® Q-LOC™Technology*
- *User-selectable reticle choices include the classic crosshair, and new MRAD, MOA, .223 REM, .308 WIN, and 300BLK BDC • 640x480 Thermal Sensor*
- *12 Micron Technology • Made in the USA*
- ***Includes: Mini Picatinny Rail Mount, USB-C to USB-C Cable, Quick Reference Guide, Inline analog video adapter, User Manual, 2 CR123 Batteries, Trijicon Logo Sticker, Shuttered Eye Guard, Warranty Card, LENSPEN, Hard Case***

IR-HUNTER 24mm

- 9.6"L x 3"W x 3.2"H
- Magnification: 1.2x
- Sensor Type: VOx • Sensor Resolution: 640x480
- Objective Size: 24mm • Weight: 28.4oz
- FOV: 18º Horizontal • Digital Zoom: 8X
- Frame Rate: 30 Hz / 60 Hz • QLOC Mount

C25TRHUNTER242 .....$5407.00

REAP-IR® Mini Thermal Riflescope

- Thumbstick System Controller • Expanded Functionality: New USB-C connector
- Redesigned internal battery compartment
- Quick release mount featuring Trijicon® Q-LOC™Technology
- User-selectable reticle choices include the classic crosshair, and new MRAD, MOA, .223 REM, .308 WIN, and 300BLK BDC
- 640x480 Thermal Sensor • 12 Micron Technology • Made in the USA
- ***Includes: Mini Picatinny Rail Mount, USB-C to USB-C Cable, Quick Reference Guide, Inline analog video adapter, User Manual, 2 CR123 Batteries, Trijicon Logo Sticker, Shuttered Eye Guard, Warranty Card, LENSPEN, Hard Case***

REAP–IR® 35mm

- 8.6"L x 3.1"W x 2.9"H
- Magnification: 1.75x
- Sensor Type: VOx • Sensor Resolution: 640x480
- Objective Size: 24mm • Weight: 26.5oz
- FOV: 12º Horizontal • Digital Zoom: 8X
- Frame Rate: 30 Hz / 60 Hz • QLOC Mount

STEINER
Nothing Escapes You

Nighthunter H35

The heart of Nighthunter H35 is Quantum Vision. A perfect combination of a state-of-the-art thermal sensor, outstanding display quality and proprietary software. Quantum Vision technology, together with outstanding usability, handling and legendary ruggedness, creates the thermal hand scanner you've been waiting for!

- *Exceptional Optical Performance - Quantum Vision*
- *Rugged Durability - Designed to operate in all conditions*
- *Easy to Use - Manual Objective Focus*
- *Long-Lasting Battery Life - Rechargeable Internal Battery*
- *Internal Recording - Push of a Button*
- *Mobile App - Optional Control and Recording*
- *The Sharpest Thermal Images: 640x512 Thermal Sensor*
- *Real-Time Imagery: Fast and Smooth Automatic Calibration*
- *Clear Pictures of Moving Targets: High Frame Rate*

ILR-1000 Laser Rangefinding Module for RICO Mk1

The ILR-1000 provides +/- 1-yard range-to-target accuracy out to 1000 yards* and overlays these results on the display of a connected Mk1 Series rifle scope. A ultra-lightweight aluminum chassi secured by an intuitive QD mount ensures dead-nuts repeatability and ease of use

ILR-1000 LRF Module .....C25JRAC05.....$799.00

ILR-1200
Laser Rangefinding Module for BOLT

With a range accuracy of +/- 1 yard out to 1,200 yards*, the ILR-1200-1 overlays these results on the display of a connected BOLT Series rifle scope

ILR-1200 LRF Module for BOLTC25JRAC80.....$799.00

ILR-1000
Laser Rangefinding Module for HYBRID

ILR-1000-2 Infrared Laser Rangefinding Module enhances precision shooting with thermal optics, seamlessly integrating with HYBRID Series thermal weapon sights via USB-C

ILR-1000 LRF Module for HYBRID .... C25JRAC82 .....$799.00

ADM-RQD
Quick Release Mount for RICO

The AD-RQD was designed to marry perfectly with the RICO Mk1, RICO Bravo, and RICO ALPHA.

ADM-RQD Quick Release Mount ..... C25JRAC03 .....$199.00

RICO Mk1 IBP-1 4400 mAh Battery

The IBP-1 is a long-lasting lithium ion rechargeable battery pack compatible with the RICO Mk1. The IBP-1 uses a cam locking mechanism to ensure quick and secure swapping of batteries in the field.

RICO Mk1 IBP-1..... C25JRAC07 .....$169.00

BOLT Series Battery Extender

Compatible with BOLT TL35, TL35V2, TH35C, TH50C, TH50CV2, and TD50L models (not compatible with BOLT SE Series models).

BOLT Series Monocular Battery Extender C25JRAC37 $100.30

The Mini Series Battery Extender threads directly onto the housing of a Mini Series and allows the installation of an 16650 battery to extend battery life by more than 200%.

MINI Series Monocular Battery Extender .. C25JRAC31 .....$99.00

RICO MICRO MQD Mount

The PICTAIL mounting system is the combination of a standard dovetail shoe commonly used on helmet mountable night vision optics and the MIL-STD-1913 picatinny rail used on weapons platforms.

RICO MICRO MQD Mount ..... C25JRAC36 .....$199.00

RICO MICRO PICTAIL
Helmet/Weapon Shoe

The AC49 eliminates the need for an ORA and K-Klip, and essentially combines both parts into one shoe.

RICO MICRO PICTAIL Helmet/Weapon Shoe .....C25JRAC52.....$129.00

RICO MICRO PICTAIL
Compatible Mounting Shoe for Dual or Obverse Mounting

This part combines a standard dovetail shoe commonly used on helmet mounted night vision optics and a rigid frame designed specifically to fit the RICO MICRO unit using three housing screws.

RICO MICRO PICTAIL .....C25JRAC53..... $399.00

KONUS Optical & Sport Systems

KONUSRO-NV3 3-9x32

- Adjustment 1/2 M.O.A.
- Quick release mount suitable for Weaver/Picatinny sled
- Night and day vision modes
- 4 Colour Palettes: Colour ATO – B/W – Sepia – Green
- 5 Selectable Reticles: (Black – Blue – Red – Green – White)
- Removable IR zoom illuminator for observation in total darkness
- Photo/video recording function
- Filter for daylight viewing
- Supplied with USB cable and two rechargeable batteries 18650 and ICR18350
- 8Gb internal memory module

C25KL7938.....$117.60

Rebel Press

- Heavy Duty Cast Iron Frame (22% heavier than the Rock Chucker Supreme)
- Wide Base for extra stability
- Tallest opening of Any RCBS Single Stage Press
- Bottom of Ram Primer Ejection
- Zerk Fitting • Ambidextrous Handle
- Extremely Tight Tolerances
- Machined Qualified Surfaces

Rebel Press
C25RC9353 ..... $300.99

Rebel Master Reloading Kit

- Rebel Single Stage Reloading Press
- Uniflow-III Powder Measure
- 1,500 grain digital pocket scale
- Hand priming tool • Speer #15 manual
- Powder Funnel, Hand priming tool, fold-up hex key set, accessory handle 2 with case neck brushes, primer pocket brushes, deburring tool, case loading block and case slick spray lube

Rebel Master Reloading Kit
C25RC9251 ..... $541.58

Rebel Plus Reloading Kit

- Rebel Single Stage Reloading Press
- Uniflow-III Powder Measure • 1500 grain digital pocket scale
- Hand priming tool • Speer #15 manual
- Pow'r Pull bullet pulling kit • Stainless Steel Calipers
- Powder Funnel, Hand priming tool, fold-up hex key set, accessory handle 2 with case neck brushes, primer pocket brushes, deburring tool, case loading block and case slick spray lube, six die lock rings and shellholders (#3, #4, #10, #16, #27)

C25RC9252 ..... $687.32

Partner™ Reloading Press

The Partner Press is easy to use and incredibly durable, yet is the most affordable press in the RCBS® line. It's perfect as a second press for different operations or a portable press for use at the range. Accessory Base Plate not included.
Partner Press - Only
C25RC87460 ..... $159.50

Die Storage Box

The RCBS® Die Storage box features a unique cradle design to hold up to three dies when not in use to prevent damage. Each box includes a loading data label, rust preventative disk and black identification label.
Die Store Box ..... C25RC09889 ..... $6.66

RC09552

Rock Chucker® Supreme Master Reloading Kit

We've taken the bench-mark of the single stage presses and surrounded it with the equipment you need (except dies and shell holders) to start loading like a pro.
A simple solution for the beginner and pro alike, it is easily upgraded to progressive operation with the optional Piggyback-4. The Rock Chucker Supreme Master Reloading Kit includes: Rock Chucker Supreme press, 5-0-5 scale, Uniflow powder measure, Speer reloading manual #13, hand priming tool, hex key set, case loading block, case lube kit, powder funnel and deburring tool.

Rock Chucker Supreme Master Reloading Kit ..... C25RC9366 .. $543.19

AmmoMaster®-2

The Ammo Master single stage press has been improved with the installation of the longer support columns and larger toggle block found on our AmmoMaster .50 BMG press. While still set up to use standard 7/8"-14 thread dies and standard shell holders to load most any pistol or rifle caliber, the addition of the .50 BMG 1-1/2" Die Kit (88705) will allow you to load from .25 ACP to .50 BMG. The .50 BMG 1 1/2" Die Kit contains a Full Length size die, Roll Crimp Scat Die, Trim Die, .50 BMG Shell Holder and .50 BMG Ram Priming Unit. The .50 BMG 1-1/2" *Press Conversion Kit contains all the parts necessary to modify your Ammo Master (88701) to accept RCBS's 1-1/2" .50 BMG dies (not included). With the addition of the .50 BMG 1/2" Die Kit (88705) you are all set to start loading the powerful .50 Browning Machine Gun.*

Ammo Master II ..... C25RC88703 ..... $496.02
.50 BMG 1 1/2" Die Kit ..... C25RC88705 ..... $526.76
.50 BMG Conversion Kit ..... C25RC88709 ..... $234.21
.50 BMG Ram Priming Unit ..... C25RC88772 ..... $62.52
.50 BMG Shell Holder ..... C25RC88746 ..... $31.78

High Capacity Case Trimmer Kit

RC90352

Trim all of your big bore case in no time with the RCBS High Capacity Case Trimmer. Designed to handle the most beefy cases such as the .50 BMG and .416 Barrett - plus many other favorites. RCBS answers the call of the big bore shooter. *Includes .408, .416, and 50R caliber pilots.*
High Capacity Collet #1 ..... C25RC90353 .... $23.83

The Partner Reloading Kit-2

The Partner Reloading Kit-2 is ideal for the handloader just wanting to dip their toes into handloading without breaking the bank.

- Reloader Special – 5 Press
- 1,500 grain digital pocket scale • Speer #15 manual
- Accessory Handle two with primer pocket brushes an case neck brushes
- Powder Funnel, fold-up hex key set, deburring tool, case loading block and case slick spray lube, primer tray

RCBS

Pro Chucker Die Plate

Make caliber changes quickly and easily. Leave the reloading dies set up. Eliminates the need to install and adjust dies for each reloading session.

Pro Chucker 5 Die Plate
C25RC88912 .....$33.37
Pro Chucker 7 Die Plate
C25RC88917 .....$50.34

Pro Chucker 7 Progressive Press

The first seven-station auto-indexing press on the market, The Pro Chucker 7 features automatic indexing for maximum production, with a load rate of approximately 600 rounds per hour.

- *Seven-station auto indexing*
- *4.625" operating window*
- *Quick-change die plate*
- *Quick Change powder measure*
- *Die cast aluminum frame*
- *Zerk fitting for lubrication*
- *Loaded cartridge bin*
- *Load rate ~600 rounds per hour (pistol)*
- *Limited lifetime warranty*
- *Made in U.S.A.*

Pro Chucker 7 Press
C25RC88911 ..... $1092.84

RCBS Turret Press

- Six-station turret head allows many combinations in the mounting sequence of dies
- May be operated in progressive or single-stage mode; in progressive mode, output can be increased from 50 to 200 rounds per hour
- Rugged, cast iron frame, toggle block and turret head
- Standard 7/8 inch-14 threads
- The turret head is held in place by one bolt for quick, easy changeovers
- Turret Pin Assembly and Ball Handle Assembly may be positioned for right- or left-hand use
- Standard Shell Holders slip into press ram and are securely held in place by a clip spring
- Primer Plugs and Sleeves are supplied for seating large and small primers
- Primers are seated away from stacked primers
- Safety tube included
- Primer Catcher keeps spent primers on floor
- Baked epoxy finish is chip- and fade-resistant and allows for quick, easy cleaning

RCBS Turret Press..... C25RC88901..... $453.10
Extra Turret Head..... C25RC88902..... $78.41

Powder Checker

A simple, effective way to visually check powder charges when you use a progressive press. The Powder Checker sits between the powder charging and bullet seating stations. Using a probe rod, it lets you visually confirm that the case is properly charged with powder before bullet seating. In addition to spotting a "no charge" condition, the Powder Checker shows low and high charges too. Black oxide finish provides contrast for better visibility. For use with straight-wall or bottleneck rifle and pistol cases, .22 caliber and larger.
Powder Checker.....C25RC87590 .....$44.50

UPM 3 Competition Powder Measure

The UPM-3 Competition Powder Measure accurately meters, by olume, all types of powder with extreme accuracy. RCBS's highest quality mechanical powder measure utilizes one cylinder for both rifle and pistol. The one cylinder can meter from .5 to 100 grains of powder, depending on powder type. The unit combines the proven Uniflow Powder Measure, with a powder baffle and a Micrometer Adjustment Screw. The Micrometer Adjustment Screw allows precise adjustments to the metered charge and lets reloaders record the number for future reference. The handle can be positioned on the right or left side. The UPM-3 Competition Powder Measure is best used with an RCBS powder scale for setting the original charge and checking charges.
UPM 3 Competition Powder Measure
C25RC9032.....$163.49

Chamber/Cartridge Gauge

RCBS Chamber/Cartridge gauges do double duty. Drop the handloaded round in to check both chambering as well as cartridge length. Limited Lifetime Warranty.

Pistol Powder Expanders - Pro 2000™

Progressive pistol cartridge reloaders are starting to run out of stations on their press. If you recently added the Pistol Bullet Feeder to your process, you either gave up your Powder Check or Lock Out station or combined bullet seating and crimping into one operation. Using the Expanders in your Case Activated Uniflow Powder Measure allows you to move Expansion and Powder drops to station two on your press.

Die Plate & Shell Plate Rack

Keep Pro 2000® die plates and five station shell plates organized. This handy rack can be mounted horizontally on a reloading bench or vertically on the wall. The stamped steel rack securely holds a reloader's pre-set die plate and a side slot keeps the five station shell plate in place. An identification label is also included. *Plate & Shell Holders Not Included*
Die Plate/Shell Plate Rack ..... C25RC88881..... $23.29

Case Activated Linkage Kit

Convert the Uniflow Powder Measure (not included) for use on most four or five-station progressive presses. The Uniflow Powder Measure can have the regular Measuring Screw or the optional Micrometer Adjustment Screw installed, depending on your preference. Three powder bushings are included for most popular rifle and pistol calibers: Small Rifle for .22 through .270 calibers, Large Rifle for 7mm through 45 calibers and Pistol for .32 through .45 calibers. The powder bushings are designed to eliminate powder spillage around the case mouth. Fully adjustable for all of the different variations in case length.
Case Activated Linkage Kit
C25RC98911 ..... $140.42

Summit Single Stage Reloading Press

This press will work with standard 7/8"-14 threaded dies, 1" die bodies with (adaptors, sold separately). The design mounts the entire press to the top of the bench and actually lowers the die down to the case. This press is ambidextrous. The 4.5" opening gives ample room for sizing the largest cases reloaders need to size. This press has a massive 2" diameter ram with a Zerk fitting. The spent primer catcher is in a very convenient location under the Shellholder and the press is manufactured right here in the USA.
Summit Reloading Press.... C25RC9290.....$335.98
Short Throw Handle..... C25RC9291.....$20.12

AmmoMaster® .50 BMG Pack

The AmmoMaster .50 BMG Pack makes reloading for the .50 Browning Machine Gun cartridge a simple task. Manufactured to accept RCBS® 1 1/2-inch .50 BMG dies, along with the massive 1 1/2-inch solid steel ram, it provides more than enough strength to handle the .50 and wil provide a lifetime of service. This kit includes the press, Full-Length Sizer, Seater Die, Shell Holder, Ram Priming Unit and Trim Die in one convenient box. The only extras required are cartridge components and the rifle to fire them.

- *Includes the press, Full-Length Sizer, Seater Die, Shell Holder, Ram Priming Unit and Trim Die*

.50 BMG Pack..... C25RC88700.....$839.42
.50 BMG Shell Holder ..... C25RC88746.....$31.78

Powder Die

The Powder Die allows the Case Activated Powder Measure (CAPM) to be quickly moved from one Die Plate to another.
Powder Die
C25RC98912 .....$48.74

Bullet Feed Die - Pistol

Crank out ammo in no time. This Pistol Bullet Feed Die allows the progressive pistol loader to leave the feed die set up on the removable die plate for quick caliber changeovers. The popular Bullet Feeder shortens reloading sessions while increasing load rates by approximately 50%. Rather than reinstalling on die plates and adjusting bullet fingers and guides, simply install another Bullet Feed Die to save more time during caliber change overs. Includes Feed Die body, one set of bullet fingers and a retaining clip.

Bullet Feed Die-Pistol ..... C25RC82351 ..... $32.31

Progressive Press Lock-Out Die

The Lock-Out Die detects a "no powder" or "double charge" condition in the progressive reloading process. It locks up, halting the travel of the ram, and alerting the reloader to the problem so the cause can be corrected. It will not let reloaders continue without removing the improperly charged cartridge. The Lock-Out Die is for use with straight-wall pistol calibers, 9mm and larger, and only on progressive reloading presses.

Lock-Out Die ..... C25RC87540 ..... $64.12

Fold Up Hex Key Set

Eight heat-treated hex keys fit most hex head screws on RCBS® equipment. Key sizes: .050",1/16", 5/64", 3/32", 7/64", 1/8", 9/64" and 5/32". Handy and easy to locate on the bench when you need a hex key.

Fold Up Hex Key Set ..... C25RC98975 ..... $10.59

Universal Hand Priming Tool

This tool uses a universal shellplate which will accept virtually any case from the tiny 32 ACP to the large 45-70 Government, eliminating the hassle and expense of using shellholder. The tool also features a patented safety gate which helps to isolate the primer seating operation from the primer supply virtually eliminating the possibility of tray detonation. The removable primer tray correctly positions the primers before they are seated and will work with any manufacturers primer packaging.

Universal Hand Priming Tool ..... C25RC90201 ..... $82.65

Hand Priming Tool

A patented safety mechanism separates the seating operation from the primer supply, virtually eliminating the possibility of tray detonation. Fits in your hand for portable primer seating. Primer tray installation requires no contact with the primers. Uses the same RCBS® shell holders (post-1980) as RCBS presses. Made of durable cast metal. Includes large and small primer plugs.

Hand Priming Tool ..... C25RC90200 .... $60.39

Automatic Priming Tool

Fast, accurate and highly sensitive due to a unique single-stage lever system. Primers feed through the auto primer feed tube one by one, preventing potential contamination by oily fingers. Two primer rod assemblies and two primer feed tubes are included.

Automatic Priming Tool ..... C25RC09460 .... $136.70

Primer Tray - 2

The square shape makes it easier to handle. Grooved tray surface quickly positions primers anvil-side up.

Primer Tray-2 ..... C25RC09480 ..... $6.66

RC Supreme Auto Prime

Attach the proper primer cup and seat plug to the priming arm slide, insert the correct primer tube and safety shield, fill the primer tube and you are ready to prime. The straight push-pull primer arm slide reduces the chances of primers falling out of the primer seat plug.

• Tube fed priming system • Safety shield • Speeds up single stage reloading process• Eliminates handling of primers • 100 primer capacity • Push bar operation • Large and small primer pick-up, feed tubes and primer seat plugs included

RC Supreme Auto Prime ..... C25RC09358 ..... $69.40

APS® Unprimed Primer Strips

These strips are color-coded for fool-proof identification. Each strip holds 25 primers. Strips can be loaded with the primer of your choice using the striploader. *Primers not included.*

Standard Bullet Puller

Designed to easily pull and not damage jacketed bullets. It utilizes the standard 7/8"-14 thread and may be used in any single stage reloading press having this thread.

Standard Bullet Puller *(w/o Collet)* ... C25RC09440 ..... $28.61

1-1/2-12 Bullet Puller

The 1-1/2-inch—12 Bullet Puller is designed for use on the AmmoMaster®—2 or AmmoMaster .50 BMG press. Using the .416 or .50 BMG bullet puller collets allows the quick removal of bullets from loaded ammunition to salvage components.

1 1/2-12 Bullet Puller *(w/o Collet)* ..... C25RC9446 ..... $173.28

.416 Barret Collet ..... C25RC9447 ..... $69.93

.50 BMG Collet ..... C25RC9448 ..... $69.93

Primer Catcher

Made to keep spent primers off the floor when ejected from fired cases. For Rock Chucker®, JR and Reloader Special Presses only.

Primer Catcher ..... C25RC09114 ... $12.49

Universal Primer Arm-2

RC09550

RC09552

Designed for fast, accurate primer seating. Primer plugs and sleeves included for large or small rifle and pistol primers .Changing sizes is fast and easy—less than 60 seconds. Fits Rock Chucker® II, JR, Reloader Special & most "C Presses.

Univ. Primer Arm-2 ..... C25RC09550 ..... $17.47

Primer Plug & Sleeve, *Large* ..... C25RC09552 ..... $5.61

Primer Plug & Sleeve, *Small* ..... C25RC09553 ..... $5.61

Automatic Primer Feed Combo

RC09580

Drops primers one at a time into the Primer Plug and sleeve. Stops misfires. Nylon primer pick-up keeps primers from falling out. Tube capacity 100 primers. For Rock Chucker® II Press; also fits JR and Reloader Special

Auto Primer Feed Combo ..... C25RC09580 ..... $35.49

Auto Primer Feed Tube, *Large* ..... C25RC09581 ..... $15.67

Auto Primer Feed Tube, *Small* ..... C25RC09582 ..... $15.67

.50 BMG Military Crimp Remover

Designed to be used with the Accessory Handle or on the Trim Mate Case Prep Center, the .50 BMG Military Crimp Remover cuts away the primer pocket crimp found on military .50 BMG brass, allowing the handloader to easily reprime their cases.

Military Crimp Remover ..... C25RC9562 ..... $40.78

Ram Priming Unit

The Ram Priming Unit gives reloaders better feel by seating the primer at the top of the press stroke. Reloaders can also preset a positive stop to speed the process. It works with any single-stage or turret press with 7/8-inch-14 threads and an RCBS® type single-stage shell holder. The unit includes large and small primer rod assemblies for Boxer-type rifle and pistol primers.

Ram Priming Unit ..... C25RC9165 ..... $37.61

Pricing subject to change without notice. Not responsible for typographical errors.

RCBS®

Case Slick Spray Lube

Case Slick is an exclusive formulation that provides exceptional lubricity for resizing or forming of metallic rifle and pistol cases. Reducing their sizing force makes the process easier on reloaders and their brass.

Case Slick ..... C25RC09315 ..... $10.49

Case Lube Kit

Properly clean and lube cases for resizing the simple way with this complete kit. It includes the RCBS® Case Lube Pad, a 2-ounce bottle of Case Lube—2 and two interchangeable Case Neck Brushes for 22 through 30 caliber.

Case Lube Kit..... C25RC9336 ..... $27.01
Case Lube Pad - Only ..... C25RC09307 ..... $11.96
Case Lube 2 - Only ..... C25RC09311 ..... $6.14

Precision Mic™

A few twists of the Precision Mic™ and you'll know your chamber headspace and bullet seating depth to 0.001 of an inch. The Precision Mic measures from the datum point on the case shoulder to the base, giving you spot-on SAAMI tolerance readings. An indispensable tool for safe, accurate loads that extend the life of your rifle brass.

Precision Mic *(Each)* $77.88

Case Neck Turning Accessories

Two tools for fast, easy removal of excessive neck thickness, or variation in case thickness. It guides the cutter over the sized cartridge case neck and is supported by the pilot/ reamer. The Auto Feed Attachment (for Case Trimmer-2 and Trim Pro) advances the cutting tool over the case neck with each turn of the trimmer handle.

Case Neck Turner *Only*..... C25RC98861 ..... $43.44

Case Prep Kit

The case prep kit is ideal for the handloader looking to get everything they need to prepare brass like a boss in one convenient package.

- Brass Boss
- Universal Case Loading Block • Hex Key Kit
- Manual Case Trimmer • Hand Priming Tool
- Case Slick Spray Lube • Stainless Steel Calipers

Case Prep Kit ..... C25RC9304 ..... $507.14

Hand Case Neck Turner

The RCBS Hand Case Neck Turner is designed to "peel" the brass from the outside of your case necks to a consistent thickness.
Most commercially available brass has variances in the case neck thickness.
This leads to case neck concentricity and bullet run-out issues. Truing up the case neck produces more consistent and accurate hand loaded ammunition.

Hand Case Neck Turner ..... C25RC90401 ..... $79.48
w/Quick Change Case Holder
Quick Change Case Holder..... C25RC90402 ..... $40.79

The Case Master®

A quick, convenient way to determine several important case and cartridge dimensions. The Case Master® gauging tool measures case neck concentricity, uniformity and thickness, as well as case length and bullet run-out. All are important to accuracy and safety. Detects case head separation before symptoms are apparent on the outside of case.
Much quicker than a dial caliper and makes a tedious job simple and less tiring.

- *Dial indicator accurately displays various measurements to .001" for the discriminating handloader who demands a higher level of ammunition performance.*
- *Has the ability to measure case neck thickness*
- *Fully-adjustable V blocks to securely position the size for accurate measure • Compact base for convenience*
- *Incorporates case head separation detection*

The Case Master® ..... C25RC87310 ..... $155.78

Primer Pocket Swager

This dedicated bench mounted Primer Pocket Swager Tool makes removal of primer pocket staking/crimp a simple task. This has become especially important due to the popularity of AR-platform rifles, which has resulted in much commercial ammunition having staked primer pockets. The rugged die cast aluminum base, hardened steel cam and foam padded grip handle require 35-percent less force than other tools to complete the job.
Includes Small and Large steel swaging heads and rods to accommodate cases .22 caliber and larger.
Primer Pocket Swager.....C25RC9474....$121.33

Electronic Digital Caliper

Instant reading. Very easy to use. Hardened stainless steel body for prolonged tool life. Switches from inches to millimeters with the touch of a button. Range of 0-6"/0-150mm. Accuracy +/- 0.001"/ 0.02mm. Resolution: 0.0005"/0.01mm. Large, easy to read numbers, reduces error—no guessing. Adjusts to zero at any position. Measures internal, external, depth and step dimensions. Jaw depth measures 1-1/2" outside, 5/8" inside. Lock holds slide in position for measuring constants. Battery included. Low battery indicator. Fitted plastic storage case. Imported.
Electronic Digital Caliper ..... C25RC87323..... $87.42

Stainless Steel Dial Caliper

Hardened stainless steel construction. Matte, non-glare finish. Range 0-6". 0.100" direct reading per revolution. 0.001" graduations. Accurate to +/- 0.001". Four-way measurement capability: inside, outside, depth and step. Shockproof movement for accurate measurements. Clear glass lens protects dial from dust and scratches. Slide may be locked in any position with thumb lock. Dial easily zeroed. Lock screw holds dial in position for precise measurements. Thumb wheel makes for easy opening and closing of the caliper. Fitted hard plastic storage case. Imported.
Stainless Steel Dial Caliper ..... C25RC87305..... $56.69

Reloading Scale Check Weight Set

You rely on your scale for safe, accurate powder charges.
Over time, accumulated grit and dust can affect accuracy.
A quick test with RCBS® Scale Check Weights will tell you if your scale is reading correctly.
Sets include: Standard set of 60.5 grains for powder charges (2x20, 1x10, 1x5, 2x2, 1x1, 1x.5). Deluxe set of 510.5 grains for bullets, cases and powder (1x200, 2x100, 1x50, 2x20, 1x10, 1x5, 2x2, 1x1, 1x.5, 1 forceps).

ChargeMaster™ Supreme

- Bluetooth compatible with free RCBS app
- Can disable audible beep
- 0.1-grain accuracy; 1,500-grain load cell capacity
- Proprietary Powder Learn Process
- Powder hopper drain alarm (patent pending)
- 50 memory slots for favorite and Powder Learn charges
- Available external battery pack adds portability
- 16-segment LCD touchscreen display

ChargeMaster™ Supreme .....C25RC98943 .....$429.99

ChargeMaster™ Link

- Bluetooth Compatible with free App
- 0.1 Grain Accuracy
- 2000 Grain Capacity
- Ability to run on external battery pack
- CE Approved 4 Country Universal Power Supply
- 16 Segment LCD Touchscreen Display
- Quick Warm-Up Period
- Sealed Platen to keep powder out
- User serviceable infinite lifeshaft seals
- Optimal dispense tub angle for speed and accuracy
- Ability to disable audible beeps
- Overcharge Warning - Flashing screen

ChargeMaster™ Link .....C25RC98944 .....$299.99

MatchMaster Powder Dispenser

- One MatchMaster in Standard Mode can dispense charges at the same speed as THREE ChargeMasters.
- .04 Grain Accuracy in Match Mode
- Dispenses in under 20 seconds
- User adjustable powder dispensing settings
- A tuned MatchMaster can dispense 38.5gr of H4350 in under 7 seconds in Match Mode
- Improved quick-drain feature utilizes a flexible tube to drain powder from the bottom of the 1lb hopper, enabling fast changes from one powder to another.
- Match mode throws a maximum charge of 300 grains; Standard mode can achieve a max charge of 1000 grains
- Bluetooth app increases functionality: Control up to 8 units simultaneously
- Pre-configured powder profiles for easy setup

Save details about specific loads including photos of group sizes, velocities, etc
MatchMaster Powder Dispenser .....C25RC98941 .... $899.00

RangeMaster™ 2000 Electronic Scale

- 2,000-grain capacity • +/-0.1 grain accuracy
- Backlit LCD display • Touchscreen operation
- 9-volt DC or 120/240 VAC four-country power supply

Lube Dies

- Decap and lube cases in one step
- Compatible with progressive and single-stage presses
- Four sizes cover 45 popular calibers
- Faster and cleaner than a lube pad
- Easy to refill with RCBS® Case Lube—2
- Standard 7/8 inch-14 thread

Die 1 ..... C25RC87551 ..... $58.27
Die 2 ..... C25RC87552 ..... $58.27

Supreme Dies Set

The Supreme Die Set combines an RCBS Full Length die set with a shell holder and Chamber Case Length Gauge.

The Supreme Die Set is available in eight of our most popular rifle offerings.

.223 Rem ..... C25RC11169 ..... $78.95
.243 Win ..... C25RC11469 ..... $78.95
.30-06 Springfield ..... C25RC14869 ..... $78.95
.300 Win Mag ..... C25RC15469 ..... $78.95
.308 Win ..... C25RC15569 ..... $78.95
.300 ACC Blackout ..... C25RC22469 ..... $78.95
6mm Creedmoor ..... C25RC31869 ..... $78.95
6.5mm Creedmoor ..... C25RC32969 ..... $78.95

Decapping Die

Use RCBS® Decapping dies to quickly remove primers from cases prior to cleaning.

.22-.25 Cal Heavy Duty Die ..... C25RC87580 ..... $26.49
.27-.45 Cal Die ..... C25RC87585 ..... $29.14
.27-.45 Cal Heavy Duty Die ..... C25RC87586 ..... $10.59

Die Lock Rings

These steel locking rings allow a reloader to set up dies and lock them in place so they can be removed and replaced without having to recalibrate. They fit on standard 7/8-inch-14 threaded dies.

Die Lock Ring ..... C25RC87501 ..... $4.76

Military/Berdan Decapping Tool

For efficient removal of Berdan primers, nothing beats this Berdan Decapping Tool. Decap 8mm Rimless, 6.5mm Mannlicher- Schoenauer, 11.7mm Rimmed and more. All functional parts are made of top-grade, heat-treated steel alloy for toughness. Comes with case holder and hex wrench.

Spare Berdan Decapping Pin .... C25RC09528 ..... $6.67

Decapping Pins

Most "Precision" Reloader Special, X & Cowboy Sizer Dies require a 90164R headed decapping pin. One size fits all calibers. Order straight decapping pins for competition and older "Precision" sizer dies.

• Small - .22 thru .25 cal • Large - 6.5mm thru .45 Caliber

Small *(5-Pack)* ..... C25RC09608 ..... $3.17
Large *(5-Pack)* ..... C25RC09609 ..... $3.17
Headed Pin *(5-Pack)* ..... C25RC90164 ..... $3.71
.50 BMG *(2-Pack)* ..... C25RC09602 ..... $8.24

Bullet Mould Handles

Solid steel frames with extra-long, premium hardwood handles for comfort. Perfect for home bullet casting. One size fits all RCBS bullet moulds only.

Bullet Mould Handles ..... C25RC80025 ..... $55.10

Mould Mallet

Be kind to your bullet moulds. Stop using a metal object to tap out your cast lead bullets and potentially damaging your mould! RCBS® has reintroduced our wooden mould mallet to safely accomplish this goal.

Mould Mallet ..... C25RC80007 ..... $14.81

Bullet Lubricant

RCBS® Bullet Lubricant fits the Lube-A-Matic Sizer/Lubricator and most others that use a hollow stick lubricant. It's a non-toxic, temperature resistant blend, developed in cooperation with top-rated competition cast-bullet shooters. Our rifle bullet lubricant is a blend of Alox and beeswax, formulated to NRA specifications. Works fine for pistol bullets. Rifle Lube for outdoor use only.

Bullet Lubricant ..... C25RC80008 ..... $11.43
Rifle Bullet Lubricant ..... C25RC80009 ..... $11.43

Ingot Mould

Mould up to four ingots at once and cool them quickly with this handy accessory. It's perfect for melting down scrap lead and preparing alloys for future use.

Ingot Mould ..... C25RC80005 ..... $34.42

Lead Pot

This heavy-duty cast-iron pot holds up to 10 pounds of molten metal. It features a flat bottom for stability, bail handle, pouring spout, and a tab lifter for gripping with insulated tongs or pliers.

Lead Pot ..... C25RC80010 ..... $44.50

Powder Funnel

Ours features a specially designed drop tube to avoid any messy powder spills around case mouths, a non-stick, anti-static surface, plus a square lip to keep the funnel from rolling around. Spout will accommodate the WSM cartridges

Powder Funnel .22-.45 ..... C25RC09087 ..... $6.14

Tube Rifle Bullet Feeder

The RCBS Tube Rifle Bullet Feeder features the ability to feed most styles of rifle bullet. Designed for progressive reloading of .22 or .30 cal, expander die included. Limited Lifetime Warranty

Tube Rifle Bullet Feeder - .22 Cal
C25RC82361 ..... $144.13
Tube Rifle Bullet Feeder - .30 Cal
C25RC82362 ..... $144.13

Lube-A-Matic®2 Bullet Sizer/Lubricator

Size and lubricate cast bullets in one step with the Lube-A-Matic—2. Just insert a bullet in the sizer die and pull the handle. A sized and lubricated bullet ejects on the upstroke. A fingertip regulator lets you fine-tune lubricant flow. The Lube-A-Matic—2 also seats gas checks. A high quality tool that's a "must-have" item for the serious bullet caster. See chart for sizer die and top-punch sizes *(Die and top punch sold separately.)*

Lube-A-Matic-2
Bullet Sizer/Lubricator ..... C25RC80040 . $251.18

Lube-A-Matic® Heater

The LAM Heater helps keep bullet lube owing, ensuring proper sizing and lubricating in less time. It mounts to RCBS® accessory base plates, and is compatible with RCBS® Lube-A-Matic® Sizers, as well as other leading lead bullet sizers. Fits RCBS, SAECO, Lyman and other lead bullet sizers.

• Mounts to RCBS Accessory Base Plates
• Adjustable temperature control
• Fits RCBS, SAECO, Lyman and other lead bullet sizers
• Limited Two Year Warranty

Lube-A-Matic® Heater ..... C25RC80006 ..... $71.54

Lead Dipper

A large-capacity bowl for easy scooping and stirring. The lead dipper has a tapered pouring spout to fit sprue holes and has a solid hardwood grip. Overall length: 11-1/2 in.

Lead Dipper ..... C25RC80015 ..... $30.18

Full Length Dies Set

RCBS Full Length dies sets are machined from our proprietary die steel to exacting tolerances then undergo a meticulous finishing process to give the hand-loader the best dies on the market.

7mm PRC ..... C25RC28101 ..... $51.38
.360 Buckhammer ..... C25RC28304 ..... $73.64
.338 RPM ..... C25RC28401 ..... $88.57

Lead Thermometer

With a 1000°F range and +/- 1% accuracy, our lead thermometer lets you pour lead at the optimum temperature. Large numbers are printed on a 1-1/2", glass-covered face. Six inch probe works with RCBS® Pro-Melt furnace or pot. An adjustable 6" handle helps to prevent burning of fingers.

Lead Thermometer ..... C25RC81175 ..... $66.22

Warning!

Melting Lead and Casting Lead Objects Will Expose You and Others In the Area to Lead, Which Is Known to Cause Birth Defects, Other Reproductive Harm and Cancer. See Instructions on Reducing Exposure Supplied with Product

RCBS®

Quick Change Powder Measure

The RCBS® Quick Change Powder Measure offers the ability to go from light pistol to magnum rifle charges quickly. The powder hopper has been increased in size to hold a pound of smokeless powder. The QCPM features metering assemblies that change out with the pull of a pin. Extra metering assemblies can be purchased to have them preset for your favorite smokeless powder charges. The drain attachment empties the powder hopper without the need to remove it from the stand or press.

The Quick Change Powder Measure includes one each Small and Large Metering Assembly and the Drain Attachment.

The Quick Change parts can be used to upgrade your existing Uniflow™ powder measure to this system.

Quick Change Measure.....C25RC98840 .....$131.42

Powder Baffle

Uniform loads require consistent powder charges, and many handloaders find a baffle helps them throw more consistent charges. The baffle is specifically designed for the RCBS® Powder Measures and provides handloaders a uniform powder flow by controlling the gravity feed pressure of the powder column on the metering unit.

Quick Change Baffle ..... C25RC90226..... $11.11
QC High Capacity Baffle ..... C25RC90227..... $14.08

Quick Change Accessories

The Quick Change Accessories can be used to upgrade your existing Uniflow powder measure to this system. You simply replace the metering cylinder and metering screw that came with your Uniflow with the Quick Change accessories. The QC Drop Tube Adapter allows you to use th drop tubes from the QC High Capacity powder measure or the Drop Tube and Adapters from the Quick Change Powder Funnel on your Uniflow or Quick Change powder measure.

Quick Change *Small* Metering Screw Assembly.....C25RC98843 .... $19.07
Quick Change *Large* Metering Screw Assembly.....C25RC98844 .... $14.81
Quick Change Drain Attachment.....C25RC98846 .... $10.59

High Capacity Quick Change Powder Measure

The RCBS® High Capacity Quick Change Powder Measure offers the ability to dispense large rifle charges of up to 250 grains of smokeless powder. The large hopper can accommodate two pounds of smokeless powder. The HCQCPM features metering assemblies that change out with the pull of a pin. Extra metering assemblies can be purchased to have them preset for your favorite charges. The drain attachment empties the powder hopper without the need to remove it from the stand or press. *Includes one metering assembly, .22-.270 Drop tube, .30-.45Drop Tube, .50 Drop Tube and the QCHC Drain Attachment.*

QC High Cap. Powder Measure
C25RC98841 .....$148.90
QC High Cap. Powder Baffle
C25RC90227 .....$14.08

Quick Change High Capacity Accessories

The Quick Change High Capacity metering assembly is available so that you can preset them to your favorite large capacity rifle charges such as 110 grains for your 30-378 WBY or 120 grains for the 600 Nitro Express. The QC High Capacity Drop Tubes, in conjunction with the QC Drop Tube Adapter, allow the use of these on existing Uniflow or QS powder measures.

QC Drop Tube *(.22-.270 cal.)*..... C25RC98852....$6.14
QC Drop Tube *(.30-.45 cal.)*..... C25RC98853....$6.14

Uniflow™ Powder Measure & Accessories

Pours uniformly from measuring cylinder into case, thereby eliminating the hazards of "overloads" caused by clogging when charges are "dumped".

UPM Powder Baffle.....C25RC90225 .....$8.46
Powder Funnel .17 Cal.....C25RC09086 .....$7.40
Powder Trickler 2 .....C25RC9089.....$29.67
Little Dandy Pistol Powder Measure .....C25RC86040 .....$50.33
Little Dandy Rotor Knob .....C25RC86046 .....$14.08

Powder Trickler System Combo

The RCBS® Powder Trickler System speeds up the process of weighing your powder charges. The Powder Trickler system attaches to any Uniflow™, Quick Change or Little Dandy™ powder measure. Used in conjunction with the Advanced Powder Measure Stand, the Powder Trickler System allows you to dispense and trickle a powder charge directly onto a scale pan without having to remove the scale pan for the initial filling.

Measure Stand - Only .....C25RC9092.....$31.25

Quick Change Powder Funnel Kit

With the current trend of large-bodied rifle cases, existing powder funnels sometimes do not fit properly over the cases.

The RCBS Quick Change Powder Funnel eliminates that problem. The Quick Change Powder Funnel features adapters that are supported by the body of the case and allow reloaders to choose the optimum powder flow. The 4-inch drop tube helps get that compressed powder charge into the case. The drop tubes are stackable so reloaders can increase the drop length if necessary. With the adapters removed, the powder funnel allows reloaders to return powder into the original container quickly.

Quick Change Powder Funnel Kit ..... C25RC9190 .....$19.60

Universal Case Loading Block

The RCBS Universal Reloading Tray is a great tray for any reloading bench. The double-sided design has 25 holes on each side for a variety of different calibers.

Universal Case Loading Block
C25RC9452.....$12.50

Deburring Tool .17-.60

This larger Deburring Tool allows the inside and outside chamfering and deburring of cases from .17 caliber up to .60 caliber. Larger than our standard deburring tool, this may not be the one for you especially if you do not hand load cases over .45 caliber. But if you want on deburring tool to do it all, this is it! Made of hardened tool steel to last a lifetime.

Deburring Tool *(.17-.60 Cal)*.....C25RC09348 .....$28.60

VLD Deburring Tool

The increasing popularity of VLD style bullets has led RCBS® to offer a 22 degree VLD Debur Tool. The 22 degree angle allows the bullet to be seated into the case without damaging the boattail and ruining accuracy. The VLD Debur Tool can be used as is, attached to a RCBS Accessory Handle or mounted on the Trim Mate Case Prep Center.

VLD Debur Tool..... C25RC9351..... $15.67
VLD Debur Tool w/ Handle..... C25RC9352..... $18.84

Little Dandy Powder Rotors

Perfect for handloading pistol shooters and select small-caliber rifle shooters. There are 28 interchangeable fixed-charge powder rotors available and you can load any popular powder with the Little Dandy™ in up to 400 different load combinations. There's no readjustment needed after changeover.

Little Dandy Powder Rotors.....$14.08

Ultrasonic Case Cleaner-2

The RCBS® Ultrasonic Case Cleaner-2 includes significant changes from the previous model. The Ultrasonic Case Cleaner-2 is larger – nearly 100 percent larger. The 6.3-quart capacity is twice as big, with a second ceramic heater and transducer to better clean brass cases and firearm parts. The LCD is easily programmable, and the timer can be set for up to 30 minutes of continuous cleaning.

The Ultrasonic Case Cleaner-2 delivers clean brass in a short amount of time.

- *6.3-quart (6.0 liter) capacity • Stainless steel parts basket*
- *Smaller stainless steel parts tub • LCD display • 120 VAC*
- *Includes drain hose • Limited One Year Warranty*

Ultrasonic Case Cleaner
C25RC87056.....$457.32

Rotary Case/ Media Separator

With several turns of the basket handle the media falls to the bottom of the separator, leaving the cases clean. The fine dust from the media is trapped inside the separator. Heavy-duty plastic construction for years of trouble-free service. Capacity: about 180 .30-06 cases or 400 .38 Special cases with media.

Rotary Case/Media Separator.....C25RC87076 ... $46.09

Vibratory Case Polisher

Bright, ready-to-load brass is ready in minutes with the RCBS® Vibratory Case Polisher. It shines up to 14 pounds of brass/media at one time with aggressive vibrating action. A quiet motor powers the cleaner, and a sifting lid helps separate brass from debris. Quality handloads start with quality brass, and the Vibratory Case Polisher delivers.

- *Quiet motor • Aggressive vibrating action*
- *14-pound capacity • Limited Two Year Warranty*

Vibratory Case Polisher *(120 VAC)*.....C25RC87060.....$135.12

Case Cleaning Media

An 8 oz. bottle makes about 4 gallons. Our dry media ca be used in both Sidewinder and Vibratory Case Cleaners. Formula 1 Walnut Shell is ground to a 12/12 sieve size. Polish comes individually packed.

Polishing Compound, 5-Pack..... C25RC87069....$7.41
Formula 1 Walnut Shell Media *(5 lbs.)* . C25RC87067..$19.06
Formula 2 Corn Cob Media *(4 lbs.)*..... C25RC87068..$20.65

Pricing subject to change without notice. Not responsible for typographical errors.

RCBS®

Easy-Melt™

The RCBS® Easy-Melt™ lead/ladle pot is a necessity for those who love to cast lead bullets with a traditional ladle. The pot's 25-pound capacity is enough to cast hundreds of projectiles. The programmable temperature control has a digital readout to ensure accuracy. A hinged cover warms moulds while keeping out debris. The Easy-Melt™ lead/ladle pot is a traditional option for those who love to manufacture bullets.

- *25-pound capacity*
- *Programmable digital temperature control*
- *Hinged pot cover • Limited Two Year Warranty*

Easy-Melt™ *(120VAC-US)* ..... C25RC81098...$158.44
Easy-Melt™ *(240VAC-Inter.)* ..... C25RC81198...$182.82

Pro-Melt™-2

The improved RCBS® Pro-Melt™-2 furnace is a necessity for those who love to cast lead bullets. The 25-pound capacity can mould hundreds of projectiles. The programmable temperature control has a digital readout to ensure accuracy, and the bottom-pour design ensures accurate, safe casting. If the first step of hand- loading is manufacturing bullets, the Pro-Melt™-2 is a necessity.

- *25-pound capacity*
- *Programmable digital temperature control • Pot cover*
- *Bottom pour • Limited Two Year Warranty*

Pro-Melt™-2 *(120VAC-US)* ..... C25RC81099...$333.85

Vernier Micrometer

Economical version without the bells and whistles.
All metal body and thimble with silver matte finish. Crisp black numbers and markings for easy reading. Range: 0-1". Reads to .0001 of an inch. Accuracy within .0001".
Ratchet stop on thimble assures uniform application of pressure when measuring. Thimble lock keeps thimble from turning when measuring a constant. Adjustment wrench included. Fitted plastic storage case. Imported.
Vernier Micrometer..... C25RC87321..... $39.74

Shell Holder Rack

With RCBS's Shell Holder Rack, you can keep your shell holders organized and protected.
The Shell Holder Rack has 12 positions that hold two shell holders on each post.
There is also room to store six Trim Pro® Shell Holders as well. The clear cover keeps out the dust and dirt while allowing you to see what is stored in the rack.
The Shell Holder Rack can be mounted on the wall or used on the bench. The wall mount spacing allows it to be hung off of standard 1" pegboard hooks as well. The support legs angle the bottom out for wall mounting or the top up for bench use. Additional Shell Holder Racks can be snapped together if more shell holder storage is needed.

- *Works with all RCBS single stage shell holders*
- *Works with Trim Pro shell holders*
- *Also works with RCBS neck bushings .255" or larger.*
- *Can be wall or bench mounted*
- *Can combine two or more when it's time to expand*

Shell Holder Rack..... C25RC9461.....$16.41

5-Station Shell Plates

RCBS 5-Station Shell Plates properly align the case with the reloading die during reloading. These shell plates are designed with precision from durable, hardened steel, capturing 0.125-inch of the case head for proper SAAMI headspacing. These are for use on PiggyBack, PiggyBack II, PiggyBack-3, PiggyBack-4, AmmoMaster Auto, Pro 2000 and Pro 2000 Auto progressive presses.

IMPORTANT: RCBS Shell Holder numbers do not correspond to those of other manufacturers. When two Shell Holders are listed, the most popular is shown first. It may be necessary to use the alternate, depending on the manufacturer and/or lot of cases being used. The numerals in ( ) in the table indicate the following: (2) cases are usually Berdan primed. Depriming and priming must be done by hand. If cases were formed from cases having boxer-type primers, use the appropriate Shell Holder for that caliber. (4) not available. (5) Auto 4X4 Shell Plate not available. (6) Auto 4X4 and Five-Station Shell Plates not available.
Ammo Box size code: SR=Small Rifle, MR=Medium Rifle, LR=Large Rifle, MP=Medium Pistol, LP=Large Pistol. * Rotary Case Trimmer—2 only. ** For Ten-X

Matchmaster Bushing Die

Matchmaster full-length and neck sizing dies utilize RCBS's precision neck bushing system. Shoot more accurately with longer brass life.

C MATCHMASTER SERIES DIES

RCBS® is proud of our MatchMaster series of neck bushing rifle dies. This changeable diameter neck bushing type of die has been used by Bench Rest and Long Range Precision shooters for years.

Due to variability in neck brass thickness, RCBS standard dies size the neck below your desired diameter and then pull an expander ball through to get the proper bullet tension. The MatchMaster sizing die features a self-centering, changeable neck bushing that allows you to precisely set the amount of tension on the bullet. This reduces work hardening of the case neck brass, prolonging case life and increasing accuracy. The MatchMaster rifle dies are available in Full-Length and Neck sizing styles. By removing the neck bushing, the Full-Length sizing die can be used as a "bump" die to set headspace back the desired amount.

Neck bushings are not included. Proper neck bushing size can be determined two ways. Measure the outside neck diameter of your loaded cartridge, subtract .002" to .003". This allows approximately .001" of brass to spring back for correct neck tension. The other is to measure the neck wall thickness of your case, multiply by two, add the diameter of your bullet and subtract .001". RCBS suggests that you have neck bushings one to two sizes above and below your target diameter.

The MatchMaster seat dies feature a micrometer adjustable, free floating and self centering bullet seating system with a convenient bullet loading window. The cartridge specific bullet guide also has a convenient bullet retainer. The MatchMaster seat die can also be used on progressive presses.

MATCHMASTER® SEATER DIES

NEW ADDITIONAL SEATER DIE SIZES NOW AVAILABLE

Twelve new MatchMaster Seater Die sizes are now available for a host of cartridges. The pinnacle of RCBS dies, those seeking ultimate bullet seating precision choose MatchMaster Seater Dies.

LEGACY SERIES DIES

With new calibers and rifles introduced every year, it is a wonder that black powder cartridges are still around! The Legacy series of dies supports these legendary metallic black powder cartridges and the enthusiasts that are shooting original or reproduction black powder rifles.

D 1-1/2"-12 DIES

The dies are precision machined by the same craftsmen that produce our Precisioneered® Reloading Dies. The Full Length Sizer Die is drilled and reamed to the dimensions developed over the years. Then each die is hand polished, heat treated and then repolished. These massive dies are designed for use with the AmmoMaster—2 or the AmmoMaster® Single Stage Press with the .50 BMG Conversion Kit installed. All Dies listed here are manufactured with 1-1/2"-12 thread. Full Length Die Set includes Full Length Sizer Die with Expander-Decapping Unit and Seater Die with Bullet Seater Plug. Trim Die is case hardened to prevent damage to the die when filing cases to length. Neck Sizer Die sizes only the neck, not the shoulder and body.

E SAFARI DIES

Straight out of the RCBS® Special Order and listed at a reduced price. The Safari Series represents cartridges typically used for dangerous game in Africa. These featured calibers were chosen based on production rifles from CZ®, Ruger® and others that offer these timeless African hunting classics.

The .500 Jeffery and .505 Gibbs are made on 1" die bodies and require a press adapter bushing (not included).

Place "C25RC in front of Part Number when ordering

*Requires 1" press adapter bushing, not included. NOTE: RC Supreme comes standard with a 1-1/4"-12 to 7/8"-14 press bushing adapter.

F AR SERIES DIES

A must for the progressive reloader. It features a Small Base sizing die and a new Taper Crimp seating die. This combination makes reloading easier for AR-style or semi-auto shooters. The Small Base sizer guarantees that the cartridge will rechamber. The Taper Crimp Seater is more forgiving when various case lengths are loaded at the same time. Case neck crimp bulges and buckled shoulders are virtually eliminated when Taper crimping is used with cannelured bullets.

Place "C25RC in front of Part Number when ordering

G COWBOY SHOTSHELL DIE

The diehard Cowboy Action Shooter not only uses authentic firearms and loads with black powder, but also dresses the part. Many would like to use period correct all brass shotshell ammunition, but with no good way to reload them, colorful plastic hulls continue to be used. Today's modern shotshell presses can handle the powder drop, wad seating and shot drop, but could do nothing to handle the sizing, de-priming, re-priming and crimp of a brass case. The RCBS® Cowboy Shotshell die answers this need.

Designed to be used in any RCBS single stage press with a removable die bushing, it performs just like a rifle sizing die. The Cowboy Shotshell Die will first size and de-prime the case; Re-priming is done with the standard priming provided with the press. Use your shotshell press to fill the case with powder, seat the wad and spacers and dispense your shot charge. Remove the sizing ring and install the finish crimp. Place your over shot card onto the shot charge and run up into the die to roll crimp the case mouth. A newly handloaded brass shotshell is completed.

99060 COWBOY SHOTSHELL DIE
99061 12 GA SHELL HOLDER - BRASS CASE

H X DIE®

Trim the case once—never trim again! The X-Sizer Die looks like a regular Full Length Sizer Die. Inside, the die features a specially designed mandrel with an expander ball and decapping pin attached. The mandrel is what the X-Die® is all about. The patented X-Sizer Die eliminates the need for repeated trimming after an initial trim of .020" off the maximum case length to standardize the case. The X-Die doesn't shorten the length of the case: the mandrel reduces the growth rate as the case grows as a result of the case mouth-contacting the mandrel during sizing. Because of an extremely close tolerance between the mandrel and die neck wall, the neck wall of the case does not thicken as the case length is pushed back. Cases repeatedly sized in the X-Die will initially grow a few thousandths of an inch, then stabilize below the maximum case length with no discernable loss of accuracy or case life.

Available in most popular bottleneck calibers as shown in the chart.

Standard 7/8"-14 thread. U.S. Patent # 5635661

If you are just starting to reload any of the calibers listed, order the X-Full Length Die Set containing the X-Sizer Die and Standard Seater Die. If you already own a regular set of dies for the chosen caliber, order only the X-Full Length Sizer Die, as you won't need to purchase another Seater Die.

REPLACEMENT DECAPPING PINS

With the few exceptions listed above, all RCBS® "Precision," Reloader Special, X and Cowboy Sizer Dies require a #90164 headed Decapping Pin—one size fits all calibers. Order straight Decapping Pins for Competition and older "Precision" Sizer Dies.

Pow'r Punch Decap Assembly for use with pistol calibers in progressive presses.

ALTERNATE SEATER PLUGS (SPECIAL APPLICATION)

These through-the-top seater plugs (1/2" - 20 thread) are available separately and manufactured to fit bullets shown in the chart below. They are not furnished with the die sets or seater dies. Seater plugs with 1/4" - 28 thread design, are for use with older RCBS® dies and can be made on a special order basis. Call or write RCBS for information.

Lock-N-Load® Ammo Plant - 110 volt

Turn your progressive press into a bench-mounted ammo factory! This kit represents the ultimate reloading setup for maximum production in shorter sessions.
The Lock-N-Load® Ammo Plant includes the following:
- Lock-N-Load® AP Press
- Lock-N-Load® AP Bullet Feeder
- Lock-N-Load® AP Case Feeder
- Lock-N-Load® AP Die Bushing 10 pack
- Lock-N-Load® Powder Measure
- Spring Case Retainer 3 pack (x2)
- Large Cartridge Catcher (x3)
- Large Primer Tube Pickup (x3)
- Small Primer Tube Pickup (x3)
- Primer Slide Spring (x2)
- Pistol Metering Insert/Rotor
- Rifle Metering Insert/Rotor
- Powder Cop
- Die Wrench
- Case Activated Powder Drop
- Vintage Tin Sign

Lock-N-Load® Classic Kit

Kit includes:
• *Lock-N-Load Classic single-stage press*
• *Lock-N-Load® Powder Measure Electronic Scale*
• *Three L-N-L® Die Bushings*
• *Primer Catcher*
• *Positive Priming System™*
• *Universal Reloading Block*
• *Chamfering and Deburring Tool*
• *Primer Turning Plate*
• *One Shot™ Case Lube • Hand-Held Priming Tool*
• *The 7th Edition Hornady Handbook of Cartridge Reloading*

Four Ways Lock-N-Load® Classic can improve your reloading:
1) *Speed* - Lock-N-Load® Technology lets you switch dies to a new caliber and begin reloading again in seconds.
2) *Consistency* - Lock-N-Load® Bushings let you adjust your dies once, then lock the setting into place, for consistent reloads every time.
3) *Precision* - The CNC machined die and ram openings create near perfect alignment of the ram and die, so cases are lined up properly with the dies at all times.
4) *Versatility* - With Lock-N-Load®, one press can handle multiple calibers with ease.

Lock-N-Load® Classic Kit..... C25PC085003 ..... $404.99

Lock-N-Load™ Die Bushings

PC044093 *PC044094* *PC044095*

Simply insert this bushing into your RCBS® Rock Chucker or other re-loading presses using a 1-1/4-12 thread; and you're ready to start using the Lock-N-Load® System. It's the easiest way to get the most out of your reloading press. Lets you take advantage of Hornady Lock-N-Load® technology, even if you own a competitive reloading press.

Quick Detach Reloading Mounting System

• Quickly and easily attach and detach presses and other reloading tools.
• Maximizes production when bench space is limited.
• Two cam locks keep plate stable during use and allow quick release for easy tool changeovers.
• Mounting hole configurations fit a variety of presses including the Lock-N-Load® AP, • Lock-N-Load® Iron Press, Lock-N-Load® Classic, 50 BMG and 366 Auto Shotgun Press.
• Also fits the Lock-N-Load® Bullet Feeders, Cam Lock™ Trimmer, Lock-N-Load® Concentricity Tool, and the Neck Turning Tool.
QD Mounting System .....C25PC399697.....$79.49
QD Mounting Plate Only.....C25PC399698.....$23.49

Case Activated Powder Drop

The new and improved Case Activated Powder Drop has been re-engineered with quick change-overs in mind. The retainer spring has been re-engineered for smoother function than previous models and the powder drop only dispenses a powder charge when a cases is present. Works with the Lock-N-Load® AP™ or other progressive presses that use 7/8" x 14 threads.
Case Activated Powder Drop ..... C25PC050073 ...$89.99

Powder Through Expanders

The new Powder Through Expanders (PTX) are an engineering genius. Designed to work in conjunction with the Case Activated Powder Drop, the new Expanders eliminate the need for a separate case mouth expander die on the LNL- AP progressive press (Hornady suggests you fill that station with the powder cop die, so you can ensure that each case is properly charged with powder.)

Kit Auto Prime ..... C25PC085521 ..... $713.99
Auto Prime Upgrade ..... C25PC085570 ..... $100.99

Shown with optional Automatic Primer Feed

Lock-N-Load® Classic™ Press

The Hornady Lock-N-Load Classic Loader comes with a lifetime warranty. This loader is a popular choice among novice and seasoned reloaders alike, because it speeds up the reloading process. Dies can be changed to a new caliber within seconds. The loader also boasts an automatic priming system and angled frame.

The loader is consistent and requires dies being adjusted just once to ensure outstanding loads time after time. This loader is also machined for outstanding precision, so alignment of the die and ram is near perfect. This versatile loader can accommodate multiple calibers easily.

Lock-N-Load® Classic Press ..... C25PC085001 ..... $203.99

APF Primer Tube Assembly

The Hornady APF Primer Tube Assembly works along with the Positive Priming System on a press.
This tube assembly makes the priming operation easier and quicker by eliminating the need to work with separate primers. The assembly can be installed with very little effort, which simplifies the entire reloading process. Includes both large and small primer tubes. Use with Hornady Positive Priming System™ and there's no more fumbling with primers - priming is 100% hands off. Sold separately

APF Primer Tube Assembly ..... C25PC070905 ..... $62.99

Lock-N-Load® Light Strip

Light up your press with the Hornady L-N-L Light Strip. Adhesive backing allows strip to be used on any press for extra light to help eliminate shadows, making safety and quality checks easier than ever. LED light plugs into a standard 110V outlet.

Lock-N-Load® Light Strip ..... C25PC044661 ..... $21.49

Lock-N-Load® AP™ Deluxe Primer Catcher

The AP Deluxe Primer Catcher fits the Lock-N-Load® AP™ Press.
Decapped primers drop into the tube and travel to the bottle, where they can be collected for future disposal.

LNL® AP™ Deluxe Primer Catcher ..... C25PC050099 ..... $9.99

Universal Accessory Bin and Bucket

The swiveling base of this cartridge bin bracket allows for adaptability on the Lock-N-Load® AP™ and Classic™ Presses.
Use it to conveniently store finished rounds.

Univ. Accessory Bin ..... C25PC399692 ..... $22.49

Lock-N-Load® Iron Press Loader Manual Prime

With a heavy duty, fully ambidextrous, cast iron frame, the Iron Press™ is built to be the heaviest, most rigid press in its class. Tight tolerances in manufacture and assembly combine to provide consistency and precision that will deliver match accurate ammunition, round-after-round, year-after-year.

- *Cast Iron frame – Heaviest / most rigid in class (26 lbs weight)*
- *Same mounting pattern as Hornady AP / Classic Press and RCBS® Rock Chucker®*
- *Ambidextrous operation • Patented Shell Holder Platform*
- *Patented Lock-N-Load® bushing system*
- *Manual prime system*
- *Accessory Mounting Deck for case prep tools*
- *1-1/8" solid steel ram provides industry leading strength*

L-N-L® Iron Press
Loader Manual Prime ..... C25PC085520 ..... $312.49

Powder Measure Attachment

This metal bracket attaches to the Iron Press and holds your Powder Measure in place for convenient use.

Powder Measure Attachment
C25PC399694 ..... $22.49

Lock-N-Load® Bullet Feeder

Designed for the Hornady Lock-N-Load AP reloading press, but can be used with any other press with 7/8"-14 die threads. Coupled with the Lock-N-Load Case Feeder, you'll realize dramatic increase in efficiency and reloading speed (up to fifty percent faster)! Setup and caliber changeovers are quick and easy and there are no special tools required for adjustments The easy-feed hopper holds up to 200 pistol or rifle bullets and features an adjustable center plate and bullet feed wipers to ensure smooth feeding. *Note: Bullet Feeder is designed for use with jacketed or plated pistol bullets only.*

Lock-N-Load Rifle Bullet Feeder:
.22 Cal ..... C25PC095340 ..$548.99
.30 Cal Conversion Kit ..... C25PC095345 ..$185.49

Lock-N-Load Pistol Bullet Feeder:
Pistol Bullet Feeder ..... C25PC095320 ..$416.99

Bullet Feeder Dies

The bullet feeder die is case activated which means the bullet will only feed upon contact with a case.
The collets are made of solid steel and durable enough for years of reloading.

Quick Change Powder Die

Designed specifically for use with the new & improved Case Activated Powder Drop this accessory makes changing over your Lock-N-Load®-AP faster and easier than ever! It allows you to preset dies for the quickest caliber conversion on the market. Includes lower bracket with guide bushing and lockring. Our new Powder Through Expanders work great with the Quick Change Powder Die.
Quick Change Powder Die ..... C25PC050074 ..... $39.99

Lock-N-Load® 1911 Auto Primer Tube Filler

Designed with user safety in mind, the ergonomic handle positions the tray at an optimum angle for feeding primers. The 1911 Auto™ Primer Tube Filler is powered by 2 easily replaceable AAA batteries and fills a 100 count primer tube in 10-15 seconds.
- Fills a 100 count primer tube in 10-15 seconds
- Designed with user safety in mind
- Ergonomically very similar to a 1911 handgun, with the tray specifically positioned at the optimum angle for feeding primers
- 13,000 RPM vibration motor is powered by 2 easily replaceable AAA batteries

LNL 1911 Primer ..... C25PC050098 ..... $84.99

Click-Adjust Bullet Seating Micrometer

- Replaces standard seating adjustment on Hornady® rifle seating dies.
- Tactile feel that clicks as you adjust in.001" increments.
- Quick and easy function delivers benchrest accuracy and consistency.
- Maintains settings for easy repeatability.

Bullet Seating Micrometer ..... C25PC044097 ..... $86.99

Dial Caliper

Precisely measure case and bullet length, inside and outside diameter, primer pocket depth, overall cartridge length and more with Hornady's Dial Caliper. Includes protective case.
Dial Caliper (inches) ..... C25PC050075 ..... $57.99
Digital Caliper ..... C25PC050080 ..... $48.99

Standard Micrometer

- Measure from 0-1" in 0.0001" increments
- Ratchet stop allows uniform pressure to enhance measurement repeatability
- Spindle lock preserves measurement when removing micrometer from work piece
- Baked-enamel finish on C-frame provides durability
- Plastic storage case protects micrometer when not in use

Standard Micrometer ..... C25PC050072 ..... $61.99

Vernier Ball Micrometer

- Ideal for accurately measuring case neck thicknesses
- Measure from 0-1" with accuracy within 0.0001"
- Ratchet stop ensures uniform pressure for measurement repeatability
- Spindle lock preserve measurement when removing cartridge case from micrometer
- Baked-enamel finish on C-frame provides durability
- Plastic storage case protects micrometer when not in use

Vernier Ball Micrometer ..... C25PC050059 ..... $97.99

Die Wrench Deluxe

The Deluxe Die Wrench is the ultimate 4-in-1 reloading tool for your Lock-N-Load AP or single stage Classic press. This tool holds the shell plate and keeps it from rotating while you change plates and tighten the main press screw. It also adjusts the tightness of the spindle lock and the lock rings, and can tighten or loosen the die flats.
Deluxe Die Wrench ..... C25PC396495 ..... $27.49
Standard Die Wrench ..... C25PC396490 ..... $10.29

Deluxe 4-Blade Chamfer/Deburr Tool

Prepares cases by chamfering the inside edge and deburring the outside edge.

Dlx. 4-Blade Deburr Tool ..... C25PC050117 ..... $23.99

6-Blade Inside Diameter Chamfer Tool

6-blade Chamfer Tool

Universal Trim Length Gauge

Use this tool to set the case overall length on the Case Prep Center. May be used with 12 popular calibers from the 6mm ARC to the 300 Win Mag, both fired and resized cartridge cases.

Universal Trim Length Gauge

C25PC050146 ..... $18.29

Single Stage Primer Pocket Swage Tool

Quickly and cleanly removes crimps on cartridge case primer pockets. Swage depth can be adjusted to accommodate various case brands. Swaging out the crimps on primer pockets instead of cutting them eliminates trimmings and mess.

223/5.56 -Only ..... C25PC41227 ..... $73.49

308/7.62x51 -Only ..... C25PC41228 ..... $73.49

Flash Hole Deburr Tool

• Two multi caliber pilots allows for flash hole uniformity on cases from .224 up to .375

• Chamfer/Deburr depth stop for consistency from case to case

• Free floating pilots to guide the cutter directly towards the flash hole

Flash Hole Deburr Tool ..... C25PC399693 ..... $41.49

Lock-N-Load® Power Case Prep Center

The only tool on the market to combine case prep tools and a power trimmer in one handy unit! Combining essential case prep tools into one handy unit saves reloaders real estate on their benches and valuable time in the reloading process. The Lock-N-Load® Case Prep Center includes a power trimmer, chamfer/deburr tools, primer pocket cleaner and five neck brushes.

• Micro Adjustable to 1/1000"

• Trim Cases from 3/4" to 3 1/4" in length

• Vertical Design of the Power Trimmer and Horizontal Design of the tools keeps shavings from falling into cases, and makes case discharge EASY

Prep Center ..... C25PC050012 ..... $668.49

Lock-N-Load® Quick Change Hand Tool

Includes 3 dual-sided chucks, chamfer/deburr tools, large and small primer pocket cleaners and neck brushes for the following calibers: 22 cal, 25 cal/6mm, 270 cal/7mm, 30 cal, 35 cal/9mm and 45 cal.

LNL Hand Tool ..... C25PC050097 ..... $69.99

Cam-Lock Deburr Tool

Deburr case mouths easily with your Cam Lock Trimmer.

Cam-Lock Deburr Tool ..... C25PC050147 ..... $54.99

Universal Handle Accessory

C25PC190260 ..... $4.29

Lock-N-Load® Ammo Concentricity Tool

This is the first tool on the market to both identify and eliminate bullet runout. Just place ammunition in the tool, roll it, identify runout, and use the dial indicator to adjust runout to zero! It can be used to true-up factory ammunition, too.

Concentricity Tool ..... C25PC050076 ..... $165.49

Neck Turning Mandrel

224/.2210 ..... C25PC391910 .. $12.29

308/.3055 ..... C25PC391928 .. $12.29

Lock-N-Load® Neck Turn Tool

Designed for use on a wide variety of case lengths, the Hornady® Neck Turn Tool allows for the use of a cordless drill to make neck turning faster and easier, while providing superior consistency and surface finish. An adjustment knob enables the user to choose detents for .0005" adjustment increments, or no detents for infinite adjustment.

Neck Turn Tool ..... C25PC041224 ..... $166.49

Cam Lock Trimmer

No other case trimmer in this price range features a micro-adjustable cutting head!

• Unique micrometer adjustable cutter Micrometer lets you change setting form longest to shorter in increments of 1/1000" without ever moving the case

• Get accurate, consistent case lengths

• Unique one finger case cam lock

• Large diameter, replaceable cutting head

• Uses standard Hornady shell holders & pilots

• Includes the seven most popular pilots: .22 cal., 6mm, .270 cal., 7mm, .30 cal., .38 cal., 45 cal.

Cam Lock Trimmer ..... C25PC050140 ..... $115.49

Cam Lock Trimmer Cutter ..... C25PC390972 ..... $23.49

.17 cal Pilot-Cutter

The standard Cam-Lock trimmer is too large for a 17 cal case. This pilot includes a cutter for use with the Hornady Cam-Lock trimmer.

Pilot Cutter *(.17 cal)* .... C25PC390942 ... $27.49

Trimmer Pilots $4.99

Place "C25" in Front of Part Numbers

Cam-Lock Power Trimmer Adapter

The power adapter for your Cam-Lock Trimmer allows you to use a battery-operated screwdriver to drive your trimming.

The adapter replaces the hand crank for easy operation.

Cam-Lock Power Adapter ..... C25PC050145 ..... $22.99

Pricing subject to change without notice. Not responsible for typographical errors.

Hornady® Accurate. Deadly. Dependable.

Balance Beam Scale

A measurement range from 0 to 500 grains with 0.1 grain sensitivity, will easily handle most reloading tasks. And a magnetic damper provides fast, accurate measurements. The balance bar is laser etched, easy to read, and will not flake or peel, and the pan hanger is molded for a perfect fit.
• 500 grain capacity • +/-1 grain sensitivity • Hardened pivot pins & bearings for durability • Made in the USA
Balance Beam Scale ..... C25PC050109 ..... $107.99

Fast-Load Powder Measure Stand

The incredibly strong Fast-Load Powder Measure Stand has a rigid frame and extra long arm that lets you fill an entire 50-count Universal Loading Block.
Accepts any measure with 7/8"-14 thread.
Lock-N-Load Bushings: If you have more than one powder measure, you can switch them in and out of the Fast-Load stand in just seconds, using Lock-N-Load bushings.
Long Reach: Lets you bench-mount the powder measure and still drop powder in the loading block.
Measure Stand ..... C25PC050008 ..... $44.99

Lock-N-Load® Powder Measure Bench Rest

A specially designed metering insert and a smaller metering chamber to promote more consistent and uniform filling. The micrometer adjustment gives positive reference for metering adjustments and you can install pre-set metering units by simply pushing the button on the outside of the metering chamber. There's no need to drain your powder hopper or disassemble the Powder Measure. Use the Drain Tube Insert (sold separately) to rapidly and easily return powder to its container. All moving parts have been plated for protection and long life, and the rotor requires NO lubrication.
Lock-N-Load®
Bench Rest Powder Measure..... C25PC050130. $173.49
Bench Rest Metering Assembly ..... C25PC050114... $89.49

Basic Powder Funnel

Anti-static funnel fits all calibers between 22 and 45. Squared rim design won't roll off the table.
.22 -.45 Cal. ..... C25PC586051 ..... $4.49

Premium Powder Funnel Kit

High-capacity, non-static aluminum funnel stores nicely in form-fitted storage case. Nine caliber-specific bushings allow funnel to fit a variety of case sizes: .224, .243/6mm, .257, .264/6.5mm, .277/6.8mm, .284/7mm, .308, .338, .375.
Funnel Kit ..... C25PC586059 ..... $47.99

Powder Trickler

Used to trickle that last few tenths of a grain of powder into a dropped and weighed charge for "0" variation. Hornady's powder trickler has a wide, stable base, is easy to clean, and uses a small amount of powder to fill.
Powder Trickler
C25PC050100 ..... $17.99

500 BULLETS

Hot Tub™ Sonic Cleaner

Features a 9 liter capacity, the Hot Tub is long enough to accommodate and clean a 16-inch AR-15 upper. One 1.7 qt. inner tank comes with the unit and can be used in the main tank for cleaning multiple smaller batches. Features integrated drain pans in the lids, a small parts basket, a degas function and 5 temperature settings from 100-140˚F.
C25PC043310 ..... $741.99

Digital Cases & Part Dryer

• Dry large quantities of cartridge cases and gun parts
• Four fixed trays for cases and small parts, and a fifth adjustable tray for larger gun parts
• Digitally adjust drying time from 15 minutes to two hours
• Choose from 7 temperature levels for quick or gentle drying
• Easy to clean
Digital Cases & Parts Dryer
C25PC053311 ..... $117.49

100 BULLETS

Magnum Digital Vibratory Tumbler

• Clean and polish large quantities of brass quickly and efficiently.
• Larger drum holds up to (600) 38 Special cases, (250) 30-06 cases or equivalent.
• Tumble for up to eight hours with digital timer.
• Vibratory action cleans brass to brilliant shine.
• Tumbling makes dies and other equipment operate more smoothly.
Magnum Digital Vibratory Tumbler
C25PC050240 ..... $131.99

Lock-N-Load® Sonic Cleaner™ Case Solution

Safe for use in all Hornady Sonic Cleaners. Cleans stuck on powder residue and dirt from casings, safe for all brass.
Lock-N-Load® Sonic Cleaner™ Solution
1 Quart..... C25PC043355....$29.49
1 Gallon ..... C25PC043356....$84.49

LNL® Sonic Cleaner™ Gun Solution

Safe for use in all Hornady Sonic Cleaners. Cleans grease, dirt, and fouling from the dirtiest gun. Not safe for case cleaning.
Lock-N-Load® Sonic Cleaner™ Solution
1 Quart..... C25PC043360...$29.49

One Shot™ Metal Polish

For use with Hornady Tumbling Media, this water-based, bio-degradable product cleans polishes, and protects all metals except aluminum
One Shot™ Metal Polish
C25PC9993 ..... $13.99

Auto Charge® Pro

The Hornady® Auto Charge Pro provides precise, customizable powder dispensing in an easy-to-use, space-saving unit. Precise to within 0.1 grain, the Auto Charge Pro offers customizable trickle speeds for various powder types, as well as custom time settings.
• Backlit touch screen • Large powder capacity
• Built-in bubble level • Smaller footprint than competing brands • Auto Charge® Pro
C25PC050053 ..... $422.49

G3-1500 Electronic Scale

This compact, battery operated trickle compatible scale offers a maximum reference measurement of 1500 grains. Unlike other scales on the market, it features a precision load cell with 1/10th grain accuracy and constant readout up to 500 grains, offering the flexibility to trickle powder into the pan or weigh charges, bullets or cases directly. You can trust this scale to make quick work of your most precise handloading tasks. Includes two AAA batteries.
G3-1500 Electronic Scale
C25PC050104 ..... $68.49

M2 Digital Bench Scale

Made from the same high quality, precision load cell found on the Lock-N-Load® Auto Charge®, the high performance Lock-N-Load® Bench Scale is the perfect addition to your reloading bench. With a capacity of 1500 grains, you can weigh powder, bullets, cases, cartridges and more. The large LCD display is easy to read and weighs precisely to a tenth (0.1) of a grain. Included are two calibration weights, AC adaptor, 220V adaptor, and metal powder pan.

100 BULLETS

M2 Digital Bench Scale
C25PC050111 ..... $198.99

Rotary Case Tumbler - 110V

Clean and polish brass cartridge cases to a brilliant shine with the rotary action of this tumbler, coupled with its steel pin tumbling media. Six-liter drum holds 5 pounds of brass cases. Digital timer allows tumbler to run or up to eight hours in half-hour increments.

500 BULLETS

For best results, use with One Shot® Cartridge Case Solution. Six-liter drum holds 5 pounds of brass cases. Set tumbler to run for up to eight hours in half-hour increments using the digital timer.
Rotary Case Tumbler ..... C25PC050220..... $260.99

L-N-L® Impact Bullet Puller

Remove bullets from cartridges without damaging the bullets. Hollow head of bullet puller captures bullet and powder for reuse. Three collet sizes allow for use with cartridges from .22 up to .45 caliber. Can also utilize shell holders (not included).
L-N-L® Impact Bullet Puller..... C25PC050092...$24.49

M1 Case Tumbler

the cyclonic and vibratory action of the Tumbler cleans brass to a brilliant shine.
Use the included sifter to separate the polished brass from the media. Running time varies based on the condition of the cases and degree of cleanliness desired.
Holds up to (400) .38 Special cases, (180) 30-06 cases, or the equivalent of other like-sized cases.
M-1 Tumbler ..... C25PC50202 ..... $86.99

Rotary Media Sifter

Quickly separate brass cartridge cases from corn cob or steel pin tumbling media with the Rotary Media Sifter. With a few turns of the handle, media falls to the bottom of the sifter, leaving cases clean and ready to use. Sifter drum locks into place for easy loading, and clear polycarbonate lid allows easy monitoring of progress.
Rotary Media Sifter
C25PC050207 .....$70.49

One Shot Tumbler Media

This media is made of ground corn cob or use in a case tumbler. The abrasive media removes tarnish and other residue from cartridge cases.
One Shot Tumbler Media 76 oz.
C25PC050303 .....$20.99

One Shot® Case Lube

with DynaGlide Plus™

- Prevents burnt carbon and lead build-up
- Repels and displaces moisture
- Greatly reduces or eliminates frequent gas port adjustments in semi-auto and automatic firearms
- A high speed "micro penetrating" high pressure dry film.
- Offers advantages in critical match load accuracy.
- Eliminates the paste lubing mess.

One Shot® Aerosol *(5.5oz)*
C25PC9991.....$12.49
One Shot® Aerosol *(10oz)*
C25PC99913 .....$18.99

One Shot® Gun Cleaner

with Dyna Glide Plus

One Shot Gun Cleaner & Dry Lube reduces friction, cleans grit, grime, old oil and gunk from firearms, loaders and loading tools. It leaves behind a thin, dry lube that's impervious to heat, cold or buildup.
- Cleans & Dry lubes in one shot with no oily mess
- Excellent micro cleaning solvent
- Odorless after application

Aerosol (5.5 oz)
C25PC9990.....$12.49
Spray (12 oz)
C25PC99901 .....$19.79

One Shot™ Case Sizing Wax

Simply dab on your index finger and thumb, then apply to your cartridge case before sizing. A little goes a long way, and this new paste lube is quite possibly the most effective lube you'll ever use.
One Shot™ Case Sizing Wax .....C25PC9989.....$11.79

Lock-N-Load® Sonic Cleaner™

Hornady® Manufacturing has taken cartridge case cleaning to the next level with the new Lock-N-Load® Sonic Cleaner™.
A combination of intense ultrasonic cleaning action and a unique cleaning solution, One Shot® Sonic Clean™, provide an extremely effective and efficient method to remove carbon residue and other foreign materials from the entire case. Unlike tumblers, this sonic cleaner quickly cleans the inside of the case as well as primer pockets. The ultrasonic action creates microjets that blast carbon buildup off cases, small gun parts and equipment.
- ***The Lock-N-Load® Sonic Cleaner™2L*** can hold up to three hundred 223 cases or one hundred fifty 308 cases.

Sonic Cleaner™ **2L** ..... C25PC043320 ..$161.99
Spare Sonic Basket 1.2 Liter..... C25PC150204 ....$13.99
Spare Sonic Basket 2 Liter..... C25PC150206 ....$21.49

Case Lube Pad & Reloading Tray

Includes case sizing lubricant, universal accessory handle, chamfering/deburring tool, primer pocket cleaner heads, case lube pad and loading tray and three neck brushes for the following calibers: 22, 338-35 and 44-45.
Case Lube Pad Tray *Only*..... C25PC020043 ..... $23.99
Sizing Lube *Only*..... C25PC050009 ..... $5.99

Unique Case Lube

This natural lube is easy to use - a quick swipe as you pick up case and it's done.
Unique Case Lube

Improved Shell Plates

The addition of a smooth radius to the mouth of each shell holder around the Shell Plate ensures smooth functioning – especially when the Shell Plate is used with the LNL Case Feeder. In addition, the bevel on the retainer spring groove helps keep the spring in place when inserting cases into the Shell Plate. Shell Plates for Lock-N-Load AP™ and Pro-Jector™ are available to fit the calibers listed, but there are other calibers you can load with our shell plates. They will also hold additional calibers with the same case head dimensions.

See chart for sizes

Improved Shell Plates
$45.99 & $57.99

Shell Holders
$5.49 & $8.79

Hornady
Accurate. Deadly. Dependable.

Lock-N-Load® Headspace Gauge

The Lock-N-Load® Headspace Gauge is the best method we've found to extend brass life, improve accuracy, and enhance safety. The gauge measures variations in your brass before and after firing or re-sizing. It allows for comparison between fire-formed brass from your gun and your re-sized brass. Any of five interchangeable bushings are attached to your caliper using the same body as found on our Bullet Comparator. The five bushings that come with the Lock-N-Load® Headspace Gauge provide the ability to check most bottleneck cases, from .17 Rem through the belted magnums. Ackley Improved chambers use the same bushing size as the parent case.

Consult product instructions for cartridge/bushing size details.

Lock-N-Load® Headspace Kit Body w/ 5 Bushings ..... C25PCHK66 ..... $46.49
Lock-N-Load® Headspace Kit without Body ..... C25PCHK55 ..... $32.49

Lock-N-Load® O.A.L. Gauge

Small changes in the clearance between the bullet and the rifling can make a big difference in accuracy. Most often, seating bullets close to the rifling will produce improved accuracy. Here is the solution to proper bullet seating depth for precision handloaders. The O.A.L. Gauge produces an accurate model of your chamber with the bullet in light contact with the lands of the rifling. The result is then measured with your caliper, allowing easy transfer of this critical dimension to the bullet seating die. This allows you to precisely regulate the bullet's clearance - free travel - to the lands: typically .020" to .040" for hunting rounds. The O.A.L. Gauge works with any bullet you choose. Eliminates guess work. Modified Case - required - permits Gauge with any chamber. Two Gauge models fit all action types - except Win 94. Complete instructions provided.

C-1000 O.A.L Gauge, *Straight* ..... C25PCC1000 ..... $41.49
C-1550 O.A.L Gauge, *Curved* ..... C25PCC1550 ..... $46.49

Modified Case are to be used with the Lock-N-Load® O.A.L. Gauge

Lock-N-Load® Modified Case

Hornady offers Interchangeable Modified Cases in all common sizes. These specially prepared Modified Cases are threaded at the case-head and have a .002" oversized neck to accept the same bullets you intend to load. This is critical, as the Lock-N-Load® O.A.L. Gauge dimensions obtained will be accurate to .001."

- *Interchangeable Modified Cases have a threaded case-head allowing them to attach to either O.A.L. Gauge model.*
- *Use same bullets as intended for reloading.* • *Cases listed are to SAAMI specs.*

Lock-N-Load® Bullet Comparator

Measuring cartridge lengths across the bullet tips can cause variations from one round to the next. A Bullet Comparator allows your caliper to measure off the bullet's ogive to eliminate the variation. Also checks bullet uniformity. The Lock-N-Load® Comparator attaches to the blade of your caliper with a thumbscrew and uses interchangeable "inserts" available for .17 to .45 caliber. *Popular basic set includes comparator "Body" and 6 insert bushings in diameters: .224", .243", .257", .277", .284", .308"*

Comparator Basic Set Body ..... C25PCB2000 ..... $16.29

Extra Inserts
(Not Included in Basic)

Bullet Comparator Inserts are designed for use with the Lock-N-Load Bullet Comparator; it eliminates variables when measuring the over-all length of a bullet. Bullet length can vary a few thousandths due to material variation and tip finish. The Lock-N-Load Bullet Comparator Inserts allow the reloader to measure the bullet from the base to a specific point on the ogive, which has little variation, if any

Hornady
Accurate. Deadly. Dependable.

Hornady® Reloading Bench Stool

Providing a comfortable and stylish seat in your reloading room, garage or bar, this custom designed stool features a Hornady® logo on the seat and is made of durable marine grade vinyl, thick foam padding and chrome double rung reinforced legs.

- Seat dimensions: 14 x 14 x 5 inches.
- Overall dimensions: 20 x 20 x 31 inches.

Hornady® Reloading Bench Stool ..... C25PC99103 ..... $171.99

LEE
LEE PRECISION, INC.

Reloading

Deluxe APP Reloading Press

The APP is a "frameless" design with nearly all th forces going directly to the dies through the steel linkages rather than through the frame.
As a single stage reloading press it has almost unlimited visibility and hand clearance. Mounting is easy on any bench or table with no under swing. Dirty, gritty, lead contaminated spent primers are 100% captured in a screw top bottle.
This Deluxe model includes the Automation package, the world's fastest single stage press. Now you can deprime cases, size cast bullets, swage primer pockets, etc. as fast as you can cycle the lever!
The Deluxe model includes a revolutionary new kind of case and bullet feeder. Jaws automatically open and grasp the bullet or case. They then rapidly position the case or bullet into the operating position. Once in position the jaws instantly open and return for the next case or bullet. It is fascinating just cycling the press empty watching the jaws open and close as it cycles back and forth. The Deluxe model is complete with all the feed tubes, tube supports, risers and case slider
It even includes the 22-caliber bullet feed jaws.
Deluxe APP .....C25LEE90933 .....$99.49

App Bulge Buster Kit

The Lee App Bulge Buster Kit and the appropriate Lee Carbide Factory Crimp Die, restore free function of rimless cases that have low base bulges.
C25LEE91572 .....$25.99

Breech Lock Ram Prime

- Start priming in seconds, nothing to adjust.
- Includes small and large priming assemblies, no tiny parts to fumble with or lose.
- Effortless priming in the tightest pockets.
- Uses any brand press shell holder.
- Safe with all brands of primers.
- Works in any Lee Breech Lock press

C25LEE91612 .....$18.99

Set of X-press Shell Holders

Lee Set of X-press shell holders for the App press, includes 11 of the most popular for more than 115 different cartridges. Includes #1, 2, 3, 4, 5, 7, 8, 9, 10, 11 and 19
C25LEE91622 .....$38.99

App Roller Handle Upgrade Kit

Lee App Roller handle upgrade kit includes everything you need to upgrade your stock red grip, to an ergonomic hardwood roller handle. Specially designed left and right replacement steel levers included. Roller handle installs on the App press using existing hardware.
C25LEE91629 .....$26.99

APP Primer Pocket Swager

Primer pocket swaging is necessary when reloading brass that have crimped primer pockets, most cases used in military or non civilian applications have this crimp. The hardened steel swage punch is automatically extracted from the primer pocket by five 400 pound force disc springs. Breech lock die body installs in seconds no adjustment required. The integral express shell holder speeds your case through the swaging operation. Complete swaging set including automatic swage die with proper punch size and proper push die with case web pusher installed.
#2 - Large Punch Size .....C25LEE91561 .....$13.99

Ultimate Lock Rings

- Compatible with 7/8 x 14 threaded Lee reloading dies and Lee reloading presses.
- Torque type splined exterior, for a no-slip grip.
- "O" ring, anti-rotation, included. Never loosens during use.
- Lock-ring wrench included.

3-Pack .....C25LEE90566 .....$12.29

Lock Ring Wrench

Black nylon wrench for loosening spline drive lock-rings and lock-ring eliminator bushings. Picture shows die wrench in use, one die wrench included in this product.
Lock Ring Wrench
C25LEE90093 .....$3.49

Breech Lock Update Kit

– Includes: Breech lock adapter
– Spline drive lock-ring eliminator
– Lock-ring wrench

Universal Shell Holder Adapter

This adaptor must be used with one of the complete primer pocket swage units select the one with the primer size you wish to swage. Install any press type shell holder with an outside diameter of 13/16 (20.6mm) or smaller.
Universal Shell Holder Adpt. ..... C25LEE91564 ....$44.99

Spline Drive Breech Lock Bushing

New, easy grip splined drive surface allows easy, accurate and fast die installation in your press.
Reloading dies are confusingly similar looking, so we anodized and colored the bushings so you can "color code" your dies for quick positive identification. No need for lock rings on your dies with these quick-change bushings.
Simply lightly tighten the clamp screw, and split collar will put a vice lock on your die. Loosen the screw, and the die will spin freely. Once set you'll never lose position.
(4-Pack) .....C25LEE90095 .....$23.49

Pricing subject to change without notice. Not responsible for typographical errors.

LEE
LEE PRECISION, INC.

Breech Lock Hand Press

The world's most popular hand press, more convenient than ever, now includes the Breech Lock Quick-Change Die Feature, so you can instantly change dies with just a twist of the wrist. Easy to use, the Breech Lock Hand Press does not need a reloading bench or table, and is easily portable for reloading at the range or on the go. Solid construction and heavy duty ram make this a full power press without the size of a bench mounted press. Takes most standard dies and up to 3.65" case lengths. The Breech Lock Hand Press is also available as a kit. Great for beginners--the kit and set of dies is everything needed to start reloading.

The Breech Lock Hand Press Kit
Kit Includes: Hand Press • Ram Prime • Powder Funnel • Case Sizing Lube. (Dies not included.)
Breech Lock Hand Press *Only* ..... C25LEE90685 .....$64.49
Breech Lock Hand Press *Kit* ..... C25LEE90180 .....$81.49

Also Available Separately
Powder Funnel ..... C25LEE90190 .....$4.49
Case Resizing Lube ..... C25LEE90006 .....$5.29
Ram Prime..... C25LEE90106 .....$18.99

Auto Bench Prime

Symmetrical design allows effortless right or left hand operation. Comfortable lever with just the right amount of mechanical advantage effortlessly seats even the most difficult primers with just finger pressure. Includes priming assemblies for large and small primers. Made of a water clear tough polyester material that allows you to monitor the primers passage from the tray to the primer pocket. Includes the new folding tray—go from box to priming in seconds. Tray has a built-in primer flipping feature allowing direct filling from today's large primer boxes.
Auto Bench Prime.....C25LEE90700 .... $41.99

Auto-Prime

Usable with any brand of primer, the Auto-Prime XR is packed full of safety features. The new Auto-Prime XR features a patent pending elevator pin. This pin safely separates a single primer from the others and presents it for priming reducing the likelihood of a chain fire. The new tool also has a new unbreakable comfort curve lever and **large and small primer trays** with slide on covers that comfortably accepts all brands of primer boxes.
Auto-Prime.....C25LEE90230 .... $28.99

Pro 6000 Six Pack Reloading Press

The culmination of nearly 40 years of progressive press design and production. Years of comments and suggestions have been incorporated into the Lee Pro 6000 Six Pack Reloading Press. Includes: Six Pack Reloading Press, bin and bracket and universal case feed magazine. Six stations allow any brand of die be used - in line bullet feed dies, powder check dies and such. Simple and reliable automatic indexing - just one moving part, replaceable in seconds, no tools required and never requires adjustment.
C25LEE91823.....$345.99

Priming Tool Kit

Includes the New Auto-Prime and nice molded storage box. Holds everything including a complete set of shell holders. This kit comes with 8 of the most popular priming tool shell holders, works with over 130 different cartridges. 1, 2, 3, 4, 5, 11, 12, 19. Holds an additional 10 shell holders. This kit is a convenient way to keep your tool and shell holders all in one spot.
Priming Tool Kit
C25LEE90215A..... $43.49

Breech Lock 50th Anniversary Kit

Includes the new Breech Lock Challenger Press and one Breech Lock quick-change bushing. You get a complete powder handling system, with the most convenient and repeatable Perfect Powder Measure. Plus the Lee Safety Scale, the most sensitive and safest of all powder scales and fill your case with the included Powder Funnel.
An included chamfer tool chamfers the inside and outside of the case mouth and a tube of premium sizing lube is included. A small and large primer pocket-cleaning tool completes the case preparation package. You also get the Large and small Safety Prime for all your priming needs.
Breech Lock 50th Anniversary Kit C25LEE90050. $197.99
Breech Lock Challenger III Press ***(ONLY)***

LEE PRECISION, INC.

The Original Classic Lee Loader Kit

For more than 55 years, more shooters have chosen the famous Lee Loader for their first reloading tool than any other. They realize it is all they need for good, accurate ammunition. In fact, at one time ammunition loaded with a Lee Loader held a world record listed in the Guinness Book of World Records for more than seven years. Millions upon millions of rounds have been reloaded with the famous Lee Loader, and we expect it will continue to be a most popular reloader for many years to come. It's the perfect tool for those who wish to simply try reloading, because it will pay for itself in just an hour or two. Find out for yourself how much fun it is to reload with the Lee Loader. Everything you need to begin loading one caliber and you'll save enough to pay for it in the first hour!

Bulge Buster Kit

Lee Bulge Buster Kit and appropriate Factory Crimp assures your mixed brass is bulge free. This push through die adapter will quickly remove the annoying bulge rings that shell holder constrained dies simply can't reach. The Bulge Buster Kit includes: extension sleeve, push through punch, catch container and complete instructions. Works with these rimless cases: .380 ACP, 10mm, .40 S&W, .41 AE, .45 ACP, .45 GAP, and .45 Win Mag.

Note: 9mm cases are not able to be used in the Bulge Buster because it has a slightly tapered case and the rim is not completely flush with the case.

Bulge Buster Kit.....C25LEE90487.....$17.29

Pricing subject to change without notice. Not responsible for typographical errors.

LEE
LEE PRECISION, INC.

Micrometer Adjust Screw
The micrometer adjust screw by Lee Precision replaces the original adjusting screw on any Lee bullet seating die.
Infinitely adjustable, allows precision bullet seating depth. Easy to read laser engraved divisions represent .001" one thousandth of an inch. The integrated friction ring eliminates annoying clicks that prevent splitting thousandths. No clicks, just smooth adjustment. Reads just like a precision depth micrometer, record your setting and easily return to them for future use.

Deluxe Perfect Powder Measure

Rugged Construction:
This powder measure features a high pressure die cast diamond-machined body. The precision-machined rotor drum is cast from brass, which is naturally antistatic and spark proof.

Easy to Set and Read Micrometer Metering Chamber:
The metering chamber is aluminum with a black anodized finish. Features a crisp, permanent, laser engraved scale. Standard quick-change drums compatible.
Deluxe Perfect Powder Measure
C25LEE90699 ..... $79.49

Double Disk Kit

Double the capacity of the Lee Auto-Disk & Pro-Auto Powder Measure. Kit permits stacking 2 disks to increase capacity and enable adjustment as fine as 1 grain. Includes 4 extra disks, 2 hopper risers & screws.
Double Disk Kit..... C25LEE90195..... $12.99

Safety Powder Scale

110 gr. capacity scale accurate to 0.1 gr. ideal size for weighing powder charges.
Magnetically dampened phenolic safety beam won't bend, remains accurate. Stainless steel razor blade balance. Beam lifter raises beam as charge weight is approached. Masked vernier 1/10gr. poise, non-magnetic stainless steel ball poise. Anti-static aluminum pan. Heavy die cast base.
Safety Powder Scale ..... C25LEE90681 .. $42.49

Perfect Powder Measure

This measure is unique because it eliminates cut powder and jerky action, stops drum binding. Tapered drop tube prevents powder bridging. Meaningful calibration, and charging powder is safer, faster and easier with the Perfect Powder Measure Automation Optional Universal Charging die makes the case operate the measure
Includes adapters to fit almost all cartridges.
Perfect Powder Measure..... C25LEE90058..... $26.99

Adjustable Charge Bar

Lee Adjustable Charge Bar is used in place of the Charge Disk on the Auto Disk and Pro Auto Disk Powder Measures. Adjustable between .28 cc and 1.6 cc Easy to set. For disk measures.
Adjustable Charge Bar ..... C25LEE90792 ..... $8.79

Pro Auto Disk Powder Measure

Elastomer wiper and teflon coated metal casting make this the smoothest operating measure. Will not cut powder and almost totally eliminates leakage. Large hopper with shut-off valve is attached with brass thumb nuts. Includes swivel adapter and spring return lever.
Pro Auto Disk Powder Measure
C25LEE90429 ..... $51.99

Auto Disk Riser

Raises the Auto Disk powder measure higher above the mounting location on the Turret Press to provide clearance for use of the Safety Prime
Auto Disk Riser..... C25LEE90041 .... $8.79

Quick Change Drum Set

All drums are infinitely adjustable within range. No tools are required for adjustment. A graduated adjustment key included with each drum. Each turn of the adjusting screw is .1cc or about 1 grain of powder. Each key is marked with .01cc graduations allowing easy 1/10 grain powder adjustments.
Quick Change Drum Set..... C25LEE90453..... $17.29

Powder Measure Kit

Lee Powder Measure Dipper Kit includes 15 graduated powder dippers from .3cc to 4.3cc. Slide card included has powder dispensing chart
Powder Measure Kit..... C25LEE90100 ..... $13.99

Powder Measure Stand

A real powder measure stand, not a cast or stamped bracket. No need to bolt or screw this beefy stand to your work bench

- *Powder coated steel construction.*
- *7/8" mounting hole for all popular measures.*
- *Includes 3 no slip feet.*
- *Rock solid mount improves measure consistency.*
- *Space saving freestanding design is portable and convenient.*

Powder Measure Stand..... C25LEE90587..... $43.99

Auto-Drum Powder Measure

- Case actuated; never spill a charge.
- Exclusive elastomer wiper prevents powder shearing, works great with difficult metering extruded powders.
- Machined body with labyrinth groove mates to the precision molded nylon drums providing a leak free fit with the finest powders.
- Drum is actuated by a steel sector and pinion gear train.
- Quick-change hopper has on/off valve to quickly change powders.

Sleek modern design, all gears springs and levers inside the • die cast housing.

- Features swivel adapter, makes moving measure fast and convenient.
- Double charge disconnector reduces the chance of a double charge on progressive presses. (Press must have a fixed tool head or turret to use this feature.)

Auto-Drum Powder Measure..... C25LEE90811..... $47.99

Load-All II

Lee Load-All II shotgun shells not only look better than those loaded on machines costing hundreds of dollars, but they usually have more uniform velocity and patterns. You can load just as fast as with any other brand of loader costing up to $200. Twenty-four shot and powder bushings are included free. Only Lee supplies molded bushings. This is a time proven tool. There are hundreds of thousands in use world wide: in nearly forty years, we have yet to see one worn out. Written two-year unconditional guarantee and a lifetime warranty.

Load-All II *(12 Gauge)*..... C25LEE90011 ..... $83.99
Load-All II *(16 Gauge)*..... C25LEE90015 ..... $83.99
Load-All II *(20 Gauge)*..... C25LEE90012 ..... $83.99

Adjustable Shot Dipper

Accurately measure lead, bismuth and steel.
Telescoping cup adjustable from 7/8 to 1 7/8 oz. Calibrated for lead shot. Works perfect for large pellet sizes. With steel, simply count out pellets or weigh and set dipper according to weight.
Adjustable Shot dipper ..... C25LEE90973..... $4.49

Load - All Conversion Kit

The Load-All II can be easily and economically converted to another gauge with the conversion kit. The entire die carrier is replaced so no adjustments are needed. The conversion kit includes the die carrier, steel sizer, wad guide, shell holders, load data and instructions.

Conversion Kit *(12 Gauge)*..... C25LEE90070..... $26.99
Conversion Kit *(16 Gauge)*..... C25LEE90071..... $26.99
Conversion Kit *(20 Gauge)*..... C25LEE90072..... $26.99

Powder Funnel

A large, unbreakable, funnel that fits all cases from .22 to .45 caliber. Hole in flange permits mounting to the Lee turret Press, shelf or bench.
Unbreakable Powder Funnel
C25LEE90190 ..... $4.49

Pricing subject to change without notice. Not responsible for typographical errors.

LEE PRECISION, INC.

Resizing Lubricant

Another first by Lee. We purchased the finest automotive deep draw lubricant and had it custom packaged exclusively for us. Lee lube is pleasant to handle and you can thin it with water. Non-sticky, non-allergenic. Very little is needed; it goes a long way. Eliminates stuck and dented cases and makes sizing less work.

2 oz. Tube.....C25LEE90006.....$5.29

Case Trimmer

The cutter and lock stud work for all calibers. You will need only one. The Case Length Gauge (Pilot) and Shell Holder must be ordered as Case Length Gauge and Shell Holder for each caliber.

Cutter & Lock Stud .....C25LEE90110.....$6.29

LEE PRECISION, INC.

NOTE 220V: Intended for International use and do not ship with a plug

Precision Melter

High-speed melter with infinite heat control for the serious shooter. Easily handles 4-cavity molds. Takes less than 15 minutes to melt 4 pounds of metal. Same infinite heat control as used on the Production Pot. 500 watts AC only. Guaranteed 2 years.

Precision Melter *(110 Volts)* .....C25LEE90021 ..... $61.49
Precision Melter *(220 Volts)* .....C25LEE90024 ..... $64.99

Production Pot IV

Same as Production Pot, *except with 4 inches of clearance under the spout instead of two inches.* This is high enough to accept all brands of bullet molds and most sinker molds. These melters feature Infinite Heat Control mounted away from high heat of the pot.

Production Pot IV *(110 Volt)*..... C25LEE90009 .....$100.99
Production Pot IV *(220 Volt)*..... C25LEE90008 .....$104.99

Magnum Melter

Large 4" diameter pot allows easy access for the ladle caster. Melt time is less than 20 minutes with just 700 watts. 20lb. capacity for the longest casting session

Magnum Melter *(20lb Capacity)* ...C25LEE90949 .....$89.49

Pro 4-20 Pot

All the Great features of the Pro 20 Pot, plus a generous 4 inches of clearance under the spout to accept all brands of bullet molds and most sinker molds. Also includes an adjustable mold guide to quickly and accurately position any mold for pouring.

Pro 4-20 Pot *(110 Volt)*.....C25LEE90947..... $114.49
Pro 4-20 Pot *(220 Volt)*.....C25LEE90948..... $118.99

Lead Ladle

A convenient sized ladle for bullet casting. Handy for skimming and stirring metal.

Lead Ladle.....C25LEE90026 .....$8.79

Ingot Mold

Casts 1/2 and 1 pound ingots.
Perfect for re-melting and alloying. Wood handle stays cool. Aluminum mold is lightweight and rustproof.

Ingot Mold..... C25LEE90029 .....$24.49

Mold Mallet

Features Ash hardwood construction utilizing the same wood species baseball bats are made from. Use to generly release bullets from mold cavities. Ergonomic design makes it convenient and comfortable to use during long casting sessions. Mallet is 10 inches long.

Mold Mallet ..... C25LEE90084 ..... $8.79

Hardness Testing Kit

No more wasted components shooting too soft or too hard lead. Quickly and precisely check hardness of your lead alloy. Exclusive conversion chart tells the maximum operating pressure of any lead alloy.

Hardness Testing Kit
C25LEE90924 .....$95.49

Buckshot Molds

New eighteen cavity 00 Buck shot mold. Precision-machined mold produces 18 linked pellets per cast. No need to individually count pellets simply snip three strands into your 12 gauge shell. Each cast produces enough pellets to load two 12 Gauge shotshells.
Handles shown but not included.

18 Cavity 00 Buckshot Mold.....C25LEE90486....$68.99
18 Cavity 000 Buckshot Mold.....C25LEE90192....$68.99

Double Cavity Molds

All molds for pistol calibers are double cavity to speed casting. Handles and sprue plate included.

Double Cavity Mold $18.49

Hollow Base Mold

These are available in single cavity only. They all have self-centering automatic core pins for the fastest possible molding. Handles and sprue plate included.

Hollow Base Mold.....$21.49

Six-Cavity Mold

These are made for heavy duty volume production. The mold and blocks have steel bushing and alignment pins for lasting precision. Price includes a cam operated sprue plate to eliminate the pounding common to ordinary molds. The sprue plate is hard anodized and held down with wave washers at each end. *(Handles extra - C25LEE90005)*

Six-Cavity Mold.....$36.99

Shotgun Slug Molds

Lee Slug Mold features the exclusive drive key. The drive key positively rotates the slug in rifled shotgun barrels and doubles as a support rib allowing use of a standard trap wad—no need for a support wad or base filler. Sabot wad design outperforms rifled slugs in rifled slug barrels. Velocity and accuracy meet and exceed expensive factory loaded rifled slugs. Molds feature self centering automatic core pins for maximum speed and convenience. Mold is complete with sprue plate, handles and complete instructions with suggested loads.

Shotgun Slug Mold *(1 oz.)*..... C25LEE90281 .....$48.49
Shotgun Mold *(7/8 oz.)*..... C25LEE90282 .....$48.49

Ball Molds

Double Cavity Molds with Handles

Lee Round Ball Molds have the tangential cut off which eliminates the objectionable nib at the sprue.

Double Cavity Ball Mold $39.99

Bullet Mold Handles

Precision steel mold handles fit not only the Lee Six-Cavity blocks but most other brands of one and two cavity molds. Priced low enough so you can have a set for every pair of blocks.

Bullet Mold Handles..... C25LEE90005 .....$25.49

Bullet Sizing Kit

Fastest and easiest way to lubricate and size cast bullets. Standard 7/8x14 threads fit any reloading press. Bullets are pushed through the sizing die nose first, so no special nose punches are needed. Gas checks are automatically seated and crimped in place. Sized bullets are captured in the special container.

Lee Liquid Alox and Reloading Press are required to utilize this kit and are sold separately.

.50 Cal. .....500-354M 48.49

Liquid Alox

Gives better accuracy because it eliminates leading. It dries to a soft, varnish-like finish that really clings. The dried coating does not degrade gunpowder. Eliminates the need for sizing of most cast bullets. Works well with all cast or swaged bullets, it works best with the micro band bullets, which are designed for tumble lubing.

Liquid Alox *(4 oz.)*..... C25LEE90177 $9.49

RGB Rifle Dies
Really Great Buy

We guarantee these dies to be better than any other brand. If for any reason you're not 100% satisfied—just return them to the factory with your sales slip and pay the difference of what you paid and the manufacturer's catalog list price of the dies you want. We will ship them to you with our thanks for trying ours. These dies are a Really Great Buy. They cost less, because like other die makers, we left out $20.00 worth of extras which are included in our PaceSetter™ dies.

See Rifle Die Chart for desired Caliber & Item No.

RGB Rifle Dies $17.99

PaceSetter™ 3-Die Set

Lee Pace Setter 3-Die sets include the exclusive Lee Factory Crimp™ Die to produce factory-like ammunition with improved utility and accuracy. The die set also includes a conventional bullet seater. These dies are your best buy. They also include a shell holder, powder dipper, load data and are packed in the nicest storage box ever designed. The extras represent a $20.00 value. Most are unavailable at any price from other suppliers. These are the most copied dies in the world. Each and every die comes with a written lifetime warranty, 2-year guarantee and guarantee of accuracy or your money back!

See Rifle Die Chart for desired Caliber & Item No.

PaceSetter™ 3-Die Set $28.99

PaceSetter™ 2-Die Set

The same features and quality of our standard dies, but do not include a Lee Factory Crimp Die. You'll find no better die at any price. Half the price of competitive dies and theirs don't include load data which is priceless on odd or obsolete calibers. Our dies also include the correct shellholder and powder measure.

• Includes Shellholder Powder Dipper & Load Data

See Rifle Die Chart for desired Caliber & Item No.

PaceSetter™ 2-Die Set $28.99

50 BMG Large Series 3-Die Set

• Full Length Sizing Die, Bullet Seating Die (no crimp), Factory Crimp Die and instructions with reloading data

C25LEE90515A $146.99

Die Boxes

• Round Die Box Lets you store dies installed in a 3 or 4-hole turret.

• Perfect storage for dies • Made from a tough, durable plastic.

Round Die Box ..... C25LEE90535 ..... $6.49
Flat 2-Die Box *(Red)* ..... C25LEE90078 ..... $40.99
Flat 3-Die Box *(Red)* ..... C25LEE90791A $4.49
Flat 4-Die Box *(Red)* ..... C25LEE90422 ..... $6.29

Ultimate Rifle Die Set

The set features a full length-resizing die to return brass to factory new dimensions, perfect for reloading brass fired in other guns. The Collet Neck sizing die is used on your fire formed brass giving you best possible accuracy. No case lube required and cases last almost forever. The Easy Adjust Dead Length Bullet seating die foolproofs the bullet seating adjustment, and assures perfect seating depth every time. The Factory Crimp die provides a secure crimp on bullets with or without a crimp groove. In most cases it helps accuracy by providing a uniform higher start pressure and gives the finished cartridge Factory like accuracy and depend-ability. The set is complete, with shell holder, powder measure and famous Lee load data featuring all common brands of powder organized in a easy to read logical format. In addition to best accuracy, you get these benefits

• *No case lubrication required with collet die*
• *Reduced or eliminates case trimming*
• *A ten times increased case life*
• *Unmatched speed and convenience*
• *Minimum bullet runout • Most uniform neck tension*
• *Includes complete Collet Die Set plus Factory Crimp Die and full length Resizing Die. Requires Resizing Lubricant*

See Rifle Die Chart for desired Caliber & Item No.

Ultimate Rifle Die Set $44.99

Collet Neck Sizing Dies

A collet squeezes the case neck against a precision mandrel for a perfect fit with minimum run-out. No case lube is needed. A dead length bullet seater is included to complete the most accurate reloading system ever made. These dies size only the neck to preserve the perfect fit of fire forming. Only reload cases that have been fired in your gun. Not recommended for auto-loaders, slide or lever action guns. Collet Die Set includes Collet Neck Sizing Die, Dead Length Bullet Seating Die, shell holder, powder measure and charge table.

See Rifle Die Chart for desired Caliber & Item No.

Collet Die for Neck Sizing Die - *Only* $18.49
Collet Die *Set* $28.49

LEE PRECISION, INC.

Factory Crimp Die

It is impossible to buckle the case as with regular roll crimp dies. Trim length is not critical. Tests demonstrate that even bullets which have no cannelure will shoot more accurately if crimped in place with the Lee Factory Crimp Die. Even powder selection is less critical. Until now, handloaders seated the bullet to touch the rifling to achieve similar results. This is not always possible nor desirable. The Lee Factory Crimp Die is included at no extra charge with Lee PaceSetter 3-Die Sets.

Factory Crimp Die $10.99

Undersized Carbide Sizing Die

Because carbide is so hard, no lubrication is required on the case. You find the die will actually burnish the case and improve its appearance. The die will last a lifetime.

9mm Luger
C25LEE90313 ..... $25.99
.40 S&W
C25LEE90787 ..... $25.99

7.62 Nagant Steel 3-Die Set

Lee 7.62 Nagant Steel 3-Die Set. Includes Full Length Sizing Die, Bullet Seating Die and Powder Through Expanding Die, Universal Shell Holder, Instructions, but no load data.

7.62 Nagant Steel 3-Die Set.
C25LEE90921 ..... $42.49

The EasyX

Now featured in all Lee Rifle dies.

• Super strong bearing grade steel decapper is almost unbreakable
• Tapered area expands sub calibers when case forming
• Quickly and effortlessly reforms dented or squashed necks
• Sturdy shank so strong you can drive out a stuck case without damage
• Long guided neck expansion areal located to begin expanding as soon as the neck leaves the die at the presses maximum position.

.223 Exp/Decapper
C25LEE90022 ..... $3.29

26 Nosler Quick Trim Die

No calipers, measurement or adjustment required. Simply install the appropriate quick trim die in your press and start trimming. A click adjustable stop allows trim length adjustment in .001 of an inch increments. Allows the user to shorten case to a uniform shorter length than standard, reducing trimming frequency.

26 Nosler Quick Trim Die New
C25LEE90637 ..... $17.29

Powder Thru Die 45/70

Lee 45/70 Powder Thru Expanding Die charges the case while expanding the case mouth. Used with powder funnel adapter or the Auto Disk or Pro Auto Disk Powder Measure

Powder Thru Die 45/70
C25LEE90089 ..... $13.99

Self-Lock Rings

Be sure to always loosen your dies by turning the ring, not the die. These have become so popular that we sell thousands of lock rings to people who want to update other brands 7/8" - 1/4" Self Lock Rings

C25LEE90534 ..... $5.29

Universal Case Expanding Die

Gently flares the case mouth to accept cast bullets without shaving. Works great to prevent damaging the moly and low friction coatings found on today's high performance jacketed bullets. Includes neck plugs for .22 cal through .45 cal. Works on everything from th 22 Hornet to the largest Ultra Mag. Costs so little and works so well you can't afford to be without one.

Univ. Case Expanding Die
C25LEE90798 ..... $15.79

Ram Prime

Primes on the press up-stroke for a more sensitive feel. Includes easy to change punches for both large and small primers. Fits all brands of presses. Same tool as supplied with the Hand Press Kit.

Lee Ram Prime
C25LEE90106 ..... $18.99
BMG RAM Prime
C25LEE90901 ..... $22.49

Short Bottle Neck Collet Style Factory Crimp Die

Incorporates a collet to apply a rifle type crimp to the case. Makes these very difficult to crimp cartridges a delight to reload. Bullets do not need a crimp groove, as the collet is so powerful it will form one.

5.7x28 FN ..... C25LEE90725 ..... $21.99
22 TCM ..... C25LEE90087 ..... $21.99
.357 SIG ..... C25LEE90076 ..... $21.99
.30 Tokarev & Mauser ..... C25LEE90086 ..... $21.99
.400 Corbon ..... C25LEE90173 ..... $21.99

LEE PRECISION, INC.

FREE SHELLHOLDER INCLUDED WHERE SHOWN

The price of Lee Dies include a FREE shellholder of the proper size. Some manufactures charge extra for this necessary part

*Exclusive Lee features included at no extra cost**

Lee dies are the most copied dies ever made. Lately other brands have started to offer some previously exclusive Lee features. Such as one piece reaming, wrench flats, collet held decapper, finger adjustable bullet seater, elevated expander and "O" ring locks. The competition still remains way behind. Because Lee dies are made to the tightest tolerance in the industry with unbreakable decappers, floating bullet seater, heat treated to maximum hardness and polished to the smoothest finish. Every Lee rifle die set comes with guaranteed best accuracy in writing. This is in addition to the regular 2–year guarantee and lifetime warranty.

CP2000/RL1100 1050 PRO Autodrive

- Digital clutch - adjustable on-the-fly
- Digital jog and immediate stop
- Microprocessor controlled
- Includes brilliant metal computer tablet - no control boxes!
- Features monitored by computer
- Downloadable software upgrades - for life !
- Supports a variety of accessories
- User-configurable Dwell time
- Pre-assembled and shipped ready to you
- CNC grade planetary gearbox
- Maintenance-free timing belt drive
- User selectable speeds of up-to 3,500 rounds/hour
- 1.5 HP high torque motor
- Fully Supports International Voltage - this unit operates at 110/220v and at 50/60 Hz with no appreciable variation in speed or performance
- Completely compatible with the leading bullet feeders on the market
- Machine dimensions are: 41" tall x 16" wide x 20" deep

Fit: CP2000/RL1100/1050 PRO

C25ID101100101 .....$2232.45

APEX10® / Evolution™ Autodrive™

Tired of pulling on the handle of your press over and over and over? The Apex 10® / Evolution™ Autodrive™ will fully automate your Mark 7® APEX 10® or Evolution™ manual presses for speed, efficiency and performance. The Autodrive™ is packed with features that make it the most advanced system ever designed. The patented digital drive system is computer operated allowing you to fully control the speed, torque, and dwell of the press with a simple-to-use high definition tablet.

- *Compatible with Mark 7® Apex10® and Evolution Loading Presses*
- *Up to 3500 Rounds per Hour*
- *10" Full Color HD Tablet*
- *Jamsense™/Toquesense™ Adjustable Digital Clutch Technology Included*
- *Digital Jog and Immediate Stop*
- *Microprocessor Monitored & Controlled*
- *High Torque Motor with Super Smooth Belt-Driven Operation*
- *1 Year Full Warranty*

Fit: APEX 10 / Evolution

APEX10™ 10-Station Manual Loading Machine

- All new 11" High Speed Case Feeder
- Lyman Stainless Steel Pro Hold Down Die included
- Mechanical Powder Measure
- Standard Priming with all New Shuttle Disk Delivery System - Small/large primer conversion included
- Double Guide Rod support for the tool head creates more stability
- Upgradeable with Mark 7 Autodrives and sensors
- Smooth Ergonomic Ambidextrous Handle
- Fully supported Mark 7 community and technical help included
- Supports one-pass processing and loading
- Works with new and fired brass
- Precision CNC machined aluminum and steel
- Standard features include a massive, robust 10-station cast iron tool head which allows you to "have it all":

650 Pro Autodrive

- Includes the Mark 7 Optical Decapping Sensor
- AUTOMATES THE DILLON CP2000/RL1100/1050/ AND 650 SERIES - Dillon machine is not included.
- 4 user selectable speeds from 900 to 1,800 rounds per hour
- Includes pre-loaded 10" High Resolution computer tablet - no control boxes!
- Includes Heavy duty Tablet holder
- Completely compatible with Mr. Bulletfeeder and GSI bulletfeeders
- Broad caliber capacity - able to load a wider array of calibers including larger rifle calibers • Small footprint
- Digital clutch - adjustable on-the-fly from 0 to 20
- Digital primer depth setting - no more guessing!
- Digital jog and immediate stop
- Microprocessor monitored and controlled
- Features monitored by computer
- Downloadable software upgrades for life
- Supports a variety of accessories
- User-configurable Dwell time at the top of the stroke • Easy Installation
- Pre-assembled and shipped ready to use
- CNC grade planetary gearbox
- High torque motor - same available torque to machine as the 1050 X Autodrive
- Fully Supports International Voltage - this unit operates at 110/220v and at 50/60 Hz with no appreciable variation in speed or performance

Fit: 650 PRO

C25ID101101701 .....$2232.45

Reloading Button Actuated Remote Stop

- Quality brushed steel look-and-feel.
- Comfortable in the hand to hold
- Upon press, red button on top can stop machine
- Lightweight
- 6 foot cable included

Remote Stop..... C25ID1011016 .....$34.94

Digital PowderCheck

The Mark 7® Digital PowderCheck® Sensor can automatically stops the machine if a grossly incorrect powder level is detected inside the case. If this happens you will then see a notification on the computer tablet to check the case powder level. A must-have for people that want full confidence that every round produced has powder. Gen 2 Digital Powder Check Sensor comes complete with probes for :

Compatible with:
- *Evolution® + Autodrive*
- *Evolution*
- *RL1100/CP2000/Super1050/1050X Autodrives*

650 Pro/650 X Autodrives

Digital Powder Check..... C25ID1011038 ....$249.95

BulletSense®

- Constructed from anodized aluminum
- Precision laser with easy adjustments for different grain bullets and calibers ** Important to note that the precision of a laser is unmatched in this use -- it can even determine the difference between an upside-down bullet form a hollow point bullet !
- Can stop the machine if no bullet present, upside down bullet, sideways bullet, no brass present and alerts you through the tablet
- Supports 9mm through 308 calibers
- On-the-fly enable/disable through the tablet
- Compatible with all Mark 7® 1050 Drives (if you don't have our Autodrive, this sensor will not work)
- Not currently compatible with GSI bulletfeeders
- This unit installs in moments with the included hardware - no modifications to your Dillon machine necessary. A must-have for people that want full protection from running out of bullets which can ruin your whole reloading session. Covered under the Mark 7® exclusive no BS warranty. Completely
- COMPATIBLE with PowderSense® and the Dillon Low Powder Check

For Dillon 1050..... C25ID1011082 ....$349.95
For Dillon 650..... C25ID1011083 ....$349.95

SwageSense Assembly

- Swages the toughest military crimped brass
- Detects small/large primer ringers particularly found in wet washed brass
- Detects small primers in .45 ACP brass
- When encounters a blockage or small pockets (using large rod) can stop the machine and alerts you through your tablet
- Dramatically reduces probability of breaking swage rods
- SWAGESense is constructed using hard anodized aluminum and comes complete with two hardened chromoly swage rods - for both small and large primer pockets.

Fit: 1050..... C25ID1011015 .....$249.95

Optical DecapSense Sensor

This is a must-have accessory for the Mark 7® 1050 Autodrive. The positive decap sensor uses optical recognition to determine if a spent primer is removed and if no spent primer falls the machine stops after the stroke making easy to remove the impacted case. Save yourself and save your machine. If you are processing or loading new brass, simply disable the sensor from the Mark 7® tablet interface. ALSO acts as a brass sensor - when enabled can stop the press when brass is not present in the decapping station.

Fit: 1050 Super..... C25ID101101101.....$199.95
Fit: 1050 RL..... C25ID101101102.....$199.95
Fit: 650..... C25ID101101103.....$170.99

FORSTER® PRODUCTS
Straight shooters

Full Length Die & Bench Rest® Seater Die Set

Rugged construction in a non-crimping style. Bench Rest Dies are made of high grade materials on precision machines. Dies are glass-hardened for long wear and minimum friction. Interiors are polished mirror-smooth. Special attention is given to head space, tapers and diameters so that brass will not be overworked when resized. Our sizing die has an elevated expander button which is drawn through the neck of the case. Since most of the case neck is still in the die when expanding begins, better alignment of the case and neck is obtained. Our Bench Rest Seating Die is the chamber type. The bullet is held in alignment in a close fitting channel. The case is held in alignment in a tight fitting chamber.

Both bullet and case are held in perfect alignment during the entire bullet seating process.

CO-AX® Primer Seater

Unlike other seaters, ours is designed so the operator can eliminate all slop when working with a specific cartridge. That translates into perfect seating, reliable ignition and reduced misfires. No additional shellholders are required. The E-Z-Just jaws close to securely grip most modern rifle and pistol cases with a rim thickness of .045" to .072".• Built-in primer flipper tray. Large and small primer tubes have an open slot and primers stack sideways for added safety.

CO-AX® Primer Seater (includes E-Z-Just Jaws)
C25FP011521 ..... $119.99

Bushing Full-Length Sizing Die

The Bushing Full Length Sizing Die offers advanced precision by allowing you to precisely control the amount of neck sizing tension in your reloaded brass while sizing the body and bumping the shoulder. This die improves accuracy and prolongs case life because the case's shoulder and body is sized down just enough to fit in a minimum-sized SAAMI rifle chamber, and bushing limits working of the neck.

MARK 7 RELOADING®

Universal Mechanical Powder Measure

The Mark 7 Universal Pistol Powder Measure is a precision-made and fully CNC machined powder measure, ensuring consistency and performance. A large, gnarled knob makes adjustments easy and a lockup nut secures the setting in place. Included is a high-capacity hopper, powder measure assembly and appropriate powder funnel.

Pistol
C25ID101119001 ..... $304.94
Rifle
C25ID101119002 ..... $304.94

Universal Powder Checker Die

With Sensor Alarm

Mark 7's Powder Check Alarm is the perfect addition to the manual APEX10 press or other manually operated progressive presses.
The Powder Check Alarm sounds an audible alarm if an incorrect powder level is detected inside the case, protecting you from double charge and no charge conditions. The sensor operates on a AAA battery (included) and sounds a loud alarm if an incorrect charge level is detected. It can be used on almost any manual operated press and includes inserts for both pistol and rifle applications.
C25ID1011287 ..... $64.49

Straight shooters

Co-Ax® Press

- Snap in and out die change. Change from sizer to seater in two seconds!
- Positive spent primer catcher. All spent primers and carbon pass through a tube and into a container. All working parts are kept free from dirt and abrasive.
- Floating guide rods. Perfect alignment is ensured with floating guide rod.
- Long life. There is no torque on the head of the Co-Ax®. Due to design of the linkage and pivots, all forces are in equilibrium whether at maximum work load or at rest.
- Powerful mechanical advantage. The Co-Ax® has three times the M.A. of the ordinary "C" press. Full length sizing may be accomplished by operating the handle with your little finger!
- Perfect alignment of die and case is assured. The shell holder jaws are designed to float with the die, permitting the case to center in the die.
- The Co-Ax® has an abundance of working room for either right or left hand operators. No frame supports or swinging primer arms to interfere.
- Accepts any standard 7/8"x14" reloading die, some with existing rings.
- Unique top priming device seats primers to factory specifications. The seater is always at right angles to the case head. Primers will not flip or tip. They will be seated straight, level and at a uniform distance below the case head. Primers can not be crushed, nor will they protrude from the case head and cause premature firing.
- Top of the stroke provides a rock solid stop for consistency.

Co-Ax® Press w/ "S" jaws.....C25FP028271.....$385.49
Short Handle.....C25FPSH1000.....$23.99

Co-Ax® Press XL

The Co-Ax XL is made to accept 1″ 1/4″ Dies as well as 7/8″ dies (adaptor lock ring required (2) included with the press). The Press was designed with ELR Shooters in mind and is built with the same float advantage, quick die change and precision of the standard Co-Ax.
The steel weldment and 13″ handle give it unrivaled rigidity and leverage. The addition of ball bearings to the handle improves operation and makes for one of the smoothest reloading experiences ever. If doing something that does not require as much leverage, our Short Handle will adapt into this press.

- Accepts both 1 1/4″ and 7/8″ Dies
- Made from a steel weldment as opposed to Cast Iron
- Accepts a wider range of calibers
- No priming system
- A light has been added
- Ball bearings in the handle-frame connection
- Spent primer catch system
- Quick die change
- Floating jaw system
- Mechanical advantage.

Co-Ax® XL Press
C25FP038271.....$1223.49

Cross Bolt Die Locking Ring

Easy-to-use cross bolt connects the two ends of the ring instead of a traditional screw design that tightens directly into the threads of the die, resulting in a more precise mating of the lock ring threads to the die threads

1-1/4 – (Single)..... C25FPDIEG30 ..... $11.29
1-1/4 – (6-Pack)..... C25FPDIEG306 ..... $60.99
1-1/4 -7/8 – (Single)..... C25FPDIEG40 ..... $12.99
1-1/4 -7/8 – (6-Pack).... C25FPDIEG406 ..... $66.49

Cross Bolt Die Locking Ring

Easy to use cross bolt that connects the two ends of the ring instead of a traditional screw design that tightens directly into the threads of the die. The Forster cross bolt locking ring will fit any standard 7/8"x14 dies from most manufacturers
Cross Bolt Lock Ring
(Single Ring)..... C25FPDIEG10 ..... $6.99
(12 Pack)..... C25FPDIEG10DOZEN..... $56.49

Hand Outside Neck Turner

- The industry's only carbide neck thickness cutter - This durable, smooth cutting carbide is precision ground with special angles and reliefs designed specifically for neck turning. The cutter approach angle allows turning right up to the case shoulder.
- Micrometer Adjustment Knob - This makes it simple to affect fine adjustments in either direction. .001" (thousandth) index marks are clearly stamped on the body of the tool. Easily adjustable to a half-a-thousandth of an inch.
- Centerless Ground Pilots (mandrels) - Our standard pilots are precision ground .002" to .0025" smaller than bullet diameter.

Hand Held Outside Neck Turner
C25FPHOT100 .....$86.99

Quick-Change Jaws for Co-Ax® Press

While a case is in the Quick-change Jaws, it's supported by spring-loaded jaws that contact the base of the cannelure for more positive extraction. The jaws are also self acting, so when a cartridge is placed in the die and the handle of the Co-Ax Press is activated, the jaws can open and close on the cartridge case. When the handle is raised, the jaws automatically open and release the case.

- *S-Large – holds .468″ to .562″ rim*
- *S-Small – holds .343″ to .422″ rim*
- *LS-Large – holds .531″ to .625″ rim*
- *LS-Small – holds .312″ to .375″ rim*

"S" Large .....C25FP028271201..... $50.49
"S" Small.....C25FP028271202..... $50.49
"LS" Large .....C25FP028271203..... $50.49
"LS" Small.....C25FP028271204..... $50.49

Co-Ax® Jaw Shell Holders

The heads of the cases and rims are unmarked by the shell holder jaws because the shell holder actually floats and permits the cartridge case to find its exact center in the die. When a case is in the shell holder it's supported by spring loaded jaws which contact the base of the cannulure for more positive extraction. The shell holder is also self acting, so when a cartridge is placed in the die and the handle of the press is activated, the jaws can open and close on the cartridge case. When the handle is raised, the jaws automatically open and release the case. Standard "S" Jaws are included with the Co-Ax® Press.
Calibers that will fit optional "LS" Jaws:
.22 Hornet, .378 Weatherby, .45-70 Government
.256 Win Magnum, .416 Rigby, .45-90, .348 Winchester
Replacement "LS" Jaws .....C25FP001251.....$32.49

Curved Linkage for CO-AX® Press

Curved Linkage accessory for the Co-Ax® Reloading Press allows for increased acces to the shell holder jaws. This will help get cases in/out of the shell holder jaws faster and make it easier to replace the jaws if necessary.
Curved Linkage For CO-AX Press
C25FP028271034CKIT..... $27.49

Stuck Case Remover

The easy way to remove the decapping rod and expander ball when a case is stuck in the die.
We have developed this simple, inexpensive stuck case remover to work on any sizing die. The unique design even works on stuck cases which have the decapping rod and expander ball stuck in the die. All components are hardened for long life and a washer is included to protect the top of your die.
Stuck Case Remover.....C25FPSC1000 ..... $24.49

Hand Held Outside Neck Turner Pilots

- Precision machined with special angles and reliefs designed specifically for neck turning; cutter approach angle allows turning right up to the case shoulder.
- Micrometer adjustment knob allows fine adjustments in either direction; easily adjustable to .0005″. Index marks at increments of .001″ are clearly stamped on the tool body.
- Dedicated Pilots are sold separately, .002″ to .0025″ smaller than the bullet diameter

Pilot No.	Diameter	Item No.	Price

#308	.308"	C25FPHOTP308	$14.79

Case Graphiter

When sizing a fired case, pulling the expander button through the inside diameter of the case can present a problem because residual deposits left from firing can create friction when the expander is withdrawn. In a worst case scenario, that friction can cause distortion or stretching of the case neck. Proper lubrication of your case necks is the answer, but oils are not recommended because of the very real possibility of gunpowder contamination. The Forster Case Graphiter is constructed of tough, impact resistant plastic and the base is drilled to permit permanent mounting to a loading bench. Three brushes are mounted in the base. They will accommodate all calibers from .22 to .35. The Case Graphiter comes with enough white "motor mica" to process 2000-3000 cases. By moving the case neck up and down on the correct graphite-covered brush, the neck can be cleaned and lubricated at the same time. A cover is also included to keep dust and grit from contaminating the white graphite.
Case Graphiter .....C25FP011341..... $17.29
Extra powdered graphite
(White Motor Mica) .....C25FP011341012.....$6.29

Co-Ax® Case & Cartridge Inspector

Forster's exclusive Co-Ax® Case & Cartridge Inspector provides you with the ability to ensure uniformity by measuring three critical dimensions: neck wall thickness, case neck concentricity, and bullet runout. Measurements are in increments of one-thousandth of an inch so accuracy is superb. The Inspector is unique because it checks both the bullet and case alignment in relation to the centerline (axis) of the entire cartridge or case.
The .17 caliber pilot is not compatible with this tool.
Co-Ax® Case & Cartridge Inspector
C25FP010482 ..... $113.99

Primer Tube Loader

The Primer Tube Loader aligns all primers with just a few flicks of the wrist.

Original Case Trimmer

The old standby! The Original, Forster Case Trimmer is the right choice for most calibers with bullet diameters from .171" to .459" . It is actually a fine miniature lathe with a superior shell holder design based on a Brown & Sharpe type collet. Collets #1 through #4 fit this Original Case Trimmer and hold the rims of most rifle and pistol calibers within that range. Our Original Case Trimmer allows you to take your handloads to a new level. It allows you to expand your system by adding many "accurizing" case trimmer accessories.
Collet & Pilot not included
Original Case Trimmer C25FPCT1010 $104.99

See Next Page for Forster Sizing Chart

Case Trimmer Pilot.....$3.79
Case Trimmer Collet.....$10.09
Neck Reamer.....$19.69

Original Case Trimmer Kit

w/ 6 Pilots & 3 Collets

Our Original Case Trimmer allows you to go as far as you need to go with your reloading because it allows you to expand your system by adding any of the accuracy accessories. *Kit includes Collets 1, 2 & 3 and Pilots 22, 24, 25, 27, 28 & 30.*
Original Case Trimmer Kit C25FPCTK100 $138.49

Classic Case Trimmer

Larger than our Original Case Trimmer, our Classic was the first production model trimmer on the market to accommodate a large range of classic cartridges. It's suitable for more than three-hundred different big bore calibers from popular big game rifles to classic black powder calibers (the Classic trims case lengths from 1 7/8" long through 4 1/8" long; shorter cases can be trimmed by mounting on a standard length base). For collectors of vintage firearms, for "Cowboy" competitors and reenactors, and for owners of fine English single and double rifles chambered in hard hitting calibers like 500 Nitro Express, .416 Rigby, 50 Sharps, .475 Nitro Exp, etc., this is the hand case trimmer that will allow accurate reloading. Collets #5 through #8 fit the Classic Case Trimmer. Collets and pilots for the Classic Case Trimmer are available separately. See collet and pilot search. *Collet not included*
Original Case Trimmer C25FPCLCT00 $119.49

See Next Page for Forster Sizing Chart

Case Trimmer Collet.....$14.29

3-in-1 Case Mouth Cutter

Trims case length and chamfers inside and outside in one step!

Forster Products' new 3-in-1 Case Mouth Cutter is the first carbide case trimmer accessory that performs three functions simultaneously. In one simple step, this product:
- Trims the case to length
- Chamfers the inside case mouth to an angle of 14°
- Chamfers the outside case mouth to an angle of 30°

To further save you time, the 3-in-1 Case Mouth Cutter is the first cutter to employ high-quality blades made from US-manufactured carbide steel. They should never need sharpening if used exclusively on brass cases. The carbide cutter blades are factory adjusted on the blade holder to ensure precise cutting. Only Forster Products offers carbide blades - you won't find them anywhere else.
Three caliber choices are available (224, 243, 308) with more to come.
For *.224* ..... C25FP3CUT224 ..... $72.99
For *.264* ..... C25FP3CUT264 ..... $72.99
For *.308* ..... C25FP3CUT308 ..... $72.99

Outside Neck Turner

Turns case necks concentric to its true axis. An inside neck reamer will reduce the thickened wall of a case, but it does not always produce neck walls of uniform thickness.
The Outside Neck Turner accessory provides neck walls of uniform thickness and exact outside neck diameter. Turner consists of a cutter head which carries an adjustable circular carbide cutter. Caliber sizes: 17 (requires .17 Cal. Case Trimmer Cutter Shaft and .17 Cal. Carbide Cutter), 224, 243, 257,277, 263, 284, 308, 311, 323, 333, 358 and 375.
(Pilot Not Included)
Outside Neck Turner ..... C25FPONT1010 ..... $51.49

Outside Neck Turners & Pilots

Standard pilots are precision ground .002" to .0025" smaller than bullet diameter. Occasionally, our standard pilot may have to be ground to fit your specific circumstances. This can be caused by variation in brass hardness, wall thickness, or by variations in other manufacturer's neck and expander dimensions. Almost any special size pilot is available on a special order basis, made to your specifications.
Outside Neck Turner Pilots, *(Each)*.....$12.79

Cutter Shaft .....C25FPCTC417 .....$25.49

Case Trimmer Accessory Case

This handy case allows you to store your accessories in a convenient and space-saving manner. The attractive case holds Case Trimmer Collets and Pilots, an Outside Neck Turner with Pilots, Neck Reamers, a Primer Pocket Chamfering Tool with Center, and Primer Pocket Cleaners. Double wall construction gives super strength and is impervious to heat or cold - will not crack or peel. Positive action latch insures dust-free storage. Save time and organize your loading area with this useful accessory case.
Accessory Case *(Yellow)*..... C25FPAC5000 .....$15.79

Neck Reamers

For Original, Classic & Power Case Trimmers

Thick case necks can cause high chamber pressures and flyers. The Forster Neck Reamer mounts in the cutter of a Forster Case Trimmer in place of the pilot and removes the excess brass from the neck walls. The Forster Neck Reamer is manufactured from high grade, wear-resistant tool steel and ground .0025" to .003" over the maximum bullet diameter. The staggered tooth design cuts the brass smoothly without chattering. Photo illustrates three different sizes.

Neck Reamer #220

- .220" Actual Diameter Reamer for .224" Bullets

Neck Reamer #220..... C25FPNR1220.....$30.99

Power Adapter for Case Trimmers

Turns any Forster hand trimmer into a power trimmer. Fits Original, Classic, or .50 BMG. Here is an easy, affordable way to turn your Forster hand trimmer into a power trimmer. Simply remove the handle from your trimmer and replace it with this adapter, then use any electric screwdriver or power drill to provide the power. The cutter shaft and the stop collar are unchanged so accurate case length settings are maintained. It's a great way to make better use of your limited reloading time because in "power mode" you'll be able to trim more than 200 cases per hour.
Case Trimmer Power Adapter.... C25FPPA1000 .....$15.99

Long Case Trimmer Bases

Note: 1/2" (.500") of adjustment is built into the "Original" Case Trimmer which allows the trimmer's capacity to be widened before the Long Case Trimmer Base becomes necessary.
To widen the "Original" trimmer base and take advantage of its wider capacity, simply move out both the bearing and the housing by 1/4".

Long Case Trimmer

Case Trimmer Base, long 6 1/2" length, required for outside neck turning long cartridges and for hollow pointing long cartridges. Standard replacement and two optional bases are available for the Original, and Classic Case Trimmers, all made with the sturdy, uniquely Forster design.
(6-1/2" long base) ..... C25FPCTB103 ..... $26.49

Universal Hollow Pointer

(Shown Here On Case Trimmer)

Assembled round can be hollow pointed for increased expansion on impact. This accessory is used on the Case Trimmer and can handle factory or hand loaded cartridges. The large drill size is recommended for pistol cartridges: the small drill for rifle cartridges.
(1/8" Drill Size).....C25FPHP8 ..... $25.49
(1/16" Drill Size).....C25FPHP16 ..... $25.49

Universal Bullet Puller

Tough, rugged, and dependable. Pulls bullets as a result of a reloading problem or because standard ammunition requires alteration. Two versions for use on most reloading presses :

- Standard: For use with standard loading presses with a 7/8"-14 thread and bullets from 17 cal. to 458 cal. Not intended for use with the Forster Products Co-Ax Press
- Universal: For use with the Co-Ax® Press. Also works with standard loading presses with a 7/8"-14 thread and bullets from 17 cal. to 458 cal
- Sure grip reduces chance of damage, meaning the reloader can salvage more components and save money
- *Solid steel collets are sold separately.*

Inside/ Outside Deburring Tool

Deburring Tools

Dents, irregularities and burrs, as well as sharp corners that result from trimming a case can be removed quickly and accurately with an Inside/Outside Deburring Tool. Precision-ground cutting edges allow this tool to cut free and clean. It handles all cartridge cases from .17 to .45 caliber (For inside and outside deburring.) Installed on your loading bench, the DBT Base offers instant availability and ease of operation when chamfering large numbers of cases.

Inside/Outside Deburring Tool ..... C25FPDBT1000 ..... $27.99

Primer Pocket Chamfering Tool

The Primer Pocket Chamfering Tool, used with the Primer Pocket Center (sold separately), is the fastest, most accurate method for removal of military crimp when reloading military brass.

Primer Pocket Chamfering Tool Only ..... C25FPPPCT01 ..... $27.99
Primer Pocket Center ..... C25FPPPCEO2 ..... $9.79

Primer Pocket Cleaner

Our tool steel Primer Pocket Cleaner helps ensure consistent ignition and reduce the incidence of misfires by removing powder and primer residue from the primer pockets of your cases. Just hold the case mouth over the Primer Pocket Center (Sold Separately) with one hand while you quickly and easily clean the primer pockets by turning the Case Trimmer handle. There's no tightening or loosening of collects required.

Primer Pocket Center ..... C25FPPPCEO2 ..... $9.79

Headspace Gages

This is the only way to reliably measure and test the length of the rifle chamber. Accuracy and safety is threatened when excessive headspace exists. Unsupported brass fired in a rifle action with excessive headspace may rupture, allowing gas to blow rearward like rocket exhaust. Head-space Gages are made with painstaking care to ensure accurate testing of your rifle's chamber. Gunsmith - "When chambering a new barrel, these tools are invaluable in ensuring a tight, accurate, safe chamber". If your rifle closes on a **GO Gage**: Rifle chamber will accept any ammo that is made within S.A.A.M.I. (industry standard) specifications. **NO-GO Gage**: Rifle chamber may have excessive headspace. Most Gunsmith chamber a rifles headspace between the GO and NO-GO dimensions.

Cutter Shaft for Original Case Trimmer

The Forster Cutter Shaft fits the Original Case Trimmer only, and it is the standard .490″ diameter. Shaft included with the Trimmer for .204″ to .459″ caliber case mouths. The Cutter Shaft does most of the hard work of a Forster Case Trimmer: a bit with a cutting blade trims the case neck; the high-alloy steel shaft holds all of the rotating specialized case conditioning accessories.

Cutter Shaft ..... C25FPCT1010CTC400 ..... $25.49

Decapping Pin for Sizing Die

- *Spare/replacement Decapping Pin fits Full Length, Bushing Bump and Neck Sizing Dies.*
- *Special Long pin is for cases with small flash holes*

Long Decapping Pin (5 pack) ..... C25FPDIEIL5P $4.79
Special Long Decapping Pin (5 pack) ..... C25FPDIEILSPCL5P $6.79

Ultra Micrometer Seater Die

The Ultra Micrometer Seater Die is a non-crimping style seater die (except for the 30-30) that holds the bullet and case in perfect alignment while the bullet is press-fit seated. A handy micrometer fixes the bullet seating depth to your specifications.

- Includes all the popular straight line seating features of the original Bench Rest Seater Die plus an ultra-accurate micrometer for adjusting bullet seating depth
- Micrometer allows fine adjustments in either direction; easily adjustable to .0005″ Index marks at increments of .001″ are clearly marked
- Eliminates much of the trial and error that was once associated with seating accurate rounds
- Bright, white markings make micrometer easy to read

Full length Bushing Ultra™ Die Set

The Bushing Full Length Sizing Die offers advanced precision by allowing you to precisely control the amount of neck sizing tension in your reloaded brass while sizing the body and bumping the shoulder. This die improves accuracy and prolongs case life because the case's shoulder and body is sized down just enough to fit in a minimum-sized SAAMI rifle chamber, and bushing limits working of the neck.

Deluxe 3-Die Storage Box

Deluxe Die Box: 8-1/2" x 5-1/2" x 2-1/2", holds up to three dies. The Forster Deluxe 3-Die Storage Box will accommodate virtually any combination of two or three handloading dies including the longer Ultra Micrometer dies. In addition to all standard calibers, they are also long enough for dies in the new extra-long Ultra Mag calibers.

Deluxe 3-Die Storage Box
C25FPDIE0002 ..... $9.79

Bushing Bump Kit

When you order a Forster Bushing Bump Neck Sizing Die Kit, you receive:

- A top quality, hand polished Forster Bushing Bump Neck Sizing Die to match the caliber of your firearm
- Three standard size bushings, specially selected by the Forster staff
- All bushings are machined to a 'smooth as silk' interior finish

6.5 Creedmoor ..... C25FPBBK2271 ..... $99.49

NTG-277 ..... C25FPNTG277 ..... $38.49
NTG-338 ..... C25FPNTG338 ..... $38.49

REDDING
RELOADING EQUIPMENT

Pro-Pak Reloading Kits

"An Investment in Quality Tools."

Redding has selected the best reloading components and put them into one neat, money-saving package. This kit was created for both the first-time reloader to get started right and for the more advanced reloader desiring to upgrade his equipment.

The Boss and Big Boss Pro-Paks contain the following:

- *The Boss or Big Boss Reloading Press* – Redding's best selling presses.
- *Model 2 Powder and Bullet Scale.* Simply the most sensitive, most accurate scale on the market.
- *Powder Trickler* – Heavy stable companion to the powder scale.
- *Pad Style Case Lube Kit* – Consists of non-skid lube pad and best case lube.
- *Deburring Tool* – The cutting edges are ground correctly for clean chatterless cuts.
- *Model 18 Case Preparation Kit* – Plastic accessory handle with all the tools and brushes you need to properly clean your fired cases before resizing.
- *Powder Funnel* – Made of tough Lexan® and nearly indestructible.
- *Metallic Cartridge Reloading* – All new 3rd Edition. A single source for detailed information on advanced handloading issues, while offering a wide variety of loading data.

Big Boss Pro-Pak,
w/o Dies and shellholder ..... C25RB40000 .$486.99

The Boss Press

The BOSS is powerful, remarkably easy to use, and yet sensitive enough to seat primers without crushing them. Take a look at all the features The Boss offers and you'll be convinced– when it comes to "O" Type reloading presses, this one is truly the right choice.

Features:

- Rigid cast iron frame.
- 36" frame offset gives the best visibility and access of all comparable presses.
- "Smart" primer arm automatically moves in and out of position with ram travel. Priming arm is positioned where it should be – at the bottom of ram travel for the lowest leverage and best feel.
- Offset handle is in the most comfortable operating position yet out of the way for best access and visibility.
- Positive ram travel stop.
- Powerful compound linkage.
- 3 holes for rigid mounting.
- Accepts all standard 7/8"-14 threaded dies and universal shell holders.
- Shell holders may be rotated to any comfortable position desired.
- Includes primer catcher.

The Boss Press ..... C25RB72100 ...$197.99

UltraMag Reloading Press

One glance and you will see what sets the Ultramag apart from all the competition. Aside from its rugged design, is the unique location of its compound leverage system. Unlike other reloading presses, the UltraMag's compound leverage system is connected at the top of the press frame. This allows you to develop literally tons of pressure without the usual concern about press frame deflection, which can cause misalignment. By creating this design Redding has been able to eliminate the need for tie bars, "O" frames and other after-thoughts that restrict the frame opening and thus the utility of the reloading press. It's the strongest reloading press Redding has ever made.

Ultra Magnum Reloading Press
C25RB70000 .....$452.49

The Big Boss Reloading Press

Simply a larger version of Redding's popular "Boss" reloading press!

The "Big Boss" has all the desirable features of the "Boss" reloading press but it's built on a heavier frame with a longer ram stroke for reloading magnum cartridges. It features a 1" diameter ram with over 3.8" of stroke, uses a "Smart" primer arm and has an offset ball handle for ease of operation.

Features: • Large 4-1/2" frame opening. • 3-13/16" of ram stroke for easy reloading of magnum cartridges. • Steel adapter bushing accepts all standard 7/8"-14 threaded dies and is removable for use with oversized dies.• Frame with bushing removed accepts 1-1/4" x 12 dies.

Big Boss Reloading Press..... C25RB79000 ...$251.49

The T-7 Turret Reloading Press

The T-7 combines strength, power and convenience with the speed and versatility of a turret press. "Cast iron construction, powerful compound linkage and a rigid seven station turret combine to make the Redding T-7 the best turret press ever!"

The design criteria was to create the ultimate turret press. Redding's engineering team started with their time proven cast iron construction and turret support that is second to none. They added powerful compound linkage with over 3.8" of ram travel. A 1" diameter through boar ram was chosen with the "smart" primer arm and primer collection system borrowed from Redding's Ultramag. Another station was added to the turret for even greater versatility and an optional "Slide Bar Automatic Primer Feeding System" was designed. After adding a few more subtle refinements and built the way only Redding builds 'em, they're confident that they have created the best turret press ever.

RB67002

• Seven station turret head • 1" diameter ram. • 4-3/4" press opening • 3-11/16" ram stroke • Tubular spent primer collection system. • Ball handle • Accepts all standard 7/8"-14 threaded dies and universal shell holders. • Shellholders may be rotated to any comfortable position desired • Interchangeable turret heads. • Competition die compatible.

T-7 Turret Reloading Press..... C25RB67000 ...$437.49
Extra Turret For T-7 Press ..... C25RB67002 ...$102.49
Slide Bar Primer Feed System ..... C25RB99600 .....$64.49

Deburring Tool

Removes burrs and bevels case mouths for easy bullet seating. Hardened precision ground flutes make clean, easy, chatter-free cuts.
Accepts all cases from .17 to .45 caliber.
Deburring Tool..... C25RB09000 .....$32.99

Flash Hole Deburring Tool

This tool quickly removes burrs, creating more consistent ignition. This process only needs to be done once for the complete life of a piece of brass. This flash hole deburring tool is for flash holes measuring 0.060". .22-.338 Pilot.
Flash Hole Deburring Tool ..... C25RB06100 .....$36.49

Primer Pocket Uniformer

The Redding Primer Pocket Uniformer Tool is designed to cut primer pockets to a uniform depth and square them up with the case head. This helps to increase shot to shot consistency to help create the most accurate ammunition possible.
Pocket Uniformer - *Large Primers*.... C25RB09100 .....$40.99
Pocket Uniformer - *Small Primers*.... C25RB09105 .....$40.99

Powder Funnel

- Nearly indestructible, super-tough Lexan™.
- Fits all cartridge cases from .22 to .45 caliber.
- Anti-static prevents powder from sticking.

Powder Funnel ..... C25RB13000 .....$9.29

Case Preparation Kit

All the tools you need in one package for removing dirt and powder residue from the inside of case necks and primer pockets. Kit comes complete with accessory handle, large and small primer pocket cleaners and three (3) case neck brushes to handle all cartridges from .22 thru .45 caliber
Case Preparation Kit ..... C25RB18000 .....$33.99

Stuck Case Removal Kit

Sooner or later everyone does it. Too little case lubricant (or using ordinary oil) and the case seizes in the resizing die. Usually, the rim pulls off and it is almost impossible to remove the stuck case without damaging the die. This case removal kit provides an easy solution to your problems.
Stuck Case Remover Kit ..... C25RB22000 .....$28.99

Case Lube Pad

(Pad-Type)

The most popular way to properly lubricate cases for resizing and case forming. The bottom side of the pad includes non-skid feet so it won't skate all over your bench when you are using it. Kit includes 2 oz. plastic bottle of Redding Case Lube.
Case Lube Kit (Pad-Type)..... C25RB12012 .....$25.49
Case Lube *Pad Only*..... C25RB12010 .....$17.99

Imperial Lubricants

Imperial Lubricants

Redding is committed to maintaining the integrity of this product by producing it to the exact formulation that made it so popular.
Imperial Sizing dies Wax 1 oz. ..... C25RB07500 .....$9.29
Imperial Sizing dies Wax 2 oz. ..... C25RB07600 .....$12.29
Imperial Dry Neck Lube 1 oz. ..... C25RB07700 .....$9.79

Imperial "Bio Green" Case Lubricant

Redding now introduces a new plant based sizing lube which is highly effective, completely bio-degradable and totally renewable. Imperial Bio Green Case Lubricant can be used on any pad type lubricant applicator and provides superior lubrication capabilities. It will not stain your brass and offers easy water cleanup making it perfect for use with ultrasonic case cleaners

Bio Green Lubricant..... C25RB07300 .....$9.79

RELOADING EQUIPMENT

Match-Grade Model 3BR Powder Measure

The Match-Grade Model 3BR was created to be the ultimate powder measure... "out of the box" match ready! It quickly became Redding's most popular powder measure for two very good reasons ...Its broad range of charging capacity and its performance record.
3BR Powder Measure *(5-100 grains)*
C25RB03500 .....$225.99
3BR Powder Measure *w/both Chambers (0-10 gr & 5-100 gr)*
C25RB03700 .....$269.49

Competition PR-50 Powder Measure

The PR-50 powder measure represents our latest in the series of limited range "Competition" powder measures optimized with the precision rifleman in mind. The engineering target range was approx. 50-60 grains with the ideal use range extending from approx. 35 to 75 grains. This powder measure uses all of the engineering features and knowledge gained from our other Competition powder measures. All Competition Powder Measures use a special rotating operating handle which is slightly heavier to help you maintain a more uniform stroke.
Competition PR-50 Powder Measure
C25RB03900 .....$247.99

Model 3 Powder Measure

The original Redding Model 3, time proven for accuracy and reliability. It has a micrometer metering chamber right in front for easy setting and reading. The micrometer makes it possible to record your favorite settings and return to the same place weeks later when you wish to create the same load. Precision machined cast iron frame to give you years and years of service. All Redding Powder Measures feature hand honed frames and hard chromium drums for long life. An extremely sharp cutting surface easily cuts and meters even the most difficult powders. Charging range approx. 5 to 100 grains
Powder Measure .....C25RB03000..... $176.99
Powder Measure Stand.....C25RB06000 .....$48.99

Competition Model 10X Pistol & Small Rifle Powder Measure

The Model 10X- Pistol Powder Measure uses all of the benchrest proven features of the model BR-30. These were combined with a special drum and small hemispherical metering plunger to achieve an ideal powder charge range of 1 to 16 grains. The maximum charge capacity is about 25 grains, depending upon powder.
10x Competition Pistol Powder Measure
C25RB03400 .....$265.49

Drop Tube

This friction fit extended powder drop tube is designed to fit all of current Redding powder measures and their funnel. Longer drop tubes allow powder to flow freely and stack better on loads that fill the case. The Redding extended drop tube allows cases to be filled completely, consistently and accurately. The extended tube is 4-1/2 inches long.
Drop Tube .....C25RB03818 .....$17.99

Model No. 2 Powder & Bullet Scale

This scale is designed and manufactured to the same accuracy and sensitivity standard as Redding's RE-1 scale but includes a magnetic dampened beam swing for extra fast readings. The hardened and ground knife edges ride in precision milled stainless steel bearing seats that will not crack, slip, or lose their alignment in any way. Don't forget, Redding scales have a lifetime guarantee.
• 505 grain capacity • 1/10 grain accuracy • Pour spout pan
• Simple two counterpoise system
• 1/10 grain over/under graduations
Model N0. 2 Powder Scale.....C25RB02000 .....$122.49

Model No. 5 Powder Trickler

Turn the knob and you add powder to the scale pan a granule or two at a time. Brings underweight charges up to accurate readings fast. Solid, stable, low center of gravity. Weighs a full pound so it won't squirm all over your bench while you are trying to use it. Ideal height for most powder scales.
Mod. #5 Powder Trickler .....C25RB05000 .....$32.49

Collet Closeup

Model 1400-XT Case Trimming Lathe

This case trimmer works just like a lathe…the case turns while the cutter is stationary. This means that you cannot cut a crooked case neck again, even if you try. All other case trimmers on the market work the other way around. The frame is made of cast iron so that it will never wear out. It is built to maintain its precision alignment through years of service. One collet supplied with trimmer fits all popular rifle and pistol cases…you won't have to buy more. The Cutter shaft adjusts to accommodate the longest magnum cases with ease. There are both coarse and fine adjustments for case length allowing adjustments of .001" or less.
Model 1400 case trimmer supplied with the following:
• Universal collet • High speed cutter shaft
• Six pilots- .22, 6mm, .25, .270, 7mm and .30 Cal
• Two neck cleaning brushes (For .22 thru .30 Cal)
• Two primer pocket cleaners (Large & Small)
Model 1400-XT Case Trimmer
C25RB14000 .....$140.49

Case Neck Gauge

This tool allows you to accurately measure the neck wall thickness of the cartridge case and determine its uniformity. Two mandrel sizes are supplied to allow measurement of all cases from .17 cal. to .338 cal, including cases with small (.060) flash holes. For your convenience the mounting base allows direct attachment to your reloading bench. Pilot stops are required for each caliber. Two pilot stops are supplied with the tool, RB06121, .22 cal. and RB06130, .30 cal.
Case Neck Gauge.....C25RB26400 .....$129.49

Model 2400 Match Precision Case Trimming Lathe

Chuck lock simplifies loading and unloading while facilitating perfect alignment of the case and pilot. The design of the push button chuck lock also increases case length capacity; accommodating not only the latest long action cartridges but old time classics as well. Case lengths up to 3-1/4" can be handled.
Supplied with the following:
Supplied with the following:
• Universal collet (no others to buy)
• Replaceable Titanium Nitride (TiN) coated cutter
• Six pilots - .22 cal., 6mm, .25 cal., .270 cal., 7mm and .30 cal.
• Two neck cleaning brushes (.22 thru .30 cal.)
• Large and small primer pocket cleaners.
• New micrometer…easy adjustments of .001"
Model 2400 Case Trimmer.....C25RB24000 .....$243.99

Carbide Size Button Kits

Make inside neck sizing smoother and easier without lubrication. Now you can upgrade your die sets with a carbide size button kit. Available for bottleneck cartridges 20 thru 338 cal. The carbide size button is free floating on the decap rod allowing it to self-center in the case neck. These button kits fit both standard and Type S dies. Kits contain: carbide size button, retainer and spare decapping pin.
.30 Cal Carbide Size Button.....C25RB49307 .....$40.99

Master Hunter (MH-C) Die Sets

Master Hunter Die Sets were inspired by the success of our National Match Dies. Experienced hunters know that full length resizing is important when a high stress follow-up shot is needed in the "real world" of hunting.
The Master Hunter "Deluxe" Die Sets now add the option of neck sizing for optimal on-the-range load development.

Master Hunter (MH-C) 2-Die Set

- Combines a Full Length Sizing Die with a Carbide Size Button and the extraordinary Redding Competition Seating Die.

National Match Die Set

The success of our specialized National Match Die Sets has created the demand for us to offer additional options beyond the limits of sanctioned cartridges to meet the needs of other precision oriented AR platform shooters. The name change (NM-C) indicates that all of our National Match Die Sets are now supplied with carbide size buttons.
The sets include: a full length Sizing Die with carbide size button, the Competition Bullet Seating Die and a Taper Crimp Die.

- *We use the finest alloy steels obtainable.*
- *Our dies are machined on Hardinge Super-Precision® lathes capable of holding the tightest tolerances in the industry.*
- *We guarantee our dies to produce ammunition that will properly fit any standard (SAAMI) chamber, regardless of action type.*
- *To maintain tolerances and guarantee that your dies will last a lifetime, they are heat treated in atmospherically controlled furnaces.*
- *All dies are hand polished for smooth, flawless functioning, inspected, and are ultra sonically cleaned before packaging.*
- *The die box is a handy cartridge loading block and storage package. Inside is a spare decapping pin, hex wrench, and a place for your shellholder!*
- *All Redding dies use the industry standard 7/8-14 threaded bodies.*

Premium Deluxe Die Sets

Redding has now added two popular upgrades to a select group of "Series A" dies to create the new Premium Deluxe Series Die Sets. The upgrades include combining a Carbide Size Button in the full length sizing die and the Bullet Seating Micrometer on the seating die. The Premium Deluxe Die Set contains: a carbide Size Button in the full length sizing die, the Bullet Seating Micrometer on the seating die and a standard Series A neck sizing die.

Competition Seating Die

This design, covered by U.S. Patent No. 4,862,567, has beat the concentricity problems inherent in all other seating dies of this type. Tighter manufacturing tolerances have been made possible due to the details of the patented seating stem system. The bullet guide to seating stem fit is so precise that the seating stem can actually be demonstrated to "float" on a column of air. The seating stem is precision ground to exactly match bullet diameter. No seating die on the market is built to this level of precision. Alignment and accuracy are enhanced by the cartridge case and bullet being completely supported and aligned in a close fitting, precision ground sleeve before the bullet seating begins. The micrometer is calibrated in .001" increments for precise seating depth and is infinitely adjustable (without clicks). The micrometer also has a "zero" set feature that allows you to zero the micrometer to your rifle or favorite seating depth.

Rifle Seating Die

Bullet Seating Micrometer

Redding Bullet Seating Micrometers are for use with most standard Redding Seating Dies and provide a direct replacement for the original seat plug.
Redding Bullet Seating Micrometers for bottleneck cartridges are available for traditional bullet shapes (STD) and for VLD bullet shapes (VLD). They are also available for handgun and straight wall cartridges with traditional bullet shapes (STD) and flat nose bullet designs (FLAT).
*Not for use with our Competition Seating Dies

Seat Plug #	Item No.	Price
#18	C25RB09078	$48.99

REDDING RELOADING EQUIPMENT

Titanium Carbide Expanding Seating

Titanium Carbide Pistol Dies

Titanium carbide differs considerably from other carbides, and is the ideal material for resizing cartridge cases. Titanium carbide has the highest hardness of any readily available carbide. The difference is in the microstructure. Viewed under a microscope it appears smooth and rounded, which presents a slippery non-galling surface, ideal for lubeless resizing of cartridges.

9mm Luger	C25RB88172	$128.49
.38 Spec/ .357 Magnum	C25RB88282	$109.99
10mm Auto / .40 S&W	C25RB88520	$109.99
.45 ACP	C25RB88189	$109.99
.45 Colt	C25RB88191	$109.99

Pro Series Die Sets In Titanium Carbide

The "Pro Series" is a specially prepared three (3) die set for use in progressive reloading machines. Since the most popular machines do not make use of an expander die, it has been eliminated in the new "Pro Series" Sets. The sizing die is the extraordinary Redding Titanium Carbide, complete with a decapping unit.

9mm	C25RB89172	$141.99
.38/.357	C25RB89282	$123.49

10mm	C25RB89520	$123.49

Competition Pro Series Die Sets

Competition Pro Series Dies are identical to the Pro Series, only with the addition of a Competition Bullet Seating Die with micrometer adjustment.

.38 Super Auto	C25RB58271	$214.99

Taper Crimp Dies

Designed for handgun cartridges which headspace on the case mouth where conventional roll crimping is undesirable. Also available for some revolver cartridges, for a taper crimp or for use when loading flush seated wadcutters or cast bullets which have no crimping groove or cannelure. Manufactured to the same high quality standards as all other Reloading dies.

24 Nosler	C25RB85320	$54.49
9mm Luger	C25RB85172	$36.49

.300 Blackout	C25RB85327	$43.49

Profile Crimp Dies

For handgun cartridges which do not headspace on the case mouth. These are designed for those who want the strongest possible crimp.

38 Spec/ .357	C25RB86282	$36.49
.44 Spec/ .44 Mag	C25RB86286	$36.49
.45 Colt / 454 Casull	C25RB86191	$36.49

Neck Sizing Bushings

Redding Neck Sizing Bushings freely interchange in all Redding Bushing type Neck Sizing Dies. By Selecting the correct bushing, you are now able to provide the right amount of neck tension to properly hold the bullet without excessive resizing.

To Determine Bushing Size

The proper bushing size can be easily determined by measuring the outside neck diameter of your loaded cartridges with a precision micrometer. From this measurement subtract .002" to .003". This allows for approximately .001" brass spring back after sizing and will result in a proper press fit for the bullet of .001" to .002"

The last three digits of the Part number are the Bushing Interior Diameter, sizes: .185" to .360" Available

Neck Sizing Bushing, *Steel* ..... C25RB73XXX **$20.99**

The last three digits of the Part number are the Bushing Interior Diameter, sizes available: .262 c/o, .263 c/o, .286 c/o, .288, .292 c/o, .294 c/o

Type S Elite Set

The Type S Elite set is comprised of a Type S Bushing Full Die, A Type S Bushing Neck Die and the unparalleled Redding Competition Seating Die. All Type-S dies use an interchangeable bushing to control neck diameter and tension to an increment of 0.001". Bushings are available in hardened steel but also are available with a TIN (Titanium Nitride) coating for even greater lubricity.

SAECO Moulds

Mould handles are ductile iron castings with solid hardwood grips. They should be ordered separately and fit all SAECO mould blocks (1-4 cavity).

Saeco Mould Handles ..... C25RB29000 ..... $67.99

SAECO Sizing Dies

SAECO sizing dies are made with a unique prelead that fits the "as cast" bullet diameter for a depth of approximately .3 inch. This special entrance throat insures that the bullet feeds into the sizing diameter in absolute straight alignment.

The constriction between the two diameters is a gentle taper which eliminates lead shearing and sizes the bullet concentrically. The dies are finished by internal honing known as micro-finishing which produces a mirror like finish and a sizing hole that is perfectly round. Your bullets will look like polished silver with no lead shavings.

SAECO Sizing Dies **$382.99**

Diameter	Item No.	Diameter	Item No.	Diameter	Item No.

SAECO Lead Hardness Tester

A precision instrument to accurately determine the hardness of a bullet casting alloy. A SAECO Lead Hardness Tester will pay for itself many times over by allowing you to convert inexpensive scrap lead of unknown composition into casting alloy of known and reproduceable hardness. It provides a standard by which you can check the quality of purchased cast bullets.

Lead Hardness Tester ..... C25RB42000 ..... $248.99

Instant Indicator

This instrument provides an extremely fast and accurate method for comparing the shoulder position of fired and/or sized cases and bullet seating depth uniformity. The addition of the "Range Adapter" makes this instrument more versatile and may now be used at the range or in the field without requiring the use of a reloading press.

- *Check uniformity of shoulder bump*
- *Check bullet seating depth uniformity*
- *Compare sized cases to fired cases to determine the amount of headspace*
- *Sort cases fired in two or more rifles • Sort sized cases for uniformity*
- *Set up sizing die correctly• Check trim length uniformity • Sort bullets for uniformity*
- *All Instant Indicators also include one bore diameter bushing, surface contactor, shoulder contactor, headspace gauge and complete instructions.*

Cyclone Case Dryer

The forced heated air circulation of the Cyclone will dry your brass inside and out within an hour or two, with no unsightly water spots. The five tray design allows for up to 1000 – 223 cases or 2000 – 9mm cases to be dried at one time, or the individual trays can keep your different caliber cases separate. Additionally, the dryer can be also be used for gun parts that have been ultrasonically cleaned. The drying trays have grids designed to hold the smallest cases, yet allow maximum air flow.

- *Holds up to 1000 – 223 cases or 2000 – 9mm cases*
- *3 hour timer • Fast drying time*
- *Recessed handles on trays for easy loading and unloading*
- *Works with brass cases or gun parts*

Deluxe 3-Die Rifle Sets

By adding both a premium Carbide Expander Assembly and a Neck Sizing Die, Lyman has created two die sets in one.

- *Deluxe Carbide Expander Assembly, with a free floating carbide sizing button, which smooths neck expansion by moving the button up the decapping rod to better use the press' leverage. It eliminates the need for inside neck lube.*
- *Neck Sizing Die which allows the case to retain the precise chamber dimensions of the individual rifle while avoiding excessive working of the brass. • Standard Full Length Sizing Die for taking brass down to factory Dimensions. • Standard Bullet Seating Die*

Universal Press Stand
The Lyman Universal Press Stand is the only press stand on the market that will accept most current single station, turret, and progressive presses of all brands. This heavy duty steel stand comes with two mounting plates pre-drilled for your favorite single station, turret, or progressive press.
- *All steel, heavy duty construction*
- *Accepts most single station, turret, and progressive presses*
- *Blank area allows custom drilling*
- *Raises your press 9 1/4" for a clear view of reloading operations*
- *Reduces fatigue*
- *Press mounting hardware is included*

Universal Press Stand
C25LY7726750.....$80.34

Brass Smith Powder Measure
The CNC machined steel metering cylinder features a micrometer adjustable thimble with reference lines so resetting the measure is easy. The reservoir is equipped with a powder baffle which maintains a consistent powder level for top accuracy. The cylinder also allows for the handle to be positioned on either side for true ambidextrous use, plus it can be positioned at different angles for maximum user comfort. The measure body is machine with a 7/8"x14 thread to fit all standard presses and stands. Also include two drop tubes to cover the full range of calibers.
- *Micrometer adjustment*
- *Ambidextrous metering cylinder/handle*
- *Multiple handle angle positions for optimum comfort*
- *CNC machined steel metering cylinder*
- *Includes powder baffle*
- *Machined with 7/8"x14 threads to fit presses and stands*

Brass Smith Powder Measure
C25LY7767700.....$68.29

T-Mag II Turret Reloading Press
The Lyman T-Mag II Reloading Press is competitively priced and made to last. For people who like reloading, this press has become a favorite. This press is extremely fast and, because of the reengineered design, is more versatile, powerful, and precise. The iron frame is high-tech and finished with a silver hammertone powder coat. Other features are the improved retention system that makes indexing smoother while still providing firm support, the flat machined base for easier mounting, compound leverage that guarantees a powerful yet smooth operation, and mounting handle for both right- and left-handed users

T-Mag Extra Turret Head.....C25LY7726153.....$80.32

Powder Pal™ Universal Funnel Pan
The One Piece Combination Powder Pal Funnel Pan. This unique Funnel pan saves time by saving one step during reloading. It is no longer necessary to put the funnel on the cartridge case and pour the powder in . Just pour it directly from the Funnel Pan into the case. Every reloader with an electronic scale will want to replace the powder pan with a Time Saving Powder Pal™ Funnel Pan.

Powder Pal™ Funnel Pan.....C25LY7752433 .....$7.37

E-Zee™ Powder Funnel
This handy funnel is unlike other funnels in that the specially designed powder nozzle will accept the full range of rifle calibers from .22 Hornet to .50-90 without powder seeping over the case. Handles even cases like the Winchester Super Short Magnums.

E-Zee™ Powder Funnel
C25LY7752431 .....$5.84

E-Zee™ Flo Universal Powder Trickler
Now the first powder trickler that works with any reloading scale, electronic or regular. Lyman's E-Zee™-Flo accessory powder Trickler features an adjustable base that adapts to even that highest scale platform. Powder Trickler tube has extension that allows use with electronic scale with larger platform base.

E-Zee™ Flo Powder Trickle.....C25LY7752477 .....$22.73

Brass Smith™ Powder Trickler
- Cast aluminum body
- Adjustable Height • The trickler also comes with an aluminum feed tube which can be set-up for a longer reach with the addition of the included feed tube extension.
- Large diameter knob on the feed tube gives you added precision and control

Brass Smith Powder Trickler
C25LY7752500.....$25.76

Brass Smith™ Powder Measure Stand
The new Brass Smith Powder Measure Stand can be mounted firmly to either a bench top or to a wall. Features standard 7/8"x 14 threads and will raise any measure high enough to easily position cases beneath the powder drop tube. Made of tough die cast aluminum.

Brass Smith™ Powder Measure Stand
C25LY7767788..... $29.80

Brass Smith® All-American 8-Station Turret Press Reloading Kit
It is equipped with an easily removed turret bolt which makes swapping turrets simple. The 8 die station turret is the largest available and will hold two complete 4 die sets or up to four 2 die sets. Below the turret is a rigid cast iron frame, housing a 1" diameter ram and compound linkage. The frame is large enough to work with even the longest rifle cartridges.

- Heavy duty cast iron frame and turret
- Extra-large 8 station turret is easily removed to make swapping turrets simple.
- Holds two complete 4 die sets or up to four 2 die sets • 1" diameter ram
- Comes with straight line primer feed with large and small primer tubes
- Precision fit and smooth operation • Weight 23 pounds
- Large press opening, works with the largest cases
- For added safety, the primer feed comes with a heavy steel shield which surrounds the primer tubes.
- Right or left hand operation • Durable powder coat finish

Kit Includes: *Brass Smith Turret Press, Brass Smith Powder Measure (not pictured), 50th Reloading Book, Pocket Touch 1500, Loading Block, Case Prep Multi-Tool, Magnum Bullet Puller, Primer Tray, E-ZEE Powder Funnel, Case Lube Kit Powder Dribbler, Universal Trimmer*

Pro Die Packs

Lyman Pro dies will set a new standard for reloading die performance! Designed for the tremendous volume of our Mark 7 presses, every aspect of these precision dies was carefully engineered for top performance. Of course, they work great in regular progressive presses as well as turret and single station presses.

Caliber	Item No.	Price

Brass Smith Pro Funnel System

The Pro Funnel is made to be completely static free, with a body of die cast aluminum and precision turned aluminum inserts. No more powder clinging to surfaces which can happen with lightweight plastic funnels. The solid construction and quality of the Pro Funnel will be apparent in its first use. This is no "one size fits all" funnel, the Pro Funnel uses precision machined, caliber specific inserts to properly fit the case neck. The inserts can be quickly and easily installed by simply pushing them into place and then pulling them out when changing calibers. The Pro Funnel also comes with a padded storage case that neatly stores extra inserts when not in use. The funnel comes with inserts for 22, 243/6mm, 25/6.5mm, 270/7mm, 30 and 338 caliber rifle cartridges.

- *Static Free aluminum die cast body and turned aluminum components*
- *Precision fit, CNC turned aluminum inserts for calibers 22 to 338 • Convenient handle*
- *Inserts are quick and easy to install and remove*
- *Includes padded storage case*
- *Inserts are laser marked for caliber identification*

Bass Smith Pro Funnel System

Brass Smith™ 500 Metal Reloading Scale

The Brass Smith 500 is built upon a sturdy aluminum body which reduces vibrations and ensures accuracy. The beam is double sided and the pan has two handles making it easy for right or left handed reloaders to use. In addition, the beam features black markings with a white background for easy reading throughout it's 505 grain capacity. The scale also features magnetic dampening and precision ground knife edges for fast, smooth and accurate operation. Each scale is carefully calibrated at the factory and is accurate to plus or minus 1/10 grain .

Brass Smith™ 500 Metal Reloading Scale
C25LY7752225 ..... $80.34

Scale Weight Check Set

This set of precision weights is invaluable for assuring the continued accuracy of older or heavily used scales. Also handy for checking any scale suspected of having been damaged.

The Deluxe 10-piece set has 210.5 grains total weight

Scale Weight Check Set .....C25LY7752313..... $48.45

Shooters Check Weight

Assures that scales provide accurate readings
The Shooters 8-piece set totals 60.5 grains for normal powder use range

Cyclone™ Rotary Tumbler

The rotary tumbling action combined with the stainless steel media and liquid cleaning solution, gets brass cleaner on the outside than vibratory tumbling methods. The small stainless pins easily slip inside cases and into primer pockets to provide superior cleaning action in these areas. Something that a vibratory tumbler will not do! The large capacity drum holds up to 1000 pieces of .223 brass and features a rubber lining to protect brass and greatly reduce noise during operation. A built in timer in the base can be set to run from 0 to 3 hours, shutting off automatically. The drum features a large end cap to allow easy loading and unloading.

Cyclone™ Rotary Tumbler *(115V)*.....C25LY7631550..... $252.64

Bleacher® Blocks for Rifle Caliber

- Made of tough, durable polymer, the Bleacher Blocks are molded in three sizes to closely fit a variety of rifle cases. One size fits 223 size case heads, another fits 308 size case heads and the third fits belted magnum size cases.

All hold 50 rounds.

- Molded to closely fit specific case sizes, .388", .485", & .565"
- Made of tough, durable polymer
- Unique stepped design makes it easy to add or remove cases, even when full
- Takes up less bench space than traditional blocks

.388" Rifle	C25LY7728085	$7.07
.485" Rifle	C25LY7728086	$7.07
.565" Rifle	C25LY7728087	$7.07

Bleacher® Blocks for Handguns

The handgun blocks follow the same proven stepped design of the rifle blocks, however with shallower holes suitable for handgun cases. Just like the rifle blocks, the stepped design allows you to easily grip a single case without jamming your fingers down into a group of cases like in traditional loading blocks. The stepped design also produces a smaller footprint so they take up less valuable bench space. Made of tough, durable polymer, the handgun size Bleacher Blocks come in two sizes to fit most popular handgun calibers and hold 50 cases.

- *Molded to closely fit specific case sizes, .455" and .565"*
- *Made of tough, durable polymer*
- *Unique stepped design makes it easy to add or remove cases, even full*
- *Takes up less bench space than traditional blocks*
- *.455" hole size fits: 380 Auto, 9mm Luger, 38 Super, 357 Sig, 38 Special, 357 Mag, 40 S&W, 10mmAuto*
- *.565" hole size fits: 44 Mag, 45 ACP, 45 GAP, 45 Colt, 454 Casull, 460 S&W, 500 S&W*

.565" Handgun - Large	C25LY7728089	$7.07

Custom Fit Loading Blocks

Lyman's Custom Fit Loading Blocks are designed to provide a precise fit for a family of cartridge sizes. Made from tough, durable polymer, Custom Fit Loading Blocks hold 50 cartridges and will securely nest together for easy storage. Custom Fit Loading Blocks come in 6 sizes to match up with a large variety of cartridges. Each block is clearly marked with the diameter of the cartridge storage hole.

.388" Loading Block	C25LY7728090	$5.84
.445" Loading Block	C25LY7728091	$5.84
.485" Loading Block	C25LY7728092	$5.84
.530" Loading Block	C25LY7728093	$5.84
.565" Loading Block	C25LY7728094	$5.84
.615" Loading Block	C25LY7728095	$5.84

Deluxe Anodized Aluminum Loading Block

Lyman's Deluxe Anodized Aluminum Loading Blocks are made for precision reloaders who want their equipment to be as high quality as the ammunition that they produce. The blocks are CNC milled from a solid billet of 6061-T6 aluminum to tight tolerances for a close fit to specific cartridges, unlike the common one-size-fits-all plastic blocks. The blocks are made in three sizes to fit most common rifle head sizes, and will hold 50 rounds. Blocks come with stick-on rubber non-slip feet to keep them from sliding on your bench.

.388" Hole Size	C25LY7728080	$48.50
.485" Hole Size	C25LY7728081	$48.50
.565" Hole Size	C25LY7728082	$48.50

MSR Ammo Check Block

Lyman MSR Ammo Checkers are machined from solid blocks of 6061 T6 aircraft grade aluminum and cut with custom tooling to minimum chamber dimensions. Their black anodized finish matches your favorite "black" rifle. Check the quality and consistency of both loaded rounds and purchased ammo. A must for any AR shooter. You can't afford mis-feeds, so get the easiest "Go" gauge available for modern sporting rifle calibers.

- *Covers 223/5.56, 6.5 Grendel, 6.8 Rem. SPC, 7.62x39, 300AAC Blackout, 450 Bushmaster, 458 SOCOM and 50 Beowulf*
- *CNC machined to minimum chamber specs*
- *Confirm ammo will chamber smoothly*

MSR Ammo Check Block .....C25LY7833003..$46.77

Ammo Checkers - Single Caliber

Lyman's multi-caliber Ammo Checkers have proven to be extremely popular with reloaders since their introduction last year. Ammo Checkers are gauges that verify the quality and consistency of both reloaded and factory ammo. They are machined from solid aluminum and cut with custom tooling to SAAMI minimum chamber tolerances. Just drop your cartridge into the gauge and if it fits, it will chamber in your gun.

Ammo Checkers™

- Drop loaded rounds into the gauge. If the loaded round easily fits into the gauge, and the rim is flush with the top, the round will fit in the guns chamber.
- Each caliber is clearly engraved on the gauge
- Machined from solid blocks of 6061 T6 aircraft grade aluminum and cut with custom tooling to SAAMI minimum chamber dimensions.
- Bright orange anodizing makes them easy to find on your reloading bench.

Universal Case Prep Accessory Kit

This handy kit is the perfect accessory to your Universal Case Trimmer. It contains everything you need to properly complete case preparation, all in a durable storage pouch. Save over 30% versus individual purchases.
- Primer Pocket Cleaners • Primer Pocket Reamers
- Primer Pocket Uniformers • Outside Deburring Tool
- Inside Deburring Tool - VLD Chamfer/Reamer

Case Prep Accessory Set ..... C25LY7810212 . $70.23

Primer Pocket Cleaner

Clean fouling out of primer pocket bottoms the easy way with this Lyman Primer Pocket Cleaner, which comes in large or small sizes.
Primer Pocket Cleaner, *(Large)*..... C25LY7777790 . $10.90
Primer Pocket Cleaner, *(Small)*..... C25LY7777791 . $10.90

Large Pistol Primer Pocket Uniformer

The Large Pistol Primer Pocket Uniformer is designed to cut primer pockets to a uniform depth that can produce more consistent ignition and lead to greater accuracy. The Primer Pocket Uniformer cuts to a uniform depth and at the same time squares the seating surface for the anvil of the primer.
Large Pistol Primer Pocket Uniformer
C25LY7810219 ..... $23.23

Primer Pocket Reamer

The Pocket Reamer removes military crimps and rough metal edges from primer pocket. It's a must for all reloaders. Available in large or small sizes.
Primer Pocket Reamer *(Large)* ..... C25LY7777785 . $10.90
Primer Pocket Reamer *(Small)*..... C25LY7777784 . $10.90

VLD Chamfer/Reamer

Lyman's VLD Chamfer/Reamer eliminates damage to bullets caused by the sharp edges of the cartridge case neck. The long boat tail on bullets are cut by the case mouth when chamfered with a standard 45 degree reamer. The sharp 22 degrees on the VLD reamer allows all bullets to slip easily into the case ensuring the best accuracy. *One size fits all.*
VLD Chamfer/Reamer..... C25LY7777789...$14.13

Outside Chamfer Tool

Lyman's Outside Chamfer Tool easily deburs the outside case mouth to leave a smooth even finish. Works on cartridges from 17 cal to 45 cal. Compliments the VLD (Very Low Drag) Inside Chamfer Tool.
Outside Chamfer Tool ..... C25LY7810222.. $13.63

Flash Hole Uniformer

This handy tool removes internal flash hole burrs. Features a tool steel cutter which is inserted into the flash hole through the case neck. Adjustable stop collar allows use with any size case. Burrs are removed with a clockwise turn.
Flash Hole Uniformer ..... C25LY7777760..... $16.66

Lyman Case Care Kit

This handy kit combines many of Lyman's most popular case prep items. The utility crank with adapter is perfect for saving time on small hand prep jobs. It accepts most Lyman accessories and any tool with an 8-32 thread. In addition, the Case Care Kit includes both Large and Small Primer Pocket Reamers and Cleaners, the Inside/Outside Deburr Tool, Ream Clean Adapter and Case Centering Adapter for Lyman Universal Trimmer.
Case Preparation Kit..... C25LY7777793 ..... $50.01

50 BMG Case Prep Multi-Tool

The unique knurled handle untreads in the middle to store all the parts. Both ends of the handle are threaded to allow a toolhead to be mounted on each end. In addition to the double ended, storage handle the set includes:
- *.50 Cal. Outside Deburring Tool*
- *.50 Cal. VLD Inside Deburring Tool*
- *.50 BMG Primer Pocket Reamer, Cleaner, and Uniformer*
- *Large & Small Primer Pocket Reamers*

50 BMG Case Prep Multi-Tool .... C25LY7777811.....$63.67

4500 Lube Sizer

The 4500 Lube Sizer is a delight to use.

It features:
- Solid one piece bottom casting use with hard bullet lubricants.
- Available with or without built in heating element and available in both 115 volt and 220 volt.
- New longer ball knob handle for more leverage for sizing and lubricating the largest bullets.
- Complete with Gas check seater and complimentary lube.

#4500 Sizer-Lubricator C25LY2745880 $260.66
#4500 Sizer-Lubricator *w/ Heater (115V)*..... C25LY2745892 $276.96

Lube/Sizer Heater

The new Lyman Lubricator Heater was designed for today's new high temperature lubes. It heats the Lube/Sizer to the right temperature allowing smooth, effortless bullet lubrication. The mounting plate is drilled and tapped for Lyman 450, RCBS, Saeco and Star Lube/Sizers. Plugs into standard 110 volt outlet
(comes complete with mounting hardware).

Lube Sizer Heater ..... C25LY2745885 ..... $70.73

Warning:
Melting lead and casting lead objects will expose you and others in the area to lead, which is known to cause birth defects, other reproductive harm and cancer.
See Instructions on Reducing Exposure supplied with product.

Mag 25 Digital Electric Furnace

- Advanced digital thermostat control with simple-to-use key pad
- Separate digital displays for temperature setting and actual lead temperature
- Larger 25 pound capacity
- Universal mould guide accepts most Lyman, RCBS, Redding/Saeco and Lee moulds
- Built-in storage compartment
- Powerful 850 watt heating system for fast warm-up
- Warming shelf for pre-heating mould blocks
- Reliable bottom pour system for increased bullet production

Mag 25 Digital Furnace *(115V)*.....C25LY2800382...$432.59

Lead Pot

Lyman's new 10 lb. Cast Iron lead pot allows the bullet caster to use any source of heat for melting his lead alloy. Nominal pot capacity is ten pounds of alloy. Flat bottom prevents tipping. New design includes convenient pour spout.

Lead Pot .....C25LY2867795..... $27.79

Digital Lead Thermometer

The Lyman Digital Thermometer is a fast and accurate way to check the temperature of your casting alloy.
The long 6" probe will work with the largest casting furnaces and keeps your hand away from molten lead. The large, easy to read display can be set for Fahrenheit or Celsius and also features a hold button to lock a reading on the display.
- *Fast and Accurate*
- *6" Long Probe to Work with Large Furnaces*
- *Easy to Read Display*
- *Fahrenheit or Celsius*

Digital Lead Thermometer
C25LY2867797..... $32.64

Ingot Mold

Useful when melting down scrap lead or when blending alloys. Forms four, easy-to-stack ingots.

Ingot Mould.....C25LY2837794..... $31.83

Lead Dipper

Wooden Handle, cast iron head.

Lead Dipper.....C25LY2867790..... $29.80

Orange Magic Premium Bullet Lube

High Performance Orange Magic Bullet Lubricant starts where other high temperature lubes stop performing. Guaranteed to allow use of cast bullets at higher velocities without leading. Its low smoke output makes it ideal for rapid fire pistol shooting. It won't melt out of loaded ammunition at high temperatures.

Orange Magic Premium Bullet Lube
C25LY2857286..... $5.84

"Big Dipper" Casting Starter Kit

Includes "Big Dipper" electric casting furnace with 10+ lbs capacity, Lyman Casting Dipper, Ingot Mould for storing excess lead, Super Moly Bullet Lube and the Instruction Guide for Lyman Reloading & Bullet Casting Products.

"Big Dipper" Casting Starter Kit.... C25LY2800375 . $152.61

"Big Dipper" Electric Casting Furnace

Lyman's "Big Dipper" casting furnace features fast heat-up time with heat control to +/- 10 degrees. Easy "on-off" temperature dial. Compact size with wide mouth for easy ladling. Heavy duty aluminum construction with stable non tip design.

"Big Dipper" Electric Casting Furnace
C25LY2800350.....$80.85

Top Punches

For 450 Sizer/Lubricator

Lyman Top Punches are precisely machined to fit bullet nose perfectly. This eliminates nose deformation. Will fit Lyman's 4500 and similar sizer/ lubricators.

All Top Punches $14.63

The ZERO Reloading Press

Milled from all-American billet aluminum and stainless steel, this press moves with the help of 14 bearings, including a self-lubricating linear sleeve bearing, guiding the precision-ground 1.25″ ram with less than .0006″ of diametric clearance.

- *Turret head allows you to change between dies*
- *4.4" ram-stroke • Total opening of 4.75″*
- *More efficient energy transfer from handle to ram via bearing-guided motion*
- *Adjustable/interchangeable handle setup*
- *Internally contained primer-catch system*
- *Made in America*

Spring-Loaded Decapping Die

NOTE: Not for use with cartridges 20 cal or smaller.

- Spring loaded decapping pin, with replaceable heads
- Body of the die is aluminum, moving parts aresteel construction
- This die will work with cases up to and including 338 Lapua length/diameter with no need for different inserts, and is compatible with any common press or shellholder.

C25AH41978DECAP $49.49

Sizing Die Mandrel Kits

A core part of the ZERO Sizing Die design is a precision ground, full-length mandrel. Designed to provide the greatest consistency in neck tension, these were also meant to be interchangeable, allowing the reloader to select the amount of neck tension that works best for them. Our mandrels are ground 17-4PH Stainless Steel, and black nitrided for smooth and long-lasting operation.

- *Includes (4) Mandrels & (1) spare decap pin*

Zero Headspace & Ogive Measurement Gauge Kit

Headspace gauges don't need the be complicated, they just need to be correct, and exceedingly consistent. This led us to a traditional datum-style gauge – as we believe it provides the most true measurement – cut with a reamer to keep our diameter, face, and radius as consistent as possible.

- *Includes all sizes of headspace gauges (.330, .350, .375, .400, .420, Rimfire), all bullet ogive gauges, and the gauge body, anvil and storage tray*

Complete Head Kit ..... C25AH419OGIVEKIT $296.49
Stand Only ..... C25AH419OGIVEBASE $79.49

Billet Loading Block

- Clear Anodized Finish
- 6061-T6 Aluminum
- 9.5″ x 4″ x 5/8″
- 9.5″ x 4″ x 5/8″
- Holes are 0.500″ deep
- Hole bottoms have a small "divot" in the very center to catch powder kernels and prevent any possible accidents with primers

FRANKFORD ARSENAL™

Essential Reloading Kit

The Frankford Arsenal Essential Reloading Kit is a great all-encompassing option for anyone looking to get into the reloading space. This kit contains quality, easy-to-use reloading tools to make the process as straightforward and enjoyable as possible.

- *Single Stage Press • Bench Top Powder Measure*
- *Aluminum Powder Funnel Kit*
- *Perfect Seat Hand Primer*
- *Electronic Calipers • DS-750 Powder Scale*
- *Powder Trickler*
- *Universal Reloading Tray*

Essential Reloading Kit
C25PH1198151..... $409.99

Rotary Tumbler Lite Essentials Kit

The Rotary Tumbler Lite Essentials Kit provides the key rotary tumbling cleaning tools needed to make your brass look brand new.

- *Rotary Tumbler Lite • Wet/Dry Media Separator*
- *2 lbs of stainless steel media*

Rotary Tumbler Lite Essentials Kit
C25PH1199452.....$175.99

Rotary Tumbler Lite Professional Kit

The Rotary Tumbler Lite Professional Kit provides everything needed to perform rotary tumbling brass cleaning from start to finish.

- *Rotary Tumbler Lite • Wet/Dry Media Separator*
- *Brass Dryer • 2 lbs of stainless steel media*

Rotary Tumbler Lite Professional Kit
C25PH1199453.....$239.99

Intellidropper® 2.0 Electronic Powder Measure

- Patented Powder Calibration optimizes powder flow for fast, accurate powder charges
- Ultra quiet precision stepper motor provides ultimate precision and industry leading dispense time
- PDispenses charges up to 250 grains with +/- 0.1 grain accuracy
- PBluetooth connectivity to free Frankford Arsenal app for remote control and load data storage
- P1 lb. capacity powder hopper with easy turn drain valve
- PEasy-to-read color touchscreen

Intellidropper™2.0 Electronic Powder Measure
C25PH1217412.....$219.99

Intellidropper® Electronic Powder Measure

- Bluetooth® capability
- Large back-lit LCD display
- Stores load data in free downloadable app
- Auto and manual trickle capability
- Self-optimizing powder calibration
- +/- 0.1 grain accuracy

App Features:

- *Preloaded bullet and powder databases*
- *Preloaded cartridge list*
- *Preloaded powder list (Hodgdon®, Alliant Powder®, etc.)*
- *Preloaded bullet database with bullet type, weight, ballistic coefficient and sectional density*
- *Input case, primer, length of barrel and more!*

FRANKFORD ARSENAL™

X-10 Progressive Press with Case Feeder

Designed by reloaders for reloaders, the Frankford Arsenal X-10 is a 10-station automatic indexing reloading press purpose-built from the ground up to be the ultimate progressive reloading press. At its core, the X-10 features rigid steel construction with multiple ball bearings, and a proprietary 10-station shell plate which all combine to virtually eliminate powder spillage and bullet tipping. The X-10 offers innovative improvements like dual decapping stations to prevent primer drawback, in-line primer pocket swaging capability (for both small and large primers), and the ability to run powder check and case trimming dies.

- *10 Station Press*
- *Case Feeder Included*
- *Case Activated Powder Measure*
- *Integrated Bearings For Smooth Operation*
- *In Line Primer Pocket Swaging*
- *Spring Loaded Case Locator Buttons*
- *Load Cartridges Up To 30/06 Length*
- *Shell Plates For Popular Calibers*
- *Optional Bullet Feeder*

X-10 Progressive Press with Case Feeder
C25PH1178469 ..... $999.95

F1 Single Stage Press

- *Ram rides in ball bearings for smooth operation*
- *Loads up to 338 Lapua length cartridges*
- *Integrated LED light*
- Compatible with standard 7/8"x14 dies
- Uses standard shell holders
- No-mess primer catch uses bottle or hose barb
- Works with 1-1/4" and standard 7/8"
- Selectable cam over or stop operation
- Solid steel rod frame pillars

Frankford Arsenal F1 Single Stage Press-
C25PH1122194 ..... $132.99

Precision Single Stage Press

- Heavy duty iron frame and linkages for smooth operation with no flex • Compatible with standard 7/8x14 dies
- Anti-rotation shell holder uses standard shell holders
- Spill free fully contained primer catch keeps benchtops and floors clean
- Integrated LED lights illuminate the work area

C25PH1218944 ..... $299.99

Precision Turret Press

- 8 station turret allows for quick caliber changes without loosing die settings
- Thrust bearing turret head for smooth rotation with reduced flex
- Heavy duty iron base and linkages for smooth operation without flex
- Anti-rotation shell holder retainment system uses standard shell holders
- Spill free fully contained primer catch keeps benchtops and floors clean

Integrated LED lights illuminate the work area
C25PH1222391 ..... $339.99

Precision Turret Press Spare Turret
C25PH1226971 ..... $22.99

Swage Support Die

- For Use With X-10 Progressive Press Or Other Reloading Systems That Utilize Inline Swaging
- Standard 7/8"X14 Threads
- Leave Installed On X-10 Tool Head For Fast Caliber Swaps

Swage Support Die
C25PH1198264 ..... $112.99

FX10 Progressive Press Tool Head

Compatible with the FX-10 Progressive Press, this replacement tool head allows for quick and easy swapping between calibers & reloading operations. This tool head will eliminate the headache of swapping and setting dies, keeping you behind the press reloading precise ammunition.

- Standard 7/8"x14" dies

FX10 Progressive Press Tool Head
C25PH1136231 ..... $112.99

FX10 Case Activated Powder Measure

- Static free aluminum body
- Unique hopper shape prevents powder bridging
- Micrometer adjustable powder dispensing
- Powder drum rides in ball bearings for smooth operation

FX10 Case Activated Powder Measure
C25PH1136232 ..... $132.99

Bench Top Powder Measure with Stand

- Static free aluminum body • Compatible with .22-.50 Cal
- No binding or bridging of powder • Micro adjustable dispensing
- Handgun powder drum available • Bench mount plate
- Powder drum rides in ball bearings for smooth operation

Bench Top Powder Measure with Stand ..... C25PH1136233 ..... $107.99
Precision Micrometer Drum Kit ..... C25PH1145115 ..... $42.99
Replacement Reservoir ..... C25PH1145117 ..... $10.99

X-10 Bullet Feed Caliber Conversion Kits

- Kit Includes Bullet Feed Die Assembly And Bullet Feed Plate
- Integrates Seamlessly Into The X-10 Tool Head
- Feeds And Seats Bullets In The Same Station
- Micrometer For Adjustable Seating Depth (0.001") For Fine-Tuning Bullet Seating

Pistol – 9mm Luger Kit ..... C25PH1194188 ..... $154.99
Pistol – .38 Super Kit ..... C25PH1194189 ..... $154.99
Pistol – .40 S&W Kit ..... C25PH1194190 ..... $154.99
Pistol – .45 ACP Kit ..... C25PH1194191 ..... $154.99
Rifle – .22 caliber Kit ..... C25PH1194192 ..... $119.99
Rifle – .243/6mm Kit ..... C25PH1194193 ..... $119.99
Rifle – .264/6.5mm Kit ..... C25PH1194194 ..... $119.99
Rifle – .30 caliber Kit ..... C25PH1194195 ..... $119.99

X-10 Powder Measure Reloaction Kit

- Allows powder drop to take place in station six, freeing up space for other operations after powder.
- Relocating to station six does not sacrifice the positive reset feature on the powder measure.
- Allows the ability to run additional dies like powder check, bullet crimp, and other dies there would not have been space for before.

Powder Measure Relocation Kit .... C25PH1201583 ..... $16.99

X-10 Index Assembly

An extra X-10 Index Assembly is a great spare part to have on hand to eliminate downtime in case the factory-installed assembly wears.
X-10 Index Assembly ..... C25PH1201678 ..... $12.49

X-10 Bullet Collator

- Automatically Feeds Rifle Bullets
- Mounts Directly to X-10
- Feeds .22-.30 cal rifle bullets with included plate
- Requires caliber conversion kit (sold sparately)

Rifle ..... C25PH1182972 ..... $119.99

FX10 Progressive Reloading Press Shell Plates

#0 (9mm/.38 Super) ..... C25PH1136230 ..... $75.99
#1 (.38Spl/.357 Mag) ..... C25PH1135901 ..... $75.99
#2 (.45ACP/.308) ..... C25PH1135902 ..... $75.99
#4 (.223) ..... C25PH1135903 ..... $75.99
#11 (.45 LC) ..... C25PH1135904 ..... $75.99
#19 (.40 S&W/10mm) ..... C25PH1135905 ..... $75.99

X-10 Primer Tube Kit

- 100 Primer capacity per tube allows the ability to pre-load an extra 300 primers ahead of a loading session.
- Primer tube kits are available for both small and large primers.

Small Primer Tube Kit (3/pk) ..... C25PH1201679 ..... $12.49
Large Primer Tube Kit (3/pk) ..... C25PH1201680 ..... $12.49

X-10 Spare Locator Button

The X-10 Spare Locator Buttons are small but crucial parts of the X-10 that can be easily lost or misplaced. Having an extra set on hand prevents downtime and provides peace of mind should the originals that came with the unit get misplaced.
Small (8/pk) ..... C25PH1201681 ..... $12.49
Large (8/pk) ..... C25PH1203182 ..... $12.49

Dielocker Lock Rings

- Anodized Aluminum lock ring construction provides maximum durability and ensure the rings last a lifetime
- The slim lock ring wrench and lock rings are designed to easily make adjustments in tight spaces – a common occurrence on progressive and turret presses
- Reference marks (every .001") on lock rings allow for finite adjustments of reloading dies ensuring unmatched precision
- Split-ring design provides exceptional locking force while protecting die threads
- Compatible with standard 7/8"-14 dies for use with almost any press and die combination

Dielocker Lock Rings w/Wrench .... C25PH1202448 ..... $11.49

X-10 Replacement P-clip & Screw

The P-clip on the X-10 Tool Head is fragile and can break easily when changing out dies or doing a caliber conversion. Having an extra set on hand prevents downtime and provides peace of mind should the factory-installed unit break or become damaged.
Replacement P-clip & Screw ..... C25PH1202456 ..... $4.49

X-10 Swage-Prime Pin Assembly

The X-10 Large Swage-Prime Pin Assembly contains a swage and prime pin, which are crucial parts of the X-10. Having an extra set on hand prevents downtime and provides peace of mind should the factory-installed units wear or get damaged.
Large Swage-Prime Pin Assembly ..... C25PH1203181 ..... $12.49
Small Swage-Prime Pin Assembly ..... C25PH1201682 ..... $12.49

FRANKFORD ARSENAL™

M-Press™ Coaxial Reloading Press

- Ambidextrous Handle • Heavy-duty cast iron construction
- On/Off button for integrated LED Light • Floating shell holder block allows for precise bullet-to-case alignment • Selectable cam over operation
- Removable spend primer tray
- Easy-to-adjust integral Patent Pending sliding universal shellholder system
- Quick-change die blocks fit standard 7/8"-14 reloading dies
- Spent-primer catcher tray • 2 parallel guide rods for stability
- Loads .22 Hornet - .338 Lapua Magnum sized cases
- Integrated LED light shines onto work area
- Can be set up to Cam Over or not Cam Over
- 3 aluminum die blocks included

M-Press™ Reloading Press
C25PH1097879 ..... $214.99

Die Blocks 3 Pack with Storage Case

- Die block set allows you to set your dies and store them locked in place in the storage area
- 3 die blocks for Frankford Arsenal® M-Press™ Reloading Press • Aluminum construction
- Brass allen set screw keeps die settings in place without ruining threads
- Storage case holds 3 dies with blocks installed
- Storage case is stackable

Die Block w/Storage Case *(3-Pack)* ..... C25PH1097880 ..... $18.49

Universal Bullet Seating Die

The Universal Bullet Seating Die works with .224 to .338 caliber bullets. Featuring a cutout window die body, the Universal Bullet Seating Die holds the bullet in place while seating. The built-in micrometer allows for precise .001" micro-adjustments to the seating depth of the bullet. Includes 9 bullet alignment sleeves, 3 VLD bullet seating stems, and a molded storage case. (Note: one alignment sleeve and one VLD bullet seating stem are preassembled inside the die.)

Universal Bullet Seating Die ..... C25PH1116715 ..... $81.99

Pile Driver Bullet Puller

The new Pile Driver Bullet Puller from Frankford Arsenal is designed to mount to your bench or wall for convenient access. The easy lever design uses spring power to pull bullets from cartridges up to 30-06 length. Bullets and powder are captured in an included trap or an optional barbed fitting is provided for attaching a tube to collect with ease.

Pile Driver Bullet Puller
C25PH1116083 ..... $51.99

Case Trim & Prep Center

- Adjustable Collet System works with all cases from 17 Remington® to .460 Weatherby
- (Cases must have a shoulder)
- Indexes cases on the shoulder for speed and precision
- Makes Trimming and Chamfering Cases fast and easy with no need for shell holders
- VLD Inside Chamfering Tool makes loading easier and prevents damage to bullets
- Outside Chamfer Tool, Large and Small Primer Pocket Cleaning tools included
- 3 Output shafts accept all case trimming accessories with 8-32 threads
- Ultra-Hard HSS Cutters stay sharp for thousands of rounds to make trimming quick and easy
- Can be operated in a variety of positions with included adjustable stand and non-skid feet
- Built-in storage box holds extra tools and keeps everything ready and organized

Case Trim & Prep Center ..... C25PH903156 ..... $209.99
240V Case Trim & Prep Center ..... C25PH1094737 ..... $205.99

Case Prep Essentials Kit

- Inside chamfer tool • Outside deburr tool
- Large & small primer pocket uniformer/cleaner
- Large & small primer pocket crimp cutter tools
- Made of hardened high speed steel

Case Prep Essentials Kit
C25PH909214 ..... $51.99

Case Prep Expansion Kit

- Made of hardened high speed steel (HSS)
- Large and small primer pocket uniformer/cleaner
- Large and small primer pocket crimp remover
- Standard 8-32 threads fits Case Trim & Prep Center's auxiliary shafts

Case Prep Expansion Kit
C25PH909215 ..... $38.99

Rotary Tumbler Lite

- Perfect size for tumbling brass on your bench • Maintenance free geared drivetrain
- Smaller, more compact design allows for smaller tumbling batches
- Easy twist cap with clear window to view tumbling
- Simple On/Off operation
- Base: 8"W x 9"L x 11.25"H; 10" Drum Length
- Smaller, more compact design • Easy ON/OFF operation
- Holds up to 300 pieces of .223 brass
- Works great with Frankford Arsenal® stainless steel media
- Leak-proof cap design with rubber seal
- Clear viewing window in cap
- 3.3L capacity

Rotary Tumbler Lite ..... C25PH1097878 ..... $114.99

Rotary Tumbler Straining Caps

- Robust mesh caps let you rinse brass and stainless media after tumbling without worry of losing pins
- Wire mesh straining caps for the Platinum Series Rotary Tumbler and NEW Rotary Tumbler Lite
- Conveniently packaged with 2 Caps to allow through straining on the Rotary Tumbler drum
- Allows you to strain water out of the drums without worrying about losing any tumbling pins

Straining Cap ..... C25PH1097883 ..... $10.99

Wet/Dry Media Separator

- Ideal for both wet or dry cleaning processes!
- Perforated sifter allows media to fall through while retaining cleaned brass!
- Includes 2 installed strainers to separate wet media from water!
- Includes two sifting handles for ambidextrous use when separating brass from media
- Rugged rubber latch keeps sifter closed even with heavy loads of brass and media
- Spill proof tub fully captures water, dry media and stainless steel pins
- The tub top includes a mesh strainer to rinse brass during wet separating to remove any left over cleaning solution
- Mesh strainers for draining the water from the tub base without losing stainless steel pins

Wet/Dry Media Separator ..... C25PH507567 ..... $45.99

Platinum Series Case Prep Center

Have all of the case preps tools you need in one place with the Frankford Arsenal Case Prep Center. This little reloading station allows for 4 heads to be run at the same time, allowing for a quick and smooth case preparation experience. Never let a head be out of reach, by utilizing the retention slot on the side while not in use. This of this efficient and compact reloading center saves time and reduces the number of tools needed to reload your own ammunition.

- *Features 4 powered tool stations and comes with (1) inside chamfer tool, (1) outside deburring tool, (1) small primer pocket scraper and (1) large primer pocket scraper*
- *Hardened High Speed Steel (HSS) tools stay sharp for thousands of rounds*
- *8-32 threaded output shafts accept a wide variety of aftermarket case prep tools*
- *200 RPM output shafts prep brass quickly and efficiently*
- *Durable aluminum design*

Frankford Arsenal Platinum Series Case Prep Center
C25PH1077094 ..... $129.99

Platinum Series Stuck Case Remover

- *Provides optimal leverage with the use of a reloading press*
- *Case removal with no extra tools required*
- *No need to remove or adjust the sizing die*
- *Adjustable clamp works on .17 Rem.-.338 Lapua cartridge sizes*
- *Remover uses shell holder to secure to press*

Frankford Arsenal Platinum Series Stuck Case Remover
C25PH1078192 ..... $33.49

Aluminum Powder Funnel Kit

The Frankford Arsenal Aluminum Powder Funnel kit helps you easily fill cases .17 caliber and up with precision by virtually eliminating incidences of spilled powder and static cling. The aluminum funnel and its caliber corresponding, O-ring sealed, laser engraved aluminum nozzles are finished in sleek black chrome to keep your powder static free and eliminate occurrences of spilled powder for a safe, clean workbench and consistent loads.

- Static free aluminum construction
- 8 interchangeable nozzles fit .17-.45 cal
- Laser marked for easy caliber ID
- Smooth black chrome finish
- Storage case included

Aluminum Powder Funnel Kit ..... C25PH1136021 ..... $27.99

Brass Dryer

The Brass Dryer is a high-capacity unit that can dry up to 1000 pieces of .223 rifle brass or up to 2000 pieces of 9mm pistol brass. This dryer can dry your brass cases inside and out in under an hour.

- *Specifically designed to dry brass after Rotary Tumbling or Ultrasonic cleaning*
- *Vented trays provide the best airflow to minimize drying time*
- *Top-mounted fan, circulates up to160°F air to quickly dry the brass inside and out*
- *5 removable trays easily dry up to 1,000 pieces of .223 brass in less than 1 hour*
- *Heavy Duty 500 watt unit*

Brass Dryer.....C25PH909213.....$66.99
Brass Dryer - 220-Volt.....C25PH110123.....$75.99

Rotary Tumbler 7L

Rotary tumbling with stainless steel media in a liquid bath gets brass much cleaner, and works much faster than ultrasonic or vibratory tumbling methods

• Built-in timer • Drum features clear end caps. A set of sifting end caps is also included to assist in separating the stainless media. The tumbler can effectively clean without the use of stainless media pins with a mixture of Frankford Brass Cleaning Solution and water. Five pounds of 304 stainless steel media pins and a sample packet of Frankford Brass Cleaning Solution are included

- *Large 7 liter capacity • Tumble up to 1000 .223 Brass Cases*
- *Dual layer drum with noise dampening rubber lining*
- *Includes 5lbs of stainless steel media pins ($49.99 value)*
- *Maintenance free geared drivetrain (No belts to replace!)*

Rotary Tumbler 7L.....C25PH909544.....$194.99

Quick-N-EZ Case Tumbler

The Frankford Arsenal Case Tumbler provides a quick, easy, and economical means to clean your brass. Used in conjunction with Frankford Arsenal Walnut and Corn Cob Medias, the Case Tumbler removes fouling, lube, and oxidation quickly and conveniently. It will hold up to 600 9mm or 350 223 cases.

Quick-N-EZ Case Tumbler.....C25PH855020.....$57.99
Brass Polish 8 oz Bottle.....C25PH887335.....$16.49

Quick-N-EZ Case Tumbler Kit

Includes:

- Quick-N-EZ Case Tumbler
- Quick-N-EZ Rotary Media Separator • 4oz Brass Polish
- 3lb Cleaning Media
- Plastic Bucket

Quick-N-EZ Case Tumbler Kit
C25PH645880.....$99.99
Quick-N-EZ Rotary Media *Separator Only*
C25PH507565.....$37.99

Stainless Steel Media Pins

- 304 Stainless Steel
- Ideal for Rotary Tumbling
- Magnetic for convenient handling
- Lifetime use

STS Media Pins - 2lb.
C25PH1097884.....$23.99
STS Media Pins - 5lb.
C25PH909191.....$52.99

Media Release Magnet

The Transfer Magnet is ideal for handling stainless media pins. It effectively gathers and then releases pins with a pull of the handle. Makes separating pins from brass fast and convenient.

- *Easily handle and transfer 304 stainless media pins*
- *Gathers then releases when handle is pulled*
- *Ideal accessory for rotary tumbling*

Media Release Magnet.....C25PH909271.....$16.99

Precision Powder Scale

- Capacity: 1500 grain (100 gram)
- Accuracy: 0.1 grain (0.01 gram)
- LCD display with blue backlight
- Integrated protective cover
- Storage case holds scale, pan and calibration weights
- Includes 2 calibration weights for a 3 point calibration
- Podium indentations easily index arrows shafts
- Measures in: grains, grams, ounces and carats • Tare Function
- Stability Indicator • Auto shutoff after 180 seconds
- Power: 110V/ 220V or 4 AAA batteries (included)

Precision Powder Scale.....C25PH909672.....$102.99

DS-750 Digital Reloading Scale

- Capacity: 750 grain • Accuracy: 0.1 grain
- LCD display with blue backlight • Integrated protective cover
- Carry pouch holds scale, pan and calibration weights
- Auto Calibration • Measures in: grains, grams, carats, and ounces • Tare Function and Counting Function
- Overload protection • Auto shutoff after 60 seconds
- Power: 2 AAA Batteries (Included)

DS-750 Digital Reloading Scale
C25PH205205.....$37.99

Quick-N-EZ Impact Bullet Puller

Impact-type Bullet Pullers are the most convenient means of separating and salvaging components, whether it's surplus military ammo, questionable loads, or for whatever reason. The Frankford Arsenal bullet puller is lightweight and durable, featuring durable aluminum collets that will stand up to thousands of uses. Pulls bullets from ever cartridge from 17 Remington to .45-70, whether rimmed or rimless. Don't wait until you need it!

Bullet Puller.....C25PH836017.....$17.49

Reloader's Labels

These peel & stick labels help you record all of the important data about your pistol, rifle or shotgun handloads for future reference and replication.

Pistol & Rifle Reloader Label *(100-Pack)*
C25PH202364.....$8.99

Corn Cob Media

4.5 lbs Plastic Container.....C25PH287178.....$15.99
7 lbs. Box.....C25PH108729.....$12.99

Walnut Hull Media

5 lbs Plastic Container.....C25PH881538.....$17.99
5 lbs Plastic Container.....C25PH347338.....$18.99

Rotary Sifter

- Includes (2) splash fins
- (2) bucket supports

Rotary Sifter Only.....C25PH683551.....$24.99

Quick-N-EZ Standard Media Separator

Sits conveniently on top of most 3 1/2 or 5-gallon plastic buckets. Side walls are 4 3/4" in height, giving it the capacity to hold a tumbler full of brass and media. Perforated bottom lets the media fall through, leaving clean brass behind.

Standard Media Separator.....C25PH121925.....$9.49

Brass Cleaning Solution

- Specifically designed to clean brass cases
- Concentrated formula

Brass Cleaning Solution *(32 oz)*.....C25PH878787.....$19.99

Quick-N-EZ Brass Polish

4 oz. Bottle
C25PH845677.....$8.99

Case Lubricant

These convenient, fast-drying liquid provide quick lubrication of the case body before resizing

Case Lubricant, 8 oz. Spray Pump
C25PH460478.....$11.49

Drop Out

The modern way to "smoke" bullet molds. Applied to the cavities of a cold, clean bullet mold, Frankford Arsenal Drop Out literally allows the just-cast bullets to "drop-out" with no tapping or pounding.

8 oz. Aerosol.....C25PH763758.....$12.99

Reloading Stand

The frame is made of 1-½" tube steel and opens to 34" x 21" to provide an extremely rigid workstation. The frame is height adjustable from 28.5" to 45" to suit reloading from a sitting or standing position. The tabletop is width adjustable from 13" x 12" to 39" x 12" so it can accommodate all types of reloading processes. The durable wood center section is ideal for mounting a press, powder measure or other fixed position tools while the side shelves easily accommodate any free standing trimmers, scales or almost any reloading tools. The Stand includes two side bins for holding components or small tools to suit any task. Weight 30 lbs.

- *Extremely stable and rigid work platform Steel frame construction*
- *Tabletop height adjustable 28.5" to 45"tall*
- *Tabletop width adjustable 13"x 12" to 39" x 12"*
- *Folds compactly for storage • Includes two storage bins*

Reloading Stand
C25PH489621 .....$174.99

Universal Reloading Tray

The Universal Reloading Tray can be used with a wide variety of rifle cartridges from .17 caliber up to .458 caliber. It also works well for handgun cartridges from 9mm to 500 S&W with a 50 round capacity, it conveniently holds brass during different stages of the reloading process.

- 50 Round Capacity

Universal Reloading Tray ..... C25PH393939 .....$8.99

Perfect Fit Reloading Trays

- Precise Case Fit Prevents Wobbling And Powder Spillage
- Numbered For Easy Caliber Identification
- 2 Pack Keeps Batches Of Brass Separated During Reloading
- 9 Tray Options Fit Most Popular Calibers

	Caliber Fit	Item No.	Price
Tray #2	5.56/.223 Rem, .300 BLK	C25PH1183635	$13.99
Tray #3	9mm Luger	C25PH1183637	$13.99

Tray #8	.338 Lapua, .45-70 Gov	C25PH1183644	$13.99

Hand-held Depriming Tool

This system is fully contained. It even captures the spent primers in a collection tube so you can dump them later. Our Universal Collet System can handle brass from .20 cal all the way up to .338 lapua. This deprimer can even deprime pistol brass. Military crimped primers are easily removed as well with the full length ergonomic grip.

- *Extremely efficient design for ease and speed of depriming*
- *Universal collet system to deprime brass from .20 cal up to .338 Lapua*
- *Robust die cast aluminum construction for extended use*
- *Auto-ejecting case holder for easy removal of deprimed cases*
- *Comes with 3 different collets for different diameter cases*
- *Features an easily removable spent primer catch tube • Easily deprime crimped primers*
- *Works on pistol and rifle brass • Ergonomic grip*

Hand-held Depriming Tool..... C25PH909283 .....$44.99

Perfect Seat Hand Primer

- Die cast zinc body with steel internal components
- Adjustable seating depths of 1 thousandth of an inch
- Hard stop so you can never crush a primer
- Primer tray with ridges for primer orientation
- Works with both small and large primers
- Comes with 12 shell holders to cover the most popular cases
- Heavy Duty injection molded storage case

Perfect Seat Hand Primer..... C25PH110006 .....$79.99

Powder Trickler

Dust/moisture covers protect powder while in the trickler. The Frankford Arsenal Powder Trickler is designed to work for all powder types, scales and supporting reloading equipment.

- Synthetic Dust Cover that doubles as a non-skid base
- Increased height to fit almost all powder scales
- Large powder capacity
- Heavy machined steel to prevent tip overs

Powder Trickler..... C25PH903535 .....$22.99

Vibra Prime

The Vibra Prime can load 100 primers into a primer tube in a matter of seconds with its unique motorized agitation mechanism. Filled tubes are then easily transferred into any model progressive press tube. A set of simple universal tube adapters and the drop pin ensure efficient transfers.
Runs on 2 AA batteries (not included).

- *Automatically fills primer tubes in seconds • Compatible with all progressive presses*
- *Works with Large and Small primers • Includes the Vibra-Prime, 1 Primer Tray, 1 Small Primer Tube, 1 Large Primer Tube and 2 Universal Tube Adaptors*

Vibra Prime..... C25PH855712 ..... $57.99

Electronic Digital Calipers

Reloading ammunition requires attention to many critical cartridge dimensions, including case length, neck and base diameters, overall length, primer pocket depth, etc.
The calipers are accurate to within .001" and the Micrometers are accurate to within .0001". The calipers allow you to measure inside and outside diameters, plus depths.

Electronic Digital Calipers..... C25PH672060 .....$27.99

Stainless Steel Dial Calipers

STS Dial Calipers
C25PH516503 .....$41.99

Universal Precision Case Trimmer

- Adjustable collet system works with all shouldered cases from .17 Rem to .460 Weatherby
- Dual bearing system allows outer housing to Float (not spin while in use • Works with almost any 1/2" drill or drill press
- Ultra-hard HSS cutter will stay sharp for thousands of rounds
- Micro-adjustable • Universal Collet System indexes on case shoulders for precise and consistent trimming every time
- Chuck up in drill press or hand drill
- Built-In depth micrometer with one thousandth increments
- Brass shaving ejection port

Universal Precision Case Trimmer
C25PH1092514.....$74.99

Platinum Series Primer Pocket Swager

Easily remove military crimp with this ergonomic upright designed swager that can be c-clamped or permanently mounted to any workbench.

- *Ergonomic upright design with adjustable-position handle*
- *Quick-change swage pin for large or small primer pocket use*
- *Features a die-cast aluminum construction with a benchtop mounting feature*
- *Adjustable brass positioning to ensure a centered swaging pin*
- *Auto-eject case pin holder for easy loading and unloading (includes a large case holder and a small case holder)*

Frankford Arsenal Platinum Series
Primer Pocket Swager
C25PH110007 .....$105.99

Brass Cleaning Packs

The Frankford Arsenal Brass Cleaning Packs are a quick and effective crystallized, water-soluble formula. The cleaning packs are re-sealable for easy and secure storage. One pack clean up to 600 pieces of brass. For use with Frankford Arsenal Rotary Tumblers.

- 24 Packs of .3 oz)

Frankford Arsenal Brass Cleaning Packs..... C25PH110040 .....$23.99

OUTDOORS

MEC Marksman™
Introducing the all new MEC Marksman™, single stage metallic reloader.
Reload with the ultimate precision tool. The MEC Marksman is made of ductile cast iron for strength and durability and MEC's patent-pending shell holder self-centers each cartridge. The ram provides smoothness and accuracy for every load.
Compatible with all 7/8-14 thread dies to change calibers quickly.
Reload .22 Hornet to .416 Rigby with one convenient machine.
MEC Marksman™ ..... C25ME1311080 ..... $257.54

Shell Holder Tray
Convenient tray to hold shell holders that mounts directly to the MEC Marksman™.
Shell Holder Tray ..... C25ME1311134 ..... $9.75

Press Tray
Additional tray that mounts directly to the MEC Marksman™. Store bullets, cases or small items within easy reach with this convenient tray.
Press Tray ..... C25ME1311133 ..... $9.75

Dust Cover
Cover designed specifically for the MEC Marksman™.
Protect your press from dust accumulation with this cover with MEC logo featured on the front.
Dust Cover
C25ME1311100 ..... $34.63

Powder Measure
The powder measure is used to measure out the powder for reloading. Measure powder by lifting the handle and dropping it back down. The powder measure can measure from 1gr. To 60g.
Powder Measure
C25ME1311091 ..... $171.21

Press Base
Additional base for easy installation and is compatible with the MEC Jig Fixture mounting system. The press base bolts to the press, raising it up for better visibility and clearance. Base is also designed to hold reloading dies on the sides, keeping your dies close at hand while reloading
Press Base ..... C25ME1311150 ..... $33.59

Short Handle
Additional handle available with shortened length for additional clearance.
Short Handle
C25ME1311159 ..... $30.44

Scale Kit
Measure your powder precisely with the MEC scale kit.
Kit contains scale, pan and 100g calibration weight.
Scale Kit ..... C25ME1311078 ..... $48.29

Digital Calipers
Measure brass and finished cartridges with high precision digital calipers. Measures both Inches and millimeters. Caliper has locking screw to maintain specific measurement for quick measurements and consistency.
- *Measuring Range: 0-6"/150mm*
- *Accuracy: ±0.001"/.02mm*
- *Repeatability: 0.0005"/01mm*

Digital Calipers ..... C25ME1311079 ..... $73.49

Bullet Puller
Disassemble your bullets with the bullet puller. Simply insert the bullet with the corresponding cap piece and strike against a hard, flat surface. Please follow product instructions carefully.
Bullet Puller ..... C25ME1311095 ..... $36.74

Funnel Kit
The funnel kit is used to pour the powder from the pan of the scale kit into the brass when reloading.
Includes two funnels and five sized tubes.
Funnel Kit ..... C25ME1311089 ..... $27.29

Powder Trickler
The Powder Trickler is an easy to use tool to add additional powder to your measured amount to reach the desired weight.
The brass straw carries powder from the hopper with a simple turn of the handle.
Powder Trickler
C25ME1311088 ..... $22.56

Vibratory Tumbler
Vibratory Tumbler for cleaning used brass.
Use with the MEC corn media for the ultimate clean.
Vibratory Tumbler ..... C25ME1311097 ..... $114.43

Corn Media
14/20 grit for cleaning brass with the vibratory tumbler.
Corn Media ..... C25ME1311103 ..... $27.28

Rotary Sifter
Sift your brass quickly and efficiently with the Rotary Sifter. Just pour your clean brass and media into the middle hopper, close and rotate the handle to separate brass from media.
Rotary Sifter ..... C25ME1311096 ..... $48.29

Pan Sifter
Use the pan sifter to sort tumbled brass from your cleaning media.
Pan Sifter ..... C25ME1311105 ..... $10.79

Brass Bright Polish
Use MEC Brass Bright to clean and polish your brass.
Keep your Brass Bright and make it easier to clean your brass after firing.
Brass Bright Polish
C25ME1311102 ..... $14.68

Case Lube
Use MEC Case Lube to lubricate your cartridge brass before the re-sizing process.
Recommended for standard and carbide re-sizing dies.
Easy to use and will not leave a sticky residue.
Case Lube
C25ME1311094 ..... $14.68

Deburring Tool
Deburring Tool chamfers the inside and outside of the case mouth.
Deburring Tool ..... C25ME1311129 ..... $39.36

All MEC Reloaders Include
1 Charge Bar & 3 Powder Bushings

Gauge	Charge Bar	Bushings
10 ga.	2 oz	37, 40, 44
12 ga.	1-1/8 oz	29, 30, 32
16 ga.	1oz	23, 25,29

600 Jr. Mark 5 *(.410 Gauge)* ..... C25ME600V410 . $290.94

The Sizemaster

- Loaded with premium features.
- Includes highly accurate "Power Ring" collet re-sizer returns every base to factory specifications.
- Re-sizing station handles brass or steel heads, both high and low base.
- The E-Z Prime auto primer feed is standard equipment. It dispenses primers automatically (automatic primer feed not available on .410 bore).
- The press is adjustable for 3" shells and is available in 10, 12, 16, 20, 28 gauge and .410 bore. Die sets are available.

The Sizemaster *(12 Gauge)* ..... C25ME812012 .... $407.43
The Sizemaster *(28 Gauge)* ..... C25ME812028 .... $437.77
The Sizemaster *(.410 Gauge)* ..... C25ME8120410 . $407.18

The 8567N Grabber

- The 8567N Grabber has everything you need for high-speed, efficient operation and unbeatable precision.
- The multiple operations at six stations speedily produce a finished shell with every stroke of the handle. It has a fully automatic primer feed, as well as auto-cycle charging, and our exclusive three-stage crimp. The "Power Ring" resizer gives consistent, accurately sized shells for optimum gun performance, without interrupting the reloading sequence. The operator simply puts in the wads and shell casings and removes a loaded shell with each pull of the handle.
- Superior engineering and unique versatility is exhibited in the 8567N Grabber.

All MEC Reloaders Include
1 Charge Bar & 3 Powder Bushings

Gauge	Charge Bar	Bushings
12 ga.	1-1/8 oz	29, 30, 32

8567N Grabber *(12 Gauge)* ..... C25ME8567N12 .... $673.43

The 9000GN

- The 9000GN has all the innovative features found on the 8567N Grabber, plus automatic indexing and finished-shell ejection for quicker and easier reloading.
- Our revolutionary Auto-Dex™ automatically moves the shells through each reloading stage by simply returning the handle to the top of its stroke. Accurately resized shells are achieved with each stroke.
- Finished shells are automatically ejected from the shell carrier after final crimping. This time-saving feature makes one-more-hand operation obsolete.
- Finished shells with every stroke: The fastest, smoothest indexing system ever made. Our factory-set speed provides uniform movement through every reloading stage regardless of operator action.

Gauge	Charge Bar	Bushings
12 ga.	1-1/8 oz	29, 30, 32
20 ga.	7/8 oz	20, 22, 24
.410 ga.	1/2 oz	10, 11, 12

9000GN *(12 Gauge)* ..... C25ME9000GN12 ..... $825.07

MEC Reloading ACCESSORIES

Drop Tube

The MEC Drop Tube is a must-have if you hope to drop powder and shot without any spills. This particular drop tube is intended for use with 12-gauge and 20-gauge loads. If you are a serious 12- or 20-gauge reloader, this replacement drop tube is a great item to have on hand.

Drop Tube *(12 & 20 gauge)* ..... C25ME205 ..... $2.08

Bottles and Bottle Support

Bottle *(Small)*
C25ME301L13X $11.85
Bottle *(Large)*
C25ME8042 ..... $16.04
Bottle Support for Progressives
C25ME8938 ..... $42.50
Bottle Support for Single Stages
C25ME8939 ..... $42.50
EZ-Fill Funnel
C25ME8994 ..... $11.31

Measure Assembly

The MEC Measure Assembly offers a solid construction that throws accurate powder charges on a consistent basis.
This assembly consists of precision ground slides and surfaces in a perfectly made primary casting that ensures a precision fit. Accurate measures are critical when reloading, so MEC goes to great lengths to ensure the product surpasses expectations.

Measure Assembly ..... C25ME8098CA $25.20
Grommet *(Rubber)* ..... C25ME304G $2.09
Washers *(Brass)* ..... C25ME304W $2.09

Primer Cup

Designed for the 600 Jr., 700 Versamc, and Sizemaster, the MEC Primer Cup is an inexpensive but handy accessory to have on hand.

Primer Cup ..... C25ME326 ..... $11.33

Spring

In addition to multi-axis spring formers, coiling machines for extra fine wire, spring formers, torsion spring machines, and extension spring machines, the company now has over 5,000 machines throughout the world. For people who do reloading on a MEC spring machine, this replacement part is imperative.

Spring ..... C25ME330 ..... $2.08
Spring Pad ..... C25ME331 ..... $3.45

Primer Seat Assembly

This primer seat assembly package is competitively priced and an excellent accessory to have on hand. With this, reloaders find sessions easier, quicker, and more efficient, which results in better quality and more consistent loads.

Package ..... C25ME325CP $15.73
12 Gauge ..... C25ME525CA12 .. $17.62

Dust Cover

The MEC Dust Cover protects MEC reloaders by keeping them clean and dust-free. This dust cover is designed to fit the 9000 Series, Sizemaster, Hustler, and Grabber reloaders equipped with 12-inch shot bottles.

Mec Dust Cover ..... C25ME8807 ..... $42.51

Shell Checker

Now you can easily measure the precision of your reloaded shells to be sure they will chamber properly. Precision machined holes, labeled "GO" and "NO GO" test for size and roundness.
This durable, stainless steel tool accommodates 10,12,16,20 and 28 gauges, plus .410 bore.

Shell Checker ..... C25ME8486 ..... $20.77

Pricing subject to change without notice. Not responsible for typographical errors.

The Super-Sizer

Proper resizing is important with today's close gun tolerances. MEC offers a radically new system. The shells they resize will work in the most exacting shotguns. No competitor has any piece of equipment that can resize like the MEC Super-Sizer. The MEC Super-Sizer is different. It's better. The Super-Sizer can update conventional reloaders and take advantage of MEC's exclusive Power-Ring Collet resizing device. Simply place a shell in Power-Ring and pull down on the handle. Can handle steel or brass, high or low brass.

The Super-Sizer *(12 Gauge)* ..... C25ME811912 .... $155.71
The Super-Sizer *(20 Gauge)* ..... C25ME811920 .... $155.68

Lead Shot Charge Bars

Bars bored for powder bushings are designated 502 series for progressive tools and 302 series for single-stage tools. The number below either series indicates the amount of shot the bar will dispense. For example, a 302-118 is a single-stage charge bar and will drop 1-1/8 oz. of shot. Powder holes only are bored to accept bushings. It is mandatory that your order for bars includes both the series number and the weight of the shot charge.

Single Stage $22.49		Progressive Stage $22.49	
Lead Shot	**Item No.**	**Lead Shot**	**Item No.**
7/8 oz.	C25ME30278	3/4 oz.	C25ME50234
11/16 oz.	C25ME3021116	1 oz.	C25ME502100
1 oz.	C25ME302100	1-1/8 oz.	C25ME502118
1-1/8 oz.	C25ME302118	1-7/8 oz.	C25ME502178
1-1/4 oz.	C25ME302114		

Rubber Insert for Bar

The soft insert to help eliminate shearing when larger shot sizes and hard lead shot are used.
Rubber Insert for bar ..... C17ME8440 ..... $2.91

Powder Bushings

MEC offers an assortment of different bushings to accommodate different loads and different powders. Consult your handloader guide for the proper bushings for your needs.
Powder Bushings $6.29

QD-500 Tumbler

Berry's New QD-500 is the only tumbler on the market with a quick detachable bowl. One simple flip of the cam-lock and your bowl is released. You no longer have to worry about making a mess when dumping your brass and media into your sifter. Separate bowls are available for the reloaders who use different media and those who tumble pre-sorted brass. Lifetime warranty and Made in the USA.

QD-500 Tumbler ..... C25JF00356 ..... $71.49
QD-500 Extra Bowl & Lid ..... C25JF00416 ..... $26.99
QD-500 Tumbler w/Extra Bowl & Lid ..... C25JF00540 ..... $80.49

Model 400 Vibratory Tumbler

Berry's Model 400 Vibratory Tumbler is made from premium injection molded parts. The large, smooth bowl aids in turning and moving the brass and media for quick thorough cleaning. The clear polycarbonate lid lets you see the progress without turning off the motor. The motor comes with a 3-year warranty; all other parts come with a lifetime warranty and are made in the USA.

Model 400 Vibratory Tumbler
C25JF65555 ..... $59.49

Rotary Brass Sorter

Sort your brass and separate your media with the New Berry's Rotary Brass Sorter/Media Separator. Calibration of the black basket allows you to change the size of the brass to be sorted. Never again will you have to hand sort an entire bucket of range brass or make a mess with a pan sorter. Lifetime warranty and Made in the USA.

Rotary Brass Sorter
C25JF00375 ..... $38.49

Rotary Media Sorter

The Berry's Rotary Media Separator provides an easy way to separate your tumbled brass from media in one clean operation. Just empty your tumbler into the basket, close it and the clam-shell lid, give the handles a turn, and within seconds your brass is sorted from your media! The outer clam-shell lid snaps shut to keep the media and dust inside. No need for a bucket. A whole tumbler full of media can fit in the separator. It carries a lifetime warranty and is made in the USA.

Rotary Brass/Media Sorter ..... C25JF00420 ..... $27.49

Model 400 Vibratory Tumbler Kit #1

This kit has everything you need to get started cleaning your cartridge brass... Including the industry's best vibratory tumbler! The Berry's model 400 tumbler design is the pinnacle of achievement in vibratory tumblers:
It produces the most robust vibratory vortex tumbling action, holds plenty of capacity, and costs little enough for everyone to afford. Here's how it works:
You fill the bowl with corncob grit, add a little brass polish, and then drop in the cartridge brass you want to clean. Turn on the switch and then watch the rolling, vibrating, tumbling action! Your cartridge brass gets cleaned and polished with no effort or work and the hand loads you make from them fit, feed, and fire reliably.

Includes the Tumbler, Corncob Grit, Polish, Pan Sifter, and Media Bucket

Tumbler Kit #1 ..... C25JF39185 ..... $77.99

Pan Sifter

The Berry's Pan Sifter will fit neatly on top of a bucket to help you separate your brass from the cleaning media. It carries a lifetime warranty and is made in the USA.

Pan Sifter
C25JF19282 ..... $6.29

Bullet Puller

Our hammer-style Bullet Puller quickly removes your bullets without damaging the bullet or the case. The rubberized grip is easy on your hands and we have also added a rubber insert inside the hammer tip to make it easy on your bullets. Easy and convenient to use whether checking an occasional reload or pulling hundreds of bullets. Our Hammer Set comes with 4 collets. Universal, .22 center fire thru .45 caliber, (except .25 ACP). Lifetime warranty and Made in the USA.

Bullet Puller w/4 Collets ..... C25JF15315 ..... $15.79
Extra 4-Collet Set ..... C25JF13141 ..... $5.79

Primer Flip Tray

Nothing makes loading your primer pick-up tubes easier than the Berry's Primer Flip Tray. Made with nearly indestructible translucent polycarbonate material, the Berry's Primer Flip Tray makes it easy to see that all of your primers are flipped and ready to load. With a 5" diameter, the Berry's Primer Flip Tray can handle any primer packaging, even the larger Federal primer boxes. It comes with a lifetime warranty and is made in the USA.

Primer Flip Tray ..... C25JF97124 ..... $8.49

Powder Funnel Set

The Berry's Powder Funnel Set provides a wide range of flexibility when it comes to reloading. The two-funnel set comes with inserts that allow loading calibers from .17 to .50 caliber. Constructed with tough translucent polycarbonate material, they are covered with our lifetime warranty and made in the USA.

Powder Funnel Set
C25JF31577 ..... $7.29

Walnut Media

Berry's Walnut Media is perfect for that brass that needs some extra attention. Course 14/30 grit walnut media is perfect for that really dirty brass or to provide a matte finish to your brass.

8 lb Box ..... C25JF75221 ..... $16.79
5-gallon Bucket ..... C25JF91686 ..... $26.49

Corn Media

Berry's Corn Media is a fine 14/20 grit corn cob for use in our vibratory tumblers. It will clean and polish your brass to a bright and shiny finish. Add 2-3 capfuls of the Berry's Brass Bright Polish and you'll have new-looking brass in no time!

6 lb Box ..... C25JF85436 ..... $11.99

Superior Case Lube

Used for resizing brass. Pump spray bottle lubricate your cartridge brass before the re-sizing process.

- Non greasy
- Easy clean-up

Superior Case Lube *(8 oz.)*
C25JF27781 ..... $8.99

Brass Bright Polish

Berry's Brass Bright Polish allows you to give your dirty range brass a bright shiny makeover. Add 2-3 cap fulls to your media before you start your vibratory tumbler. Choose between 8 oz. or 32 oz. bottles. Contains no ammonia.

Brass Bright Polish *(8 oz.)*
C25JF56236 ..... $13.99
Brass Bright Polish *(32 oz.)*
C25JF22724 ..... $27.99

Brass Polishing Kit

Berry's Brass Polishing Kit provides you with two high-quality products in one package. The kit includes 6 lbs. of fine 14/20 corn cob media and an 8 oz. bottle of Berry's Brass Bright Polish.

Corn & Polish Pack *(8 oz.)*
C25JF73743 ..... $17.79

FEDERAL PREMIUM

Podium™ Wads

Craft your next victory with the wad that's transforming clay target shooting. Podium™ wads drive peak performance in Federal Premium® High Over All™ competition target loads, and they're now available as a component for reloading. The design's cylinder-shaped compression zone supports the payload and provides unmatched protection from deformation at ignition for the best patterns and fewer flyers. The soft-shooting wad' unique profile allows it to be loaded in all tapered hulls.

- *Compression zone cushions the payload at ignition for less deformation, better patterns and softer shooting • Profile allows loading in all tapered hull*
- *More consistent patterns with fewer flyers • **500/Bag***

QUALITY SHOOTING SPORTS ACCESSORIES

LT-150M - Universal Loading Tray Magnum Sized Tray

Designed to hold 50 rounds for loading. The Universal Reloading Tray has been redesigned to be able to handle more rounds than ever. While it still holds almost all rifle cartridges .17 through .458 Winchester and handgun calibers for 9MM, .38, 40 and .45 pistol calibers. It also now fits newer rounds, such as the WSM, WSSM, Rem, Ultra Mags and the 500 S&W Mag.
Improved Universal Loading Tray..... C25MTLT150M30..... $10.29

Universal Loading Tray

Compact version of the 150, it fits almost all calibers sold in America w/more than 150 cavities for different calibers.
Universal Loading Tray..... C25MTLT50 ..... $7.99

AF-7 Universal Powder Funnel Set

- Small multi-caliber powder funnel – .222 to 45
- Adapt top Powder Funnel – For use with adapters and drop tube. Also fits .500 S&W
- Magnum adapter for WSM, WSSM and Ultra Mags
- And to keep it all together, a high-quality, see-thru storage case

Universal Powder Funnel Set..... C25MTAF7 ..... $19.79

Cast Bullet Box

With casting bullets on the rise, we decided it's time to make it easier for bullet casters to separate and store their masterpieces. Made from See-Thru polypropylene for easy identification. Come with caliber labels for marking the box.

- *Strong Snap-Latch • Sold in bundled stacks of 2 boxes*
- *Holds 160 205 GR. 45 ACP cast bullets*
- *Holds 200+ 9mm cast bullets*
- *Size 3.4" x 3.4" x 2.5" Tall*

Cast Bullet Box..... C25MTCAST116 .. $4.79

Shell & Wad Hopper

One of the nice things about MTM Case-Guard - it's run by a bunch of shooters. And, we're ALWAYS looking for ways to make the whole process of shooting and reloading a more pleasurable experience. Introducing the Shell & Wad Hoppers. Sold as a twin pack, each Shell & Wad Hopper holds and dispenses over 300 empty 12 ga. hulls or 500 wads, keeping them confined and at your fingertips. With a set of shell & Wad Hoppers, dealing with empty hulls and wads is no longer a hassle and yes, can be a pleasure.
Shell and Wad Hopper ..... C25MTWH01 ..... $14.79

FTX® Rifle

FLEX TIP® Bullet Technology: Safe to shoot in tubular magazines as well as any other firearm. Upon impact, the soft tip compresses into the bullet, initiating immediate expansion across a wide range of velocities. ***Interlock® Ring:*** Mechanically locks the core and jacket together for maximum weight retention and deep penetration. ***Ballistically Efficient Secant Ogive:*** The secant ogive profile delivers stability, ultra flat trajectories and amazing accuracy. ***Specially Engineered Jacket:*** The heavy jacket over the shank of the bullet combined with our proven InterLock® design controls expansion and enhances accuracy.

DGS® -

Dangerous Game Solid™

The DGS® bullet incorporates the flat nose concept with meplat diameters to resist deformation and achieve ultimate straight deep penetration.

1.) Flat Nose: *Eliminates possible deflections and resists deformation to achieve straight, deep penetration*

2.) DGS® Uniformity: *Each caliber utilizes the same profile for both DGX® & DGS® bullets, offering the ultimate uniformity, which is ideal when shooting both bullet types through the same firearms* ***3.) Copper Clad Steel Jacket:*** *The heavy copper clad steel jacket & high antimony lead core penetrate deep through hide, muscle and bone.*

A-MAX®

A-Max®

Designed by match shooters for match shooters.
With an ultra-low drag tip, our A-Max match bullets feature an aerodynamic secant ogive that delivers flat trajectories with excellent uniformity and concentricity.

- Rapid, explosive expansion with limited penetration.
- Recommended muzzle velocity range: 2000+ fps.
- These bullets are not recommended for hunting medium and large game.

HO5165

1.) Polymer Tip:
The sleek polymer tip improves ballistic performance, accuracy, and initiation of expansion.
2.) High Ballistic Coefficient.
3.) Swaged Lead Core:
The swaging process provides excellent uniformity and balance for consistent performance and accuracy.
4.) AMP™ Bullet Jacket: *These new bullet jackets are a technological advancement in design, tooling and manufacturing that combine to produce the most consistently concentric bullet jackets available. Hornady AMP jackets have virtually zero tolerance for concentricity and near zero wall thickness variation.*

Caliber	Dia.	Grain	Qty.	Item No.	Price

Hornady
Accurate. Deadly. Dependable.

MATCH™

Match™

The profile of the Match bullet delivers low drag and flat trajectories with the best ballistic coefficient possible. It's swaged lead core provides uniformity & concentricity for accuracy at long ranges.

1.) High Ballistic Coefficient: *The most efficient profiles with the highest possible ballistic coefficient.*
2.) Secant Ogive, Boattail Spire Point Profile: *Geometric profile works to produce low drag and flatter trajectories.*
3.) Swaged Lead Core: *Excellent uniformity & balance*
4.) Jacket: *Drawn to the tightest tolerance and concentricity achievable.*
5.) Boattail: *Then angle of the boattail is unique to each caliber and weight to maximize ballistic coefficient and accuracy.*

ELD-X

ELD-X™ Bullets

- ***Best-In-Class BC's:*** The Heat Shield™ tip is immune to the effects of aerodynamic heating and retains its shape to maintain the highest-in-class BC over its entire trajectory.
- ***Match Accurate Hunting Bullets:*** Streamlined secant ogive with optimum boattail design + highly concentric AMP® bullet jackets + patent pending Heat Shield™ tip combine for radically superior aerodynamic efficiency.
- ***Devastating Conventional Range Performance:*** With high velocity 0-400 yard impact, the bullet continually expands throughout its penetration path. The thick shank of the jacket and high InterLock® ring keep the core and jacket together providing 50-60% weight retention.
- ***Best Extended Range Terminal Performance:*** Upon low velocity 400+ yard impacts, the Heat Shield™ tip drives backward into the bullet to initiate expansion. Exhibiting conventional expansion with a large mushroom and 85-90% retained weight the bullet provides deep penetration and large wound cavities.

HAP® - *Hornady® Action Pistol*

Modeled after the legendary XTP bullet design, HAP (Hornady Action Pistol) bullets are further refined into the perfect competition projectile. While XTP bullets use folds and a cannelure to aid in controlled expansion and terminal performance, we have eliminated these from HAP bullets leaving only a sleek and balanced projectile with a protected nose that aids in consistent and reliable feeding in autos. Bullet jackets feature industry-leading concentricity combined with precision swaged cores to deliver the very best in accuracy and performance. Don't just compete – win with Hornady HAP pistol bullets.

HAP®

- **BUILT FOR COMPETITION**
  Expansion isn't an issue in action pistol shooting, so we removed the expansion-aiding features like the skives and cannelure. The result is a bullet that delivers the accuracy its sleek appearance promises.
- **NO EXPOSED LEAD**
  A jam can cost the match for a competitive shooter, and that's why our copper jacket protects the nose of our HAP bullet. The design ensures smooth feeding every time.
- **SWAGED CORE**
  The core of the HAP bullet is cold swaged from pure lead to deliver consistency, balance and stability in flight. It delivers peak, pinpoint accuracy with every shot.
- **COPPER JACKET**
  The copper jacket protects the nose and ensures a smooth and quick feed into your gun.

ELD-VT™

ELD-VT EXTREMELY LOW DRAG VARMINT | TARGET

NEW!

- ELD-VT™ features AMP® bullet jackets, Heat Shield tips, and a unique core layout. The ELD-VT™ bullet provides superior accuracy, flatter trajectories and dramatic fragmentation.
- Pairing the long, sleek match bullet profile with a reduced core to bullet length ratio maximizes muzzle velocity and moves the center of gravity rearward which enhances aerodynamic performance.

Crimp-On Gas Checks

If you cast your own bullets, our crimp-on gas checks will enhance their performance.
During Sizing, the gas check crimps to the base of case lead bullets to seal gasses and protect the base from deformation. • *1,000 per Box*

XTP® & XTP® Mag™

XTP®

1.) Controlled Expansion: Precise serrations divide the XTP in six symmetrical sections, strategically weakening the jacket & initiating controlled expansion. ***2.) No Exposed Lead:*** The copper jacket protects the nose of the bullet, so the hollow cavity functions properly on impact
3.) Swaged Core: Totally uniform in the core density for balanced expansion and in-flight stability
4.) Cannelure: Helps achieve accurate, consistent crimping, and keeps the core and jacket locket together.
5.) Drawn Copper Jacket: Expansion is controlled by varying jacket thickness down the length of the XTP®.

Hornady®

FMJ - *Handgun Bullets*

Hornady® FMJ's are built with a rugged jacket unlike those of so many of our competitors.
The thin plated full metal jacket from other manufacturers is easily distorted and often breaks or separates when the bullet impacts the target. The FMJ features a heavier jacket, and punches into targets without deforming or breaking the jacket. FMJ bullets are carefully designed and manufactured to give superior functioning in semi-automatic handguns, and they deliver match-grade accuracy!

FTX® Handgun

FTX®

FLEX TIP® Bullet Technology: Safe to shoot in tubular magazines as well as any other firearm. Upon impact, the soft tip compresses into the bullet, initiating immediate expansion across a wide range of velocities.
Interlock® Design: Mechanically locks the core and jacket together for maximum weight retention and deep penetration.
Ballistically Efficient Secant Ogive: The secant ogive profile delivers stability, ultra flat trajectories and amazing accuracy. ***Specially Engineered Jacket:*** The heavy jacket over the shank of the bullet combined with our proven InterLock® design controls expansion and enhances accuracy.

Winchester® Components

Only the best! To most metallic cartridge and shotshells reloaders, that means using Winchester® Ammunition Components. That's because reloaders know Winchester understands the demands of shooters and hunters wanting to develop the "perfect load." You can rest-and reload-assured that every Winchester ammunition component-from brass, powder and primers, to bullets, wads and shot-is made to meet and exceed the most demanding requirements and performance standards in the world: Yours.

Unprimed Rifle Brass

For high quality, Winchester Unprimed Brass Rifle Cartridge Cases - 100/bag are preferred by many hunters and competitive shooters. During manufacturing, cases go through annealing to produce the correct hardness that holds the bullet securely in place but also provides flexibility when firing. Because of this, the cases may have a light stain near the neck. Sometimes the cases arrive with imperfect mouths due to manufacturing or shipping. For reloading, the mouth needs to be resized, as well as chamfered and deburred. If wanted, an expander ball can be pushed through the neck in line with the sizing die.

Multiple Varieties of

Rifle & *Handgun*

Component Bullets Available!

Shell cases for handguns and rifles are engineered to precise tolerances to ensure smooth-feeding and positive chambering. Winchester carries unprimed rifle shell cases and both primed and unprimed handgun shell cases.

Preparation:

Due to the manufacturing process and/or shipping, case mouths may no be perfectly round. To ensure a round case, cases must be sized (or have the expander ball of the sizing die run through case neck) and deburred/chamfered prior to loading.

Rifle Bullets

Bullets are custom-designed and manufactured to precise specifications to deliver specific on-target performance characteristics. These characteristics vary depending on bullet design. Winchester carries a variety of component bullets for both centerfire rifle and handgun ammunition.

NOSLER®

Partition®

- ***Nosler Engineering:*** Nosler's special lead-alloy dual-core provides superior mushrooming characteristics at virtually all impact velocities

- ***Fully Tapered Copper-Alloy Jacket:*** Ruptures instantly at the thin jacket mouth, yet the gradual thickening long the bullet's axis controls expansion and curls the jacket uniformly outward at high and low velocities.
- ***Nosler's Integral Partition:*** Support the expanded mushroom and retains the rear lead-alloy core. The enclosed rear core retains more than two-thirds of the original bullet weight for deep penetration
- ***Dual-Core Construction:*** Every Partition® bullet delivers optimum length, weight and ogive design for maximum in-flight and terminal performance.

BALLISTIC TIP
LEAD-FREE VARMINT

Ballistic Tip™ Varmint- Lead Free

- ***Unique Metallic-Colored Polymer Tip:*** Activates immediate expansion upon contact at a wide range of velocities.
- ***Fragmenting Copper Core:*** *Allows rapid and absolute displacement of target.*
- ***Ultra-Thin Copper Jacket:*** *Retains structural integrity at ultra-high velocities yet fragments completely upon impact.*
- ***Flat Base:*** *Ballistically engineered for ultra-high velocities and extreme accuracy.*

Caliber	Dia.	Grain	Quantity	Item No.	Price

Custom Competition™

Nosler® has blended the accuracy of its Custom Competition™ bullet jackets with its own ultra-precise, lead-alloy cores to create the performance standard for match rifle and pistol bullets.

CUSTOM COMPETITION
MATCH BULLETS

- ***Nosler Hollow Point:*** *Provides small meplat for reduced drag and increased aerodynamic efficiency.*
- ***Custom Quality Jacket:*** *Engineered to exhibit unmatched accuracy.*
- ***Form-Fitted, Lead-Alloy Core:*** *For maximum bullet stability and balance.*
- ***Pronounced Boat Tail Design:*** *Provides excellent flight characteristics over a range of velocities.*

COMBINED TECHNOLOGY™
BALLISTIC SILVERTIP

Combined Technology® Ballistic® Silvertip - Hunting

- ***Polymer Silvertip:*** *Polymer Silvertip prevents deformation in the magazine.*
- ***Lubalox® Exterior Coating:*** *Reduces fouling, pressure and friction between bullet and bore; provides longer barrel life, easier cleaning and enhanced accuracy.*
- ***Fully Tapered Jacket and Special Lead-Alloy Core:*** *Allows controlled expansion and optimum weight retention at all practical velocity levels.*
- ***Heavy Jacketed Base***
- ***Ballistically Engineered Solid Base®:*** *Boat tail configuration combines with the streamlined polymer tip for extreme long-range performance and for easier loading.*

BERGER

Berger® Reloading Manual

The Berger "Reloading Manual 1st Edition contains a wealth o information from some of most well-known names in the firearms industry. There is something in this manual for every type of reloader from the most well-seasoned veteran looking for highly technical information, to the beginning reloader just cutting his teeth looking for the basics.

Berger Reloading Manual 1st Ed.... C25BB5011111 $26.49

Match Grade Bullets

The Berger Legacy, a family business rich in tradition and reputation. Starts with the J4, finest jackets available with a near perfect wall concentricity... less than .0003. Cores are cut from lead that is 99.9% pure with .5% antimony-shaped and swaged through specially built dies-for a bullet, round to .0001.

Match Grade Bullets

Bullets with a benefit in the reduction of friction.

- *Easier and less bore cleaning with less fouling*
- *Longer barrel life • Reduction in chamber pressure*
- *Allowing loading for increased velocity*
- *Improved exterior ballistics • Reduction in bullet drop*
- *Less bullet deformation*

Varmint Bullets

Our Varmint line features bullets that are used most often by hunters focused on the tightest possible accuracy. As a direct result of the accuracy of our competition target bullets, hunters insisted upon having an equally accurate product. Berger Varmint bullets are proven in the field to deliver these results, as well as a level of expansion that varmint hunters require for their predator applications.

VARMIN-A-TOR™

Varmint Bullet with DETON-A-TOR™ core

Taking it to the limit is the name of the game with varmint hunters! Barnes Bullets is pleased to re-introduce this copper-jacketed, lead-core, hollow-point varmint bullet – with the highly explosive DETON-A-TOR core. The VARMIN-A-TOR varmint bullet has all the accurate and explosive tendencies sought after by varmint shooters at the right price – CHEAP! A scored nose cavity and thin, tapered jacket assures that this bullet will vaporize anything in its path. *• 100 Bullets per Box*

TSX®

Triple-Shock® X Bullet

The TSX was introduced in 2003 and has become Barnes' most popular hunting bullet. The TSX has gained worldwide recognition as one of the deadliest, most dependable bullets you can buy. Try these all-copper bullets and realize the added benefits of improved accuracy, reduced barrel fouling and increased velocity.

Tipped TSX®

Tipped Triple-Shock® X Bullet

Now, Barnes has improved on perfection by adding a streamlined polymer tip.

The new Tipped TSX features the same 100-percent copper body with multiple rings cut into the shank. It delivers the same gnat's-eyelash accuracy and "dead right there" performance—but with an added polymer tip that boosts BC and improves long-range ballistics. The tip and a re-engineered nose cavity provide even faster expansion. Complete penetration, virtually 100-percent weight retention and four razor-sharp cutting petals that double bullet diameter means the new Tipped TSX creates more internal damage than any competing bullet. Instant expansion and perfect penetration ensures cleaner, quicker kills. The Barnes Tipped TSX—accept no imitations.

• 100% lead-free • Grooved for lower pressures
• Higher ballistic coefficient • Deadly accuracy
• 99-100% weight retention
• 50 Bullets per Box

Match Burners™

Barnes is now offering the most accurate and affordable line of match bullets on the market. Providing competitive shooters with pin-point precision, as well as high BC on boattail bullets for flatter trajectory (*FB offerings for Benchrest) the all-new Match Burners have redefined accuracy while offering optimum caliber/bullet-weight ratios. From Benchrest, High Power Rifle, 3-Gun, and Tactical matches to everyday target shooting, these premium Match Burners have proven to deliver aggressive results. Designed specifically with the competitive shooter in mind, Match Burners will perform time and time again building and maintaining any marksman's confidence.

Varmint Grenade®

Lead Free

Introduced in 2007, the Varmint Grenade has rapidly become one of the most popular varmint bullets around. Based on a design Barnes developed for military applications, the hollow-cavity, flat-base bullet features a copper-tin powdered metal core surrounded by a guilding metal jacket. The bullet remains intact at ultra-high velocities in fast twist barrels, while its highly frangible core fragments violently on impact. Produces instant fragmentation, virtually vaporizing ground squirrels and prairie dogs, even at long range. Varmint Grenades instantly expend their energy, seldom exiting large predators like bobcats and coyotes, leaving valuable pelts virtually undamaged.

• Lead Free • Flat Base

BARNES®

MPG™ Multi-Purpose Green Bullets

Barnes offers bullets featuring Multi-Purpose Green (MPG™) technology developed for military and law enforcement applications. MPG bullets feature a highly frangible, powdered-metal copper-tin core inside a guilding metal jacket. Unlike frangible bullets lacking a protective jacket, MPG bullets remain intact under the rigors of handling, feeding and firing. This eliminates the primary cause of jammed actions and plugged barrels often experienced when firing frangible ammunition. *• 100 Bullets per Box*

Barnes® Original Rifle Bullets

Produced by pressure-forming pure copper tubing around a pure lead core, this highly reliable bullet was the first custom bullet available to American handloaders. Introduced in 1939, it was long the favorite of professional hunters who demanded performance they could depend on, each and every time. On impact, Barnes's Original bullets typically expand to more than 200 percent of their original diameter and retain 70 to 90 percent of their original weight.

Barnes® Buster™

Hunting Bullets for Handguns and Lever Rifles

Available for .44, .45, and .500 magnum revolvers, as well as for .45-70 rifles, this premium hunting bullet combines bone-crushing power with pass-through penetration.

Unlike conventional expanding bullets, the Barnes® Busters™ track straight without deflection or deformation.

These tough bullets are specifically designed to deliver maximum penetration, even in large game. In one field test, a Barnes® Buster™ fired from a .45-70 T/C Encore drove completely through an American bison, anchoring it on the spot. These cannelured, heavy-for-caliber bullets drive deep through dense muscle and bone.

Bullets remain intact—jackets won't separate from the core.

M/LE™ Bullets

Barnes® introduces an all-new line of M/LE bullets designed for military, law enforcement, and training use. Based on technology Barnes® developed for military applications, this new line of bullets fills a critical niche in the fast-growing Tactical market. Excellent options for personal and home defense as well.

M/LE TAC-TX™

The same all-copper body & deadly performance of the TAC-X™ bullets, but with the addition of a streamlined polymer-tip which increases the ballistic coefficient, improving long-range ballistics.

• 50 Bullets per Box

Caliber	Dia.	Weight	Bullet	Item No.	Price
.300 AAC Blackout	.308"	120gr	Boattail	C25BX30320	$41.99
.300 AAC Blackout	.308"	110gr	Flat-Base	C25BX30321	$40.99

M/LE TAC-XP™ Pistol Bullets

TAC-XP™ pistol bullets perform exceptionally well in FBI test protocols.

All-copper construction prevents contamination of lead-free practice environments.

Deep nose cavity ensures maximum expansion after passing through standard barriers. Superior on intermediate barriers Great for LE & personal defense.

norma® BONDSTRIKE™

Shooter Pack BONDSTRIKE Bullets

- Aerodynamic polymer tip provides high BC and rapid consistent expansion
- Increasing thickness of jacket controls expansion at all velocities
- Unique bonding holds bullet together retaining weight and increasing energy
- Match boat tail provides high BC adding extreme long range performance
- Highest quality brass sought after by reloading community

• 100 Bullets per Box

FEDERAL PREMIUM

Terminal Ascent™ Bullets

- Match-grade long-rang accuracy in a bonded hunting bullet
- Extremely high ballistic coefficient
- Exclusive Slipstream polymer tip helps flatten trajectories and initiate low-velocity expansion
- Less wind drift and drop
- AccuChannel groove technology minimizes drag
- Copper shank and bonded lead core retain weight for deep penetration at any range

Fusion® Bullets FUSION®

Fusion® component bullets provide the largest expansion and highest weight retention in their class. With a molecularly used jacket and a pressure-formed core, Fusion transfers maximum energy on target and provide tag-filling accuracy.

- *Copper jacket is electro-chemically applied for perfect uniformity*
- *Tough, pressure-formed lead core*
- *Boat-tail design for excellent accuracy*
- *Skived, pre-programmed nose provides consistent expansion*
- *Maximum weight retention for deep penetration*

Back in 1982, Swift started out making handgun bullets using C&H dies in a loading press. The rifle bullets were made from 22 rimfire hulls with Corbin tools. Further testing and bullet refinement led to what was to become known as the A-Frame®, with a copper-jacketed and bonded core design. The A-Frame® bullet became a commercial offering in 1984, to begin selling bullets through the mail. As sales grew, a punch press was purchased and production was born. Ten years later executive Bill Hober joined forces to form what is the Swift™ Bullet Company of today. This has all led to the development and successful introduction of the Scirocco® bullet line with the Signature Black Tip™ and now the NEXT GENERATION Scirocco II®, as well as additional A-Frame® offerings. Today A-Frame® and Scirocco II® bullets are sold around the world to reloaders, to Remington in the U.S. and Canada, and to Norma and Lapua overseas for loaded ammunition.

A-Frame® Rifle Bullets

For 25 years A-Frame® rifle bullets have set the standard by which all bullets are measured. With its controlled expansion of 2.2x and 95%+ weight retention A-Frame® penetrates deep and mushrooms perfectly, making it the choice of hunters for use on any game, anywhere in the world. With its unique cross-member jacket design and the bonded front core, the Swift A-Frame® Bullet has become famous for its ability to combine three critical performance features – controlled expansion to 2X original diameter, deep penetration and 95% weight retention at all velocities. This has made it the bullet that hunters shoot with confidence, at any game,of any size, close up or far off.

A-Frame® Heavy Rifle Bullets

Heavy rifle A-Frame® bullets are for use on dangerous game. The bullet initiates expansion at 1650 feet per second on the low end and stays together at 3000+ feet per second on the high end. Controlled expansion of 2x its original caliber and 95%+ weight retention make the A-Frame® bullet superior in downrange energy and stopping power. Terminal performance is unequaled.

Scirocco® II

SCIROCCO II BONDED

Scirocco II bonded is the perfect bullet design for today's fast, flat-shooting, long-range cartridges. Its secant ogive, 15-degree boat tail base and Signature Black Tip™ create a sleek, aerodynamic profile that helps maintain down-range velocities and flat trajectories. The extra heavy tapering jacket wall with an internally bonded lead core provides structural integrity, reliable expansion and penetration with 80%+ weight retention.

Berry's Superior Plated Pistol Bullets

Berry's Superior Plated Bullets are swaged and plated to final weight and re-struck for accuracy and precision. They are more affordable than jacketed rounds and won't foul your barrel with lead.

Long Range Speciality Bullets

MatchKing bullets are not recommended for hunting.
Widely favored for their extreme accuracy, these bullets have been used for short-range varminting.

BlitzKing - Thin jacketed bullets, utilizing an acetal resin tip, designed to expand or fragment violently upon impact. Especially for varmints.
GameKing - Boat tailed hunting bullets. Hollow point or spitzer in configuration.
MatchKing - Match grade target bullets. Hollow point boat tail design, except SI1400. Should not be used for big game Hunting.
Pro Hunter - Flat Base hunting bullets. Available in a wide range of configurations.
Varminter - Frangible bullets, intended for varmint shooting.
Sports Master - Handgun bullets with reliable expansion over a wide range of velocities
Tournament Master - Handgun bullets for serious competitors. For silhouette shooters and big game hunters worldwide.

LEHIGH DEFENSE

High Velocity Controlled Chaos

- Many wound channels resulting in extensive damage
- CNC machined from solid copper or brass, not formed or swaged
- Exceptional accuracy from the advanced manufacturing process
- A separate base for penetration along the original trajectory
- No lead designs for agencies requiring green projectiles

• 100 bullets per Box

Caliber	Weight	Dia.	Item No.	Price
.224	62gr	.224"	C25ZL05224062CuSP50	$28.99

Controlled Fracturing®

Controlled Fracturing bullets are pre-stressed at specific points so that after a predetermined penetration depth, the razor-edge petals deploy, releasing an energy spike. These bullets are designed to deliver maximum terminal performance and are optimal for use in 300 Blackout subsonic loads.

• 50 bullets per Box

Caliber	Weight	Dia.	Item No.	Price
.308	194gr	.308"	C25ZL01308194LHP	$56.49

Controlled Fracturing®

- A minimum of four separate wound channels resulting in extensive damage
- CNC machined from solid copper or brass, not formed or swaged
- Exceptional accuracy
- Razor sharp petals for maximum terminal performance
- Deep penetrating base projectile
- Expansion is initiated by hydraulic energy – expansion only where it is required

• 50 bullets per Box

Pistol	Weight	Dia.	Item No.	Price
9mm	105gr	.355"	C25ZL02355105SP	$46.99
.45 ACP	170gr	.451"	C25ZL02451170SP	$57.49

Xtreme Penetrator

- Progressive nose geometry for deep, straight penetration
- CNC machined from solid Copper and/or Brass to overcome barriers to penetration
- Radial flutes that force the hydraulic energy inward to build pressure
- Exceptional acceleration that creates high pressure energy spikes
- Minimal surface area to increase the force at the point of contact and sharp cutting edges that defeat barriers
- A permanent wound cavity that is 2 to 4 times greater than flat or ball nose bullets
- Available for both handguns and rifles
- Ballistics Testing - FBI Standard 10% Ballistics Gelatin
- Barrier: 4 Layers of Denim

• 50 bullets per Box

Xtreme Defense®

- Progressive nose geometry 18" penetration depth range
- A permanent wound cavity (PWC) that is 2 times greater than any expanding bullet
- A PWC near that of a 5.56 rifle.
- Reduced recoil.
- CNC machined from solid copper to overcome barriers to penetration
- Radial flutes that force the hydraulic energy inward to build pressure
- Minimal surface area to increase the force at the point of contact and sharp cutting edges that defeat barriers

SPEER®

Varmint Rifle Bullets

TNT Green®

Exclusive non-lead bullet technology gives Speer TNT Green an edge over all other options—and all varmints. The bullet uses a thin jacket around a compressed powder core to produce not only long-range accuracy, but also explosive expansion and instant energy release on impact.

Caliber	Diameter	Weight	Type	Qty.	Item No.	Price
22 Hornet	.224"	30gr	TNT Green	100/Box	C25SP1021	$31.49

TNT®

Speer TNT gives predator and varmint hunters what they want most— long-range accuracy and maximum destruction on impact. Its thin precision jacket features internal fluting to ensure complete bullet disruption, while its high ballistic coefficient produces the flattest trajectories possible.

Caliber	Diameter	Weight	Type	Qty.	Item No.	Price

Target & Plinking Rifle Bullets

Jacketed Hollow Point

High-volume shooters need consistent and affordable bullet options. The Speer® Jacketed Hollow Point delivers—without the hefty price tag.

Caliber	Diameter	Weight	Type	Qty.	Item No.	Price
22	.224"	33gr	HP	100/Box	C25SP1014	$15.29
45	.458"	300gr	HP/CANN	50/Box	C25SP2482	$27.49

Target Match

Shooting at extreme range requires a special kind of bullet. Speer Target Match projectiles have what it takes to go the distance— any distance—thanks to a low drag profile, precision jacket and consistent hollow point.

Caliber	Diameter	Weight	Type	Qty.	Item No.	Price
22	.224"	52gr	Match BTHP	100/Box	C25SP1036	$19.79
30	.308"	168gr	Match BTHP	100/Box	C25SP2040	$31.99

TMJ®

Speer TMJ stands in a category all its own. Standard FMJ bullets sacrifice accuracy by adding a separate piece of jacket to cover the bullet base— or leave exposed lead. TMJ rifle bullets totally encapsulate the lead core for cleaner, more accurate performance.

Caliber	Diameter	Weight	Type	Qty.	Item No.	Price
30	.308"	110gr	TMJ RN	100/Box	C25SP1846	$27.49

TMJ = Total Metal Jacket, RN = Round Nose, HP = Hollow Point, BTHP = Boat-Tail Hollow Point, CANN = Cannelure

Big Game & Self-Defense Rifle Bullets

Impact

- Molecularly fused jacket maximizes weight retention and improves accuracy
- Slipstream polymer tip increases downrange energy and initiates low-velocity expansion
- High ballistic coefficients for flatter trajectories and better long-range performance
- Close-range penetration and long-distance expansion

Caliber	Diameter	Weight	Type	Qty.	Item No.	Price
6.5mm	.264"	140gr	Impact	50/Box	C25SPTB264H1	$33.49

30	.308"	190gr	Impact	50/Box	C25SPTB308H2	$39.99

Grand Slam™

With a tapered, precision-drawn jacket and a long nose, the Grand Slam bullet is engineered to blow through the thick hides, heavy bones and tough bodies of the world's biggest game—without sacrificing accuracy. On impact, internal jacket flutes allow consistent expansion, yet the bullet retains most of its weight for deep penetration every time.

Boat-Tail

Extend your range on medium game with Speer Boat-Tail bullets. Designed for the long-range shooter, these bullets' tapered heel flattens trajectories and decreases wind drift. On impact, they expand rapidly for quick, clean kills.

Target & Action Handgun Bullets

TMJ®

Speer® uses Uni-Cor® technology to take full metal jacket bullets to their highest level of evolution with the Total Metal Jacket. Other FMJ bullets have an accuracy-robbing second piece to cover the lead, or have lead exposed at the base, which can deform under pressure. TMJ's seamless jacket means this can't happen. Airborne lead goes down, and TMJs won't foul ported recoil compensators like open-base bullets do.
We swage each bullet twice, ensuring consistent diameters and a uniform heel.
TMJ bullets are great for action pistol competition.

Caliber	Diameter	Weight	Type	Qty.	Item No.	Price

Lead Handgun

Speer cold-formed lead bullets are even better than ever with a technologically advanced, multi-layer lube. The coating won't burn off, virtually eliminating leading problems and ensuring cleaner, more accurate shooting. It also won't melt off in storage or transport and is dry to the touch.

Caliber	Diameter	Weight	Type	Qty.	Item No.	Price

Hunting & Personal Protection Handgun Bullets

Deepcurl® Hunting

Speer® electrochemically bonds the DeepCurl jacket to the lead core to create the toughest, most accurate handgun hunting bullet possible. Pre-formed petals expand reliably and consistently and the bullet's high weight retention ensures deep penetration on heavy-bodied game.

Gold Dot® Personal Protection

Law enforcement professionals trust Gold Dot for a reason. The bullet's exclusive manufacturing process bonds the uniform jacket to the core one molecule at a time, ensuring proper expansion and nearly 100/Box percent weight retention. The result is immediate, threat stopping performance.

LAPUA

Reloading Bullets

Our Scenar match bullet represents the very high end of its class: it has achieved the 600/600 world record of the international sport shooting federation (ISSF). Consistent quality that starts with the raw materials makes this possible. Lapua bullets are practically handmade.

The finishing touch of the carefully controlled process is the primer and powder, which are perfectly compatible with the case and the bullet. Working together with the leading powder and primer manufacturers, we carefully choose the powder and a dependable primer that best fits each cartridge type. Reliability and accuracy are continuously tested in test shootings.

MAGNUS BULLET CO.

Allstar/Magnus Bullets

Magnus Pistol Bullets

Magnus Cast Bullets are manufactured with state of the art machinery from virgin alloys consisting of 91% lead, 4% tin and 5% antimony. This mix gives you a lead bullet hard enough to be fired at 1200 FPS with little or no leading problems in most handguns, but will not shatter upon impact with steel targets.

• 250 Bullets per Box

VIHTAVUORI

Vihtavuori Reloading Powders

- Are manufactured by the most stringent production processes and quality controls.
- Ensure clean burning and repeatable shooting properties in all weather and conditions.
- Have uniform and superb quality based on full control of the whole production chain beginning from the production of nitrocellulose to the bottling of the end product
- Strict quality acceptance limits have helped reloaders and cartridge manufacturers to achieve similar loads regardless of the production lot for more than 80 years.
- Have achieved a strong position among top class shooters around the world.

RIFLE POWDERS

N110

Our fastest rifle powder which is used for small capacity cartridges like the .22 Hornet. This Powder is also a superb performer with heavy magnum pistol cartridges, like .357 S&W Magnum, .357 Maximum, .44 Magnum & .454 Cassull.

N110 *(1 lb Bottle)*.....C25VIN1101 .....$54.49
N110 *(8 lb Bottle)*.....C25VIN1108 .....$361.99

N120

Slower burning powder for small capacity rifle cases and for lighter bullets in many .22 caliber loads. N120 needs higher pressure than N110 in order to optimize burning. Burning rate is near to Accurate 1680, IMR 4198 and Reloder 7. N120 is suitable also for 7,62x39, .30-30 Winchester and .444 Marlin.

N120 *(1 lb Bottle)*.....C25VIN1201 .....$54.49
N120 *(8 lb Bottle)*.....C25VIN1208 .....$361.99

N130

This powder is used in many factory loaded caliber .22 and 6 mm PPC cartridges. Suitable also for lighter bullets in caliber .223 Remington and for straight-wall rifle cases like .45-70 Government and .458 Winchester Magnum. Burning rate is close to Hodgdon H322 and Accurate 2230.

N130 *(1 lb Bottle)*.....C25VIN1301 .....$54.49
N130 *(8 lb Bottle)*.....C25VIN1308 .....$361.99

N133

Developed by VihtaVuori for SS109-M855 ammunition in 5.56 x 45 with 4,0 g bullets

- Thus, it is ideal for the .222 Remington, .223 Rem., and .45-70 Government and other applications where a relatively fast burning rifle propellant is needed
- Famous all over the world for the championship winning 6 mm PPC benchrest cartridges.

N133 *(1 lb Bottle)*.....C25VIN1331 .....$54.49
N133 *(8 lb Bottle)*.....C25VIN1338 .....$361.99

N135

A good choice for medium weight (< 10 g) bullets in the .308 Winchester and alike

- This moderate burning propellant is optimal for heavier bullets (4,5 g) in the 5.56x45 and similar .22 centerfires.

N135 *(1 lb Bottle)*.....C25VIN1351 .....$54.49
N135 *(8 lb Bottle)*.....C25VIN1358 .....$361.99

N140

Ideal propellant for moderate to heavy bullets in medium length cartridges such as .308 Winchester and similar 6.5 mm and 7mm rounds

- Superb performance in gas operated actions.

N140 *(1 lb Bottle)*.....C25VIN1401 .....$54.49
N140 *(8 lb Bottle)*.....C25VIN1408 .....$361.99

N150

Similar applications to N140, moderately slow powder that can help refine rifle cartridge ballistics when N140 is just a tad too fast and N160 is a tad too slow

- Accurate performer with heavy bullets (11 g) in 7.62, 6.5 & 7 mm bolt guns
- Excellent propellant for cartridges with long case, like the .30-06 Springfield and .375 H&H Magnum.

N150 *(1 lb Bottle)*.....C25VIN1501.....$54.49
N150 *(8 lb Bottle)*.....C25VIN1508.....$361.99

N160

A relatively slow powder ideally suited to many magnum and standard rounds requiring a slow propellant, like the .300 Winchester Magnum & .300 H&H Magnum

- A perfect propellant for the family of 6mm high capacity cartridges
- N160 is destined to being one of the most popular Vihtavuori powders.

N160 *(1 lb Bottle)*.....C25VIN1601.....$54.49
N160 *(8 lb Bottle)*.....C25VIN1608.....$361.99

N165

A very slow burning magnum propellant for use in high capacity magnum cartridges

- Somewhat interchangeable with N160, select the propellant which better fills the cartridge case and choose the N165 in the case of heavier bullets.

N165 *(1 lb Bottle)*.....C25VIN1651..... $54.49
N165 *(8 lb Bottle)*.....C25VIN1658..... $361.99

N170

As a very slow burning reloading powder, N170 is a top choice for very large capacity cases such as the .300 Weatherby Mag. and .300 Remington Ultra Mag. and also offers good performance in most of the belted Magnum cartridges. The N170 powder is used by reloaders in shooting disciplines such as long-range big-game hunting and target shooting.

N170 *(1 lb Bottle)*.....C25VIN1701..... $54.49

20N29

20N29 is a single-based, surface treated powder with grain dimensions of 2,3 mm length and 1,3 mm diameter.
The burning rate is slower and grain size larger than those of the N100 series powders. 20N29 is primarily used in large caliber and magnum applications with heavy bullets and in long-range target shooting. It has also gained a good reputation when used eg. in .300 Lapua Magnum and .30-378 Weatherby Magnum.

20N29 *(8 lbs Bottle)*.....C25VI20N298..... $361.99

24N41

Vihtavuori 24N41 is a single-based treated rifle powder very similar to the 20N29. It has a very large grain size (length 2,3 mm by diameter 1,3 mm) and an extremely slow burning rate ideally suited to the .50 BMG. It can also be used for some large capacity cases, such as the .300 Lapua Magnum, .300 Rem. Ultra Mag, and the .338 Lapua Magnum.
Of the two, 24N41 is slightly faster than 20N29, with a renewed relative burning rate of 39 for the 24N41 compared to 36 for the 20N29, when N110 is given the index 100.

24N41 *(8 lbs Bottle)*.....C25VI24N418..... $361.99

N555

Vihtavuori's N555 smokeless rifle powder is designed for precision rifle platforms chambered in cartridges such as 6mm Creedmoor, 6.5 Creedmoor .284 Winchester, .260 Remington and .30-06 Springfield and for rifle calibers with large case volume and comparatively small bullet diameters, among others.

N555 *(1 lbs Bottle)* .....C25VIT11958..... $65.99
N555 *(8 lbs Bottle)*.....C25VIT55580..... $440.99

HIGH ENERGY RIFLE POWDERS

VIHTAVUORI

N565

- Developed specifically for military sniping applications
- Extremely temperature stable
- A bit slower burning than N570
- Created specifically for the .338 Lapua Magnum with 250 gr bullets

N565 *(1 lb Bottle)* .....C25VIN5651.....$65.99
N565 *(8 lb Bottle)*.....C25VIN5658.....$440.99

N560

A bit slower burning than N160

- High Energy propellant gives outstanding performance in large magnum cartridges an in many 6,5 mm family of cartridges loadedwith heavy bullets.

N560 *(1 lb Bottle)*.....C25VIN5601.....$65.99
N560 *(8 lb Bottle)*.....C25VIN5608.....$440.99

N540

A bit slower burning than N140

- Superb long-range performance with heavy bullets in the .308 Winchester and in many 6.5 and 7mm cartridges with medium case capacity.

N540 *(1 lb Bottle)*.....C25VIN5401.....$65.99
N540 *(8 lb Bottle)*.....C25VIN5408.....$440.99

N550

A bit slower burning than N150

- Ideal performance with heaviest bullets of the above mentioned range of cartridges.

N550 *(1 lb Bottle)*.....C25VIN5501.....$65.99
N550 *(8 lb Bottle)*.....C25VIN5508.....$440.99

N570

This powder is a hybrid of single and double based powders. The result produces a velocity increase of 5 to 10 percent while pressure levels remain the same.
For most rifle cartridges this increase will be approximately 100-200 fps.

N570 *(1 lb Bottle)*.....C25VIN5701.....$65.99
N570 *(8 lb Bottle)* .....C25VIN5708.....$440.99

Pricing subject to change without notice. Not responsible for typographical errors.

VIHTAVUORI

N310
Very fast burning and competitive with Bull's eye and Accurate No.2.
• It has applications in a very wide range from the .25 ACP to the 9mm Luger.
N310 *(1lb Bottle)*..... C25VIN3101.....$61.99
N310*(4lb Bottle)*..... C25VIN3104.....$207.49

N320
A handgun powder comparatively fast burning rate.
• Useful in many popular cartridges
• Available data includes; 9mm Luger, .38 Special, .357 Mag., .44 Mag., .45ACP & .45 (Long) Colt.
• Burning rate generally is perhaps a tad faster than 231 or generally about like a Red Dot.
N320 *(1 lb Bottle)*..... C25VIN3201.....$61.99
N320 *(4 lb Bottle)*..... C25VIN3204.....$207.49

N330
N330 handgun powder provides a wide range of latitude for the handgun shooter, serving well for everything from light target to heavier high-velocity loadings. This is a versatile, medium burning N300-series powder suitable for an exceptionally broad range of applications, especially designed for 9 mm Luger but also suitable for .38 Special, .40 S&W, .44 S&W Special and .45 Colt.
N330 *(1 lb Bottle)*..... C25VIN330.....$61.99
N330 *(4 lb Bottle)*..... C25VIN3304.....$207.49

N340
With a burning rate not dissimilar to Winchester 540 or Herco, this powder is a wide application type.
Handgun Cartridge Date available: 30 Luger, 9mm Luger, .38 S&W (Colt New Police), .38 Super Auto, .38 Special, .357 Mag., .44 Mag., .45 Auto & .45 (Long) Colt.
N340 *(1 lb Bottle)*..... C25VIN3401.....$61.99
N340 *(4 lb Bottle)*..... C25VIN3404.....$207.49

N350
This is the slowest burning propellant in the N300 series. Burning speed is about like Blue Dot, "Hi-Skor" 800-X or No.7. Data is available for: 9mm Luger, .38 Super Auto, .38 Special, .357 Magnum, .44 Mag. & .45 Auto.
N350 *(1 lb Bottle)*..... C25VIN3501.....$61.99
N350 *(4 lb Bottle)*..... C25VIN3504.....$207.49

3N37
Burning speed is between N340 & N350, close to "Hi-Skor" 800-X, and therefore has applications also in handgun cartridges
• Data is available for all popular handgun calibers
• The characteristics of this propellant make it very desirable for competitive handgun shooting.
3N37 *(1 lb Bottle)*..... C25VI3N371.....$61.99
3N37 *(4 lb Bottle)*..... C25VI3N374.....$207.49

3N38
A powder for the high velocity loads of the 9mm Luger and the .38 Super with moderate bullet weight
• Designed specially for competitive handgun shooting.
3N38 *(1 lb Bottle)*..... C25VI3N381.....$61.99
3N38 *(4 lb Bottle)*..... C25VI3N384.....$207.49

HODGDON

High Gun
High Gun is a flattened, spherical shotshell powder designed for light-target, handicap and super handicap loads in a 12-gauge shotgun. This powder also closely duplicates Remington Nitro 27 factory loads. High Gun's geometry results in a powder that meters consistently, has excellent ignition and burns clean enough to throw uniform patterns clay after clay.

High Gun Shotgun *(1-Pound)*..... C25HDHG1.....$44.49
High Gun Shotgun *(8-Pound)*..... C25HDHG8.....$330.49

Perfect Pattern
Perfect Pattern is a fast-burning, flattened, spherical shotshell powder designed for light and extra-light field and target loads for the 12-gauge shotgun. Its geometry and density results in excellent ignition, superb metering and low charge weights that deliver consistent patterns with mild report and low recoil.

Perfect Pattern *(1-Pound)*..... C25HDPP1.....$44.49
Perfect Pattern *(8-Pound)*..... C25HDPP8.....$315.49

HI-SKOR 700-X
This extruded flake powder is ideally suited for shotshells in 12- and 16-gauge where clay target and light field loads are the norm. It doubles as an excellent pistol target powder for such cartridges as the 38 Special, 45 ACP and many more.

HI-SKOR 700-X *(14 oz.)* ..... C25HD700X14.....$30.49
HI-SKOR 700-X *(4-Pound)* ..... C25HD700X4.....$126.99

Trail Boss®
This spherical powder screams "No whimps, please!" H110 is designed to develop high operating pressures that the .357 and .44 Mag. boys love. The high velocities developed with proper loading of this powder produce incredible accuracy down range. H110 is also recommended for the .30 carbine and the 410 ga.

Trail Boss® *(9 ounces)*..... C25HDTB1.....$40.99
Trail Boss® *(2-Pound)*..... C25HDTB2.....$137.99

Accurate®

Rifle Powder

LT-30
The second in Accurate's line of benchrest-grade Light Target powders, LT-30 is optimized for use in the .30 BR cartridge. While still in its development phase, LT-30 was used to win numerous matches, even claiming a world record along the way. With a burn rate similar to 4198, this single-base fine grained powder is at home in many smaller capacity cartridges including the 6.5 Grendel and .222 Remington.

1-Pound..... C25AA0583.....$64.49
8-Pounds..... C25AA0653.....$482.99

Shotgun Powder

Nitro 100®
A fast burning, double base flake propellant. Developed for 1 and 1-1/8 ounce of shot in 12 gauge for trap, skeet and light field loads. Clean burning in all applications.

12-Ounces..... C25AA10012.....$41.49
4-Pounds..... C25AA1004.....$179.49
8-Pounds..... C25AA1008.....$319.49

Accurate®

Handgun Powder

No. 2®

No. 2® Improved. A fast burning, low density ball propellant developed for use in .38 Special loads. Excellent for target loads in almost all handgun cartridges, especially where low pressure and clean burning are desired.

1-Pound ..... C25AA21 ..... $48.99
5-Pounds ..... C25AA25 ..... $219.99

No. 5®

Relatively fast burning double base, ball propellant developed for use in the .45 ACP.

1-Pound ..... C25AA51 ..... $47.49
8-Pounds ..... C25AA58 ..... $328.99

No. 7®

Developed for .38 Super Auto ammunition. It has become a favorite propellant for IPSC shooters who load the .38 Super Auto. Somewhat more specialized in applications than No. 2® and No. 5®, it is well suited to high intensity cartridges, such as .357 Sig. It is a good choice for magnum handgun cartridges (such as .357, .41 and .44 Magnum) when slightly less than full power loads are preferred.

1-Pound ..... C25AA71 ..... $51.49
8-Pounds ..... C25AA78 ..... $359.99

No. 9®

This double base, ball propellant gives excellent velocities for the pressures generated, and with less flash than comparable powders. It is intended for use in large capacity handgun cartridges (.357, .41, .44 magnum, and .454 Casull). No. 9® is also suited to some small rifle cases (.25/20, .30 Carbine) and the .410 shotgun. No. 9® performs best with heavier bullets in most cartridges. A heavy bullet pull is required for consistent performance when using lighter bullets.

1-Pound ..... C25AA91 ..... $53.49
8-Pounds ..... C25AA98 ..... $369.49

TCM®

Producing 2,000 fps at the muzzle with virtually no recoil, this accurate and fun little cartridge brings handgun performance to a new level for small game hunting and plinking. Accurate TCM also has a place with old favorites, with data for hunting loads in .357 Magnum, .41 Magnum and high-pressure .45 Colt cartridges.

1-Pound ..... C25AA0554 ..... $51.49
8-Pounds ..... C25AA0614 ..... $230.99

11FS®

No. 11FS is intended for full-power loads in magnum handguns and smaller capacity rifle cartridges.
This double-base spherical propellant was developed with an eye toward personal defense and incorporates a flash-suppressant that substantially reduces muzzle signature in low light conditions. In the .300 Blackout, No. 11FS is capable of extremely high velocities with lighter bullets.

1-Pound ..... C25AA0552 ..... $50.49
8-Pounds ..... C25AA0612 ..... $350.49

4100®

A fine-grained, double-based ball propellant developed for use with .410 bore shotshell. This powder actually delivers similar velocities at lower chamber pressures. This is especially true of the large "Magnum" handgun calibers such as the .44 Rem. Mag., .454 Casull, etc.

1-Pounds ..... C25AA41001 ..... $36.99
4-Pounds ..... C25AA41004 ..... $139.49
8-Pounds ..... C25AA41008 ..... $262.99

Rifle Powder

1680®

A double base, ball propellant developed specifically for the 7.62 x 39mm cartridge in which it performs well due to excellent loading density. It is the best powder for the .22 Hornet. Also suitable for small capacity cases such as the T/CU series, the .222 Remington and the .223 Remington with lighter bullets.

1-Pound ..... C25AA16801 ..... $51.49
8-Pounds ..... C25AA16808 ..... $365.49

2015®

A single base, short-grained, extruded propellant developed specifically for "bench rest" cartridges, such as the PPC and BR series. 2015® is extremely flexible, giving excellent performance in many cartridges from .22 Hornet to .458 Winchester Magnum.

1-Pound ..... C25AA20151 ..... $56.99
8-Pounds ..... C25AA20158 ..... $417.99

2200®

Accurate 2200® has been reintroduced to fill the increasing demand for a high performance small caliber propellant.17, 19 and 20 caliber shooters will appreciate the excellent performance of 2200 with a wide range of bullets. Small granule size allows excellent metering and flow through small neck cases.

1-Pound ..... C25AA22001 ..... $51.49
8-Pounds ..... C25AA22008 ..... $365.99

2230®

A double base, ball propellant developed for use in the .223 Remington (5.56 NATO). 2230® Is very popular with modern service rifle shooters.

1-Pound ..... C25AA22301 ..... $51.49
8-Pounds ..... C25AA22308 ..... $365.99

2460®

Medium-burning ball propellant is increasing in popularity with NRA, IHMSA, and bench rest shooters. It is slightly slower than 2230® and shows a small pressure advantage over 2230® in bores of 7mm and over. An excellent choice in .308 Winchester, 2460® is appropriate for use with M1 and M14 (M1A) service rifles.

1-Pound ..... C25AA24601 ..... $52.49
8-Pounds ..... C25AA24608 ..... $373.99

2495®

(Also known as XMR-2495® and 2495BR®). Very similar to 4895®, this single base, extruded propellant gives satisfactory performance in a wide variety of cartridges. It offers service rifle shooters who prefer extruded propellants and Accurate alternative to our 2520®.

1-Pound ..... C25AA24951 ..... $56.99
8-Pounds ..... C25AA24958 ..... $417.99

2520®

Medium-slow burning, ball propellant gives excellent results in medium capacity cases (308 class) and certain applications in large bore cartridges. 2520® has a pressure curve appropriate for use with M1 and M14 (M1A) service rifles.

1-Pound ..... C25AA25201 ..... $49.49
8-Pounds ..... C25AA25208 ..... $353.99

2700®

Ball propellant, 2700® fills the gap between 2520® and our 4350®.
It is intended to be used as a heavy bullet powder in many cartridges. (Bullet weights lighter than those listed may not maintain our standards for shot-to-shot consistency.)
Exceptions to this are notably the .17 Remington, .22-250 Remington and the .220 Swift with varmint bullets, where it excels.

1-Pound ..... C25AA27001 ..... $49.49
8-Pounds ..... C25AA27008 ..... $353.99

4064®

Very similar to IMR 4064®.
This single base rifle propellant is short cut for better metering while delivering the performance shooters have come to expect from 4064®. This propellant has been introduced to meet the needs of service rifle competitors and hunters who prefer extruded powders. Admirers of the .30-06 will especially like this propellant.

1-Pound ..... C25AA40641 ..... $56.99
8-Pounds ..... C25AA40648 ..... $417.99

4350®

The old favorite. America's most popular reloading propellant for rifle cartridges. A slow-burning, single base, extruded propellant especially well suited for .243 and .270 loads as well as heavy loads in a host of large capacity cases.

1-Pound ..... C25AA43501 ..... $56.99
8-Pounds ..... C25AA43508 ..... $417.99

5744®

First, it is double base with a high percentage of Nitroglycerin. In fact, 50 Sharps was used in some of the development work for this propellant. Nitroglycerin contributes to excellent shelf life and reduces the effects of humidity and temperature. Second, 5744's short length provides uniform metering so you can spend more time shooting and less weighing charges. Third, 5744® has a relatively low bulk density. In fact, ease of ignition and consistent velocity, regardless of powder position in the case, are the two main criteria.

1-Pound ..... C25AA57441 ..... $73.99
8-Pounds ..... C25AA57448 ..... $543.49

MagPro®

Designed especially for the new range of very efficient short magnum rifle cartridges. Optimum velocities at nearly full case capacity in these "modern" calibers. It has the flow required for progressive loading machines. Also a good choice for the standard magnum cartridges.

1-Pound ..... C25AAMAGPRO1 ..... $51.49
8-Pounds ..... C25AAMAGPRO8 ..... $363.99

Accurate LT-32 Smokeless Gun Powder

LT-32 is an extruded powder with extremely small kernels (roughly .0275″). This powder is designed to perform like the legendary "T-322″ powders which worked brilliantly in short-range benchrest cartridges, especially the 6mm PPC. Early testers report that Accurate LT-32 meters superbly and is easy to tune. Western claims LT-32 exhibits very low standard deviation.

1-Pound ..... C25AA0584 ..... $64.49
8-Pounds ..... C25AA0654 ..... $482.99

HODGDON

Rifle Powder

CFE 223™ (Copper Fouling Eraser)

This versatile spherical rifle propellant incorporates in its formula CFE, Copper Fouling Eraser. This ingredient, originally used in military propellant, greatly deters copper fouling. It contributes to longer periods of top accuracy with less barrel cleaning time. Being a spherical powder, metering is superbly accurate. CFE 223 yields top velocities in many cartridges such as the 204 Ruger, 223 Remington/5.56mm NATO, 22-250 Remington and the 308 Winchester/7.62mm NATO, plus many, many more.

CFE 223™ *(1-Pound)* ..... C25HDCFE2231 .....$52.99
CFE 223™ *(8-Pound)* ..... C25HDCFE2238 ....$383.99

CFE BLK

This new powder provides full function of AR-type rifles throughout the range of bullet weights, and is perfect for those subsonic reduced loads. In addition to being the perfect solution for the .300 Blackout, it performs beautifully in many smaller capacity cartridges, in particular, varmint cartridges such as the .17 Hornet, .17 Ackley Hornet, .218 Bee, .221 Fireball and many more. It also yields top performance in the 6.8 Remington SPC and the 7.62X39MM Russian cartridge. This fine powder meters like a dream and leaves no copper residue, extending accuracy for longer shooting periods, and making clean-up quick and easy. It is truly a remarkable new propellant!

CFE BLK *(1-Pound)*..... C25HDBLACK1.....$51.99
CFE BLK *(8-Pound)*..... C25HDBLACK8.....$374.99

H335®

This spherical powder is what the military uses for loading the .223 or 5.56 NATO. Bruce and J.B. Hodgdon find it to be the powder of choice for their .222 and .223 prairie dog guns. One of J.B.'s is a custom XP1OO in .223 that shoots one hole groups with this powder. Like BL-C(2), H335 works very well in most cases from .30/06 down.

H335® *(1-Pound)*
C25HDH3351 .....$51.99
H335® *(8-Pound)*
C25HDH3358 .....$374.49

H380®

Was an unnamed spherical rifle propellant when Bruce Hodgdon first laid his hands on it. After he shot a few rounds in his varminter (a wildcat at that time now known as the .22-250) and found it shot one hole groups with a 38 gr. charge behind a 52 gr. bullet, he named the powder after the charge weight, thus H380. H380 is also a fantastic propellant for the .220 Swift, .243, 6mm Rem., .257 Roberts, .30/06 and others.

H380® *(1-Pound)* ..... C25HDH3801 .....$50.49
H380® *(8-Pound)* ..... C25HDH3808 .....$358.49

BL-C(2)®

This spherical powder is the propellant of choice for the .308. It's actually military specification for the .308 (7.62 NATO). Known to the more experienced handloaders as "Ball C", BL-C (2) performs well in most cases smaller than .30/06.

BL-C(2)® *(1-Pound)* ..... C25HDBLC25 ..... $51.99
BL-C(2)® *(8-Pound)* ..... C25HDBLC28 ..... $374.49

Hybrid 100V

The chemistry of a spherical powder is combined with the geometry of an extruded propellant, creating a smooth-metering, super short granule extruded shaped propellant with high energy. Hybrid 100V has a burn speed between H4350® and H4831®, yielding superb performance in such popular calibers as .270 Winchester, .243 Winchester Super Short Magnum, 7mm Remington Magnum, 300 Winchester Magnum and dozens more.

Hybrid 100V *(1-Pound)*..... C25HDHY1001 .....$50.49
Hybrid 100V *(8-Pound)*..... C25HDHY1008 .....$355.99

US 869®

Outstanding 50 BMG propellant that offers significant advantages in many magnum rifle applications! US869 is a true magnum Spherical rifle powder that is superb with heavy bullets in big, overbore rifle cartridges. US869 is a dense propellant that allows the shooter to use enough powder to create maximum velocities in cartridges such as the 7mm Remington Ultra Magnum, .300 Rem. Ultra Magnum, .30-378 Weatherby Mag. and others. US869 is superior in the 50 Caliber BMG where it yields high velocity and great accuracy with 750 to 800 grain projectiles. This is a fine 1000-yard match propellant! Effected minimally by varying temperatures, a key feature for top competition and hunting accuracy.

US 869® *(1-Pound)*..... C25HDUS8691 .....$51.99
US 869® *(8-Pound)*..... C25HDUS8698 .....$367.49

H1000™

This very slow burning Extreme Extruded powder is perfect for highly overbored magnums like the 7mm Rem. Mag., 7mm STW and the 30-378 Weatherby. In addition, .270 Win., and .300 Win. Mag. In a short period of time this powder has achieved considerable notoriety among long range match shooters.

H1000™ *(1-Pound)*..... C25HDH10001 .....$63.99
H1000™ *(8-Pound)*..... C25HDH10008 .....$443.49

H322®

This powder has won more benchrest matches than all other propellants combined. H322 is capable of amazing accuracy in all small and medium capacity cases. It is outstanding in the .223 and .222 as well as the .22 and 6mm PPC cartridges. H322 is a very short grained extruded powder that flows through the measure as well as most spherical powders. H322 also is a favorite for many TCU and IHMSA cartridges. Take the Extreme Tour.

H322® *(1-Pound)* .....C25HDH3221 .....$65.49
H322® *(8-Pound)* .....C25HDH3228 .....$453.99

H4198

This specialized extruded powder works extremely well in the 7.62 x 39 Russian. H4198 is also excellent for the .222 with 50 gr. bullets and some rather unique calibers including the .45/70 and the .444 Marlin. This propellant also works well in some obsolete American rifle cartridges such as .32/40 Ballard and .40/70 Maynard. Take the Extreme Tour.

H4198 *(1-Pound)*.....C25HDH41981 .....$67.49
H4198 *(8-Pound)*.....C25HDH41988 .....$466.49

Please see ordering information for requirement on shipping powder.

H4350

This extruded powder provides superior performance in cartridges from 22-250 to the 460 Weatherby. It's medium slow burning speed works best with heavier projectiles. H4350 has been changed to the short cut version, just like H4198 and H4831. The shorter granules give more precise metering and more consistent charge weights than the old long cut version, plus superior loading density without sacrificing the outstanding ballistic performance that made H4350 famous. H4350 gives similar ballistics to IMR 4350, however, always consult the Hodgdon reloading manuals for accurate, safe loads.

H4350 *(1-Pound)*.....C25HDH43501.....$63.99
H4350 *(8-Pound)*.....C25HDH43508.....$443.49

H4831®

Newly Manufactured

This extruded powder is a real stalwart of Hodgdon rifle powders. Hodgdon was the first supplier to introduce this popular burning rate in 1950. Bruce Hodgdon and Tom Shepherd, our Sales Manager, both prefer this powder with all bullet weights in the .270, .280 Rem., and 6mm Rem. H4831 has a wide range of use. It's a relatively slow burning propellant, so it does a great job with heavier bullet weights in .25/06, .257 Weatherby, and .338 Win., as well as the cartridge listed in our description of H450.

H4831® *(1-Pound)* ..... C25HDH48311.....$63.99
H4831® *(8-Pound)* ..... C25HDH48318.....$443.49

H4831SC®

In 1950, Hodgdon became the first supplier to offer this popular burning rate. It has since become a real stalwart of Hodgdon rifle powders. General Manager Tom Shepherd prefers it with most bullet weights in the .270, .280 Rem. and 6mm Rem. Slow burning H4831 has a wide range of uses, and does great with heavier bullet weights in .25/06, .257 Wby, .338 Win. and dozens of others. For superb metering, try H4831SC® (shortcut). Take the Extreme Tour.

H4831SC® *(1-Pound)* .....C25HDH4831SC1 .....$63.99
H4831SC® *(8-Pound)* .....C25HDH4831SC8 .$443.49

H4895®

This is the most versatile of all rifle powders. This extruded powder is great for .17 Rem., .22-250, .308, and .458 Win. If you're a rifle shooter and don't want to store a lot of different rifle powder, this is the one for you. It is amazingly accurate in almost every cartridge listed in our data. It's original use was in the .30/06 and it was the first powder Bruce Hodgdon sold to the loading public. Our H4895® performs similar to most lots of IMR 4895.

H4895® *(1-Pound)* ..... C25HDH48951 .....$65.49
H4895® *(8-Pound)* ..... C25HDH48958 .....$453.99

HODGDON

Rifle Powder

LEVERevolution®

Hodgdon and Hornady have teamed up on the same spherical propellant used in Hornady's factory ammunition. Yield velocity gains in excess of 100 fps, with even greater gains over factory ammunition. Other cartridges include the 35 Remington, 308 Marlin Express, 338 Marlin Express and the 25-35 Winchester.

LEVERevolution® *(1-lb.)* .....C25HDLEVER1 ..... $50.99
LEVERevolution® *(8-lb.)* .....C25HDLEVER8 ..... $362.99

Varget®

The perfect powder for competitive Match shooting 223 Remington and Heavy bullets. Outstanding performance and velocity can be obtained in such popular cartridges as the 223 Remington, 22-250 Remington, 308 Winchester, 30-06, 375 H&H and many more.

Varget® *(1-Pound)* .....C25HDVAR1.....$63.99
Varget® *(8-Pound)* .....C25HDVAR8.....$443.49

Superformance®

Superformance delivers striking velocities in cartridges like the 22-250 Remington, 243 Winchester and 300 Winchester Short Magnum. Velocities well in excess of 100 fps over the best published handloads and even larger gains over factory ammunition! Because this propellant is tailored for specific applications, the number of cartridges and bullets is limited, but where it works, it really works!

Superformance® *(1-Pound)* ..... C25HDSUPER1..... $50.99
Superformance® *(8-Pound)* ..... C25HDSUPER8..... $362.99

Retumbo®

"Echo of Thunder" was designed for such cartridges as the 300 Remington Ultra Magnum, 30-378 Weatherby, 7mm Remington Ultra Magnum, the 7mm STW and many more cartridges with very large capacity cases and relatively small bores. Shooters can expect up to 40-100 feet per second more velocity than other magnum powders, depending on choices of bullets and primers. **Retumbo®** is new extruded propellant that incorporates all the great features of Hodgdon's Extreme family of powders.

Retumbo® *(1-Pound)*..... C25HDRET1 .....$63.99
Retumbo® *(8-Pound)* ..... C25HDRET8 .....$443.49

Benchmark

Extreme Extruded propellant was developed for precision cartridges. Ideally suited for benchrest and small varmint cartridges like the 6mm PPC, 22 PPC,6mm BR, 22 BR, 223 Rem. and 222 Rem. Performs superbly in the 308 Winchester with light match bullets like the 147 gr. and 155 gr. versions. Small, easy metering granules, flow through progressive presses.

Benchmark *(1-Pound)* ..... C25HDBM1 ..... $65.49
Benchmark *(8-Pound)* ..... C25HDBM8 ..... $453.99

Shotgun & Pistol Powders

HP-38®

HP38 is a spherical powder that is great for low velocity and mid-range target loads in the .38 Special, .44 Special, 9mm and .45 ACP. This extremely high energy powder provides economy in loading due to the light charge weights it requires.

HP-38® *(1-Pound)*.....C25HDHP381 .....$48.99
HP-38® *(8-Pound)*.....C25HDHP388 .....$339.49

Tite Group®

As the name implies, this spherical propellant was designed for accuracy. Because of the unique design, this powder provides flawless ignition with all types of primers including the lead-free versions. Unlike pistol powders of the past, powder position in large cases (.45 Colt, .357 Magnum and others) has virtually no effect on velocity and performance. Cowboy Action, Bullseye and Combat Shooters should love this one! Tite Group® has it all, low charge weight, clean burning, mild muzzle report and superb, uniform ballistics

Tite Group® *(1-Pound)*.....C25HDTG1.....$45.49
Tite Group® *(4-Pound)*.....C25HDTG4.....$167.49
Tite Group® *(8-Pound)*.....C25HDTG8.....$326.49

Tite Wad®

Through advanced technology, Hodgdon Powder Co. has produced a superior flattened spherical shotgun powder. Unlike spherical propellants in the past, Tite Wad features low charge weights, mild muzzle report, minimum recoil and reduced residue for optimum ballistic performance. This outstanding propellant designed for 12 gauge only, meters superbly and is ideal for 7/8, 1 and 1-1/8 ounce loads. As the name implies, "A little goes a long way!"

Tite Wad® *(14 oz.)* .....C25HDTW1.....44.99
Tite Wad® *(4-Pound)*.....C25HDTW4.....152.49
Tite Wad® *(8-Pound)*.....C25HDTW8.....289.49

Clays®

Developed for 12 gauge clay target shooters. This extra clean burning propellant is perfect for 7/8, 1 and 1-1/8 oz. loads. Trap, skeet, and sporting clays' shooters will love it. Clays also performs well in many handgun applications. These include .38 Special and .45 ACP. This exclusive Hodgdon introduction will surprise even veteran shooters with its performance characteristics.

Clays® *(14 oz.)* .....C25HDCLAYS14.....$41.99
Clays® *(4-Pound)* .....C25HDCLAYS4.....$172.49
Clays® *(8-Pound)*.....C25HDCLAYS8.....320.99

International®

International is the second in the "Clay" series of powders. It is positioned in burning speed to accommodate 12 ga., 2 3/4" light, medium and heavy 1 1/8 oz. loads, with some very nice 1 oz. listings. Also, it works splendidly in 20ga., 7/8 oz. target and light field loads. As with CLAYS, clean burning and flawless functioning is the rule.

International® *(14 oz.)*.....C25HDINT14.....$41.99
International® *(4-Pound)*.....C25HDINT4.....$172.49
International® *(8-Pound)*.....C25HDINT8.....$320.99

Longshot®

This spherical shotshell powder is the most versatile heavy field propellant Hodgdon has ever produced. Great field loads in 10 ga., 12 ga., 16 ga., 20 ga., and 28 ga. are shown herein. This propellant provides true magnum velocities with superb patterns. In addition, LONGSHOT is the best choice for those competitors shooting "race" games such as "Buddy" shoots, "Annie Oakleys" and more.

Longshot® *(1 Pound)* .....C25HDLS1..... $48.99
Longshot® *(4-Pound)*.....C25HDLS4..... $184.99
Longshot® *(8-Pound)*.....C25HDLS8..... $351.99

Universal Clays®

Is an extremely small grain extruded flake powder. This small grain provides consistent charge weights through the powder measure. As the third member of the Clays technology powders, Universal is one of the most versatile of all our pistol/shotshell propellants. It loads nearly all of the straight wall pistol cartridges as well as 12 ga. 1-1/4 oz. through 28 ga. 3/4 oz. target loads. Pistolaro's and skeet shooters should love it.

Universal Clays® *(1-Pound)*..... C25HDUN1 .....$48.99
Universal Clays® *(4-Pound)*..... C25HDUN4 .....$179.99
Universal Clays® *(8-Pound)*..... C25HDUN8 .....$343.99

HS-6®

This is an excellent spherical propellant for all bullet weights in the 9mm. HS6 also performs well in most straight wall pistol cartridges and is well suited for the .45 ACP. It's a dual purpose powder that many shotgunners prefer as well as pistol shooters. It propels 1-1/4 - 1-1/2 oz. of shot in the 12 ga. and 1 oz. of shot in the 20 ga. quickly with minimum recoil. Perfect for upland game, rabbit and squirrel.

HS-6® *(1-Pound)*.....C25HDHS61.....$50.99
HS-6® *(8-Pound)*.....C25HDHS68.....$362.99

Lil Gun®

The 410 BORE has long been difficult to load due to shortcomings in powder fit, metering, along with poor burning characteristics. Not any more! LIL'GUN was designed to fit, meter and perform flawlessly in the .410 BORE. No more spilled shot or bulged cases. In addition, LIL'GUN has many magnum pistol applications and is superb in the 22 Hornet.

Lil' Gun® *(1-Pound)*.....C25HDLIL1.....$47.99
Lil' Gun® *(4-Pound)*.....C25HDLIL4.....$179.49
Lil' Gun® *(8-Pound)*.....C25HDLIL8.....$343.99

H110®

This spherical powder screams "No whimps, please!" H110 is designed to develop high operating pressures that the .357 and .44 Mag. boys love. The high velocities developed with proper loading of this powder produce incredible accuracy down range. H110 is also recommended for the .30 carbine and the 410 ga.

H110® *(1-Pound)*.....C25HDH1101 .....$50.99
H110® *(8-Pound)*.....C25HDH1108 .....$366.49

Cannon Fuse

Water Resistant and Lacquered

Cannon Fuse *15 Feet*.....C25HDFUSE1 ..... $24.49

CFE™ Pistol

The technology developed for the U.S. Military that greatly deters copper fouling is now available in CFE™ Pistol for your reloads!

This excellent spherical pistol propellant utilizes our CFE formula, Copper Fouling Eraser, virtually eliminating copper fouling, plus providing top velocities with clean burning and minimal muzzle flash. For competitive shooters and hand loaders seeking the perfect powder for target or self-defense loads, CFE Pistol provides optimum performance in cartridges like the 9mm Luger, 38 Super, 40 S&W, the venerable 45 ACP and many more.

CFE™ Pistol *(1-Pound)*..... C25HDCFEPISTOL1 ....$49.49
CFE™ Pistol *(8-Pound)*..... C25HDCFEPISTOL8 ..$347.49

Pricing subject to change without notice. Not responsible for typographical errors.

IMR®

LEGENDARY POWDERS

IMR-3031

A propellant with many uses, IMR 3031 has long been a favorite of .308 Match shooters using 168-grain match bullets. It is equally effective in small-capacity varmint cartridges from .223 Remington to .22-250 Remington, and it's a great .30-30 Winchester powder.

1-Pound ..... C25DU30311 ..... $63.49
8-Pounds ..... C25DU30318 ..... $445.49

IMR-4064®

One of the most versatile propellant in the IMR line, used for 223 Remington, 22-250 Remington, 220 Swift, 6mm Remington, 243 Winchester Super Short Magnum, 308 Winchester, 338 Winchester Magnum, and the list goes on and on. Versatility with uniformity and accuracy.

1-Pound ..... C25DU40641 ..... $64.49
8-Pounds ..... C25DU40648 ..... $446.99

IMR-4166®

This powder is the first in the series of Enduron™ propellants. It's a perfect burn speed for cartridges like the .308 Win, 22-250 Remington, 257 Roberts and dozens more. IMR 4166™ is a positively versatile, match grade propellant.

1-Pound ..... C25DU41661 ..... $67.49
8-Pounds ..... C25DU41668 ..... $479.49

IMR-4198

This fast burning rifle powder gives outstanding performance in cartridges like the 222 Remington, 221 Fireball, 45-70, and 450 Marlin. Varmint shooters with small-bore cartridges love it. Proven metering and necessary elements were added to make it extremely insensitive to hot/cold temperatures. IMR 4198 is outstanding in cartridges like the 222 Remington, 444 Marlin and 7.62 X 39.

1-Pound ..... C25DU41981 ..... $66.99
8-Pounds ..... C25DU41988 ..... $471.49

IMR-4895

Originally a military powder featured in the .30-06, IMR 4895 is extremely versatile. From .17 Rem to the .243 Win to the .375 H&H mag, accuracy and performance are excellent. Favorite of match shooters.

1-Pound ..... C25DU48951 ..... $64.49
8-Pounds ..... C25DU48958 ..... $446.99

8208 XBR®

IMR 8208 XBR The latest in the versatile IMR line of fine propellants, this accurate metering, super short grained extruded rifle powder was designed expressly for match, varmint, and AR sniper cartridges. Ideally suited for cartridges like the 223 Remington/ 5.56mm, 308 Winchester/ 7.62mm NATO and the 6mm PPC, shooters will find IMR 8208 XBR totally insensitive to changes in temperature, while yielding max velocities and "tack driving" accuracy. Clearly, the competitor's "choice" and the Varmint Hunter's "dream powder".

1-Pound ..... C25DU82081 ..... $62.49
8-Pounds ..... C25DU82088 ..... $436.49

IMR 8133

ENDURON TECHNOLOGY

This new powder is designed for large, magnum cartridges, such as .300 Win Magnum, .300 Remington Ultra Magnum, and 28 Nosler, among others. With the slowest burn rate among Enduron powders, 8133 has burn properties similar to Hodgdon Retumbo.

1-Pound ..... C25DU981331 ..... $67.49
8-Pounds ..... C25DU981338 ..... $479.49

IMR-7828 SSC®

This magnum rifle powder has exactly the same burn rate as standard IMR 7828 and uses the same data. However, due to the super short kernels, metering is virtually as good as a spherical powder. This allows up to 4% more powder space in the case and in many loads yields more velocity than standard 7828. Such loads are marked with an asterisk in the data to show where standard 7828 will not fit.

1-Pound ..... C25DU7828SSC1 ..... $62.99
8-Pounds ..... C25DU7828SSC8 ..... $438.49

IMR-7977

ENDURON TECHNOLOGY

The slowest burn rate Enduron Technology extruded powder is IMR 7977, and is a true magnum cartridge propellant. It yields outstanding performance in such cartridges as the 300 Winchester Magnum, 7mm Remington Magnum, 338 Lapua and a host of others. Loading density is perfect for magnums, nicely filling the case at maximum charges, contributing to superb uniformity and accuracy. The 7mm Remington Magnum "never had it so good"!

1-Pound ..... C25DU79771 ..... $67.49
8-Pounds ..... C25DU79778 ..... $479.49

IMR-4227

Like other powders manufactured by the company, IMR Powder 4227 Rifle Powder is perfectly engineered and thoroughly tested prior to being sold. This magnum powder produces near true magnum velocities; for reloading, it is a popular choice.
In addition to outstanding velocity, this powder has been proven time after time to produce high-performance results.
When accuracy counts, this powder delivers. Commonly used in .221 Fireball and .22 Hornet cartridges, the powder is easy to meter.

1-Pound ..... C25DU42271 ..... $66.99
8-Pounds ..... C25DU42278 ..... $471.49

IMR 4955™

ENDURON TECHNOLOGY

IMR-4955 It falls directly between IMR 4451 and IMR 7977 in burn speed, providing top performance for all cartridges used for big game. Enduron® powders, are temperature insensitive, clean burning, minimizes copper fouling and is totally safe for the environment. Adding this propellant to the Enduron® line filled in an important place in the chart.

1-Pound ..... C25DU949551 ..... $67.49
8-Pounds ..... C25DU949558 ..... $479.49

IMR-4350

For short magnums, there are few products that deliver the same quality as IMR Powder 4350 Rifle Powder. This product is manufactured by a company with more than 200 years in the business of reloading, and on that alone, all types of shooters have a genuine trust in every powder purchased.
This particular rifle powder works great for Winchester and Remington short magnums with bullet weights between light and medium. Compared to the competition, this powder has been shown to bolster accuracy and enhance performance far better.

1-Pound ..... C25DU43501 ..... $66.99
8-Pounds ..... C25DU43508 ..... $479.49

IMR-4451

ENDURON TECHNOLOGY

Enduron extruded powder, IMR 4451, gives top performance in the venerable 30-06, 270 Winchester and 300 Winchester Short Magnum, to name just a few. This propellant is ideally suited for many, many mid-range burn speed cartridges.
Simply scroll through the list of cartridges on the Hodgdon Reloading Data Center, and see how many of your favorite cartridges are covered with this fine powder. Once the shooter tries this one in that favorite cartridge, his search is over!

1-Pound ..... C25DU44511 ..... $67.49
8-Pounds ..... C25DU44518 ..... $479.49

IMR-4831

Slightly slower in burn speed than IMR 4350, IMR 4831 gives top velocities and performance with heavier bullets in medium sized magnums.

1-Pound ..... C25DU48311 ..... $66.99
8-Pounds ..... C25DU48318 ..... $479.49

WINCHESTER
SMOKELESS PROPELLANTS

Since 1892, Winchester Smokeless Propellants have provided quality, high performance powders to the ammunition loading factories, the U.S. Military, and reloaders. It is safe to say that more ammunition is loaded in America today with Ball Powder propellants than any other powder type. Are you ready to take advantage of the choice of loading professionals?

572 Ball Powder®
This Winchester powder is strategically designed to do a myriad of jobs. First it has the correct burn rate to create the famous 3 ¼ dram equivalent, 1 ¼ oz, 1330 fps 12 gauge load, originated by Winchester. And, it does it with any brand case! Back Fence competitors and pheasant hunters will be delighted. Now, that is just one application, and it goes on to provide clay target loads superb in 20 gauge and 28 gauge, top field loads in both, and, outstanding field loads for the wonderful 16 gauge. In addition, 572 has a vast number of pistol applications, ranging from the 25 ACP to the 45 ACP, and all popular calibers in between. This is one positively versatile and useful propellant.

1-Pound ..... C25WP5721 ..... $51.49
4-Pound ..... C25WP5724 ..... $192.99
8-Pound ..... C25WP5728 ..... $369.49

AutoComp Ball Powder®
AutoComp is extremely fine in the .38 Super, 9mm, .45 ACP & .40 S&W race guns. It's just the perfect burning speed to feed the compensators with a higher volume of gas. With AutoComp competitors get off faster shots with a minimal muzzle flash, It's a winner.

1-Pound ..... C25WPAC1 ..... $51.99
8-Pound ..... C25WPAC8 ..... $357.99

AA® Super Handicap
Super Handicap is the same propellant used in Winchester's Super Handicap ammunition. This slow-burning, high energy propellant gives the shooter great handicap or long range sporting clays loads at up to 1250 fps with a 1-1/8 ounce shot charge.

1-Pound ..... C25WPWSH1 ..... $51.99
8-Pound ..... C25WPWSH8 ..... $357.99

748 Ball Powder®
Powder of choice by Winchester and the U.S. military for 5.56mm and 223 Rem. ammunition. The low flame temperature of 748 extends barrel life. It can be used in a wide variety of centerfire rifle loads including .222 rem, 30-30 Win, and up to 458 Win. Mag. Combine Winchester components with 748 to duplicate 308 Win. factory load ballistics. 748 is recommended for use with the new 308 Fail Safe bullets

1-Pound ..... C25WP7481 ..... $53.49
8-Pound ..... C25WP7488 ..... $384.49

231 Ball Powder®
As the most popular reload propellant 231 is a pistol powder ideally suited to the 38 Special, 45 auto, and 9mm standard loads. Consistency, clean burning low flash, and a broad range of applications make this a powder of choice on any pistol cartridge reloader's shelf.

1-Pound ..... C25WP2311 ..... $48.99
4-Pound ..... C25WP2314 ..... $177.99
8-Pound ..... C25WP2318 ..... $339.49

296 Ball Powder®
Developed for Winchester factory loaded ammo .357 Mag., .44 Mag. and .410 bore. Its high loading density provides optimal velocity. 296 is also the powder type used by Winchester for factory loaded 410 bore AA loads. However, 296 is not suitable for most rifle cartridges.

1-Pound ..... C25WP2961 ..... $50.99
4-Pound ..... C25WP2964 ..... $188.49
8-Pound ..... C25WP2968 ..... $367.49

WST Super-Target® Ball Powder®
Target shotshells and standard velocity handgun propellant. Ideal for use in .45 Auto match applications. Consistent, clean, low flash and smoke are benefits to the shooter. Powder of choice for reloading AA shells

1-Pound ..... C25WPWST1 ..... $62.49
4-Pound ..... C25WPWST4 ..... $223.99
8-Pound ..... C25WPWST8 ..... $432.99

WSF Super-Field® Ball Powder®
Super-Field propellant is the propellant of choice for Winchester 20 ga AA target Load and 12ga 3-3/4 dram equivalent Super-X load. WSF is an ideal choice to maximize velocities in 12 gauge 1-1/8 oz. and 1-1/4 oz. loads. Super Field also performs well in 38 Super, 9mm and .40 S&W pistol loaded. Excellent propellant for fast shooting action pistol application.

1-Pound ..... C25WPWSF1 ..... $50.49
4-Pound ..... C25WPWSF4 ..... $179.49
8-Pound ..... C25WPWSF8 ..... $344.99

760
Combine Winchester components with 760 to duplicate .30-06 factory load ballistics. Recommended as an excellent choice for 7mm-08 and .30-06 Fail Safe bullet. 760 has ideal flow characteristics which give it an advantage over other propellants with similar burn rates.

1-Pound ..... C25WP7601 ..... $51.99
8-Pound ..... C25WP7608 ..... $371.49

Winclean 244
This Ball Powder® is ideally suited to 38 Special, 45 Auto, and 9mm standard loads. Consistency, clean burning, featuring a low flash and useful across a broad range of applications make this powder a perfect choice for pistol cartridge handloaders. With addition of the WinClean process, this powder reduces copper fouling and residue, extending accuracy for longer shooting periods.

1-Pound ..... C25WP2441 ..... $51.99
4-Pound ..... C25WP2444 ..... $184.99

StaBALL
StaBALL 6.5 is the world's first temperature-insensitive BALL® Powder, stable in extreme-hot or -cold conditions. It provides optimal loading density in cartridges appropriate for the burn speed, which is ideal for 6 Creedmoor, 6GT, 6.5 Creedmoor, 7MM-08, 270 Winchester and many more. Typical of a ball powder, precise metering contributes to improved velocity and pressure standard deviations, ingredients that are paramount to match grade accuracy! This "environmentally green" propellant has copper fouling reducer additives, meaning longer durations of competition and field shooting without having to clean the bore. Precision accuracy throughout the match!

1-Pound ..... C25WPSTABALL1 ..... $59.99
8-Pound ..... C25WPSTABALL8 ..... $424.99

StaBALL HD
StaBALL™HD is a temperature-insensitive, double-base, BALL® Powder, stable in extreme hot or cold conditions. This slow-burning magnum powder provides optimal loading density in large capacity magnum cartridges appropriate for the burn speed, which is ideal for 6.5 PRC, 7MM Remington Mag, 300 PRC and many more. Typical of a BALL powder, precise metering contributes to improved velocity and lower standard deviations, ingredients that are paramount to match grade accuracy!

1-Pound ..... C25WPSTABALLHD1 ..... $57.49
8-Pound ..... C25WPSTABALLHD8 ..... $423.99

StaBALL HD
StaBALL™ Match is a temperature insensitive, double-base, BALL® Powder, stable in extreme-hot or -cold conditions. This powder provides optimal loading density in cartridges appropriate for the burn speed, which is ideal for high-BC heavy for caliber bullets in 223 Remington, 224 Valkyrie, 22-250 Remington, 308 Winchester, 30-06 and many more. Typical of a BALL powder, precise metering contributes to consistent velocity and pressure with lower standard deviations, ingredients that are paramount to match grade accuracy!

1-Pound
C25WPSTABALLMATCH1 ..... $57.49
8-Pound
C25WPSTABALLMATCH8 ..... $423.99

Clean Shot
Handgun/Shotgun Powder

Clean Shot smokeless propellant has become a strong favorite of competitive pistol shooters in America. Its consistency of ignition, efficiency, virtual lack of residue, ease of loading, low smoke, consistency of velocity and accuracy have all been witnessed by top competitors. The density of Clean Shot is approximately 0.65 grams/cc. It contains a level of flash suppressant, which aids in visual comfort to the shooter. It's spherical geometry assures highly consistent powder drops, when making rounds on a progressive loader.

1-Pound ..... C25ZKD03203 .....$46.99
5-Pound ..... C25ZKD032035 .....$224.99

Auto Pistol
Handgun Powder

For loaders interested in attaining standard or +P velocities in 9mm Luger, an optimized propellant for the .357 SIG, as well as correct energy levels for cycling carbines with subsonic loads, this propellant is a wise choice. The density of Auto Pistol is approximately 0.95 grams/cc. It contains a level of flash suppressant, which aids in visual comfort to the shooter. It's spherical geometry assures highly consistent powder drops, when making rounds on a progressive loader.

1-Pound ..... C25ZKD03603 .....$47.49
8-Pound ..... C25ZKD036038 .....$352.99

Ultimate Pistol
Handgun Powder

This pistol propellant has no reloading powder exact equivalent. It is faster in burn rate than Accurate® No.5, and slower in burn rate than Accurate® No.2. It is comparable in burn rate to CFE Pistol and Auto Comp, but it has superior consistency in charge weight drops through a volumetric charger. This fact makes Ultimate Pistol a logical choice for competitive shooters, where consistent velocities through a compensated pistol are required to win. The density of Ultimate Pistol is approximately 0.92 grams/cc. It contains a level of flash suppressant, which aids in visual comfort to the shooter. It's spherical geometry assures highly consistent powder drops, when making rounds on a progressive loader.

1-Pound ..... C25ZKD03607 .....$47.49
8-Pound ..... C25ZKD036078 .....$352.99

Major Pistol
Handgun Powder

Major Pistol is made as a high-intensity pistol propellant. The gas generation rate is appropriate for cartridges of the 9mm, 10mm Auto, .357 SIG, light-bullet magnum pistol loads, and other high intensity pistol cartridges. The density of Major Pistol is approximately 0.98 grams/cc. It contains a level of flash suppressant, which aids in visual comfort to the shooter. Its spherical geometry assures highly consistent powder drops, when making rounds on a progressive loader.

1-Pound ..... C25ZKD03701 .....$44.99
8-Pound ..... C25ZKD037018 .....$341.49

Heavy Pistol
Handgun Powder

Ballistic results for this propellant show it appropriate for magnum pistol applications, .300 Blackout with supersonic lightweight projectiles and some other specialty ammunition. The density of Heavy Pistol is approximately 0.98 grams/cc. It contains a level of flash suppressant, which aids in visual comfort to the shooter. It's spherical geometry assures highly consistent powder drops, when making rounds on a progressive loader.

1-Pound ..... C25ZKD03702 .....$44.99
8-Pound ..... C25ZKD037028 .....$341.49

Buffalo Rifle
Rifle Powder

Buffalo Rifle has a burn rate optimized for straight walled rifle cartridges, as well as reduced recoil/reduced energy loads in virtually all rifle applications. Chambers where the bullet diameter is virtually the same as the internal case diameter, such as .38-55 Winchester, .45-70 Gov't and numerous Schuetzen calibers, will benefit from Buffalo Rifle. The density of Buffalo Rifle is approximately 0.87 grams/cc. It contains a level of flash suppressant.

1-Pound ..... C25ZKD06001 .....$46.49
8-Pound ..... C25ZKD060018 .....$346.99

SBR-SOCOM
Rifle Powder

SOCOM smokeless powder has no reloading propellant equivalent. It is faster in burn speed than ACCURATE 1680® and slower in burn speed than Winchester 296 or Hodgdon H110. The propellant gas generation rate is appropriate for .300 Blackout, 7.62x39, straight-walled rifle cartridges, and especially .458 SOCOM, where rapid transformation from powder to gas is desired. The density of SOCOM is approximately 0.99 grams/cc. It contains a level of flash suppressant. Its spherical geometry assures highly consistent powder drops, when making rounds on a progressive loader.

1-Pound ..... C25ZKD06301 .....$45.99
8-Pound ..... C25ZKD063018 .....$341.49

Tactical Rifle
Rifle Powder

While Tactical Rifle is optimized for 55 grain .223 Remington and 5.56mm, and 147/150 grain .308 Winchester and 7.62mm, it also provides sub-minute accuracy with match loads we've evaluated. The density of Tactical Rifle is approximately 1.0 gram/cc. It contains a level of flash suppressant. Its spherical geometry assures highly consistent powder drops, when making rounds on a progressive loader.

8-Pound ..... C25ZKD073018 .....$340.99

Match Rifle
Rifle Powder

Match Rifle is an excellent propellant for long range shooting. Shot with a 77 grain Sierra Match King, in a 5.56mm chamber it launches bullets beyond 2800 fps from a 20" AR-15 barrel. That velocity capability makes Match Rifle a natural fit for Service Rifle and CMP competitions. The density of Match Rifle is approximately 1 gram/cc. It contains a level of flash suppressant. Its spherical geometry assures highly consistent powder drops, when making rounds on a progressive loader.

1-Pound ..... C25ZKD07306 .....$44.99

Precision
Rifle Powder

This propellant has a burn rate and temperature sensitivity very similar to Hodgdon® VARGET. These characteristics and propellant density closely track with the same characteristics of VARGET. The density of Precision Rifle is approximately 0.9 grams/cc. It contains a level of flash suppressant. Its extruded geometry is of a narrow diameter, and cut short. Therefore, its drop consistency through a volumetric charger is quite consistent for an extruded propellant.

1-Pound ..... C25ZKS06202 .....$83.49
8-Pound ..... C25ZKS062028 .....$635.99

AR-PLUS
Rifle Powder

AR-Plus provides additional cleanliness and flash suppression for AR platforms chambered in popular bottlenecked cartridges. As with our other spherical propellants, AR-Plus flows like water through a volumetric charger. Loaders will see no more than 1/10th of a grain of variation in charge weight from a powder drop.

1-Pound ..... C25ZKD07304 .....$44.99
8-Pound ..... C25ZKD073048 .....$340.99

Long Rifle
Rifle Powder

Long Rifle is optimized for the 6.5 Creedmoor. Whether with lightweight, moderate or heavy bullets loaded in this cartridge, Long Rifle yields high loading densities and optimized velocities. If you seek accuracy, one of the keys is to find a propellant that can "fill the case and seek maximum velocity". The density of Long Rifle is approximately 0.9 grams/cc. It contains a level of flash suppressant. Its extruded geometry is of a narrow diameter, and cut short. Therefore, its drop consistency through a volumetric charger is quite consistent for an extruded propellant.

1-Pound ..... C25ZKS06501 .....$81.99
8-Pound ..... C25ZKS065018 .....$635.99

SW4350
Rifle Powder

SW4350 is the slowest of all the 4350 derivatives. As such, it ha broad capabilities in moderate calibers where other 4350 derivatives cannot reach 100% loading density. It also has enhanced capabilities in larger magnum calibers, where other 4350 derivatives cannot reach. The density of SW4350 is approximately 0.9 grams/cc. It contains a level of flash suppressant. Its extruded geometry is of a narrow diameter, and cut short. Therefore, its drop consistency through a volumetric charger is quite consistent for an extruded propellant.

1-Pound ..... C25ZKS07005 .....$81.99
8-Pound ..... C25ZKS070058 .....$634.99

SW 50BMG
Rifle Powder

This propellant is optimized for .50 BMG. Its burn rate is slower than WC 860 (surplus, pull-down, or virgin) and faster than US 869. It is a spherical propellant, manufactured with flash suppressant, and has a density of approximately 1 gram/cc. SW 50BMG is a canister form of Explosia bulk and Lovex canister propellant D100-01.

1-Pound ..... C25ZKD10001 .....$36.99
8-Pound ..... C25ZKD100018 .....$236.49

MULTI PURPOSE BLACK
Black Powder Substitute

This powder if perfect for Hunters and Cowboy Action Shooters. For use in Muzzleloaders and Black Powder Cartridges, this powder is clean, powerful, dependable and accurate! Moisture resistant and virtually non-corrosive.

1-Pound ..... C25ZKBLACKPOWDER $40.99

THE HUNTER
Black Powder Substitute

These Pellets give serious hunters and shooters the pre-measured Convenience they demand. Pellets have also proven exceptionally accurate, making them the choice for hunters and shooters. These are 50 caliber, 50 grain velocity equivalent pellets.

1-Pound ..... C25ZKBLACKPELLET $43.49

Silhouette

Silhouette is a double based, modified (flattened) spherical powder that performs well in medium sized handgun cases. Silhouette's low flash signature, high velocity, and clean burning properties make it a perfect choice for indoor ranges and law enforcement applications. *Ideal Calibers: 9mm, .38 Super, .357 Sig, 10mm*

Silhouette Pistol Powder *(1-Pound)*..... C25RU4000 .....$51.99
Silhouette Pistol Powder *(4-Pounds)*..... C25RU4005 .....$183.49

Zip

Zip is a double based, modified (flattened) spherical powder that performs extremely well in small to medium sized handgun cases. Clean, fast burning and consistent with a wide range of cartridges, Zip is a great choice for target and competitive shooters. Zip's versatility and ability to perform at low charge weights also makes this powder the choice of high volume, cost conscious reloaders.
Ideal Calibers: 9mm, .38 Special, .40 S&W, .45 ACP

Zip Pistol Powder *(1-Pound)* .....C25RU4015.....$43.99
Zip Pistol Powder *(4-Pounds)*.....C25RU4020.....$155.49

True Blue

True Blue is a double based, spherical powder that performs extremely well in most handgun cases. The load range for True Blue is currently from the .380 Auto to .454 Casull weights in progressive loaders. True Blue's physical size contributes to excellent metering properties and consistency of charge weights when run through a progressive loader. True Blue's high bulk density contributes to a fuller case capacity and more consistent loads.
Ideal Calibers: 9mm, .38 Special, .357 Mag, .45 ACP

True Blue Pistol Powder *(1-Pound)*..... C25RU4025 .....$43.99
True Blue Pistol Powder *(4-Pounds)*..... C25RU4030 .....$155.49

Enforcer

Enforcer is a double based, spherical powder that produces high velocities in a wide variety of large handgun calibers. Enforcer's physical size lends itself to excellent consistency in charge weights through a progressive loader due to its ease of metering. Enforcer's high bulk density contributes to a full case capacity and more consistent loads. Enforcer also performs well in some small rifle cases such as the .22 Hornet.
Ideal Calibers: .357 Magnum, .44 Magnum, 454 Casull, .480 Ruger

Enforcer Pistol Powder *(1-Pound)*.....C25RU4035 .....$43.99
Enforcer Pistol Powder *(4-Pounds)*.....C25RU4040 .....$155.49

Competition

Competition is a double based, modified (flattened) spherical powder that is designed for the 12-gauge clay target shooter who is interested in cleanliness, low recoil and consistency. Competition is a fluffy powder that provides for low recoil, is clean burning and is not position sensitive, which makes it a good choice for the Cowboy Action Shooter.
Ideal Calibers: 12 Ga., Cowboy Action Pistol Calibers

Competition Shotshell Powder *(1-Pound)* ..... C25RU401112 .....$42.99
Competition Shotshell Powder *(4-Pounds)*..... C25RU4010 .....$179.49
Competition Shotshell Powder *(8-Pounds)* ..... C25RU4013 .....$319.99

Please See Ordering Information for Requirement on Shipping Powder

X-Terminator

X-Terminator is a double-based, spherical powder that is designed for the high volume, .223 varmint hunter who demands a clean burning powder. X-Terminator will not bridge going into the small diameter necks of the .22 centerfire calibers and produces excellent velocities.
Ideal Calibers: .222 Rem, .223 Rem, and .22 Bench rest calibers

X-Terminator Rifle Powder *(1-Pound)*
C25RU4045.....$43.99
X-Terminator Rifle Powder *(8-Pounds)*
C25RU4050.....$307.99

Big Game

The name indicates that Ramshot Big Game is used predominately in the .270 and 30-06 classes of cartridges but it also performs well in the short action family of cartridges. Big Game's performance in the .22-250 is quickly making it one of the most popular.
Ideal Calibers: .22-250, 6mm, 7mm-08

Big Game Rifle Powder *(1-Pound)*
C25RU4055.....$43.99
Big Game Rifle Powder *(8-Pounds)*
C25RU4060.....$307.99

Tac

Ramshot TAC is a versatile rifle powder that performs well in a number of different calibers. TAC has the ability to provide some of the industry's highest velocities for 80 grain bullets in the .223 caliber while maintaining SAAMI pressure guidelines. TAC is a double-based powder providing for ease of metering and consistent charge weights.
Ideal Calibers: .223 Rem, 308 Winchester

Tac Rifle Powder *(1-Pound)*
C25RU4065.....$49.49
Tac Rifle Powder *(8-Pounds)*
C25RU4070.....$352.49

Magnum

The muzzle velocities achieved in the magnum class of cartridges are some of the highest in the industry. Magnum's excellent velocities coupled with its cleanliness make it a great choice for high volume match shooters. Ramshot Big Boy powder was renamed Ramshot Magnum in 2001. Big Boy and Magnum are the exact same powder - just a new name. Data using Ramshot Big Boy is applicable for Ramshot Magnum.
Ideal Calibers: .25-06, .270 WSM, 7mm Rem Mag, .300 WBY, .300 Win Mag, 300 RUM

Magnum Rifle Powder *(1-Pound)*
C25RU4072.....$43.99
Magnum Rifle Powder *(8-Pounds)*
C25RU4075.....$307.99

Hunter

Hunter is the new powder in the Ramshot line and is the perfect spherical powder for medium caliber rifles Hunter meters great, is clean burning, and produces outstanding velocity in traditional medium caliber cartridges and the new Winchester Short Magnum family of cartridges. Ramshot hunter performs consistently throughout a wide range of temperatures making it a perfect powder for your hunting loads. Ideal Calibers: .270 Win, .223 WSSM, 7mm WSM, 270 WSM, 300 WSM

Hunter Rifle Powder *(1-Pound)*
C25RU4080.....$43.99
Hunter Rifle Powder *(8-Pounds)*
C25RU4085.....$307.99

LRT Smokeless Powder

As one of the slowest spherical powders ever developed, LRT, was created for high performance at extreme ranges. Designed specifically for the 338 Lapua Magnum using heavy, high ballistic coefficient bullets . LRT offers high load densities and low standard deviations for superior accuracy. Hunters who prefer the advantages of overbore magnums like the 257 Weatherby or 30 Nosler will find that LTR meters more easily and produces flatter trajectories than rival propellants.

LRT Smokeless Powder *(1-Pound)*
C25RU4090.....$43.99
LRT Smokeless Powder *(8-Pounds)*
C25RU4092.....$307.99

Hornady®

Accurate. Deadly. Dependable.

Brass Cartridge Cases

- **Tight Wall Concentricity:** *Concentricity helps to ensure proper bullet seating in both the case and the chamber of your firearm. Higher concentricity also aids in a uniform release of the bullet on firing, for optimal velocity and accuracy.*
- **Uniform Case Wall Thickness**
- **More Reloads per Case**
- **Consistent Weight and Capacity:** *Every single Hornady case, regardless of the lot in which it was produced, is virtually identical to other Hornady cases in the same caliber. For you, this means consistent pressures, velocity and accuracy — every time.*

LAPUA

Reloading Cases

Advanced metallurgical research and manufacturing techniques ensure that Lapua cases are leaders in uniformity and quality. Lapua cases are the best in the world. The marksmen themselves think this way. The .220 Russian, for example, is the number one choice of the best benchrest shooters all over the world. All our cases are strong and uniformly precise. Lapua cases are manufactured to be reloaded, again and again, dozens of times. ***Case construction Base*** *The base section is hard and strong, and the dimensions remain constant and will hold primers tight in primer pocket even after repeated reloading.*

Body *The brass body section is hard and firm. It is easy to extract after firing, whether full sizing or only neck sizing was used in reloading.*

Neck *Strict tolerances in concentricity and wall thickness are used in manufacturing. The neck and shoulder are annealed to withstand repeated reloading.*

SIG SAUER

Component Brass - Unprimed

Elite Performance Ammunition shell cases are engineered to exacting tolerances and available for multiple pistol and rifle calibers. The geometric consistency of these premium brass cases ensures each primer is held tightly in its pocket. Flash holes are precise with no burrs and the superior metallurgical properties of the SIG SAUER cases enable repeated reloading. All Elite Performance rifle shell cases are induction annealed for consistent bullet retention.

BRASS ONLY. NOT LOADED AMMUNITION.

NOSLER®

NOSLER® Brass

Each piece of brass is completely prepped and ready to load.

The case mouths have been chamfered and deburred. Together, Nosler bullets and brass are the ingredients for the perfect load. Each piece of Nosler® cartridge brass bears the "Nosler" headstamp and is manufactured under the company's strict policy of "quality first." With uncompromising attention to detail, each round of Nosler cartridge brass is made to precise dimensional standards and tolerances using top-grade materials to maximize accuracy and consistency while extending case life. Each piece of brass is completely prepped and ready to load. Case mouths are deburred and chamfered. Flash holes are deburred, and then checked for proper alignment. Every piece of brass is full-length sized, and then visually inspected to ensure that it is free from manufacturing flaws or blemishes. Each box of brass is weight-sorted so that every piece in a box is weight-matched within +/- 1/2 grain.

- *Fully prepped, ready to load*
- *Case mouths are chamfered and deburred • Hand-inspected and weight-sorted*
- *Flash holes are deburred and checked for proper alignment*
- *Quality made, Nosler Brass is packaged in quantities of 25, 50 and 100, 250 count.*
- *Each piece of brass is full length sized and trimmed to proper length.*

FEDERAL PREMIUM

Federal Premium® Brass

Federal Premium® has some of the best brass in the business-the problem is, it was hard for handloaders to get their hands on the calibers they desired. Federal begins to address this problem in 2010 by offering first run, unprimed brass in a variety of common calibers.

Features & Benefits:

• *Premium® Brass • First run, unprimed • Available for rifle and handgun*

Handgun	Per Bag	Item No.	Price
9mm	100 count	C25FAPH9UPB100	$37.49

Lyman
Brands that Perform

Lyman Reloading Handbook – 51st Edition

Lyman's 51st Edition Reloading Handbook continues our standing as the proven source for reloading data. Lyman handbooks have always used the widest selection of cartridges, bullets and powder from all the major manufacturers.
This 51st Edition continues our tradition was being the only data source using multiple brands throughout our data.
Softcover ..... C25LY9816053 ..... $23.73
Hardcover ..... C25LY9816054 ..... $30.30

Cast Bullet Handbook – 4th Edition

This is the first new Cast Bullet Handbook from Lyman in 30 years. Includes data for all Lyman Moulds, plus additional data for select RCBS, Redding and Lee Moulds. Written by well-known cast bullet authority, Mike Venturino, this is the most up-to-date and comprehensive cast bullet data available.
4th Ed. Cast Bullet Handbook
C25LY9817004 ..... $20.70

Reloaders Data Log

The Lyman Reloading Data Log is a must for shooters who reload. The large, easy-to-use format has plenty of room to enter all important data such as bullet, powder, primer, case, firearm used, plus group size, velocity, conditions and several lines for comments on your reloads. • Large 8-1/2" x 11" size • 50 pages per log.
Data Log ..... C25LY9847261 ..... $6.04

Shotshell Handbook 5th Edition

The newest data with over 230 pages devoted to nothing but data, this newest Lyman Shotshell 'Reloading Handbook is the most complete and up-to-date shotshell reloading manual available. This 5th edition covers cases, wads, and primers currently offered by all leading manufacturers in all gauges from .410 to 10 gauge. In addition, the latest and also the most popular powders from Alliant, Hodgdon, Accurate, IMR, VihtaVuori, Ramshot, Winchester are included.
Shotshell Handbook ..... C25LY9827111 ..... $18.49

AR Reloading Handbook 2nd Edition

- The first reloading handbook dedicated exclusively to the Modern Sporting Rifle
- Reloading data for nearly all AR based calibers, including the 223, 224 Valkyrie, 6.8 Rem, 300 AAC, 7.62x39, 350 Legend, 450 Bushmaster, 50 Beowulf and more
- Specialty articles by popular writers covering topics such as • Reloading for Suppressors and Building ARs
- Data uses all popular brands of bullets and powders
- Includes cast bullet data and subsonic load

AR Reloading Handbook 2nd Edition
C25LY9816046 ..... $12.11

Blackpowder Handbook & Loading Manual 2nd Edition

This manual includes thousands of pressure tested loads using Goex and Elephant black powders, Pyrodex RS, Select and P, and Pyrodex Pellets, along with a large assortment of round balls, conicals and sabots. Over three years went into the development of this data. Sam Fadala brings his well known expertise to this work, covering such topics as choosing your muzzleloader, building the best loads, propellants, ignition, maintenance and much more. There are also hundreds of pressure tested black powder cartridge loads
2nd Ed. Blackpowder Handbook .... C25LY9827100 ..... $16.96

Pistol & Revolver Handbook 3rd Edition

Data encompasses all major brands of bullets, powders and primers. Even the newest Vihta-Vuori and Ramshot powders are included. Most importantly, the 3rd Edition has data covering the popular new rounds like: 45 GAP, .480 Ruger and the powerful .500 S&W. Old favorites that are now the rage of Cowboy Shooting competition are also updated, covering 38-40, 44-40, .44 Russian, .45 Schofield and .45 Colt. More than just data charts, this handbook also contains a number of captivating feature articles by well-known writers like Phil Spangenberger, Brian Pearce and Stan Trzoniec.
The articles cover such popular subjects as: Cowboy Action shooting, loading for big bore revolvers and handgun varmint hunting.
Pistol/Revolver Handbook ..... C25LY9816500 ..... $16.96

Long Range Precision Rifle Reloading Handbook

- *Specific data for precision long range cartridges*
- *Target bullets from Berger, Lapua, Sierra and Hornady*
- *Includes pressure and velocity data*
- *Articles by top PRS shooters & industry experts*
- *Printed in full color format*

FUSION®

FUSION® Tipped

- Reduced wind drift and drop, as well as more energy downrange • All-new polymer-tipped design
- Polymer tip paired with skived nose cavity initiates consistent, lethal expansion.
- Copper jacket is electro-chemically bonded to the core, resulting in a perfectly uniform jacket
- Excellent accuracy • Maximum weight retention for deep penetration

FEDERAL PREMIUM SYNTECH

Syntech™ Range

- Polymer-encapsulated Syntech bullet prevents metal-on-metal contact in the bore, eliminating copper and lead fouling, while extending barrel life
- Exclusive primer formulation provides reliable, consistent ignition
- Clean-burning propellants minimize residue and fouling
- Significantly reduces the required frequency of cleaning
- Absence of a copper jacket minimizes splash-back on steel targets • Less perceived recoil

Caliber	Grain	Bullet	Velocity	Qty.	Item No.	Price
9mm	124gr	SJRN	1050 fps	50/Box	C25FAAE9SJ2	$23.99

Syntech™ Defense™

- Best terminal performance in its class
- Hollow-point bullet separates into three segments and a deep-penetrating core on impact
- Core achieves 12 to 18 inches of penetration in both bare ballistics gel and through heavy clothing
- Segments create three secondary wound channels more than 6 inches deep
- Blue polymer jacket reduces barrel heat and friction and eliminates metal fouling
- Extremely reliable Catalyst lead-free primer

Personal Defense® HST®

- Heavy bullet and lower velocity decreases felt recoil and noise
- Expanded diameter and weight retention produce the desired penetration for self-defense situations, without over-penetrating
- Bullet nose profile, nickel-plated case and Federal primer provide the ultimate in function and reliability in semi-automatic handguns
- Clean-burning, low-flash propellants

Military Grade 9mm NATO

Train harder with ammunition loaded to military specifications. Federal® 9mm NATO features military-quality 124-grain FMJ bullets loaded to more powerful, higher-velocity specifications than rounds typically offered for the consumer market. The ammunition is built to NATO specifications and its sealed case ensures reliable ignition, cycling an ballistics in the harshest conditions.

- *Mouth and primer seal for better storage and more reliable function in all conditions • Staked primer*
- *9mm NATO spec brass • Built to NATO requirements*

Caliber	Grain	Bullet	Velocity	Qty.	Item No.	Price
9mm NATO	124gr	FMJ	1260fps	50/Box	C25FAC9N882	$27.49

Action Shotgun™

- Roll crimp adds rigidity for use in tube- and magazine-fed competition shotguns
- Plated steel head for reliable feeding and extraction
- 1 1/8-ounce payload of lead shot
- 1,235 fps velocity balances power, speed and precision
- Designed specifically for competition
- *200 Rounds per Box*

Ga	Length	Velocity	Pellets	Shot Size	Item No.	Price
12	2-3/4"	1235 fps	1-1/8 oz.	7-1/2	C25FAAS12H75	$139.99

High Over All™

- Hard, high-antimony lead pellets resist deformation and deliver more energy downrange
- All-new Podium wad improves patterns and cushions the payload at ignition
- Solid brass head
- Integral base wad and tapered, single-piece plastic hull allow reloading with a wider selection of wads
- More reloads per hull • Eight-segment crimp
- *25 Rounds per Box*

Prairie Storm® FS Steel™

- High velocity • Comparable 40-yard velocity and pellet energy to standard lead loads
- FLITECONTROL wad and payload mix of 50 percent standard steel and 50 percent FLITESTOPPER steel optimizes patterns
- Wad-shot system improves the lethality of steel
- *25 Rounds per Box*

Ga	Length	Velocity	Oz.	Shot Size	Item No.	Price
12	3"	1600 fps	1-1/8	3, 4	C25FAPFSX143FS3	$30.49
12	2-3/4"	1500 fps	1-1/8	3, 4	C25FAPFSX147FS3	$29.49
20	3"	1500 fps	7/8	3, 4	C25FAPFSX207FS3	$29.99

Prairie Storm® FS Lead™

- FLITECONTROL FLEX® wad and FLITESTOPPER® pellet system
- Payload mix of 70 percent standard copper-plated lead and 30 percent FLITESTOPPER lead produces even edge-to-edge patterns
- FLITESTOPPER pellets create bigger wound channels
- *25 Rounds per Box*

Premium® Upland Paper

The loads' exclusive waxedpaper hull holds a hard-hitting payload of extra-hard copper-plated lead shot, as well as a wad column that extracts peak performance with these classic components.

- *Federal waxed-paper hull*
- *Extra-hard, copper-plated shot for uniform patterns and deeper penetration*
- *Wad design produces better, more consistent patterns*
- *Select, high-quality propellant and primer for efficient gnition*
- *25 Rounds per Box*

Upland Steel

Doves are done. Federal® Upland Steel serves up the patterns and power hunters need for hard-to-hit birds at a price that keeps them shooting all day. The loads are consistent and reliable, with high velocities that make the most of the steel payload. They're the perfect choice for doves and other light upland game, especially in areas that require the use of non-lead shot.

- *Quality steel payloads • High velocities • Reliable performance*
- *Priced for fast-paced, high-volume dove hunts and other upland game*
- *25 Rounds per Box*

Gold Medal® Grand™ Paper

The look, feel and performance of Gold Medal® Paper shotshells made them the favorite of the most serious clay target shooters. Now there's an even better option—Gold Medal Grand™ Paper. The loads combine Federal Premium® Ammunition's classic paper hull and high-quality brass head with an improved design that provides less felt recoil and improved shot hardness.

- *Exclusive Federal Premium paper hull design*
- *Two-piece wad utilizes SoftCell™ technology to decrease perceived recoil and produce more uniform patterns than one-piece designs*
- *Brass head ensures flawless cycling and extraction*
- *Lead shot is engineered for the optimum blend of hardness and density for even patterns and maximum downrange power.*

Premium Freight Train™ Copper

Fully Rifled Slug

- Sabot aligns the slug within the bore and separates consistently at the muzzle for peak accuracy
- Groups of less than 4 inches at 200 yards
- Deep, externally skived slug cavity provides consistent, aggressive expansion across a broad velocity range
- Polymer tip and aerodynamic profile maximize downrange velocity and energy • Meets lead-free ammunition requirements

• 5 Rounds per Box

3rd Degree® with Heavyweight TSS

- Turkey ammunition chosen by MeatEater, with packaging highlighting the partnership
- 20 percent No. 6 FLITESTOPPER pellets for forgiving close-range patterns
- 40 percent copper-plated No. 5 lead for lethal performance at mid-range
- 40 percent HEAVYWEIGHT TSS (18 g/cc) for extra-dense
- FLITECONTROL FLEX wad
- A portion of the proceeds are donated to the National Wild Turkey Federation

• 5 Rounds per Box

BallistiClean Frangible™ Slug & Buckshot

Train hard without making hard sacrifices. BallistiClean® frangible slug and buckshot loads provide uncompromising reliability and performance with Catalyst™, the only 100 percent leadfree primer design proven as reliable as conventional lead styphnate primers. Combined with BallistiClean's non-lead projectiles, which break up on impact with hard targets, these slug and buckshot loads result in the safest shooting and most realistic, effective training.

Safari Ammunition

Loaded with either the Partition® or Nosler Solid™ and designed for the same point of impact with either bullet, Nosler Safari Ammunition provides the ultimate versatility for any dangerous game situation.

- *Cases checked for correct length*
- *Necks sized, chamfered and trued*
- *Flash holes checked for proper alignment*
- *Powder charges are meticulously weighed*
- *Finished rounds are visually inspected and polished*
- *Nickel Plated Cases*

Safari Ammunition Nosler® Solid™

- **Flat-Nose Design:** *Reduces deflection off of bone and muscle for deep penetration and an impressively straight wound channel*
- **Solid™ Bullet Construction:** *Lead-free alloy delivers lethal penetration*
- **Concentric Design:** *Seating groove produces optimal load versatility*
- **Designed for Same Point of Impact as Partition bullets of same weight and caliber**

Safari Ammunition - Nosler® Partition®

- **Nosler Engineering:** *Nosler's special lead-alloy dual-core provides superior mushrooming characteristics at virtually all impact velocities.*
- **Full Tapered Copper-Alloy Jacket**
- **Nosler's Integral Partition:** *Supports the expanded mushroom and retains the rear lead-alloy core. The enclosed rear core retains more than two-thirds of the original bullet weight for deep penetration*
- **Dual-Core Construction:** *Every Partition® bullet in the Nosler® line delivers optimum length, weight, and ogive design for maximum in-flight and terminal performance.*

Remington®

Premier® Match Centerfire Rifle

Ever hear the phrase, "you could drive tacks with 'em?" Well they're probably talking about Remington® Premier® Match ammunition. Using only match-grade bullets, Premier Match ammunition employs special loading practices to ensure world-class performance and accuracy with every shot. Offerings within the Premier Match line include 223 Remington, 308 Win, 300 Remington SA Ultra Mag, 300 Win Mag and the new 6.8mm Remington SPC. Maybe some day there will be a stronger word than accurate to describe Premier Match, until then we'll continue to prove it on paper.

Premier® AccuTip™-V

At impact, AccuTip's gold polymer tip is driven rearward causing the thin jacket and soft lead core to fragment violently. First and foremost, though, it gets there precisely shot after shot – it's the most accurate varmint bullet you can shoot.

- *Gold polymer tip acts as a wedge, splintering bullet into fragments at impact*
- *Thin jacket and soft lead core disintegrate and cause massive terminal damage at all ranges*

Core-Lokt® Centerfire Rifle Ammunition

The Core-Lokt bullet design is the original controlled-expansion bullet – and one of the most effective ever developed. Its progressively tapered copper jacket is locked to a solid lead core, promoting perfectly controlled expansion and high weight retention for absolutely dependable on-game results.

• ***Core-Lokt® Soft Point*** - *Soft point shape provides broad frontal area for high energy impact and rapid expansion. Bullet cores are "Lokt" in place to provide deep penetration. Jackets designed for progressive, reliable expansion to almost twice the original diameter.*

• ***Core-Lokt® Pointed Soft Point*** - *Spitzer shape profile for improved velocity and flatter trajectory. Bullet cores are mechanically locked in place to provide deep penetration. Jackets designed for progressive, reliable expansion to almost twice the original diameter.*

Remington®

Nitro Turkey™ Buffered Loads

Remington® Nitro Turkey loads contain our Nitro Mag extra-hard lead shot. Our unique manufacturing process yields shot that is as hard and round as copper-plated shot. In fact, Nitro Turkey Magnums will pattern as well as other copper-plated, buffered loads without the higher cost. Utilizing a specially blended powder recipe and Remington's advanced Power Piston® one-piece wad, Remington's Nitro Turkey Load delivers a full 1 7/8 oz. payload at 1210 fps while delivering 80% pattern densities with outstanding knockdown power at effective ranges.

• *Copper shot performance, value price • Nitro Mag® extra hard lead shot*
• *Patterns over 80% with Super Full choke* • ***10 Shotshells per Box***

Nitro Pheasant® Loads

Thousands of loads in development, decades of success in the field. Only Nitro Pheasant® uses Remington's own Copper-Lokt® copper-plated lead shot with high antimony content. The hardest lead we make for hunting, stays rounder, flies truer, patterns tighter for greater penetration.
Available in both high-velocity and magnum loadings in either 12- or 20-gauge, Nitro Pheasant gives you the maximum pattern density and lethal energy needed to bring down these tough birds.

Wingmaster HD™

Remington has brought back the wingmaster HD, the one-stop hop in duck and goose high-density shot shell rounds. Testing proves Wingmaster HD delivers the best combination of pellet energy and pattern density resulting in high pattern energy on target. At 11.6 g/cc, Remington's tungsten blend is 6% denser than lead and 49% denser than steel. Wingmaster HD features higher retained energy, with uniform, smooth, round pellets for dense and efficient patterns. *• 10 Rounds per Box*

PREMIER® TSS

New ultra-dense Tungsten Super Shot (TSS) payloads deliver increased lethal range, denser patterns and more knockdown power. A density of 18 g/cc makes a smaller shot size viable over what you'd choose in lead, with an energy and velocity increase to boot. Every load is tuned for the tightest and most consistent patterns possible

Remington®

Managed-Recoil® Slugger® Rifled Slug

Slugger Managed-Recoil Rifled Slugs offer remarkably effective performance but with 45% less felt recoil than full velocity Sluggers. With effective energy out to 80 yards, these 1-ounce slugs easily handle the majority of shotgun deer hunting ranges. Less recoil means sighting-in at the range becomes a more comfortable, fun experience. And since the shooter is able to recover the target more quickly after firing, the accuracy and speed of the second shots is greatly improved.

Premier® AccuTip™ Bonded Sabot Slug *with Power Point Tip*

It doesn't just look intimidating, it's flattening whitetails and competitors in the tipped-slug market with devastating ferocity. Guided by our new Power Port™ Tip, the AccuTip Bonded Sabot Slug delivers a degree of accuracy and terminal performance unmatched by any other we tested. This masterpiece of aerodynamics consistently prints tiny 100-yard groups and transfers tremendous knockdown force out to the farthest reaches of shotgun range. It's the largest tipped slug you'll find anywhere.

Premier® Nitro Sporting Clays

Smoke targets and conquer the competition with Premier Nitro Sporting Clays— the finest sporting clay loads in the world today. The shell's extra velocity gives you an added advantage for those long crossers — making target leads shorter for ultimate clay-crushing satisfaction. The unique Remington Premier gold hull has earned a reputation as one of the most "reloader friendly" designs ever to hit the clay target-shooting world. This shotshell also makes a great high-velocity dove load.

Express® Managed-Recoil® Buckshot

With less felt recoil than full velocity loads, Express Managed-Recoil Buckshot is an ideal close-range performer. Less recoil means second shot recovery is quicker, allowing the user to get back on target more easily. These new loads are built with the same precision of our standard 8-pellet 00 Buckshot loads and are buffered for dense patterns, allowing for highly effective performance at up to 40 yards.

Slugger® High Velocity Slugs

Remington® introduces the first high-velocity Foster-style lead slug. This higher velocity slug exits the barrel at 1800 fps, 13% faster than standard 1 oz. slugs. The 7/8 oz. Slugger High Velocity delivers 200 ft-lbs more energy at 50 yards with flatter trajectory on deer than standard 1 oz. slugs. Produced in most popular slug loadings — 2 3/4" and 3" 12-gauge and 2 3/4" 20-gauge with a 1/2 oz. lead slug. Designed for the avid deer hunter using smooth bore guns. • *5 Slugs per Box*

- 31-grain lead round nose bullets
- Optimized bullet geometry for improved accuracy
- High-velocity loading and reliable function in semi-automatic firearms

• 50 Rounds per Box

Caliber	Weight	Bullet	Item No.	Price
.22 LR	31gr	Poly LRN	C25CC954CC	$9.29

VNT® 17 Mach 2

The new loads feature a Speer® bullet with a extremely thin jacket and polymer tip that team up to offer flat trajectories, superb long-range accuracy and explosive terminal performance on impact.

- *Speer VNT bullet design*
- *Very thin jacket combined with precision-built polymer tip*
- *Devastating terminal effect on varmints*
- *Flat shooting and highly accurate to maximize effective range • Consistent CCI priming*
- *Nickel-plated cases • 50 Rounds per Box*

Caliber	Bullet	Velocity	Item No.	Price
.17 Mach 2	VNT	2010 fps	C25CC948CC	$10.49
.22 WMR	VNT	2200 fps	C25CC969CC	$19.49

Maxi-Mag® Clean-22™ Segmented HP

- The industry's only segmenting hollow-point bullet in 22 WMR
- Polymer bullet coating greatly reduces lead fouling in the barrel without leaving residue
- Allows expansion at lower velocities than copper-jacketed bullets
- Reduces the risk of penetration through the target and beyond
- Optimized bullet geometry for improved accuracy

• 50 Rounds per Box

Caliber	Weight	Bullet	Item No.	Price
.22 WMR	46gr	Poly. SHP	C25CC972CC	$19.99

Clean-22™ Suppressor

New CCI® Clean-22™ Suppressor 22 LR uses an advanced polymer bullet coating to reduce lead fouling inside a suppressor up to 60 percent. The exclusive feature allows much easier suppressor cleaning and maintenance, as well as excellent accuracy.
With dependable CCI priming and consistent propellant, the loads cycle reliably through any suppressed firearm.

- *Polymer bullet coating reduces lead fouling in suppressors up to 60 percent*
- *Ballistically optimized 45-grain lead round nose bullet*
- *Reliable function in semi-automatic firearms*
- *Extremely reliable CCI priming*

• 200 Rounds per Carton

Caliber	Weight	Bullet	Item No.	Price
22 LR	45gr	LRN	C25CC980CC	$31.99

Maxi-Mag® & VNT® Pour Packs

The convenient cartons pour easily for high-volume shooting at the range or in the field.

- *Convenient 125-count convenient cartons*
- *Containers can be closed after use*
- *VNT offers both long-range accuracy and explosive terminal performance*
- *Maxi-Mag JHP provides all-around precision and power in the field or at the range*

• 125 Rounds per Carton

Caliber	Weight	Bullet	Item No.	Price
.22 WMR	30gr	VNT	C25CC929CC	$46.99
.22 WMR	40gr	HP	C25CC920CC	$39.99

Sub-Sonic HP

- Special 40 grain lead hollow point nose at 1050 ft/sec
- Trajectory matches most target loads to 50 yards
- Large HP cavity for reliable expansion at sub-sonic velocity without fragmentation
- Quieter than high-speed 22 LR hollow point loads
- Clean-burning propellants keep actions cleaner
- Sure-fire CCI priming
- Reusable plastic box with dispenser lid

• 100 Rounds per Box

Caliber	Grain	Bullet	Item No.	Price
.22 LR	40gr	HP	C25CC0056	$11.49

Velocitor®
Hyper-Velocity

- 40 grain gilded hollow point nose at 1435 ft/sec
- 22 percent greater energy at 100 yards than regular high-speed hollow points
- Special HP cavity design, derived from Speer® Gold Dot® technology, retains virtually 100 percent bullet weight
- Clean-burning propellants keep actions cleaner • Sure-fire CCI priming
- Reusable plastic box with dispenser lid

• 50 Rounds per Box

Caliber	Grain	Bullet	Item No.	Price
.22 LR	40gr	CPHP	C25CC0047	$9.29

Pistol Match
Precision

- 40 grain lead round nose bullet at 940 ft/sec in a six-inch pistol (1070 ft/sec in rifle)
- Reliably cycles precision match pistols
- A proven match winner
- Clean-burning propellants keep actions cleaner
- Sure-fire CCI priming
- Reusable plastic box with dispenser lid

• 50 Rounds per Box

Caliber	Grain	Bullet	Item No.	Price
.22 LR	40gr	LRN	C25CC0051	$12.99

Stinger®
Hyper-Velocity

Use only in firearms having standard ANSI sporting barrel/chamber dimensions.

- 1640 feet/sec—the fastest 22 LR with varmint- class accuracy
- Special 32 grain hollowpoint bullet with tear-drop cavity for complete disruption
- Clean-burning propellants keep actions cleaner • Sure-fire CCI priming
- Reusable plastic box w/ dispenser lid *• 50 Rounds per Box*

Caliber	Grain	Bullet	Item No.	Price
.22 LR	32gr	CPHP	C25CC0050	$8.99

Quiet-22™ Segmented HP

- 40-grain Segmented HP bullet breaks into three pieces on impact
- 75-percent less perceived noise than standard .22 LR
- No hearing protection needed
- Standard .22 LR case
- Excellent accuracy

• 50 Rounds per Box

Caliber	Grain	Bullet	Item No.	Price
.22 LR	40gr	CPRN	C25CC0970	$9.29

Quiet-22™
.22 Long Rifle

- Ultra-quiet plinking round in 22-caliber LR rifles
- 75% reduction in perceived noise of standard velocity .22 LR
- Standard CCI .22 LR case
- Excellent accuracy and low velocity (710 feet per second)
- Better performance than an air rifle with similar noise levels
- No hearing protection required
- Great for backyard plinking and youth shooting
- Ideal for legal shooting areas where noise is a concern

• 50 Rounds per Box

Caliber	Grain	Bullet	Item No.	Price
.22 LR	40gr	LRN	C25CC0960	$5.49

Gold•Dot
Short Barrel Personal Protection

Speer Gold Dot Short Barrel Ammunition is loaded with bonded core bullets and designed for home defense and personal protection. Bonding the jacket to the core means the elimination of core-jacket separations and superior weight retention. The nickel plated cases create a smoother functioning cartridge and increased durability.

AA® Steel Target

AA Performance, Lead-Free Shot

The non-reloadable black hull and ad designs are engineered to deliver the shot payload at 1450 fps for the on-target performance you expect from Winchester AA®

- Proven Steel shot • High-Strength Hull • AA® Wads
- Best-in-Class Primer and Powder
- ***25 Rounds Per Box***

Ga.	Length	Oz. Shot	Shot	Velocity	Item No.	Price
12	2-3/4""	1	7-1/2	1450 fps	C25WNAASCL12S7	$14.29
12	2-3/4""	1	8	1450 fps	C25WNAASCL12S8	$14.29

AA® Super Pigeon®

Winchester AA Super Pigeon Ammunition is a great choice for hunting small game or upland birds. AA Shotshells feature a high-strength hull providing reliable performance and reloadability along with a specially engineered wad designed to increase pattern performance and reduce recoil for high-volume shooters. The high quality primer and powder ensure reliable ignition while the hard lead shot takes down more birds.

WINCHESTER®

PDX1® Defender® Combo Pack

The .410 PDX1 ammunition features a distinctive black hull and black oxide high-base head and combines four plated Defense Disc™ projectiles and 16 pellets of plated BB shot. The result is the ideal personal defense load for short range engagement with the performance needed to reduce aim error and stop threats. Designed for use in the Taurus Judge®, PDX1® .410 provides maximum protection at close range.

- *.410-gauge 3-inch load • 4 Defense Disc™ projectiles with 16 Plated BBs*
- *Velocity: 750 feet per second* • ***20 Rounds per Box***

PDX1 Defender Combo.....C25WNS41045PD.....$44.29

Defender™ 12-Gauge Buckshot

- Copper-plated buckshot
- Purpose-built wad that ensures proper pellet stacking for consistent patterns
- Optimum energy for personal defense situations
- Manageable recoil through defensive shotguns
- ***10 Rounds per Box***

Ga.	Length	Shot	Velocity	Item No.	Price
12	2-3/4"	9-Pellets/ 00-Buck	1145 fps	C25WNSB1200PD	$20.99
20	2-3/4"	20-Pellets/ #3-Buck	1145 fps	C25WNSB203PD	$20.99

PDX1® Defender™ 12-Gauge Slug & Buckshot

The 12-gauge PDX1 Defender ammunition features a distinctive black hull, black oxide high-base head and 3 pellets of Grex buffered 00 plated buckshot nested on top of a 1 oz rifled slug. The result is the ideal, tight patterning personal defense load. The slug/buckshot combination provides optimum performance at short and long ranges while compensating for aim error.

- ***Plated 00 Buck:*** *Massive shock and compensates for aim error*
- ***Grex® Buffering:*** *Tighter patterns*
- ***1 oz. Rifled Slug:*** *Optimum performance and knock-down* • ***10 Rounds per Box***

Ga.	Length	Shot	Velocity	Item No.	Price

PDX1® Defender™

PDX1 Defender 12-gauge ammunition features a distinctive black hull, black oxide high-base head and a 1 oz. segmenting rifled slug. Upon impact, the slug breaks into three equal segments compensating for aim error and providing critical penetration. This unique design is applicable for short and long range situations.

- ***Programmed Notching on Inside/Outside of Slug:*** *Ensures positive expansion and segmenting at short and long ranges*
- ***Slug Breaks into Three Segments Upon Impact:*** *Compensates for aim error and provides critical penetration* • ***10 Rounds per Box***

Ga.	Length	Shot	Velocity	Item No.	Price
12	2-3/4"	1 oz. Segmenting Rifled Slug	1600 fps	C25WNS12PDX1S	$17.79

PDX1® Defender™ .410-Gauge

Highly effective in both 410 compatible handguns and shotgun, the 410-gauge PDX1 Defender ammunition features a distinctive black hull and black oxide high-base head; it combines three plated Defense Disc projectiles and 12 pellets of plated BB shot. The result in the ideal personal defense load for short-range engagement with the performance need to stop threats

- ***3" 4 Plated DEFENSE DISC™ Projectiles:*** *Optimal penetration and knock-down*
- ***16 Plated BBs:*** *Massive shock and compensates for aim error*
- ***Ideal for Short-Range Personal Defense***
- ***10 Rounds per Box***

Varmint-X with Shot-Lok®

Shot-Lok Technology includes a liquid gel that surrounds the pellets in the shot cup and then hardens. The shot then launches from the barrel nearly perfectly round for extremely tight, long-range patterns. The new Varmint-X shotshell load is available in 3-inch, 1½-ounce plated BBs traveling at 1,300 feet per second (fps). At 40 yards, expect more than 12 inches of penetration along with devastating knockdown power.

BIOAMMO

Biodegradable Ammunition

BIOAMMO® Shot Slugs

Standard Performance cartridges combining alloy-based pellets (non-lead, non-steel) with 0% plastic that are great for both the environment and the shooter. With almost the same softness, lethality and penetration as lead. Tremendous performance too.

- *Specially designed for hunters and clay shooters looking for a superior quality cartridge and with maximum efficiency in terms of speed and penetration.*
- *Bioammo cases and wads are made with 100% compostable and biodegradable biopolymers that do not leave toxic residues in nature.*
- ***25 Rounds per Box***

WAGNER

Wagner Shotshells

The shotgun shells are made and loaded from carefully selected materials and are primed with popular non-mercuric, non-corrosive primers. They are loaded on automatic loading machines to ensure uniformity of load and performance. Additionally, we frequently test, and re-test the shells in various guns and barrels to obtain the most consistent patterns.

Great for Ham & Turkey Shooters!

NXD™

NXD™

Upon impact the NXD projectile's fluted design disperses fluid naturally found in soft tissue, accelerates it to 11/2 - 2X the initial impact velocity and redirects it into the surrounding tissue to create a larger, more effective permanent wound cavity than traditional defensive hollow points.

- Withstands clogging • Lower recoil
- Devastating energy transfer • Consistent feed and function

Caliber	Grain	Bullet	Velocity	Qty.	Item No.	Price

LEVER EVOLUTION

FLEX TIP TECHNOLOGY

LEVERevolution®

- Up to 2500 fps muzzle velocity than conventional lever gun loads
- Exceptional accuracy and overwhelming downrange terminal performance
- Patented FTX® bullet featuring Flex Tip® Technology
- Up to 40% more energy than traditional flat point loads
- **Elastometer Flex Tip®**: *This high-tech elastometer tip dramatically improves the ballistic coefficient, while still providing shock-absorbing safety in magazine*
- **Propellant:** *New propellants provide maximum muzzle velocity at conventional pressures, resulting in flatter trajectories and more downrange energy*
- **Case and Primer:** *Like Hornady® ammunition, our LEVERevolution® rounds use the highest quality cases and primers available. Consistent components translate to consistent shooting in the field*

Vintage Match™

Vintage Match™ ammunition is built to replicate the original military performance specifications unique to these wartime rifles. With the advent of the CMP Vintage rifle and Vintage Sniper Matches, Vintage Match™ ammunition was developed with the Match shooter in mind and is meant to provided superior quality, off-the-shelf ammunition for the shooter who is looking for a match grade alternative to surplus or hand-loaded ammunition. Vintage Match™ offers exceptional accuracy for classic service rifles such as the Mauser, Lee-Enfield, Mosin-Nagant, Swedish Mauser or any other rifles chambered for these storied cartridges

BTHP = Boat Tail Hollow Point

Superformance® Match™

Superformance® Match™ Ammunition achieves muzzle velocities of 100-200 fps faster than ANY conventional ammunition. Hornady® A-MAX® and Boattail Hollow Point Match™ bullets, now featuring revolutionary AMP™ (Advanced Manufacturing Process) bullet jackets set the standard. Topped with the finest bullets, Superformance® Match™ ammunition marries the very best cartridge cases with extremely stable propellants. These propellants are custom blended for each individual load to provide TRUE ammunition performance enhancement. High power competitors, as well as law enforcement and military shooters and snipers, will benefit form the Superformance® Match™ advantages - higher muzzle velocity, phenomenal accuracy, increased range and reduced wind drift *• 20 Rounds per Box*

SUPERFORMANCE™

Superformance™

High velocities without higher heat and pressure; Increase your favorite rifle's performance up to 200 fps WITHOUT extra chamber pressure, recoil, muzzle blast, temperature sensitivity, fouling or loss accuracy. Superformance® uses progressive propellants that take your favorite SST®, GMX®, and InterBond® bullets to levels of performance that are simply unattainable with conventional ammunition.

It *IS* Rocket Science!

- *Its is Fast: 100 to 200 fps faster than any conventional ammunition*
- *Its is Accurate: Uncompromising accuracy without increase felt recoil*
- *It is Consistent: Unfailing performance across a broad range of temperatures*
- *It is Versatile; This new breed of ammunition is available in .223 to .458, and is safe for use in ALL firearm types including semi-autos, lever guns & pump actions*

Hornady®
Accurate. Deadly. Dependable.

CRITICAL DEFENSE®

Critical Defense®

Designed for short-range defensive situations, a new breed of FTX® bullets are at the forefront of the Critical Defense® Rifle ammunition line. The bullet's patented Flex Tip® not only helps keep the nose cavity free from clogging as it passes through heavy clothing but also helps the bullet expand at low velocities.

Custom™ Rifle Ammunition

High Performance Hornady Bullets: *Millions of successful hunts have proven the accuracy and deadly knockdown power of the famous Hornady InterLock, SST and InterBond bullets we load into every Hornady Custom rifle cartridge.*

Powder: Each cartridge is loaded to ensure optimal pressure, velocity and consistency, from lot to lot.

Highest Quality Brass: *Much of the brass is made by Hornady, the rest carefully selected for reliable feeding, corrosion resistance, hardness and the ability to withstand maximum chamber pressure.*

Primers: *Like the powder, each primer is carefully matched to individual loads, and specially selected for their ability to quickly, completely and reliably ignite the powder charge.*

VARMINT EXPRESS®

Varmint Express®

Polymer tipper V-MAX™ bullets delivers match accuracy, high ballistic coefficients wind defying trajectories and rapid fragmentation up on contact. Each Varmint Express® offering is loaded with high quality cases and carefully selected propellant and primers that are all chosen to provide the best performance in each individual load. The NTX® bullet features a non-traditional core material that is formed through a proprietary process on-site at the Hornady® bullet factory. Purpose built to deliver complete fragmentation, even at low velocities, the NTX® composite core provides varmint hunters a new alternative for use in areas with lead restrictions.

Superformance® Varmint™

SUPERFORMANCE VARMINT

Varmint hunters can now reap the benefits of Hornady Superformance® propellant technology in their favorite varmint cartridges. Superformance® Varmint ammunition delivers muzzle velocity increases of 100 to 200 feet per second from EVERY gun. Accuracy, increased range, flatter trajectory, less wind drift and devastating terminal results are all realized with Superformance® Varmint ammunition. Featuring industry leading polymer tipped Hornady V-MAX™ bullet, Superformance® Varmint ammunition achieves match accuracy and rapid fragmentation AND extends cartridge efficiency and performance.

Varmint Express® Rimfire

Hornady® Varmint Express® .17 HMR, .17 Mach 2, and .22 WMR Ammunition delivers industry leading accuracy and deadly performance that has "mist'-ified varmints for years! Loaded with the veerable V-MAX™, XTP® or alternative NTX® bullet, Hornady® Varmint Express® Rimfire ammunition is an excellent choice for plinking or varmint hunting.

- **Hand Inspected:** *Every Varmint Express cartridge is hand inspected before leaving our factory, ensuring there are no cosmetic flaws and imperfections.*
- **Powder:** *The powder in a Varmint Express cartridge is selected for its consistency from lot to lot. That means consistent accuracy & optimum pressure and velocity on every shot.*
- **Select Brass:** *All the cases chosen for use in our Varmint Express ammo are made in America and meet Hornady's stringent quality standards.*
- **Primers:** *Each primer is matched with a specific Varmint Express load to ensure quick, complete ignition.*

Handgun Hunter™

Hornady Handgun Hunter™ ammunition is built around a bullet as rough and rugged as the conditions and game demand. The MonoFlex® handgun projectile is manufactured with a tough copper alloy that achieves deep penetration and 95% weight retention. Bullet expansion across a range of velocities is aided with an elastomer material added to the bullet's open cavity. Upon impact, the elastomer compresses, then pushes out and causes the bullet to expand faster than a standard hollow point design.

Hornady®
Accurate. Deadly. Dependable.

Critical DUTY®

The FlexLock® is an "intelligent bullet" that reacts differently depending on the barrier it encounters, delivers "barrier blind" performance after penetrating urban barriers such as plywood, sheet metal and even auto glass.

1.) FlexLock™ Bullet *incorporates two revolutionary Hornady features: the patented Flex Tip® that initiates consistent expansion every single time while preventing any clogging, and the heavy duty InterLock® band that locks the jacket and core together.*

1.) Cannelured Bullet with Crimped Base *ensures no bullet setback during feeding.*

2.) InterLock® Band *works to keep the bullet and core from separating for maximum weight retention and proven terminal performance through all FBI test barriers.*

3.) Core *is made of high-antimony lead making it extremely tough, delivering controlled expansion for unparalleled terminal performance consistency through all FBI test barriers.*

Cowboy™

Like all Hornady ammo, our Cowboy Action rounds are engineered to perform flawlessly. Thanks to our swaged bullets, the projectile flattens at the target instead of fragmenting. Our propellants are the cleanest-burning, and the diamond knurling means the bullet is lubed the entire length of the bearing surface. It all adds up to the highest quality cowboy ammo on the market.

Critical Defense® .410 Triple Defense™

Delivering effective shot patterns that place all projectiles on a man-sized target at seven yards, the new Critical Defense® 410 features a unique Triple Defense™ projectile column consisting of two .35 caliber round balls topped with one non-jacketed FTX® slug. Unique to the Critical Defense® 410, the 41 caliber FTX® slug actually engages the gun's rifling, and contacts the target nose-on, enabling the patented Hornady Flex Tip® technology to assist in expansion for greatly enhanced terminal performance. Each 35 caliber round ball is made of high antimony, cold swaged lead to resist deformance and provide excellent penetration. Critical Defense® 410 Triple Defense™ – you be the JUDGE!

Critical Defense®

Purpose-built for concealed carry guns!

All Critical Defense® ammunition is loaded in nickel cases for increased visibility in low-light situations. Premium low flash propellants deliver performance, even in very short barreled handguns, and wont disrupt your vision. Reliable expansion and dependable terminal performance can be counted on for on concealed carry/personal protection.

- Unaffected by thick and heavy clothing, including denim and leather
- FTX® bullet delivers superior controlled expansion and large, deep wound cavities over a wide range of velocities
- Clean burning and efficient propellants reduce recoil in lightweight handguns, and perform consistently at all temperatures • Minimal muzzle flash protects night vision
- Feeds reliably in pistols • Silver nickel plating prevents corrosion and is easily visible in low light conditions
- Bullets are custom designed for individual loads
- The most effective, consistent, and reliable concealed carry ammunition available today!

Critical Defense® Lite™

The Critical Defense® Lite™ .38 Spl load is an effective, reduced recoil option for ANY shooter looking to minimize the felt recoil of their lightweight, compact personal protection revolver. Designed with the same proven components as our Critical Defense® line of ammunition, this new offering features a 90-grain FTX® bullet with a unique PINK Flex Tip®! The pink bullet tips and pink ribbon packaging help signify our desire to share in the fight against breast cancer. A portion of all proceeds from the sale of Critical Defense® Lite™ will go to help fund breast cancer research.

Hornady®

Accurate. Deadly. Dependable.

VERSATITE™ WAD

Heavy Magnum® Coyote

The NEW Hornady® Heavy Magnum® Coyote shotgun loads deliver lethal results and minimal pelt damage out to 50 yards! Loads with 1-1/2 ounces of nickel plated lead shot in your choice of either a BB or 00 buckshot offering, these 3-inch, 12 gauge shotshells are the perfect answer for close range predators. Both loads feature the Hornady® Versatite® wad that strips cleanly from the shot string for excellent pattern density and a short shot column for maximum effect on target.

FTX® Custom Lite Slugs

Although extremely effective, 12 gauge slugs deliver a fair amount of recoil. Now, hunters have an alternative with the new FTX® Lite Shotgun Slug. This load is idea for youngsters, women and anyone looking to tame the recoil of their rifled barrel slug gun – offering 40% less felt recoil compared to standard 12-gauge options. Loaded with the same 200-grain FTX® projectile used in the original, the SST® Lite leaves the muzzle at 1575 fps, but is a mild recoiling load capable of taking the largest Midwest whitetail out to 150 yards.

12-Gauge: ***Velocity (fps) / Energy (ft/lb.)***

SUPERFORMANCE® SHOTGUN SLUGS

MONOFLEX™

Superformance® Shotgun Slugs

At the heart of the new Superformance® Shotgun slug in the MonoFlex® – a monolithic solid projectile from gilding metal (95% copper/ 5% zinc) and topped with the Hornady® exclusive Flex Tip® feature that works as a catalyst for uniform expansion, even at the low velocities of longer range impacts. The MonoFlex® won't seperate, and retains 95% of its original weight. Specifically engineered to deliver accuracy, penetration and extremely high weight retention, the MonoFlex® is a non-traditional/alternative metal option that is a fantastic choice for ALL hunters. Fueled by the use of our specially blended propellants, the Superformance® Shotgun Slug is built to deliver maximum velocity for flatter trajectories and enhanced terminal performance. The slug's internal sabot and gas seal construction is scientifically engineered to tap gases that deliver uniform pressure and velocity while working to force open the petals and uniformly push the slug toward its target – accurately!

PMC® Bronze *Pistol*

The same quality and dependability built into our Starfire ammunition is incorporated throughout our extensive line of PMC training ammunition and standard hollow point or soft point ammunition. All PMC cartridges must pass through the rigorous inspection of our electronic powder station. This station accurately measures the propellant charge in each round. If the propellant in any cartridge varies by a tiny amount-just two tenths of one grain- the system stops and the cartridge is discarded. No other ammunition manufacturer can truthfully assure you greater uniformity and reliability than PMC!

PM45A

Full Metal Jacket

Lead core is enclosed by a strong metal jacket on this non-expanding, deep penetrating bullet. Provides smooth, reliable feeding in all types of semi-auto handguns.

• 50 Rounds per Box

Caliber	Grain	Velocity	Item No.	Price
.25 Auto	50gr	750 fps	C25PM25A	$24.49
.32 Auto	71gr	900 fps	C25PM32A	$25.49

.38 Super +P	130gr	1100 fps	C25PM38SA	$31.49
9mm Luger	115gr	1150 fps	C25PM9A	$14.99
9mm Luger	124gr	1110 fps	C25PM9G	$14.99
9mm Luger	147gr	975 fps	C25PM9H	$16.29
.45 Auto	230gr	830 fps	C25PM45A	$24.99

Full Metal Jacket-Flat Point

Non-expanding and deep penetrating, this general purpose bullet is a good choice for target use because of its accuracy. Its lead core is enclosed by a metal jacket, which eliminates barrel leading. Provides smooth, reliable feeding in semi-automatic handguns.

• 50 Rounds per Box

Caliber	Grain	Velocity	Item No.	Price
.40 S&W	165gr	989 fps	C25PM40D	$20.99
.40 S&W	180gr	985 fps	C25PM40E	$20.99

Full Metal Jacket-Truncated Cone

The truncated cone shape of this bullet makes feeding smooth and reliable in semi-autos. Cannot lead barrels because its lead core is enclosed by a heavy metal jacket.

• 50 Rounds per Box

Caliber	Grain	Velocity	Item No.	Price
10mm Auto	200gr	1050 fps	C25PM10A	$33.99

Jacketed Hollow Point

The exposed lead at the tip of the PMC jacketed hollow point rapidly initiates uniform, controlled expansion that progresses to the depth of the hollow point cavity. Penetration is also controlled for maximum energy transfer to the target, assuring its suitability as a hunting bullet. Excellent accuracy and bullet integrity.

• 50 Rounds per Box (unless noted)

Caliber	Grain	Velocity	Item No.	Price
.32 Auto	60gr	980 fps	C25PM32B	$27.49

.45 Auto	185gr	1400 fps	C25PM45B	$32.99

* 25 Rounds per Box

Jacketed Soft Point

Exposed lead soft point initiates reliable expansion, provides deeper penetration than hollow point bullets. Precisely engineered copper jacket and swaged lead core provide the necessary concentricity and balance required for top-level accuracy.

• 50 Rounds per Box

Caliber	Grain	Velocity	Item No.	Price
.357 Magnum	158gr	1200 fps	C25PM357A	$32.49

Truncated Soft Point

An excellent choice for hunting and general shooting,the soft point of this bullet initiates uniform, controlled expansion. Characterized by very reliable functioning in semi-auto and excellent accuracy

• 25 Rounds per Box

Caliber	Grain	Velocity	Item No.	Price
.44 Magnum	240gr	1300 fps	C25PM44D	$24.49

PMC® X-TAC

Designed and manufactured as if your life depends on it...because it might. PMC's exacting adherence to the precise specifications of military and law enforcement organizations assures that X-TAC ammunition will perform perfectly in that fraction of a second when a serious threat arises and your life is on the line. Self defense begins and ends with reliable, consistent ammunition. Nothing is more important that life. Protect yours, confidently, with X-TAC from PMC.

PMC® Battle Packs

Proven in the most demanding real life combat environments, Battle-Packs were an easy choice for PMC ammunition. Battle-Pack technology was first used in the Eastern European conflicts and quickly proved itself in the most demanding and challenging environments. Vacuum-sealed and wrapped in a high density advanced polymer sleeve and then further boxed inside for ultimate ammo protection, these PMC Battle-Packs are built to take a beating. Keep your PMC ammunition safe, secure, and performing as you expect.

Made in the U.S.A

Doubletap Ammunition

All of McNett's Doubletap Ammunition loads are within the SAAMI standards and we are relentless when it comes to testing the loading for the best downrange performance. Know that if you are shooting McNett's Doubletap Ammunition, we have done our homework. Each finished round has been personally inspected before it ever fills the hamber of your gun. No Punches Pulled.

Hardcast Solid™

The way this bullet was designed, it penetrates through soft tissue, heavy bone, and hide exceptionally well. The wide flat nose meplat cuts a large, clean hole without any flight deviation or deflection. Because we use 21 brinell lead to cast this bullet, it holds its shape well and will not deform on impact..

WFNGC = Wide Flat Nose Gas Check

Equalizer™

The Equalizer features a ully functioning JHP in the front followed by a deep penetrating 21 brinell hardcast disk in the back that has been gas checked. On impact the Equalizer creates two distinct wound channels that group tightly together out to 25 yards. When taking a shot to defend yourself, two is always better than one.

SnakeShot™

The #9 shot does not take the rifling in this shotshell, so there is not centrifugal spread, giving tighter patterns. Under the shot is a hardcast full wadcutter made to penetrate and cut into the intended target. This allows the SnakeShot™ to give a more dynamic result in the field while keeping recoil to very gentle levels!

Naturalis®

The new Naturalis® design uses state of the art technology to produce consistent, controlled expansion. The polymer valve design uses hydraulic force to create the optimum mushrooming effect at the widest velocity range on the market. The bullet is designed and manufactured by using pure copper. The material, design and controlled expansion ensures a solid and nearly unbreakable construction.

Subsonic

With the recent popularity of subsonic ammunition we are proud to present our PPU Subsonic Line. The Subsonic Line ammunition is manufactured to strict quality production standards and will exceed all expectations. Subsonic ammunition has been in use by military, law enforcement, and training because of its lower noise and lower recoil benefits. Give it a try yourself and experience the benefits firsthand and see why subsonic ammunition is gaining popularity with shooters

Pow R'Ball®

The patented Pow'RBall projectile is a JHP bullet with a polymer ball crimped in the tip. This tip enhances feeding in those finicky feeding pistols but it also delays the expansion of the projectile when it hits soft tissue, making it a more controlled expansion bullet. This controlled expansion gives you deeper penetration, better weight retention and more consistent expansion in soft tissue. The lighter weight projectile also makes recoil recovery much easier for follow up shots.

• Reliable feeding • Consistent reliable expansion • Deeper soft tissue penetration
• Reduced Recoil • High Velocity • Quicker recovery for follow up shots • American Made

High Grade Ammunition – Scirocco® II

Scirocco® II, with the Signature Black Tip™, is a superbly accurate hunting bullet designed for long-range efficiency. It carries velocity and energy better than any of its competitors. Its sleek design and high ballistic coefficient produces the flattest trajectory in downrange hunting, making it a perfect match for long-range cartridges.

The Scirocco® II produces positive expansion at minimal velocities as well as controlled expansion and high weight retention at close range. No other tipped bullet offers the terminal range of Scirocco™ II.

High Grade Ammunition – A-Frame® Heavy Rifle

Heavy rifle A-Frame bullets are for use on dangerous game. The bullet initiates expansion at 1650 feet per second on the low end and stays together at 3000+ feet per second on the high end. Controlled expansion of 2.2x its original caliber and 95%+ weight retention make the A-Frame® bullet superior in downrange energy and stopping power. Terminal performance is unequaled.

PDA™JHP™ Handgun

Studies have shown that the rapid energy transfer from the bullet's violent and immediate expansion in ballistic gelatin, has given our JHP™ a one-shot stopping power percentage of over 90%*. The rapid expansion reduces projectile over penetration. Our JHP™ typically achieves 9"-15" of penetration. COR®BON's line of high velocity JHP™ ammunition is still PROVEN to be effective and remains number one in Stopping Power.

• Innovative internal/external jacket serrations enhances expansion and weight retention for better performance
• Soft lead, hollow point core for stopping power for any situation

COR®BON Hunter® Handgun

CORBON's Penetrator and Hard Cast loads are designed for very large, tough-skinned and heavy-boned animals. The Penetrator loads use a heavy, full jacket with a hard linotype core. The Hard Cast load is made from a hard linotype lead with a proven LBT nose design. These two loads cause a through-and-through hole, breaking even the heaviest bones. ***• 20 Rounds per Box***

.300 AAC Blk	110gr	2400 fps	1407 ft./lbs	C25CBDPX300AAC1	$46.49

The all-copper bullet construction conquers hard barriers like auto glass and steel while still maintaining its integrity. This is an optimum load for Law Enforcement.

Caliber	Grain	Velocity	Energy	Item No.	Price
7.62x39	123gr	2300 fps	1445 ft./lbs	C25CBDPX762X39	$50.49

DPX® Handgun

Consistent with this standing new DPX line with its deeper penetration to makes it the optimum load for Law Enforcement, civilian use. The Barnes X Bullet retains 100% of its weight, even after shot through barriers such as clothing and steel. The permanent crush cavity is considerably larger than a typical JHP due to deeper penetration.

The all-copper bullet construction conquers hard barriers like auto glass and steel while still maintaining its integrity.

• Deep penetration on soft tissue 12-17 inches
• Easily conquers hard barriers like auto glass and steel
• Reduced recoil due to lighter-weight projectile
• Lead-free projectile • Environmentally friendly!
• Certified: California Lead Free

G2 RESEARCH
AMMUNITION EVOLVED

Civic Duty

CIVIC DUTY

Typical bonded hollow point bullets over penetrate, leading to insufficient energy transfer, damage and trauma inside the intended target. G2 Research has taken its innovative Trocar design of the solid copper R.I.P. fragmenting projectile and adapted it to the Civic Duty Expanding self defense round. The Civic Duty defeats barriers as effectively as the R.I.P. and expands 2.5 times its initial diameter after coming into contact with a fluid medium. The Extreme Expansion of the Civic Duty leads to 100% energy transfer and total weight retention inside the intended target without concern of over penetration in CQB situations.

R.I.P.

Radically Invasive Projectile

The R.I.P has been engineered for maximum efficiency utilizing proven trocar geometry to pierce through tissue and organs. Upon impact with soft tissue or fluid, the trocars launch along predictable vectors. The R.I.P. wounds with surgical precision, exponentially increasing the probability of incapacitating the threat. Through solid medium, the RIP remains intact and on target. With this ability to defeat every major obstacle in its path the R.I.P. is "The Last Round You'll Ever Need."
